Leadership Learning Academy Administration of Medication Policy

PURPOSE

The purpose of this policy is to authorize personnel of Leadership Learning Academy (the “School”) to administer medication to students consistent with applicable law. The term “medication” in this document refers to both prescription medication and non-prescription medication.

The School’s Board of Directors (the “Board”) acknowledges that medication should typically be administered by a student or the student’s parent or guardian. However, the Board recognizes that situations may arise where the health of a student may require administration of medication during the course of a school day by School personnel.

As long as authorized personnel act in a prudent and responsible manner, Utah law provides that School personnel who provide assistance in substantial compliance with a student’s licensed health care provider’s written statement are not liable civilly or criminally for any adverse reaction suffered by the student as a result of taking the medication or discontinuing the administration of medication. The Board hopes that this policy will help ensure that School personnel act in a prudent and responsible manner in order to protect the health of students and the interests of School personnel.

The Board also desires to set forth policies regarding acceptable self-administration of medication by students.

POLICY

Administration of Medication by School Personnel

The School will comply with applicable state and federal laws, including but not limited to Utah Code Ann. § 53A-11-601, regarding the administration of medication to students by School personnel. Accordingly, pursuant to this policy, authorized School personnel may provide assistance in the administration of medication to students of the School during periods when the student is under the School’s control.

Glucagon is an emergency diabetic medication used to raise blood sugar. The School will comply with the requirements of Utah Code Ann. § 53A-11-604 in the event the School receives a glucagon authorization request from the parent or guardian of a student.

The School will comply with the requirements of Utah Code Ann. §§ 26-41-101, et seq., regarding emergency injection for anaphylactic reactions, in the event any School personnel seeks to become a “qualified adult” under that provision.

In accordance with Utah Code Ann. §26-55-104, School personnel may administer an opiate antagonist when acting in good faith to an individual whom the person believes to be experiencing an opiate-related drug overdose.

The School will comply with the requirements of Utah Code Ann. §53A-11-603.5 regarding the emergency administration of seizure rescue medications, in the event any School personnel seeks to become a “qualified adult” under that provision.

The Lead Director will establish administrative procedures that comply with applicable laws in order to set guidelines for when and how this will take place.

The Lead Director will consult with the local health department and/or a registered health care professional for assistance in developing procedures and training necessary for effective implementation of this policy. The School’s Lead Director will ensure that School personnel and parents are provided with information about this policy as needed.

Self-Administration of Medication by Students

Students may possess and self-administer prescription medication at school in compliance with applicable law. The Lead Director will establish administrative procedures that comply with applicable laws in order to set guidelines for when and how this will take place.

Medical Recommendations by School Personnel

The Lead Director will ensure that appropriate School personnel receive training on the provisions of Utah Code Ann. § 53A-11-605 regarding medical recommendations by School employees.

REVISION B
Board Approval Date: 9-18-17

Administration of Medication Administrative Procedures

These procedures are established in accordance with the Administration of Medication Policy adopted by the School's Board of Directors.

Administration of Medication by School Personnel

In order to ensure safe administration of medication to students, the procedures outlined here must be followed.

- (1) Each Campus Principal will designate a reasonable number of School employees who will be responsible for administering medication to students in the School.
- (2) Each Campus Principal will arrange for the Campus Principal and all designated School employees to receive adequate training from a licensed health care professional prior to administering any medication. Training should include indications for the medication, means of administration, dosage, adverse reactions, contraindications, and side effects.
- (3) The student's parent or guardian must complete the parent/guardian section of the Student Medication Form requesting that medication be administered to the student during regular school hours. Parents are responsible for updating the Student Medication Form as necessary.
- (4) Except for the case of non-prescription cough drops, the student's health care provider must complete the Health Care Provider section of the Student Medication Form indicating the child's name, the name of the medication, the purpose of the medication, the means of administration, the dosage, the time schedule for administration, the anticipated number of days the medication needs to be given at school, and possible side effects. The practitioner must also affirm that giving the medication during school hours is medically necessary.
- (5) A Student Medication Log must be maintained for any student who has medication administered at school, and all employees authorized to administer medication will be notified regarding each student to whom they are authorized to administer medication.
- (6) Each time medication is given, the person who gave it must document the administration in ink on the Student Medication Log. If the medication is not

administered as scheduled, a notation must be made on the Student Medication Log as to why the medication was not given, and the student's parent or guardian must be notified.

- (7) The Student Medication Form and Student Medication Log will be retained in the student's records.
- (8) Teachers of the student receiving medication during school hours will be notified.
- (9) Medication (other than that carried by a student) must be delivered to the School by the student's parent or guardian or designated adult.
- (10) Medication should be delivered to the School in a container properly labeled by a pharmacy, manufacturer or health care provider. Labeling must include the student's name, the name of the prescribing practitioner, date the prescription was filled, name and phone number of the dispensing pharmacy, name of the medication, dose, frequency of administration, and the expiration date. For non-prescription medication, the medication must be in the original container identifying the type of medication.
- (11) Medication must be stored in a secure, locked cabinet or container in a cool, dry place, except that:
 - a. medications that require refrigeration must be stored appropriately;
 - b. insulin or emergency medications such as EpiPens, Twinject Auto-Injectors, asthma inhalers and glucagon must not be stored in a locked area so that they are available when needed.
- (12) Authorization for administration of medication by School personnel may be withdrawn by the School at any time following written or verbal notice to the student's parent or guardian, as long as this action does not conflict with federal laws such as IDEA and/or section 504 of the Rehabilitation Act. The Campus Principal may withdraw authorization for administration of medication in cases of noncompliance or lack of cooperation by parents or students unless the student's right to receive medication at school is protected by laws such as IDEA or section 504.

Self-Administration of Medication by Students

Students may possess and self-administer prescription medication if:

- (1) The student's parent or guardian signs a statement:
 - a. Authorizing the student to self-administer the medication; and

- b. Acknowledging that the student is responsible for, and capable of, self-administering the medication; and
- (2) The student's health care provider provides a written statement that:
 - a. It is medically appropriate for the student to self-administer the medication and be in possession of the medication at all times; and
 - b. The name of the medication prescribed for the student's use.

The School will provide an acceptable form for parents to request that their student be allowed to possess and self-administer prescription medication.

Application of Sunscreen

Students may possess and self-apply sunscreen without a parent or physician's authorization.

If a student is unable to self-apply sunscreen, a school employee may apply the sunscreen on the student if the student's parent or legal guardian has provided written consent.

Leadership Learning Academy Attendance Policy

POLICY

Leadership Learning Academy (the “School”) is committed to providing a quality education for every student. The School firmly believes that consistent attendance teaches students responsibility. Students learn the value of being punctual and prepared. Frequent absences and tardiness result in a loss of continuity of instruction. Also, frequent absences and tardiness prove disruptive for students, teachers, and staff. Excessive unexcused absences may lead to a student’s permanent dismissal from the School.

Parents are expected to take a proactive role in ensuring their children attend school. We recommend families plan their vacation schedule around the existing School calendar. When possible, medical and dental appointments should take place outside of school hours and parents should notify the School in advance of any absence. Parents and students are responsible for obtaining homework or assignments for the time period which the student is absent.

The School intends for this policy to be consistent with the provisions of Utah’s compulsory education laws, Utah Code Ann. §§ 53G-6-201 through 53G-6-208, as well as Utah Administrative Code Rule R277-607.

The Lead Director will establish attendance procedures consistent with this policy and applicable law and will ensure that the policy and procedures are distributed to parents.

The Board of Directors will review this policy annually. The Board shall also annually review attendance data and consider revisions to this policy to encourage student attendance.

LLA Attendance Policy
REVISION C
Board Approval Date: 10-19-20

Attendance Administrative Procedures

These procedures are established in accordance with the Attendance Policy established by the School's Board of Directors.

Definitions

"Absence" or **"absent"** means the failure of a school-age child assigned to a class or class period to attend a class or class period. "Absence" or "absent" does not mean multiple tardies used to calculate an absence for the sake of a truancy.

"Valid excuse" or "excused absence" means an absence resulting from:

- a) an illness, which may be either mental or physical, regardless of whether the school-age child or parent provides documentation from a medical professional;
- b) mental or behavioral health of the school-age child;
- c) a death of a family member or close friend;
- d) scheduled family event or a scheduled proactive visit to a health care provider in accordance with Section 53G-6-803(5);
- e) a family emergency;
- f) an approved school activity;
- g) a preapproved extended absence for a family activity or travel, consistent with school policy; or
- h) an absence permitted by an individualized education program or Section 504 accommodation plan, developed pursuant to relevant law.

The Campus Principal has the discretion to consider other absences as "valid excuses."

"Valid excuse" or "excused absence" does not mean a parent acknowledgement of an absence for a reason other than those described above.

"Habitual truant" means a school-age child who:

- (1) is in grade 7 or above and at least 12 years old;
- (2) is subject to the requirements of Section 53G-6-202; and
- (3)(a) is truant at least ten times during one school year; or (b) fails to cooperate with efforts on the part of school authorities to resolve the school-age child's attendance problem as required under Section 53G-6-206.

"School-age child" means a minor who is at least six years old but younger than 18 years old and who is not emancipated.

“School day” means the portion of a day that school is in session in which a school-age child is required to be in school for purposes of receiving instruction.

"Truant" means a condition by which a school-age child, without a valid excuse, is absent for (a) at least half of the school day; or (b) if the school-age child is enrolled in a learner verified program, as that term is defined by the State Board of Education, the relevant amount of time under the School's Learner Validated Program Policy. A school-age child may not be considered truant under this policy more than one time during one day.

Attendance Requirements: Students are allowed a maximum of five (5) unexcused absences per year.

Excused Absences: An oral or written communication documenting a valid excuse must be received from the student's parents/guardian within one (1) business day of the absence in order for the absence to be excused. In the event of multiple consecutive absences, written communication must be received within one (1) business day of the student's return to school.

In the event of an unforeseeable illness or emergency, the School should be notified as soon as reasonably possible.

Excused absences may become unexcused if the Campus Principal determines that absences have reached an excessive level and are adversely impacting the student's education.

Preapproved Extended Absence: A parent/guardian may request approval from the Campus Principal prior to a student's extended absence of up to ten (10) days per school year. The Campus Principal will approve the absence if the Campus Principal determines that the extended absence will not adversely impact the student's education.

Medical Documentation: The School may not require documentation from a medical professional to substantiate a valid excuse that is a mental or physical illness.

Make-up Work: Make-up work is permitted for students who have excused absences. The teacher will provide the student or the parent/guardian with any make-up work upon request. Make-up work must be completed within a reasonable time-frame as determined by the teacher.

Tardiness: A student is tardy if he or she is not in the assigned classroom when the late bell rings. In general, tardiness will be handled on an individual basis with the teacher. If a student is chronically tardy, then the student may be referred to the administration. Elementary students are allowed five (5) tardies per quarter.

Notification of Absences and Tardies: Parents and students are responsible for tracking the total number of absences and tardies. If the maximum limit for unexcused absences or tardiness is reached, the Campus Principal may attempt to schedule a meeting with the parents to review the situation and will outline the appropriate corrective action.

Grounds for an Appeal: Students who believe that all or part of their absences and/or tardies should be considered excused may provide a written request to the administrator to review their case.

Notice of Compulsory Education Violation

The School may issue a "notice of compulsory education violation" to a parent/guardian of a school-age child who is in grades 1 through 6 if the student is truant at least five (5) times during the school year.

This notice shall:

1. Direct the parent/guardian to meet with School authorities to discuss the student's attendance problem and cooperate with the administration and Board to secure regular attendance by the student;
2. Designate the School authorities with whom the parent is required to meet;
3. State that it is a class B misdemeanor for the student's parent or guardian to intentionally or recklessly fail to meet with the designated school authorities to discuss the student's without good cause problems, or fail to prevent the student from being truant an additional five (5) more times during the remainder of the school year; and
4. Be served on the parent/guardian by personal service or certified mail.

If School personnel have reason to believe that, after a notice of compulsory education violation is issued, the parent or guardian has failed to make a good faith effort to ensure that the school-age child receives an appropriate education, the issuer of the compulsory education violation shall submit to the Division of Child and Family Services the report required by Utah Code Subsection 53G-6-202(8) (also in accordance with the School's Child Abuse and Neglect Reporting Policy).

Truancy Intervention Program

The School's Truancy Intervention Program is established to encourage good attendance and to facilitate the processing of chronically truant students through evidence-based alternative interventions or the juvenile court. Those efforts will include documented earnest and persistent efforts to resolve a student's attendance problems as follows:

- Annual notification of the School's attendance policies will be provided to the parents of all students at the time of registration.
- When a student's attendance is negatively affecting the student's learning, the classroom teacher will notify the student and/or the student's parent(s) of the concern. The teacher will set up a conference with the student and/or the student's parent(s) to identify and resolve any problems that prevent the student from attending school. The student's progress will be monitored.
- If meeting with the student and parent(s) does not adequately address the problems and the student's learning continues to suffer, then the school counselor or Campus Principal will work with the teacher and parent(s) in finding a solution to the problems that are preventing the student from attending to his/her learning. Efforts to resolve the problems

may include, but are not limited to, the following: making adjustments to the curriculum or the schedule, counseling of the student by school authorities, considering alternatives proposed by the parent, or providing the parent with a list of community resources to help the family.

- The Campus Principal may consult with a parent/guardian to determine if mitigating circumstances such as medical or psychological problems indicate the use of intervention methods for resolving the attendance problems.
- In the event that the preceding interventions fail, a certified letter will be sent to the parent(s) requesting a formal meeting with the administrator to resolve the attendance problems. A copy of the letter and mailing certificates will be kept by the School.
- The Campus Principal will notify the student and a parent/guardian of the actions the School may take should the student be truant in the future.

Notice of Truancy

Consistent with Section 53G-6-203, the School may issue a notice of truancy to a school-age child who is in grade 7 or above, at least 12 years old, and is truant at least five (5) times during the school year.

A notice of truancy will only be issued after the School has made earnest and persistent efforts to resolve student attendance problems, which efforts may include those set forth above.

A notice of truancy will:

1. Direct the school-age child who receives the notice of truancy, and the parent/guardian of the school-age child, to meet with School authorities to discuss the student's attendance problem and cooperate with the Principal and Board to secure regular attendance by the student;
2. Designate the School authorities with whom the school-age child and parent/guardian are required to meet.

A notice of truancy will be served on the parent/guardian by personal service or regular mail. The parent/guardian will have the right to appeal a notice of truancy in writing to the Principal within ten (10) days of being issued.

Referrals for Habitual Truancy

In accordance with Utah Code § 53G-8-211(4), the School shall refer a school-age child for prevention and early intervention youth services, as described in Section 62A-7-104, by the Division of Juvenile Justice Services for being a habitual truant if the school-age child refuses to participate in an evidence-based alternative intervention described in Utah Code § 53G-8-211(3)(b), including:

- a mobile crisis outreach team;
- a youth services center operated by the Division of Juvenile Justice Services;
- a youth court or comparable restorative justice program; or

- other evidence-based interventions created and developed by the School or other governmental entities as set forth in Subsection 53G-8-211(3)(b)(v).

The School may refer a school-age child who is a habitual truant to juvenile court or a law enforcement officer or agency if the student refuses to participate in an evidence-based alternative intervention described in Subsection 53G-8-211(3)(b) and fails to participate in prevention and early intervention youth services provided by the Division of Juvenile Justice Services as provided above.

A referral to juvenile court or a law enforcement officer or agency will include:

1. Attendance records for the student;
2. A report of evidence-based alternative interventions used by the School before the referral, including outcomes.
3. The name and contact information of the School representative assigned to actively participate in the court process with the student and the student's family;
4. a report from the Division of Juvenile Justice Services that demonstrates the minor's failure to complete or participate in prevention and early intervention youth services as set forth in Utah Code § 53G-8-211(4); and
5. Any other information that the School considers relevant.

Ongoing Monitoring

The School will request that the fingerprints taken for the purpose of conducting criminal background checks be registered with any rap back system maintained to provide ongoing status notifications to the School of any criminal history reported on individuals whose fingerprints are registered in the system.

Opportunity to Respond to Background Check

The School will provide an individual an opportunity to review and respond to any criminal history information received as a result of submitting for a criminal background check or through ongoing monitoring.

If a person is denied employment or appointment or is dismissed from employment or appointment because of information obtained through a criminal background check or ongoing monitoring, the person may request a review of the information received and the reasons for the disqualification and shall be provided written notice of the reasons for denial or dismissal and of the individual's right to request a review of the disqualification.

Confidentiality

Information received by the School as a result of a background check will only be (a) available to individuals involved in the hiring or background investigation process for that individual and (b) used for the purpose of assisting the School in making employment-related decisions. Any person who disseminates or uses any such information for any other purpose is subject to criminal penalties and civil liability as set forth in applicable law.

Privacy Risk Mitigation Strategy

The School will employ reasonable privacy risk mitigation strategies to ensure that the School only receives notifications for individuals with whom the School maintains an authorizing relationship. Specifically, upon (a) termination of an employee's employment with the School, (b) expiration of a Board Member's term without renewal, or (c) resignation of Board Member, the administration will ensure that the School's management company receives notification of the event. The School's management company will take any steps necessary to terminate ongoing monitoring for such individuals and will document the date on which such steps were taken. For volunteers, the School's management company will establish a schedule to review the volunteers registered for ongoing monitoring for the School, consult with School personnel to determine whether such individuals are still volunteering for the School, and terminate ongoing monitoring for individuals as appropriate.

Board & Administration Succession Plan

PURPOSE

To create an orderly process for replacing Leadership Learning Academy (the “School”) Board members and administration in order to ensure continuity in governance and in operation at the School in the event of the departure of a Board member or the Lead Director.

PLAN

Board members or key administrative personnel intending to resign their position are requested to do so in a way that provides adequate time to identify and train new individuals to fill their position.

In order to maintain Board continuity, Board members’ terms will be staggered, and the Board will ensure that a majority of Board members’ terms do not expire in any one year. It is the intent of the Board to maintain five (5) board members.

Board Succession

1. Board members intending to resign their position shall notify the Board in writing and include a resignation effective date.
2. The Board will create a timeline for replacement of Board members who are resigning and whose terms are ending.
3. The Board may appoint a committee to conduct a search for a new Board member.
4. When conducting a search for a new Board member, the committee will solicit applications from the school community, seek applications in the broader community, and attempt to identify individuals with desirable experience and expertise to serve on the Board. The committee will determine finalists for the full Board to interview.
5. The Board will interview finalists. Interviews of prospective Board members will seek to determine whether individuals understand the mission of the School, are invested in that mission, have experience and expertise that will benefit the Board, and whether applicants understand and are willing to act in accordance with the Board’s governance role.
6. A new Board member will be chosen by a majority vote of the remaining Board members.
7. The Board member replacement process will remain consistent with the School’s charter and Bylaws.

Administrative Succession

Planned Departure of the Lead Director

The Board asks that the School's Lead Director give the Board at least three months' notice of his or her intent to leave the School. Upon learning of the individual's intent, the Board will appoint a search committee that includes members of the Board to coordinate the search for a successor. The search committee will develop a search process to present to the full Board for approval.

The Board will take steps in order to ensure that the replacement Lead Director is able to effectively lead the School and accomplish the mission and the goals established by the Board. When the search committee is organized, the Board will have a discussion in order to:

- Ensure that the Board is unified in its understanding of the School's mission;
- Ensure that the Board is unified in its understanding of the School's strategic direction;
- Ensure that the Board is unified in its understanding of the roles and responsibilities of the Lead Director position; and
- Ensure that the Board is unified in its understanding of the key competencies of an effective Lead Director.

Unplanned Departure of Lead Director

If the Lead Director's departure is unplanned or occurs in advance of the completion of the search process, the Board will appoint an acting Lead Director. The Board may also decide that it is in the School's best interest to identify individuals outside the School to provide additional short-term administrative assistance during the search process.

Capacity Building of Administrative Team

The Board realizes its responsibility to promote the vision and goals for the School. The Lead Director is expected to develop delivery practices of curriculum that aligns with the mission and vision of the school. When an entire educational team understand the mission, and clearly understand their role, it will help strengthen the School and facilitate an orderly transition in the event of the Lead Director's departure.

School Oversight During Search Process

During the search process, the Board or a committee of Board members will meet regularly with the acting Lead Director, review reports about the progress of the School and its programs, the performance of the organization, the financial condition of the School, and personnel issues in order to ensure adequate oversight on the part of the Board during the transition period.

The search committee will use the results of the prior Board discussions to develop a list of priority attributes to guide the search process and will evaluate candidates against these attributes. When a short of list of interviewees is identified, the search committee will establish a process for interviewing and evaluating candidates

The search committee will then recommend candidates to the Board for consideration. The Board will interview the candidates recommended by the search committee and make the final selection.

The succession plan will be considered and updated periodically.

Leadership Learning Academy Budgeting Policy

POLICY

Leadership Learning Academy (the “School”) will comply with the budgeting requirements of Utah law, including but not limited to Utah Code Title 53G, Chapter 7, Part 3.

The School’s Lead Director is appointed as the budget officer. Before June 1 of each year, the budget officer shall prepare a tentative budget, with supporting documentation, to be submitted to the Board of Directors.

The tentative budget and supporting documents shall include the following items:

- (a) the revenues and expenditures of the preceding fiscal year;
- (b) the estimated revenues and expenditures of the current fiscal year;
- (c) a detailed estimate of the essential expenditures for all purposes for the next succeeding fiscal year; and
- (d) the estimated financial condition of the School at the close of the current fiscal year.

The tentative budget shall be filed with the School’s Lead Director for public inspection at least (15) days before the date of the tentative budget's proposed adoption by the Board of Directors.

Before June 30 of each year, the Board of Directors will adopt a budget for the next fiscal year.

By the sooner of July 15 or (30) days of adopting a budget, the Board of Directors will file a copy of the adopted budget with the state auditor and the Utah State Board of Education (“USBE”).

Maintenance of Effort

Because the School receives federal funds, including Title I, Part A funds, the School is obligated to comply with certain maintenance of effort (“MOE”) requirements. The School adopts this policy in order to ensure that the School complies with MOE requirements.

The School will not use applicable federal funds to reduce the level of expenditures from state and/or local funds for the education of students below the level of those expenditures for the preceding fiscal year. Unless an exception applies or a waiver is granted and taking into account allowable reductions, the School will budget from state and/or local funds at least the same total spent for that purpose from the same state and/or local funds source(s) for the most recent prior year for which information is available.

The School acknowledges that if MOE requirements are not satisfied, then the USBE may penalize the School by reducing the School’s federal funding by a proportional amount the following year.

Leadership Learning Academy Building Use Policy

PURPOSE

The purpose of this policy is to establish procedures for the use of Leadership Learning Academy's (the "School") building and facilities by outside individuals and groups.

POLICY

In accordance with state law, the School's facilities are available for use as a "civic center" when such use does not interfere with a School function or purpose, does not violate any applicable law or regulation, and does not otherwise impose an unreasonable burden on the School or expose the School or participants to unreasonable risk.

Any permission to use School facilities is granted pursuant to Utah Code 53A-3-413 and -414 and is considered a permit for governmental immunity purposes under Utah Code 63G-7-201(4)(c). The School therefore has full governmental immunity under Utah Code 63G-7-301(5)(c) for claims arising in connection with such use of the facilities.

PROCEDURES

Fees for the use of facilities shall be charged as outlined in this Policy and will be collected prior to use.

A Building Use Agreement must be signed by the user prior to the date of use.

Usage time shall initially be computed from the time of requested opening to anticipated closing of the doors. Closing time shall be the time when all persons associated with the use have left the building, and the fee will be adjusted for additional time used. Persons lingering in the building are the user's responsibility.

Equipment, keys, and property shall not be loaned or removed from the building.

Facilities such as computer lab, media center, or kitchen shall not be used unless approved by the Campus Principal and school personnel are present during the entire time of the function.

Buildings may not be used without adequate School supervision as determined by the Campus Principal. The assigned supervisor is responsible for oversight of the facilities while in use.

In addition to the building supervision provided by the School, all use groups must provide supervision to maintain order and prevent damage to or loss of School property.

Any individual or entity using the facilities for commercial purposes must provide, before the use, a Certificate of Insurance evidencing public liability coverage of one million dollars (\$1,000,000) per occurrence and naming the School as an additional insured.

The user must comply with any applicable standards of safety and behavior of the School and Utah law. Violation of any of these standards is grounds for termination of the use agreement and the immediate removal of individuals associated with the use. Violation may result in the forfeiting of all deposits, and additional charges may be assessed.

Additional fees may be charged for use of School equipment (spot lights, DVD players and televisions, microphones, etc.) and supplies.

The Lead Director or Campus Principal may establish conditions of use intended to protect the facilities from damage or unreasonable wear and tear.

Users shall pay for any damage to the facilities or School equipment caused by their use.

FEES

Except where the Lead Director or Campus Principal has discretion under this Policy, users will be charged fees as set forth in the Fee Schedule below, which is subject to periodic review and revision.

The school's Parent Organization and individual classes may use the facilities free of charge for qualifying school-related activities. Such use must be approved by and coordinated with the School's Campus Principal. These activities must be approved by the Campus Principal before notice of the event is distributed.

Charitable and non-profit rates apply to non-profit organizations such as service clubs, Boy Scouts, Girl Scouts, United Way, cities and counties. The Campus Principal may grant free use of the facilities to non-profit organizations at the Campus Principal's discretion when the use will not create additional expense for the School.

Security Deposit

At the discretion of the Campus Principal, the user may be charged a refundable security deposit of up to \$500. The Campus Principal shall determine the amount of the security deposit based on the size of the group, the location of the activity, and the type of activity involved. Security deposits shall be paid by the user in a separate check and deposited by the School.

Following the use period, the Campus Principal or designee shall inspect the facility for damage or mess requiring extra cleanup time. Any such extra charges will be deducted from the security deposit, and the remaining security deposit shall be refunded to the user. Should there be no extra charges assessed, the full amount of the security deposit shall be refunded.

Personnel

At least one School staff member must be present during any use of the facilities. The Campus Principal will set the fee based on the number and type of personnel required for a particular activity. General supervision of the facility may be assigned to a custodian, teacher, administrator or other qualified staff member.

Users must pay for any additional custodial services that are required.

At least one staff member is required for use of the kitchen.

Leadership Learning Academy Bullying & Hazing Policy

POLICY

The purpose of this policy is to prohibit bullying, cyber-bullying, hazing, retaliation, and abusive conduct involving Leadership Learning Academy (the “School”) students and employees. The School’s Board of Directors (the “Board”) has determined that a safe, civil environment in School is necessary for students to learn and achieve high academic standards and that conduct constituting bullying, cyber-bullying, hazing, retaliation, and abusive conduct disrupts both a student’s ability to learn and the School’s ability to educate its students in a safe environment. Bullying, cyber-bullying, hazing, retaliation, and abusive conduct towards students and employees are against federal, state and local policy and are not tolerated by the School. The School is committed to providing all individuals with a safe and civil environment in which all members of the School community are treated with dignity and respect. To that end, the School has in place policies, procedures, and practices that are designed to reduce and eliminate this conduct—including but not limited to civil rights violations—as well as processes and procedures to deal with such incidents. Bullying, cyber-bullying, hazing, retaliation, and abusive conduct towards students and/or employees by students and/or employees will not be tolerated in the School. Likewise, abusive conduct by students or parents against School employees is prohibited by the School and will not be tolerated in the School.

In order to promote a safe, civil learning environment, the School prohibits all forms of bullying of students and School employees (a) on School property, (b) at a School-related or sponsored event, or (c) while the student or School employee is traveling to or from School property or a School-related or sponsored event.

The School prohibits all forms of hazing or cyber-bullying of or retaliation against students and School employees at any time and any location.

Students and School employees are prohibited from retaliating against any student, School employee or an investigator for, or witness of, an alleged incident of bullying, cyber-bullying, hazing, abusive conduct, or retaliation.

Students and School employees are prohibited from making false allegations of bullying, cyber-bullying, hazing, abusive conduct, or retaliation against a student or School employees.

In addition, School employees, coaches, sponsors and volunteers shall not permit, condone or tolerate any form of hazing, bullying, or abusive conduct and shall not plan, direct, encourage, assist, engage or participate in any activity that involves hazing, bullying, or abusive conduct.

Any bullying, cyber-bullying, hazing, abusive conduct, or retaliation that is found to be targeted at a federally protected class is further prohibited under federal anti-discrimination laws and is subject to OCR compliance regulations.

Definitions

Abusive Conduct – For purposes of this policy, “abusive conduct” means verbal, nonverbal, or physical conduct of a parent or student directed toward a School employee that, based on its severity, nature, and frequency of occurrence, a reasonable person would determine is intended to cause intimidation, humiliation, or unwarranted distress. A single act does not constitute abusive conduct.

Bullying -- For purposes of this policy, "bullying" means a School employee or student intentionally committing a written, verbal, or physical act against a School employee or student that a reasonable person under the circumstances should know or reasonably foresee will have the effect of:

- (1) causing physical or emotional harm to the School employee or student;
- (2) causing damage to the School employee's or student's property;
- (3) placing the School employee or student in reasonable fear of:
 - (a) harm to the School employee's or student's physical or emotional well-being; or
 - (b) damage to the School employee's or student's property;
- (4) creating a hostile, threatening, humiliating, or abusive educational environment due to:
 - (a) the pervasiveness, persistence, or severity of the actions; or
 - (b) a power differential between the bully and the target; or
- (5) substantially interfering with a student having a safe school environment that is necessary to facilitate educational performance, opportunities, or benefits.

This conduct constitutes bullying, regardless of whether the person against whom the conduct is committed directed, consented to, or acquiesced in, the conduct. In addition, bullying is commonly understood as aggressive behavior that is intended to cause distress and harm; exists in a relationship in which there is an imbalance of power and strength; and is repeated over time.

Civil Rights Violations – For purposes of this policy, “civil rights violations” means bullying, including cyber-bullying, abusive conduct, or hazing that is targeted at a federally protected class.

Cyber-bullying -- For purposes of this policy, "cyber-bullying" means using the Internet, a cell phone, or another device to send or post text, video, or an image with the intent or knowledge, or with reckless disregard, that the text, video, or image will hurt, embarrass, or threaten an individual, regardless of whether the individual directed, consented to, or acquiesced in the conduct, or voluntarily accessed the electronic communication.

Federally protected class – For purposes of this policy, “federally protected class” means any group protected from discrimination under federal law.

- (1) Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, or national origin.
- (2) Title IX of the Education Amendments of 1972 prohibits discrimination on the basis of sex.
- (3) Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990 prohibits discrimination on the basis of disability.
- (4) Other areas included under these acts include religion, gender, and sexual orientation.

Hazing -- For purposes of this policy, “hazing” means a School employee or student intentionally, knowingly, or recklessly committing an act or causing another individual to commit an act toward a School employee or student that:

- (1) (a) endangers the mental or physical health or safety of a School employee or student;

Reporting and Investigation

Students who have been subjected to or witnessed hazing, bullying, cyber-bullying, or retaliation, and students who have witnessed abusive conduct, must promptly report such incidents to any School personnel orally or in writing.

School employees who have been subjected to or witnessed hazing, bullying, cyber-bullying, abusive conduct, or retaliation must report such incidents to the School’s Campus Principal orally or in writing.

Each report of prohibited conduct shall include: name of complaining party; name of victim of prohibited conduct (if different than complaining party); name of offender (if known); date and location of incident(s); and a statement describing the incident(s), including names of witnesses (if known). In connection with a report of prohibited conduct, students and School employees may request that their identity be kept anonymous, and reasonable steps shall be taken by the Campus Principal and others involved in the reporting and investigation to maintain the anonymity of such individuals, if possible. School employees will take strong responsive action to prevent retaliation, including assisting students who are victims of prohibited conduct and his or her parents or guardians in reporting subsequent problems and new incidents.

The Campus Principal or designee shall promptly make a reasonably thorough investigation of all complaints of prohibited conduct, including, to the extent possible, anonymous reports, and shall,

in accordance with the Consequences of Prohibited Behavior section below, administer appropriate discipline to all individuals who violate this policy. Formal disciplinary action is prohibited based solely on an anonymous report.

The Campus Principal may report to law enforcement all acts of bullying, cyber-bullying, hazing, abusive conduct, or retaliation that constitute suspected criminal activity.

The Campus Principal may report to OCR all acts of bullying, hazing, cyber-bullying, abusive conduct, or retaliation that may be violations of student(s)' or employee(s)' civil rights.

It is the School's policy, in compliance with state and federal law, that students have a limited expectation of privacy on the School's computer equipment and network system, and routine monitoring or maintenance may lead to discovery that a user has violated School policy or law. Also, individual targeted searches will be conducted if there is reasonable suspicion that a user has violated policy or law. Personal electronic devices of any student suspected of violation of this policy will be confiscated for investigation and may be turned over to law enforcement.

Parental Notification

The Campus Principal or designee will timely notify a student's parent or guardian (a) if the student threatens to commit suicide or (b) of any incidence of bullying, cyber-bullying, hazing, abusive conduct, or retaliation involving the student. The Campus Principal or designee will attempt to contact the parent or guardian by telephone or schedule an in-person meeting with them to discuss these matters. In the event the Campus Principal or designee is not able to meet in person or discuss via telephone, the Campus Principal or designee will send a letter to the parent or guardian providing the required notification.

The Campus Principal or designee will produce and maintain a record that verifies that the parent or guardian was notified. If an in-person meeting takes place, the Campus Principal or designee will ask the parent or guardian to sign a form acknowledging that the notification was provided. If a telephone conversation takes place, the Campus Principal or designee will document the date and time of the telephone call, who was spoken to, and brief notes regarding the notification that was provided and the content of the conversation. If a letter is sent, the Campus Principal or designee will retain a copy of the letter along with a note regarding when it was mailed. The School will retain the record as long as the student is enrolled at the School and destroy the record after that time. The School will maintain the confidentiality of the record in accordance with Utah Code 53G-9-604.

Student Assessment

The Campus Principal or designee will solicit student assessments of the prevalence of bullying, cyber-bullying, and hazing in the School, specifically locations where students are unsafe and additional adult supervision may be required, such as playgrounds, hallways, and lunch areas.

Consequences of Prohibited Behavior

School officials have the authority to discipline students for off-campus speech that causes or threatens a substantial disruption on campus, including School activities, violent altercations, or a significant interference with a student's educational performance and involvement in School activities.

If, after an investigation, a student is found to be in violation of this policy by participating in or encouraging conduct prohibited by this policy, the student shall be disciplined by appropriate measures up to, and including, suspension and expulsion, pursuant to Utah Code Ann. 53G-8-205, removal from participation in School activities, and/or discipline in accordance with regulations of the U.S. Department of Education Office for Civil Rights (OCR).

If, after an investigation, a School employee is found to be in violation of this policy, the employee shall be disciplined by appropriate measures, which may include termination, reassignment or other appropriate action.

Grievance Process for School Employees

As explained above, a School employee who has experienced abusive conduct must report the incident to the Campus Principal orally or in writing. If the School employee is not satisfied with the Campus Principal's or Lead Director's investigation of the abusive conduct and/or the resulting disciplinary action (or recommended disciplinary action) against the perpetrator, the School employee may address/raise the issue in accordance with the School's Staff Grievance Policy.

Additional Provisions

The Campus Principal will ensure compliance with OCR regulations when civil rights violations are reported, as follows:

- (1) Once the School knows or reasonably should know of possible student-on-student bullying, cyber-bullying, or hazing, the School must take immediate and appropriate action to investigate.
- (2) If it is determined that the bullying, cyber-bullying, or hazing did occur as a result of the student-victim's membership in a protected class, the School shall take prompt and effective steps reasonably calculated to:
 - (a) end the bullying, cyber-bullying, or hazing
 - (b) eliminate any hostile environment, and
 - (c) prevent its recurrence.
- (3) These duties are the School's responsibilities even if the misconduct is also covered by a separate anti-bullying policy and regardless of whether the student makes a complaint, asks

the School to take action, or identifies the bullying, cyber-bullying, or hazing as a form of discrimination.

The Campus Principal will take reasonable steps to ensure that any victim of prohibited conduct will be protected from further hazing, bullying, cyber-bullying, abusive conduct, and retaliation and that any student or School employee who reports such incidents will be protected from retaliation.

If the Campus Principal believes that any victim or perpetrator of conduct prohibited by this policy would benefit from counseling, the Campus Principal may refer such individuals for counseling.

To the extent allowable under applicable privacy laws, the Campus Principal may inform the parents or guardians of a student who is a victim of conduct prohibited by this policy of the actions taken against the perpetrator of such conduct.

If the Campus Principal believes that it would be in the best interests of the individuals involved, the Campus Principal may involve the parents or guardians of a perpetrator or victim of hazing, bullying or retaliation in the process of responding to and resolving conduct prohibited by this policy.

Distribution of Policy and Signed Acknowledgement

The Campus Principal will inform students, parents or guardians, School employees and volunteers that hazing, bullying, cyber-bullying, abusive conduct, and retaliation are prohibited and will distribute a copy of this policy to such individuals. A copy of this policy will also be posted on the school's website and included in any student conduct or employee handbooks issued by the School. On an annual basis, School employees, students who are at least eight years old, and parents or guardians of students shall sign a statement indicating that they have received this policy.

Training

The Campus Principal will ensure that School students, employees, coaches, and volunteers receive periodic training from individuals qualified to provide such training regarding bullying, cyber-bullying, hazing, abusive conduct, and retaliation, including training on civil rights violations and compliance when civil rights violations are reported. The training shall meet the standards established by the State Board of Education's rules.

To the extent possible, programs or initiatives designed to provide training and education regarding the prevention of bullying, hazing, abusive conduct, and retaliation will be implemented.

The training provided under this policy will address issues such as:

- (1) bullying, cyber-bullying, hazing and retaliation;

- (2) discrimination under the following federal laws: (a) Title VI of the Civil Rights Act of 1964; (b) Title IX of the Education Amendments of 1972; (c) Section 504 of the Rehabilitation Act of 1973; and (d) Title II of the Americans with Disabilities Act of 1990;
- (3) how bullying, cyber-bullying, hazing and retaliation are different from discrimination and may occur separately from each other or in combination;
- (4) bullying, cyber-bullying, hazing, and retaliation based upon the students' or employees' actual or perceived characteristics, including race, color, national origin, sex, disability, religion, gender identity, sexual orientation, or other physical or mental attributes or conformance or failure to conform with stereotypes; and
- (5) the right of free speech and how it differs for students, employees, and parents.

The training provided under this policy will complement the suicide prevention program required for students under R277-620 and the suicide prevention training required for licensed educators consistent with 53G-9-704(1). The training will also include information on when issues relating to this policy may lead to student or employee discipline.

This training shall be offered to all new school employees, coaches, and volunteers and shall be offered to all existing school employees, coaches, and volunteers at least once every three years.

In addition to training for all students and School employees, students, employees, and volunteer coaches involved in any athletic program, both curricular and extracurricular or extracurricular club or activity shall participate in bullying, cyber-bullying, hazing, and retaliation prevention training. This training shall be offered to new participants on an annual basis and to all participants at least once every three years. The School will inform student athletes and extracurricular club members of prohibited activities under this Policy and potential consequences for violation of this Policy and applicable law.

The Campus Principal will ensure that training curriculum, schedules, and participant lists or signatures are maintained by the School and provided to the Utah State Board of Education upon request.

Action Plan to Address Reported Incidents of Bullying, Cyber-Bullying, Hazing, or Retaliation

The School will investigate all allegations of incidents of bullying, cyber-bullying, hazing, and retaliation in accordance with this policy and applicable law.

The Campus Principal or their designee will investigate allegations of these incidents and ensure that this individual has adequate training to conduct such an investigation.

The School will investigate all allegations of these incidents by interviewing at least the alleged targeted individual and any individuals who are alleged to have engaged in the prohibited conduct. As part of the investigation, the School may also interview: (a) parents of the alleged targeted

individual and the individual who is alleged to have engaged in prohibited conduct; (b) any witnesses; (c) School staff; and (d) other individuals who may provide additional information.

The individual who investigates an allegation of an incident will inform an individual being interviewed that (i) to the extent allowed by law, the individual is required to keep all details of the interview confidential; and (ii) further reports of bullying will become part of the review. However, the confidentiality requirement described in this paragraph does not apply to conversations with law enforcement, requests for information pursuant to a warrant or subpoena, a state or federal reporting requirement, or other reporting required by applicable law.

In conducting this investigation, the School may (a) review disciplinary reports of involved students; and (b) review physical evidence, including video or audio, notes, email, text messages, social media, or graffiti.

The School will report incidents of bullying, cyber-bullying, hazing, and retaliation to law enforcement when the administrator reasonably determines that the alleged incident may have violated criminal law.

Following the investigation of a confirmed allegation of an incident of bullying, cyber-bullying, hazing, or retaliation, the School may, if the administrator determines it is appropriate, take positive restorative justice practice action, as defined in R277-613-2(9) and support involved students through trauma-informed practices, as defined in R277-613-2(12). However, an alleged targeted individual is not required to participate in a restorative justice practice with an individual who is alleged to have engaged in prohibited conduct. If the School would like an alleged targeted individual who is a student to participate in a restorative justice practice, the School will notify the alleged targeted individual's parent of the restorative justice practice and obtain consent before including the alleged targeted individual in the process.

REVISION A
Board Approval Date: 9-18-17

Leadership Learning Academy Child Abuse & Neglect Reporting Policy

POLICY

Leadership Learning Academy (the “School”) takes seriously the legal responsibility of its personnel to protect the physical and psychological well-being of its students. We believe that the School’s personnel have an important role to play in the elimination of child abuse because they are in a unique position to observe children over extended periods of time on a daily basis.

Utah law requires that whenever any person, including any school employee, contracted or temporary employee, or volunteer who has reason to believe that a child has been subjected to incest, molestation, sexual exploitation, sexual abuse, physical abuse, or neglect, or observes a child being subjected to conditions or circumstances which would reasonably result in sexual abuse, physical abuse, or neglect, he/she shall immediately notify the nearest peace officer, law enforcement agency, or the Division of Child Family Service. The law provides serious penalties for failure to fulfill one’s duty to report.

The Lead Director shall establish administrative procedures that will comply with the provisions of Utah Code Ann. §§ 53E-6-701; 62A-4a-402, et seq. and Utah Administrative Rules R277-401 help the School’s personnel to understand and fulfill their legal responsibilities concerning child abuse.

LLA Child Abuse & Neglect Reporting Policy
REVISION B
Board Approval Date: 1-16-19

Child Abuse and Neglect Reporting Administrative Procedures

These procedures are established pursuant to the Child Abuse and Neglect Reporting Policy adopted by the Board of Directors.

1. If a School employee *has reason to believe* that a child may have been subjected to incest, molestation, sexual exploitation, sexual abuse, physical abuse, or neglect, or observes a child being subjected to conditions or circumstances which would reasonably result in such, the employee shall immediately make an oral report to the nearest peace officer, law enforcement agency or Division of Child Family Service ("DCFS"). The employee shall also make a report to the Campus Principal, but the requirement to notify the Campus Principal does not satisfy the employee's personal duty to report to law enforcement or DCFS.
 - a. The oral report to law enforcement or DCFS may be made with the Campus Principal present, but must be made by the person making the report.
 - b. The reporting employee must record the name of the individual and the agency contacted to make the required report.
 - c. The reporting employee must complete and provide a copy of the Child Abuse and Neglect Reporting Form to the Campus Principal within twenty-four (24) hours. The Campus Principal will keep the form in a separate file, and it shall not be placed in the student's permanent file. The form should also be sent to the agency to which the oral report was given.
 - d. The Campus Principal will preserve the anonymity of the person making the report and any others involved in any investigation.
2. To determine whether or not there is *reason to believe* that abuse or neglect has occurred, school employees may (but are not required to) gather information only to the extent necessary to determine whether a reportable circumstance exists.

Leadership Learning Academy Civil Rights Policy

Policy against Discrimination, Harassment and Sexual Harassment

It is policy of Leadership Learning Academy (the “School”) not to discriminate on the basis of sex, race, color, national origin, creed, religion, age, marital status, or disability in its educational programs, activities, or employment policies as required by Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Title II of the Americans with Disabilities Act of 1990, and Section 504 of the Rehabilitation Act of 1973. The policy against non-discrimination applies in all aspects of the School’s programs and activities, including but not limited to admissions and the administration of discipline.

It shall be a violation of this policy for any student or employee of the School to harass a student or an employee through conduct or communication in any form as defined by this policy or to retaliate against any individual for filing, receiving, investigating, or providing information concerning any complaint alleging violation of a federal civil rights law under this policy.

This policy will be posted on the School’s website and distributed as part of the annual online registration process.

Title VI of the Civil Rights Act of 1964

Title VI of the Civil Rights Acts of 1964 is a federal law that prohibits discrimination on the basis of race, color, or national origin. In compliance with Title VI, the School prohibits the following discriminatory practices:

1. Preventing a person from enrolling in a school, class, or extracurricular school activity based on race, color, or national origin.
2. Arbitrarily placing a student in a school or class with the intent of separating the student from the general population of students because of the student's race, color, or national origin.
3. Setting higher standards or requirements as a prerequisite before allowing minorities to enroll in a school, class, or activity.
4. Unequally applying disciplinary action based on a student's race, color, or national origin.
5. Failing to provide the necessary language assistance to allow limited English proficient students the same opportunity to learn as English proficient students.
6. Administering tests or other evaluative measures, which by design or by grading do not allow minority students the same opportunity to present a true measure of their abilities.

7. Providing advice or guidance to minority with the intent to direct minority students away from schools, classes, or educational activities based on their race, color, or national origin.
8. Providing instructional and related services to minority students that are inferior to those provided to non-minority students.

Title IX of the Education Amendments of 1972

Title IX of the Education Amendments of 1972 is a federal law that prohibits discrimination on the basis of sex in providing educational programs and services.

It is policy of the School not to discriminate against any student, employee, or applicant on the basis of sex. The School will ensure that no student will be excluded from participating in or having access to any course offerings, student athletics, or other school resources based on unlawful discrimination. The School will take all necessary steps to ensure that each employee's work environment is free of unlawful discrimination based on sex. No employee of the School, including any person representing the School, shall intimidate, threaten, harass, coerce, discriminate against, or commit or seek reprisal against anyone who participates in any aspect of the discrimination complaint process associated with this policy.

The School Lead Director will designate a Title IX Coordinator and provide notice of the name and contact information on the School's website and otherwise as appropriate.

Response to Sexual Harassment

The School will respond promptly in a manner that is not deliberately indifferent to any actual knowledge of sexual harassment in its educational program.

Therefore, in the event of any actual knowledge of sexual harassment, the Title IX Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.

The School will thereafter treat complainants and respondents equitably by offering supportive measures to a complainant and by following the grievance process defined below for formal complaints of sexual harassment.

"Actual knowledge" means notice of sexual harassment or allegations of sexual harassment to the School's Title IX Coordinator or any official of the School who has authority to institute corrective measures on behalf of the School, or to any employee of the School. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the School with actual knowledge is the respondent. The mere ability or obligation to report sexual harassment or to inform a student about how to report sexual harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the School.

“Notice” as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator.

“Complainant” means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

“Respondent” means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Sexual harassment” means conduct on the basis of sex that satisfies one or more of the following:

- (a) An employee of the School conditioning the provision of an aid, benefit, or service of the School on an individual’s participation in unwelcome sexual conduct;
- (b) Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the Schools education program; or
- (c) “Sexual assault” as defined by 20 U.S.C. 1092(f)(6)(A)(v), “dating violence” as defined in 34 U.S.C. 12291(a)(10), “domestic violence” as defined in 34 U.S.C. 12291(a)(8), or “stalking” as defined in 34 U.S.C. 12291(a)(30).

“Supportive measures” are individualized services reasonably available that are non-punitive, non-disciplinary, and not unreasonably burdensome to the other party while designed to ensure equal educational access, protect safety, or deter sexual harassment. The School will make supportive measures available to complainants and respondents, as appropriate, which may include measures such as:

- No-contact orders
- Leaves of absence
- Class schedule changes, teacher reassignment, or other academic adjustments
- Increased monitoring of certain areas

Personnel; Training Requirements

No individual designated by the School as a Title IX Coordinator, investigator, decision-maker, or the facilitator of an informal resolution process will have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

The School will ensure that any individual designated by the School as a Title IX Coordinator, investigator, decision-maker, or the facilitator of an informal resolution process will receive training on the applicable definition of sexual harassment; the scope of the School’s educational program and activities; how to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable; and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias.

The School will ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence.

Any materials used to train a Title IX Coordinator, investigator, decision-maker, or the facilitator of an informal resolution process must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment.

Grievance Process Time Frames

The School will promptly carry out the grievance process for formal complaints of sexual harassment. Unless reasonable cause exists, the School will conclude the grievance process of a formal complaint of sexual harassment within forty-five (45) calendar days of receipt of a formal complaint. Informal resolution processes will be concluded within forty-five (45) calendar days of when the School obtains the parties' voluntary, written consent to the informal resolution process.

The grievance process for formal complaints of sexual harassment may be temporarily delayed, and time frames may be extended by the School for good cause with written notice to the complainant and the respondent that describes the reasons for the delay or extension. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

Notice of Formal Complaints of Sexual Harassment

Upon receipt of a formal complaint of sexual harassment, the School will provide the following written notice to the parties who are known:

- (a) Notice of the School's grievance process for formal complaints, including any informal resolution process;
- (b) Notice of allegations of sexual harassment potentially constituting sexual harassment as defined in 34 C.F.R. § 106.30, including sufficient details known at the time and with sufficient time for the respondent to prepare a response before any initial review. Sufficient details include the identities of the parties involved in the incident, if known; the conduct allegedly constituting sexual harassment under 34 C.F.R. § 106.30; and the date and location of the alleged incident, if known.

The written notice will include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process.

The written notice will inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence.

The written notice will inform the parties that they are prohibited from knowingly making false statements or knowingly submitting false information during the grievance process.

If, during the course of an investigation, the School decides to investigate allegations about the complainant or respondent that are not included in the notice provided above, the School will provide notice of the additional allegations to the parties whose identities are known.

Grievance Process for Formal Complaints of Sexual Harassment

A “formal complaint” means a document, including an electronic submission, filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the recipient investigate the allegation of sexual harassment. Formal complaints should be filed with the Title IX Coordinator.

In response to a formal complaint of sexual harassment, the School will follow the grievance process set forth below and in accordance with 34 C.F.R. § 106.45. The grievance process for formal complaints will treat complainants and respondents equitably. Before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent in connection with a formal complaint, the School will follow this policy and applicable legal requirements.

The grievance process for formal complaints will provide remedies to a complainant where a determination of responsibility has been made against the respondent. Such remedies may include the same individualized services included in the supportive measures. However, such remedies need not be non-disciplinary or non-punitive and need not avoid burdening the respondent.

The grievance process for formal complaints will involve an objective evaluation of all relevant evidence, including both inculpatory and exculpatory evidence, and provide that credibility determinations may not be based on a person’s status as a complainant, respondent, or witness.

The grievance process for formal complaints will be conducted with a presumption that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

Following a determination of responsibility for sexual harassment, the School will take prompt remedial action, including appropriate disciplinary actions. These actions may include, for a respondent who is a student, disciplinary actions in accordance with the School’s Student Conduct and Discipline Policy, which may include suspension or expulsion. These actions may include, for a respondent who is an employee, discipline up to and including termination.

The standard of evidence to be used to determine responsibility is the preponderance of the evidence standard. This standard will be applied to all formal complaints of sexual harassment, including formal complaints against both students and employees.

The grievance process for formal complaints will not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

The School will investigate the allegations in a formal complaint of sexual harassment. If the conduct alleged in the formal complaint would not constitute sexual harassment as defined in 34 C.F.R. § 106.30 even if proved, did not occur in the School's educational program, or did not occur against a person in the United States, then the School must dismiss the formal complaint with regard to that conduct for purposes of sexual harassment under Title IX. Such a dismissal does not preclude action under another provision of the School's policies.

The School may also dismiss a formal complaint of sexual harassment, or any allegations in the complaint, if at any time during the investigation (a) a complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; (b) the respondent is no longer enrolled or employed by the School; or (c) specific circumstances prevent the School from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon dismissal of a formal complaint of sexual harassment as provided above, the School will promptly send written notice of the dismissal and reason(s) therefore simultaneously to the parties.

The School may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

When investigating a formal complaint of sexual harassment and throughout the grievance process, the School will do the following:

- (a) Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the School and not on the parties provided that the School cannot access, consider, disclose, or otherwise use medical and psychological records of the party without the party's consent, as provided in 34 C.F.R. § 106.45(b)(5)(i);
- (b) Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- (c) Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- (d) Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding; however, the School may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;

- (e) Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- (f) Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the recipient does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Prior to completion of the investigative report, the School will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have at least ten (10) days to submit a written response, which the investigator will consider prior to completion of the investigative report. The School will make all such evidence subject to the parties' inspection and review available at any hearing to give each party equal opportunity to refer to such evidence during the hearing, including for purposes of cross-examination; and
- (g) Create an investigative report that fairly summarizes relevant evidence and, at least ten (10) days prior to the time of determination regarding responsibility, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

The School will not conduct a hearing on formal complaints of sexual harassment. After the School has sent the investigative report as provided above and before reaching a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers provided, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) will explain to the party proposing the questions any decision to exclude a question as not relevant.

The decision-maker(s), who cannot be the same person(s) as the Title IX Coordinator or the investigator(s), must issue a written determination regarding responsibility. To reach this determination, the School must apply the standard of evidence described above. The written determination must include the following:

- (a) Identification of the allegations potentially constituting sexual harassment as defined in 34 C.F.R. § 106.30;
- (b) A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with

parties and witnesses, site visits, methods used to gather other evidence, and hearings held;

- (c) Findings of fact supporting the determination;
- (d) Conclusions regarding the application of the School's policies to the facts;
- (e) A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the School imposes on the respondent, and whether remedies designed to restore or preserve equal access to the School's education program will be provided by the School to the complainant; and
- (f) The School's procedures and permissible bases for the complainant and respondent to appeal.

The School will provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the School provides the parties with the written determination of the result of an appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

The Title IX Coordinator (and the School Lead Director, if the Title IX Coordinator is not the School Lead Director) is responsible for effective implementation of any remedies.

Nothing in this Policy precludes the School from removing a respondent from the School's education program or activity on an emergency basis, provided that the School undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal. This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Nothing in this Policy precludes the School from placing a non-student employee respondent on administrative leave during the pendency of a grievance process under this Policy. This provision may not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act.

Appeals

The School will offer both parties an appeal from a determination regarding responsibility, and from the School's dismissal of a formal complaint of any allegations therein, on the following bases: (a) Procedural irregularity that affected the outcome of the matter; (b) New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and (c) The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants

or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

Appeals must be submitted to the Title IX Coordinator in writing within ten (10) business days of receipt of the written determination regarding responsibility.

As to all appeals, the School will (a) Notify the other party in writing within five (5) business days when an appeal is filed and implement appeal procedures equally for both parties; (b) Ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator; (c) Ensure that the decision-maker(s) for the appeal complies with the standards for decision-makers set forth above and in 34 C.F.R. § 106.45(b)(1)(iii); (d) Give both parties a reasonable, equal opportunity to submit, within ten (10) business days, a written statement in support of, or challenging, the outcome; (e) Issue, within ten (10) business days of receipt of both parties' written statements, a written decision describing the result of the appeal and the rationale for the result; and (f) Provide the written decision simultaneously to both parties.

Informal Resolution

The School will not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints of sexual harassment as provided above. Similarly, the School will not require parties to participate in an informal resolution process and may not offer an informal resolution process unless a formal complaint is filed.

However, at any time prior to reaching a determination regarding responsibility the School may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication, provided that the School:

- (i) Provides to the parties a written notice disclosing: the allegations; the requirements of the informal resolution process, including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;
- (ii) Obtains the parties' voluntary, written consent to the informal resolution process; and
- (iii) Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

Recordkeeping

The School will maintain for a period of seven years records of:

- (a) Each sexual harassment investigation including any determination regarding responsibility and any audio or audiovisual recording or transcript required, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the School's education program;
- (b) Any appeal and the result therefrom;
- (c) Any informal resolution and the result therefrom; and
- (d) All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The School will make these training materials publicly available on its website.

For each response to sexual harassment required above and under 34 C.F.R. § 106.44, the School will create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the School will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the School's education program. If the School does not provide a complainant with supportive measures, then the School will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the School in the future from providing additional explanations or detailing additional measures taken.

Retaliation

The School and its personnel will not intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX or its regulations, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing. Intimidation, threats, coercion, or discrimination, including charges against an individual for policy violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX or its regulations, constitutes retaliation. The School will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA statute, 20 U.S.C. 1232g, or FERPA regulations, 34 CFR part 99, or as required by law, or to carry out the purposes of 34 CFR part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. Complaints alleging retaliation may be filed according to the School's grievance procedures for sex discrimination.

The exercise of rights protected under the First Amendment does not constitute prohibited retaliation.

Charging an individual with a policy violation for making a materially false statement in bad faith in the course of a grievance proceeding does not constitute prohibited retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

Title II of the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973

Title II of the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973 are federal laws that prohibit discrimination on the basis of disability. The School does not discriminate on the basis of disability in admission or access to, or treatment or employment in, its programs and activities. Because of the affirmative obligation under Section 504 to provide a free appropriate public education as well as to avoid harassment and discrimination based on disability, the School Lead Director may establish additional procedures regarding issues related to compliance with Section 504.

Other Complaint Procedures

Any person who believes he or she has been the victim of discrimination or harassment by another student or an employee of the School, or any third person with knowledge of conduct that may constitute discrimination or harassment should immediately report the alleged acts to the School Lead Director. Notice of sexual harassment should be given to the Title IX Coordinator designated by the School Lead Director.

If the complaint is against the School Lead Director, the complaint should be submitted to the president of the School's Board of Directors.

The School is committed to investigating all complaints of discrimination or harassment under federal civil rights laws and will take action to stop any harassment or discrimination that is discovered.

The Lead Director will establish a process for handling complaints alleging harassment or discrimination under federal civil rights laws that complies with applicable legal requirements.

Any complaints related to the School's lunch program will be reported to the Utah State Office of Education, Child Nutrition Programs.

Compliance Officer

The School Lead Director is designated the compliance officer for all federal civil rights matters under any of the foregoing federal laws and shall coordinate the School's efforts to comply with federal civil rights laws. Any questions concerning this policy should be directed to the School's Lead Director.

Leadership Learning Academy Concussion & Head Injury Policy

POLICY

The purpose of this policy is to protect the safety and health of Leadership Learning Academy (the “School”) students. The School recognizes that concussions and head injuries are commonly reported injuries in children and adolescents who participate in sports and other recreational activities. The School acknowledges that the risk of serious injuries is significant when a concussion or head injury is not properly evaluated and managed, especially when the individual continues to participate in physical activities after the injury.

Accordingly, the School will comply with the provisions of Utah Code § 26-53-101 through -301 and R277-614 regarding the protection of athletes with head injuries. In order to protect the health and safety of its students, the School directs the Lead Director to establish administrative procedures consistent with this policy and applicable law.

LLA Concussion & Head Injury Policy
REVISION A
Board Approval Date: 9-18-17

Concussion & Head Injury Administrative Procedures

These procedures are established pursuant to the Concussion and Head Injury Policy established by the School's Board of Directors.

A concussion is a type of traumatic brain injury that interferes with normal function of the brain. It occurs when the brain is rocked back and forth or twisted inside the skull as a result of a blow to the head or body. What may appear to be only a mild jolt or blow to the head or body can result in a concussion. A concussion can occur even if a player or student in an activity is not knocked out or loses consciousness.

The School will ensure that each agent of the School is familiar with, and has a copy of, the Concussion and Head Injury Policy and these Procedures. Before permitting a child to participate in a sporting event of the School, the School will:

- a. provide a written copy of the Concussion and Head Injury Policy and these Procedures to a parent or legal guardian of a child; and
- b. obtain the signature of a parent or legal guardian of the child, acknowledging that the parent or legal guardian has read, understands, and agrees to abide by, the Concussion and Head Injury Policy and these Procedures.

The following definitions apply to these Procedures:

1. "Agent" means a coach, teacher, employee, representative, or volunteer.
2. "Qualified health care provider" means a health care provider who:
 - a. is licensed under Title 58, Occupations and Professions; and

Leadership Learning Academy Conflict of Interest Policy

PURPOSE

The purpose of this policy is to ensure that members of the Board of Directors (the “Board”) of Leadership Learning Academy (the “School”) conduct themselves in a manner that avoids actual or apparent conflicts of interest. All business decisions must be made in the School’s best interest. A conflict of interest arises when the judgment of a Board member is or may be influenced by considerations of improper personal gain or benefit to the individual or to another person.

POLICY

A Board member shall not have any direct or indirect pecuniary interest in a contract with the School, nor shall he/she furnish directly and for compensation any labor, equipment, or supplies to the School.

In the event that a Board member is employed by a business entity that furnishes goods or services to the School, the Board member shall declare such facts and refrain from discussing or voting upon the question of contracting with the entity.

It is not the intent of this policy to prevent the School from contracting with corporations or businesses because a Board member is an employee of the firm. The policy is designed to prevent the placing of Board members in a position where their interest in the School and their interest in their places of employment might conflict and to avoid appearances of conflict of interest even if such conflict may not exist.

A Board member may not be an employee of the School.

If a relative of a Board member is considered for employment in the School, the Board member must (a) disclose the relationship in writing to the other Board members and the Lead Director, (b) submit the employment decision for the approval, by majority vote, of the Board, (c) abstain from voting on the issue, and (d) be absent from any meeting when the employment of the relative is being considered or determined.

Volunteer activities of a member of the Board or member’s spouse are not prohibited by this section but may be prescribed by policies developed and approved by the Board.

Leadership Learning Academy Copyright Compliance Policy

POLICY

In order to protect Leadership Learning Academy from potential liability, it is important that school employees follow copyright laws. Failure to follow copyright laws may subject employees to discipline. The Lead Director shall provide guidance to school employees to assist them in complying with copyright laws.

LLA Copyright Compliance Policy
REVISION A
Board Approval Date: 9-18-17

Copyright Compliance Administrative Procedures

These guidelines are provided pursuant to the Copyright Compliance Policy established by the Board of Directors.

Employees of Leadership Learning Academy are to follow all copyright laws. Failure to do so may result in disciplinary action. To avoid confusion by educators, Congress published “safe harbor” guidelines for educational uses of copyrighted material. While these guidelines are not a part of the law, they represent the minimum standards for fair use of copyrighted materials in the classroom. School employees that have questions regarding the application of copyright laws to a specific situation should request assistance from the Lead Director.

Guidelines for printed materials:

Educators may make a single copy for research or use in teaching of:

- A chapter from a book
- An article from a periodical or newspaper
- A short story, essay or poem
- A chart, graph, diagram, drawing, or cartoon (syndicated cartoons may not be copied)

Educators may make multiple copies for classroom use provided the copying meets the test of:

- Brevity
- Spontaneity
- Cumulative Effect

Brevity

The more material you take, the less likely it is that your use will be fair use. Some guidelines include:

- A complete poem of less than 250 words, printed on no more than two pages; or an excerpt from a long poem, but not more than 250 words.
- A copyrighted article, story, or essay of less than 2,500 or an excerpt of not more than 1,000 words, from a larger printed work or 10%, whichever is less.
- One chart, diagram, cartoon (syndicated cartoons may not be copied), or picture per book or periodical issue.
- Special works combining prose, poetry and illustrations, limited to no more than 10% of the total.

Spontaneity

The copying should be at the instance and inspiration of the individual educator, the decision to use the work and the moment of use are so close in time that it would be unreasonable to expect a timely reply to a request for permission.

Cumulative Effect

- Copying is made for one course.
- The same item cannot be reproduced for more than one term.
- No more than nine instances of copying per class during a term.
- There is only one work from a single author.
- No more than three authors from a collective work.
- The copying does not replace an anthology or collective work.
- No copying of “consumable” works.
- Copying should not simply substitute for purchase of original material.
- No charge is made to students beyond the actual cost of photocopying.
- All of the preceding must bear the copyright

Leadership Learning Academy Credit Card Policy

PURPOSE

The purpose of this policy is to authorize the Lead Director to obtain credit cards for employees of Leadership Learning Academy (the “School”) and to establish procedures for use of credit cards to make purchases for the School.

POLICY

Credit Card Account

The School’s management company has established a corporate credit card account under which the School can have individual credit cards issued for authorized School employees.

The School will be billed monthly for charges associated with purchases made with cards issued to School employees. The School will be responsible for full payment of all such charges each month and will reimburse the School’s management company for any costs associated with unpaid charges from purchases by School employees.

The total credit limit for each card issued to a School employee will be \$5,000. However, in the event a purchase needs to be made that exceeds this amount, the credit limit may be temporarily increased to \$25,000 with the approval by the Board of Directors in order to make the purchase and then decreased back to the normal limit as soon as practicable.

Procedures for Issuing Cards

The Lead Director and Campus Principals will be issued a credit card and may authorize other School employees to receive credit cards. The Lead Director will coordinate the issuance of authorized credit cards to School employees with the School’s management company.

The Lead Director will ensure that all employees to whom cards are issued are aware of and receive appropriate training regarding the policies and procedures applicable to their use of the card.

Procedures for Making Purchases

School credit cards issued to School employees under this policy may only be used for legitimate business purposes. School credit cards may not be used for cash advances or ATM transactions for any reason. School credit cards may not be used for the purchase of alcohol. School credit cards are intended for purchases that cannot otherwise be paid for by check using standard payment methods, including purchases from vendors that do not accept checks, purchases during travel, or emergency purchases.

The person to whom a School credit card is issued and whose name is on the card (the “cardholder”) is solely responsible for all purchases on the card and for ensuring that the credit card number is not used by unauthorized personnel. As such, the cardholder shall not share their card number with anyone. In addition, the credit card should not be stored in an online account that anyone other than the cardholder has access to.

All purchases with a School credit card must be authorized in accordance with the purchase amount limitations and other requirements of the School’s Purchasing and Disbursement Policy and must comply with all applicable procurement requirements. Documentation of purchase approvals will be retained.

The cardholder is responsible for receiving, printing and retaining all receipts related to purchases made with the School credit card. The cardholder shall label all receipts with a description of what it is for to ensure proper coding. All receipts must be submitted to the School’s management company within one week of the closing date of the account statement.

Upon the termination of a cardholder’s employment for any reason, their School credit card must be cancelled immediately and returned to the Lead Director.

All purchases made with School credit cards will be reconciled by the School’s management company monthly in order to ensure that all receipts are present and that all purchases have been made in accordance with School policies.

Violation of policies and procedures regarding use of School credit cards, including not retaining documentation of purchases or making personal purchases, may result in card cancellation, disciplinary action, or criminal prosecution. If the School disputes a purchase made with the School credit card, the School may dispute the charge and may hold the cardholder responsible for the charge.

The Lead Director and the School’s management company will develop an internal review plan to periodically select School credit card statements to verify that School policies and procedures are being followed and that purchases are appropriate, documented, and coded to the proper funding sources.

If a School credit card is lost or stolen, the cardholder must immediately contact the Lead Director, and the Lead Director will notify the School’s management company to have the card cancelled.

4.3 Data Not Collected by the School

The School does not collect a student's social security number or, except as required in Utah Code Ann. § 78A-6-112, criminal record.

4.4 Data Not Collected by the School Without Prior Written Consent

The School follows Utah Code Ann. § 53A-13-302 in Utah FERPA by not collecting certain information from a student by way of a psychological or psychiatric examination, test, treatment, survey, analysis, or evaluation unless the School has received the prior written consent of the student's parent or legal guardian or an exception to the prior written consent rule applies. Please refer to the School's FERPA Administrative Procedures (particularly the "Activities Prohibited Without Prior Written Consent" Section) to see the types of information governed by Utah Code Ann. § 53A-13-302, the accompanying notice and consent requirements, and exceptions. These administrative procedures explain how the School complies with the statute.

5. DATA USE

The School uses the student data it collects to conduct the regular activities of the School. School employees and volunteers shall only have access to student data for which they have a legitimate educational interest and shall not use student data for any improper or non-educational purpose. School employees and volunteers shall use student data only as authorized by the School to fulfill their respective job or volunteer duties. Please see the School's FERPA Administrative Procedures (particularly the "Access to Information" Section) for a summary of School personnel who, generally, have a legitimate educational interest in having access to student data and the particular data to which they have access. To help protect the privacy and security of student data, School employees and volunteers who have access to student data will participate in student data privacy training each year as required by the School and employees will sign a statement certifying that they have completed the training and understand student data privacy requirements.

Student data use by outside parties shall be limited to those to whom the School has shared the data in accordance with the law and who have a legitimate need to use the data. For example, outside parties with whom the School has contracted to provide services or functions that the School's employees would typically perform may use student data for the purpose of providing the contracted product or service. Third-party contractors' use of student data shall be in accordance with their contract and Data Confidentiality Addendum with the School, and in compliance with applicable law, including Utah Code Ann. § 53A-1-1410 and administrative rules adopted by the USBE.

6. DATA STORAGE

Please see the "Physical Protection" and "Technological Protection" Sections of the School's FERPA Administrative Procedures to review the ways in which the School stores student data and protects stored data.

6.1 Electronic Storage. As explained in the School's FERPA Administrative Procedures, most of the student data collected by the School (including the data collected through the School's online registration system) is stored electronically by the School in Aspire, which is the student information system provided to Utah schools by the USBE. Aspire provides a secure location for the storage, maintenance, and transmission of student data. If the School chooses to use any additional student information systems, it will ensure that the system has adequate security protections. School employees and volunteers shall not store personally identifiable student data on their personal computers or devices, flash drives, or any other removable data storage media unless authorized by the Student Data Manager.

6.2 Physical Storage. Any printed documents containing personally identifiable student data is to be stored by the School in a secured, locked location, and access to such locations shall be determined by the Student Data Manager. School employees and volunteers shall not store documents with personally identifiable student data in physical locations away from the School, such as in their homes or vehicles, unless authorized by the Student Data Manager.

6.3 Third-Party Contractors. Third-party contractors shall store personally identifiable student data received from the School only in accordance with their contract and Data Confidentiality Addendum with the School and applicable law.

7. DATA SHARING

The School shall not share a student's personally identifiable student data outside of the School unless the data is shared in accordance with FERPA, Utah FERPA, the Utah Student Data Protection Act, and any other applicable law. The School's Student Data Manager authorizes and manages such data sharing and ensures compliance with applicable law.

7.1 Prior Written Consent

Except as provided by law, the School shall not share a student's personally identifiable data with anyone other than the student or the student's parent or legal guardian unless the School first obtains prior consent from the student's parent or guardian (or the student if the student is 18 years old or older). In order to be valid, the prior consent must:

1. Be in writing;
2. Be signed by the student's parent or guardian, or the student if he or she is 18 or older (electronic signatures are sufficient);
3. Specify the records or data to be disclosed;
4. State the purpose of the disclosure; and
5. Identify the party to whom the disclosure may be made.

As provided in the "Student Education Records Management" Section of the School's FERPA Administrative Procedures, a student's parent or guardian (or the student if the student is 18 years old or older) has the right to inspect and review all of the student's education records maintained by the School and the School must grant such requests within a reasonable period of time, not to exceed 45 days. The School may impose requirements related to such requests, such that the request be in writing, signed, dated, and contain certain information. The School may also require proof of identity and relationship (parent or guardian) to the student before granting access to the student's records.

7.2. Exceptions to the Prior Consent Rule

The School shall not share, outside of the School, a student's personally identifiable student data without obtaining prior written consent unless such sharing is:

1. To the student or student's parent or guardian;
2. Authorized by federal and Utah law, including FERPA, Utah FERPA, and the Utah Student Data Protection Act. Such authorized sharing includes:
 - a. To a school official who has a legitimate educational interest (a school official could be an employee or agent of the School that the School has authorized to request or receive student data on behalf of the School);
 - b. To a person or entity to whom the School has outsourced a service or function (1) to research the effectiveness of a program's implementation or (2) that the School's employees would typically perform;

- c. To an authorized caseworker or other representative of the Department of Human Services, but only as described in Utah Code Ann. § 53A-1-1409(6);
- d. To other schools that have requested the data and in which the student seeks or intends to enroll, or where the student is already enrolled, so long as the disclosure is for purposes related to the student's enrollment or transfer;
- e. To individuals who need to know in cases of health and safety emergencies;
- f. To officials in the juvenile justice system when the disclosure concerns the system's ability to effectively serve, prior to adjudication, the student whose data is to be released;
- g. In connection with an audit or evaluation of federally or state supported education programs, or for the enforcement of, or compliance with, federal legal requirements relating to those programs;
- h. To the Immigration and Naturalization Service (INS) for foreign students attending the School under a visa;
- i. To the Attorney General of the United States in response to an *ex parte* order in connection with the investigation or prosecution of terrorism crimes;
- j. In response to a valid subpoena; or
- k. The sharing of personally identifiable student data that is directory information, but only if the School (1) has given the student's parent annual notice of the types of data it has designated as directory information and the parent's right to request that any or all of student's directory information not be released by the School and (2) the parent has not notified the School that he or she does not want the personally identifiable student data to be designated as directory information.

7.3 Directory Information

The School designates the following student data as directory information:

Layton Campus:

- 1. Student's name;
- 2. Photograph;
- 3. Grade level;
- 4. Participation in officially recognized activities and sports;
- 5. Parent names and contact information; and
- 6. Honors and awards.

Ogden Campus:

- 1. Student's name;
- 2. Photograph;
- 3. Grade level; and
- 4. Parent names and contact information.

The student data designated as directory information may change from time to time. Parents will be given notice of such changes as required by law.

7.4 Third-Party Contractor Addendum

The School may share personally identifiable student data with third-party contractors pursuant to subsections (a) and (b) immediately above if the contractors have entered into a contract and Data Confidentiality Addendum with the School. Third-party contractors must comply with the contract, Addendum, and the Utah Student Data Protection Act, including Utah Code Ann. § 53A-1-1410 and related administrative rules adopted by the USBE.

7.5 Aggregate Data

7.5.1 Definition. “Aggregate data” has the same meaning as set forth in Utah Code Ann. § 53-1-1402(2). Aggregate data does not reveal any personally identifiable student data and contains data of at least 10 individuals.

7.5.2 Sharing Aggregate Data. The School may share aggregate data outside of the School without obtaining prior written consent so long as it is shared in accordance with Utah Code Ann. § 53-1-1409(8)-(9) and this paragraph. If the School receives a request for aggregate data, including for the purpose of external research or evaluation, the School shall follow the review process set forth below:

1. All requests shall be submitted in writing to the Student Data Manager;
2. The written request to the Student Data Manager shall describe the purpose of the request, the desired student data, how the student data will be used, and details about how the student data will be disclosed or published by the requestor;
3. The Student Data Manager shall review the written request and consult with the School’s management company about any potential data privacy issues relevant to the request;
4. If the Student Data Manager approves of the request, an MOU shall be prepared and presented (along with the requestor’s written request) to the School’s Board of Directors for review and approval; if the Student Data Manager disapproves of the request, the requestor shall be so notified;
5. If the Board approves of the request and MOU, the MOU shall be signed by the Board’s president or designee and the requestor; if the Board disapproves of the request, the requestor shall be so notified;
6. After approval by the Board and execution of the MOU, the Student Data Manager or a responsible person designated by the Student Data Manager, shall, as applicable, de-identify the requested student data through disclosure avoidance techniques (such as data suppression, rounding, recoding, blurring, perturbation, etc) and/or other pertinent techniques;
7. After all requested student data has been de-identified and reviewed by the Student Data Manager, the requested student data shall be saved, physically or electronically, in a secure location managed by the Student Data Manager and then

sent to the requestor through a secure method approved by the Student Data Manager.

The School may not share personally identifiable student data with external persons or organizations to conduct research or evaluations unless such research or evaluations are directly related to a state or federal program audit or evaluation.

8. RECORD RETENTION AND EXPUNGEMENT

Record retention and expungement procedures promote efficient management of records, preservation of records of enduring value, quality access to public information, and data privacy.

8.1 Retention. The School shall retain and dispose of student records in accordance with Utah Code Ann. § 63G-2-604, Utah Code Ann. § 53E-9-306, and rules adopted by the USBE, including R277-487-4. Unless the School adopts its own approved retention schedule, the School shall comply with the model retention schedules for student records published by the Utah Division of Archives and Records Service.

8.2 Expungement. The School shall comply with Utah Code Ann. § 53E-9-306 and R277-487-4 in terms of what student data it may and may not expunge. Accordingly, the School may not expunge a student's grades, transcripts, record of enrollment, or assessment information. The School may, on its own volition or at the request of a student's parent or an adult student, expunge other student data, including a student's medical records and behavioral assessments, so long as the administrative need for the student data has passed. A request to expunge such student data shall be made in writing to the School's Lead Director and describe in detail the data requested to be expunged.

In addition, a student's parent or an adult student may also request that the School expunge any student data or record not subject to a retention schedule under Utah Code Ann. § 63G-2-604, and believed to be

1. Inaccurate;
2. Misleading; or
3. In violation of the privacy rights of the student.

Such a request to expunge a student's student data or records shall be made in writing to the School's Lead Director and describe in detail the data or records requested to be expunged. The School will process such requests following the same procedures outlined for a request to amend a student record in 34 CFR Part 99, Subpart C. These procedures are outlined below:

1. If a parent or adult student believes that a record is misleading, inaccurate, or in violation of the student's privacy, they may request that the record be expunged.
2. The School shall decide whether to expunge the data within a reasonable time after the request.
3. If the School decides not to expunge the record, the School will inform the parent or adult student of its decision as well as the right to an appeal hearing.
4. The School shall hold a hearing within a reasonable time after receiving the request for a hearing.
5. The School shall provide the parent or adult student notice of the date, time, and place in advance of the hearing.

6. The hearing shall be conducted by any individual that does not have a direct interest in the outcome of the hearing.
7. The School shall give the parent or adult student a full and fair opportunity to present relevant evidence. At the parents' expense and choice, they may be represented by an individual of their choice, including an attorney.
8. The School shall make its decision in writing within a reasonable time following the hearing.
9. The decision must be based exclusively on evidence presented at the hearing and include a summary of the evidence and reasons for the decision.
10. If the decision is to expunge the record, the School will seal it or make it otherwise unavailable to other School staff and educators.

The School may consult with the Utah Division of Archives and Records Service and/or USBE when issues or questions arise with respect to record retention and expungement.

8.3 Disciplinary Record. The School may create and maintain a disciplinary record for a student in accordance with rules adopted by the USBE.

9. DATA BREACH

9.1 Definition of Data Breach. A data breach for purposes of this Plan is any instance in which there is an unauthorized release or access of personally identifiable student data. This definition applies regardless of whether the School stores and manages the data directly or through a third-party contractor.

9.2 Types of Data Breaches. Data breaches can take many forms, including:

1. Hackers gaining access to personally identifiable student data through a malicious attack (such as phishing, virus, bait and switch, keylogger, denial of service, etc);
2. A School employee losing School equipment on which personally identifiable student data is stored (such as a laptop, thumb drive, cell phone, etc) or having such equipment stolen;
3. An unauthorized third party retrieving personally identifiable student data from a School's physical files;
4. A School employee accidentally emailing personally identifiable student data to an unauthorized third party; or
5. A School employee or third-party contractor saving files containing personally identifiable student data in a web folder that is publicly accessible online.

9.3 Industry Best Practices. The School takes a variety of measures to protect personally identifiable student data, including imposing disclosure prevention responsibilities on School employees, educators, volunteers, and third-party contractors. The School also follows industry best practices to maintain and protect personally identifiable student data and to prevent data breaches, some of which are outlined in the School's Information Technology Systems Security Plan.

9.4 Responding to a Data Breach.

9.4.1 Reporting a data breach. School employees, volunteers, and third-party contractors shall immediately report a data breach or a suspected data breach to the Student Data Manager. Students and parents of students who become aware of a data breach or that suspect a data breach shall also immediately notify the Student Data Manager.

9.4.2 Data Breach Protocol. The Student Data Manager shall collaborate with the IT Security Manager and others, as appropriate, to determine whether a data breach has occurred. If it is determined that a data breach has occurred, the School shall, under the direction of the Student Data Manager and IT Security Manager, follow the protocol described below:

1. Lock down systems and data that have been breached or suspected to have been breached, including changing applicable passwords, encryption keys, locks, etc;
2. Assemble a Data Breach Response Team, which could include the Student Data Manager, IT Security Manager, School employees, Board members, members of the School's management company, the School's IT provider, etc;
3. Record as many details about the data breach as possible, including:
 - a. Date and time data breach was discovered;
 - b. Data elements involved (for example, students' first and last name, SSIDs, DOBs, passwords, account information, employee social security numbers, etc);
 - c. Data systems involved (for example, Aspire, online registration system, or other School data system); and
 - d. Type of data breach (physical, such as stolen/lost paperwork or computer equipment; or electronic, such as hacking or unauthorized email transmission).
4. Assign an incident manager that has the appropriate qualifications and skills to be responsible for the investigation of the data breach;
 - a. Investigate scope of data breach to determine types of information compromised and number of affected individuals; and
 - b. Investigate the data breach in a way that will ensure that the investigative evidence is appropriately handled and preserved;
5. Attempt to retrieve lost, stolen, or otherwise compromised data;
6. Determine whether notification of affected individuals is appropriate and, if so, when and how to provide such notification; notification timeframes and requirements should be identified as soon as possible and notices developed and delivered to affected individuals and agencies in accordance with regulatory mandates and timeframes;
7. If the data breach involved the release of a student's personally identifiable student data, notify the student (if the student is an adult student) or the student's parent or legal guardian if the student is not an adult student in a manner reasonable under the circumstances;
8. If the data breach involved the release of a student's personally identifiable student data by a third-party contractor of the School, notify the State Superintendent as required in R277-487-3;

9. Determine whether to notify the authorities/law enforcement (situation dependent); involve legal counsel to analyze legal obligations;
10. If the School has cyber liability and/or data breach insurance coverage, determine whether to notify the insurance provider and make a claim on such coverage; and
11. Consult with appropriate security professionals, as necessary, to identify the possible reason(s) for the data breach and how to prevent similar data breaches in the future.

Following the steps above and clearly defining the roles and responsibilities of all those involved in the steps will promote better response coordination and help the School shorten its incident response time. Prompt response is essential for minimizing the risk of any further data loss and, therefore, plays an important role in mitigating any negative consequences of the breach, including potential harm to affected individuals. All work and activities performed under each of the steps above should be well documented and all documentation should be retained as required.

9.4.3 Coordination with Management Company and/or Legal Counsel

The School shall coordinate with its management company and/or separate legal counsel on the preparation and method of delivery of written materials, including notifications, related to a data breach.

9.5 Cooperation

The School shall cooperate with regulatory and governmental agencies that make inquiries regarding a data breach.

10. DATA TRANSPARENCY

The School's policies concerning data privacy and security are published on the School's website. In addition, each year the School shall publish its current version of the following on its website:

1. Metadata Dictionary;
2. Student Data Disclosure Statement;
3. Information Technology Systems Security Plan; and
4. Data Governance Plan.

11. DATA PRIVACY AND SECURITY AUDITING

The School shall periodically conduct audits to determine compliance with this Plan and to assess the quality and effectiveness of the data privacy and security processes and procedures set forth in this Plan. The School shall use the results of such audits to determine ways in which this Plan and the School's student data governance and management can be improved. The School may use third-party experts to assist with and/or conduct such audits.

The School or its designee may audit its third-party contractors to verify compliance with the terms of the School's Data Confidentiality Addendum that relate to the confidentiality and protection of personally identifiable student data.

12. DATA PRIVACY AND SECURITY TRAINING

On an annual basis, the School shall provide appropriate student data privacy training to its employees, aides, and volunteers who are authorized by the School to have access to education records as defined in FERPA.

The School shall also provide its employees with appropriate training on IT security matters.

Where required by R277-487-13, educators at the School shall complete the student data security and privacy training for educators developed by the State Superintendent as a condition of re-licensure.

Diapering & Toileting Administrative Procedures

*(These procedures shall be posted in the designated diaper changing area,
which is currently the sick room in the School)*

Special Education and Related Services for Eligible Students: Diapering and Toileting

Purpose and General Rules

Students at Leadership Learning Academy (the “School”) may require diapering and/or toileting help due to developmental level or health, physical, or cognitive disabilities. Such students may require diapering or toileting on a scheduled or on an as-needed basis. School personnel should perform these tasks with dignity and respect for the student in a private and safe setting. Students cannot be denied entry into or removed from any educational program if they have not mastered these skills.

Due to the wide range of disabilities, both physical and cognitive, and the various ages and physical sizes of students who require these services, these procedures should be tailored to each individual student’s specific needs. The School nurse, physical/occupational therapist, School staff, or the affected student’s parent can provide training. The student may have special needs requiring specific procedures. This information should be included in a student’s IEP or Section 504 plan.

School personnel involved in changing diapers or toileting have the potential to spread germs and diseases. Following proper procedures and room set-up will reduce the risk of spreading illnesses. All School personnel involved in diapering and/or toileting shall complete the School’s blood borne pathogen training prior to participating in the diapering and/or toileting of students and annually thereafter.

Parents shall supply diapers, wipes, a change of clothing, and all other necessary supplies for their student. The School shall supply approved cleaners/wipes for surfaces, gloves, and other necessary protective equipment.

All diapers, wipes, and other necessary protective equipment and supplies, including cleaning/sanitizing supplies, shall be available and easily accessible in the diaper changing area. Cleaning/sanitizing supplies should be kept out of reach of students.

School personnel involved in diapering and/or toileting should receive the hepatitis B vaccine.

School personnel who prepare or serve food in the School shall not change a student’s diapers or assist in toilet training.

When possible, two adults (one of whom is normally the student's teacher or TA) shall always be present when performing diapering and/or toileting. Also, when possible, diapering and/or toileting shall be performed by adult School personnel who is the same gender as the student.

Diapering Procedures

- School personnel shall check each student's diaper at least once every two hours and change the diaper promptly if it is wet or soiled. If the student is sleeping at the end of a two-hour period, the diaper shall be checked when the student awakes. In addition, each student's diaper shall be checked just prior to the end of their school day and before pick up.
- The diaper changing surface shall have a solid, smooth, non-absorbent surface, be kept in good repair, not be used for any other purpose.
- School personnel shall never change a student's diaper directly on the floor, and students shall not be left unattended on the diaper changing surface.
- When changing a student's diaper, School personnel shall:
 - ✓ Bring the student to the diaper changing area and ensure no other students or unauthorized School personnel are present in the area when changing the diaper.
 - ✓ Talk to the student about what you are doing.
 - ✓ Wear appropriate Personal Protective Equipment (PPE) – including gloves and, if necessary, sleeves and apron.
 - ✓ Prepare the diaper changing surface by wiping it with a sanitized/disinfectant wipe and/or placing protective paper or other covering on the changing surface.
 - ✓ Transfer student to changing surface. The plan for doing this should be discussed with the parent prior to diapering the first time.
 - ✓ Remove soiled diaper and place in the diaper genie (or other trash can that is puncture resistant, is lined with a leak-proof plastic bag, and has a biological waste symbol on it).
 - ✓ Clean student using wipes or soap and water.
 - ✓ Remove and dispose of soiled gloves in the diaper genie (or other trash can that is puncture resistant, is lined with a leak-proof plastic bag, and has a biological waste symbol on it) and put on a clean pair of gloves.
 - ✓ Place the clean diaper on the student.
 - ✓ Make sure the student's clothing is clean and dry. If not, change the student's clothing and send home soiled clothing in a sealed plastic bag.
 - ✓ Transfer the student from the changing area.
 - ✓ Remove and dispose of any protective paper or other covering in the diaper genie (or other trash can that is puncture resistant, is lined with a leak-proof plastic bag, and has a biological waste symbol on it) and clean the changing surface with a sanitizer registered by the U.S. Environmental Protection Agency for that purpose and according to the manufacturer's instruction. All sanitizer containers shall be properly labeled and stored in the diaper changing area out of the reach of children and students.
 - ✓ Wash hands using soap and water.

- The diaper genie (or other trash can provided by the School) shall be cleaned and sanitized daily.

Toileting Procedure

- When a student requires toileting help, School personnel shall:
 - ✓ Escort the student to bathroom.
 - ✓ Talk to the student about what you are doing.
 - ✓ Put on PPE – including gloves and, if necessary, sleeves and apron.
 - ✓ Prepare the toilet by wiping it with a sanitized/disinfectant wipe and/or placing protective paper.
 - ✓ Assist the student with clothing.
 - ✓ Transfer and/or assist the student to the toilet.
 - ✓ If required, stabilize the student on the toilet seat.
 - ✓ Clean the student when finished as necessary.
 - ✓ Make sure the student's clothing is clean and dry. If not, change the student's clothing and send home soiled clothing in a sealed plastic bag.
 - ✓ Remove and dispose of soiled gloves and any protective paper in a separate trash can that is puncture resistant, is lined with a leak-proof plastic bag, and has a biological waste symbol on it.
 - ✓ Transfer the student from the toilet.
 - ✓ Supervise and ensure student correctly washes his or her hands after using the bathroom.

In the carrying out of these responsibilities, the Oversight Officer shall coordinate with, and be provided with assistance from, among other professionals, Disclosure Counsel, the School’s Counsel and the financial advisor to the School. This oversight responsibility shall include the following:
 - Develop a separate checklist or similar outline for the School’s Official Statements for each bond issuance benefitting the School. Each of these checklists shall list the categories of information in the applicable Official Statement and identify the person or persons (whether internal to the School or a third-party consultant to the School) who should be responsible for reviewing or contributing the information in each portion of such applicable Official Statement (a “Contributor”).

- Ensure that each Contributor receives a copy of each draft of the applicable Official Statement and the checklist indicating his or her responsibilities with sufficient time to permit such Contributor to perform a thoughtful and thorough review or preparation of information for the applicable portion of the Official Statement. Leadership Learning Academy Donations & Fundraising Policy

Although Leadership Learning Academy (the “School”) does not typically engage directly in fundraising, it may do so on certain occasions in order to help advance the School’s mission. The School encourages the contributions of gracious donors who have the resources and the inclination to make donations for the benefit of the School and its students. This policy establishes guidelines and standards for the School’s acceptance of donations and gifts as well as for when the School engages in or sponsors fundraising activities.

Donations and Gifts

The School may not transfer or expend donated property in a manner contrary to donor restrictions imposed as a condition of making the donation. The Lead Director is also responsible for ensuring that donor restrictions of accepted donations are complied with and that compliance can be verified. The Lead Director will ensure that charitable donation receipts are provided to donors as necessary.

The Lead Director must approve voluntary donations from private individual or organization in excess of \$1,000 and any donation involving donor restrictions prior to accepting the donation. The Board of Directors must approve any voluntary donations from private individual or organization in excess of \$10,000. The School may not accept donations with the condition that the donation provide direct benefit to specific School employees, students, vendors, or name brand goods or services.

If advertising or other services are offered to a donor in exchange for a donation or gift, the School will objectively value the donation or gift in order to ensure the School receives at least fair value.

The Lead Director must ensure that any applicable fiscal policies of the School are complied with in connection with donations. The School will comply with other applicable laws and regulations, including but not limited to procurement requirements, rules related to construction of improvements, IRS regulations, and Title IX requirements.

Fundraising

Fundraising is defined as an organized effort to solicit individuals, businesses or foundations for money or in-kind gifts to be given directly to the School.

For the purposes of this policy, “school sponsored” means activities that are expressly authorized by the School’s Lead Director, Campus Principal, or Board of Directors that support the School or authorized curricular clubs, activities, sports, classes, or programs that are themselves school sponsored. School-sponsored activities must be managed or supervised by School employees. Activities sponsored by the School’s parent organization are not school-sponsored activities, but

the parent organization may be involved in and provided assistance in connection with school-sponsored activities.

The following guidelines must be followed in connection with School fundraising:

1. The fundraising activity must be undertaken with the intent of obtaining a benefit consistent with the School's mission.
2. The fundraising activity must not violate the School's charter, Board policies, or applicable law.
3. Proposals for fundraising activities must be submitted to the School's Lead Director for approval.
4. The Lead Director may restrict the time, place, and manner of any approved fundraising activity.
5. Fundraising activities should be planned and scheduled in a manner that does not create conflict, confusion, or excessive fundraising pressures on students, families or potential donors.
6. Fundraising activities that may expose the School to risk of financial loss or liability if the activity is not successful should not be approved.
7. The participation of School employees, students and parents in any fundraising activity must be voluntary. However, School employees may be assigned to supervise students in connection with School-sponsored fundraising activities in connection with their employment. Such employees may be compensated for such work as appropriate as determined by the Lead Director.
8. Students may not be required to participate in a fundraising activity as a condition for belonging to a team, club or group, and a student's fundraising efforts may not affect his or her participation time or standing in any team, club or group.
9. Competitive enticements for student participation in fundraising efforts are generally discouraged, and any such rewards or prizes must be approved by the Lead Director.
10. The Lead Director will ensure that the School's Fee Waiver Policy is complied with in connection with all School-sponsored fundraising activities that involve fees. Any fee waivers must be granted in accordance with the Fee Waiver Policy.
11. All funds raised through school-sponsored fundraising activities are considered public funds and will be handled accordingly. The Lead Director will ensure that all other applicable fiscal policies are complied with in connection with fundraising activities.
12. Any fundraising activities that are related to the School but not school sponsored, such as fundraising activities of the parent organization, should clearly inform School patrons that the activity is not school sponsored. School employees may participate in such activities as volunteers but must not represent that they are acting as employees or representatives of the School.
13. The Lead Director will ensure that charitable donation receipts are provided as necessary.
14. The School's employer identification number and sales tax exemption number may only be used by School personnel in connection with school-sponsored activities. No other entity, including the School's parent organization, may use these numbers.

15. Any School employee involved in managing or overseeing non-School-sponsored fundraising must disclose to the Lead Director any financial or controlling interest in or access to bank accounts of the fundraising organization or company.
16. The School may cooperate with outside entities such as the parent organization in connection with non-school-sponsored fundraising activities. The School may allow these groups to use School facilities at little or no charge. At the Lead Director's discretion, the School may provide some level of support or pay for portions of these activities. The details of the arrangements for non-school-sponsored fundraising activities shall be understood and agreed to by the Lead Director and the representatives of the outside entity. This must take into consideration the School's fiduciary responsibility for the management and use of public funds and assets.
17. The School is committed to principles of gender equity and compliance with Title IX guidance. The School commits to use all facilities, unrestricted gifts and other available funds in harmony with these principles. The School reserves the right to decline or restrict donations, gifts, and fundraising proceeds, including those that might result in gender inequity or a violation of Title IX. Fundraising opportunities should be equitable for all students, comply with Title IX, and be in harmony with Article X of the Utah Constitution.

The Lead Director will ensure that School employees receive appropriate training in connection with these policies. Training shall be provided at least annually to employees whose job duties are affected by the School's fiscal policies.

The Board will review this policy at least bi-annually.

Leadership Learning Academy Employee Compensation During School Closure & Other Extraordinary Circumstances Policy

POLICY

[School name]'s (the "School") Board of Directors (the "Board") adopts this policy in order to authorize compensation to employees during school closure and other temporary extraordinary circumstances when employees are not able to perform all of the duties that they would normally be assigned to do and/or work all of the hours they would normally be scheduled to work in exchange for their agreed-upon compensation.

The Board delegates to the Director the authority to assess all relevant factors, including but not limited to the anticipated availability and security of state and federal funding over the short and long term, and implement this policy when the situation warrants.

This policy may be applied retroactively.

Continued Employment and Compensation

The Board recognizes that closures and other temporary extraordinary circumstances impact normal school operations in many different ways, some of which are not foreseeable. The School nonetheless intends to keep employees employed and engaged in serving the School's students to the maximum extent possible during such circumstances. The School also desires to pay employees in full, as provided for in their employment agreements, to the maximum extent possible during such circumstances, including by providing paid time off when necessary.

Paid Time Off

Criteria for Paid Time Off

All of the following criteria must be met before paid time off may be given to an employee under this policy for any portion of an employee's compensation:

- The employee and the Director or the Director's designee have explored all reasonable alternatives for the employee to provide services in connection with their current position(s) and have determined that there are none;
- The employee and the Director or the Director's designee have determined that the employee has completed all possible training and professional development opportunities that can be conducted online or through self-directed opportunities; and
- The employee and the Director or the Director's designee have determined that there are no other reasonable work opportunities available for the employee—including work opportunities in other programs and work from home.

Substitute teachers are not eligible for paid time off under this policy. However, the school will explore opportunities for substitute teachers to provide services for their regular rate of pay during a closure or other extraordinary circumstances.

Documentation

For each employee receiving paid time off under this policy, the Director and the employee will identify the expectations for what duties the employee will perform, the hours the employee will work, and the amount of paid time off the employee will receive.

Other Paid Time Off and Leave

This policy does not apply to or affect other paid time off or leave an employee may receive or be eligible for under other School policies or applicable law.

Compensation Expenditures Charged to Federal & State Grants & Programs

Compensation-related expenditures for employees who qualify for paid time off under this policy will be charged to the employee's regular position and program. This includes compensation-related expenditures for Federal and State grants and programs.

Only the portion of the employee's compensation that would normally be associated with a program will be charged to such program. Compensation charged to a program during extraordinary circumstances, including paid time off under this policy, will be calculated based upon the employee's employment agreement and normal average hours per day/week the employee worked before the extraordinary circumstances occurred.

If an employee is not able to complete all of his or her normal average hours by working in the employee's regular position and program but is able to make up the difference by working in a different program, the School will charge the employee's compensation to both programs in accordance with the hours the employee worked in each program. However, the employee will not be compensated beyond the normal average hours that the employee worked before the extraordinary circumstances began.

Notwithstanding the foregoing, if an employee receives paid time off under this policy and that paid time off is charged to the employee's regular position and program, the employee may not be compensated for additional time worked in another program.

Maximum Compensation

The School will pay employees in full, as provided in employment agreements, for all work performed under extraordinary circumstances, including any overtime as required by law.

However, paid time off under this policy is intended to make employees whole and reduce the financial burden caused by the extraordinary circumstances. This policy is not intended to provide an employee with a windfall.

Therefore, an employee's total compensation that includes paid time off under this policy may not exceed the amount provided for in the employee's employment agreement and may not exceed what the employee typically earned prior to when the extraordinary circumstances began.

The School will treat all employees the same under this policy, regardless of whether they are compensated through Federal or State grants or programs.

Leadership Learning Academy Employee Handbook Policy

POLICY

The purpose of this policy is to ensure that Leadership Learning Academy (the “School”) operates in accordance with applicable employment laws.

The School’s Lead Director will adopt and keep updated an Employee Handbook and establish administrative procedures that comply with federal and state employment laws.

PURPOSE

To provide guidelines on appropriate procedures on enrollment and lottery processes.

POLICY

All applications, enrollment procedures, and lottery procedures at Leadership Learning Academy (the “School”) will follow all state and federal laws and guidelines.

General Information

For each enrollment period during which the School accepts applications from students, the School shall publicize that it is accepting applications on the School website.

The School shall follow the provisions of Utah Code § 53G-6-503, Utah Administrative Code Rule R277-551-5, and Utah Administrative Code Rule R277-472-5, each of which include requirements related to admissions, enrollment, withdrawals, or transfers.

Lottery

For each enrollment period, if there are more applications for admission in any grade than there are available openings in that grade, the School shall conduct a lottery to determine which students will be admitted to the School. The School shall conduct its lottery electronically and notify accepted students via e-mail or telephone.

In accordance with Utah Code § 53G-6-502, the following students shall receive preference in the School’s lottery in the following order: a child or grandchild of an individual who has actively participated in the development of the School; a child or grandchild of a member of the School’s governing board; a sibling of an individual who was previously or is presently enrolled in the School; a child of an employee of the School; and a child of a military service member as defined in Utah Code § 53B-8-102. Such students shall not, however, be given priority notice or guaranteed admission to the School.

The School shall not give preference to any student and shall not make any enrollment decision on any basis prohibited by state or federal law, including federal civil rights laws and the Individuals with Disabilities Education Improvement Act of 2004 (“IDEA”). Specifically, the School shall not request any student data of applicants other than their name, grade level, and parent contact information prior to the lottery.

Past Disciplinary Issues

Any student seeking enrollment in the School who was suspended from another school for disciplinary reasons within the previous twelve (12) months will not be admitted to the School until a thorough review of the student's prior conduct is evaluated by the administration. In order to comply with Utah law and the School's Student Conduct and Discipline Policy, any student seeking admission to the School who has been convicted of drug, alcohol, theft or other serious infraction of the law will be subject to the School's discipline provisions, which may include non-admission to the School. Parents of students seeking admission to the School must disclose to the School information about past disciplinary actions and any of the foregoing convictions. If this information is not disclosed in connection with a student's application for enrollment in the School and is discovered after the student is enrolled in the School, the student will be immediately suspended until the administration investigates the matter and reaches a final disciplinary decision in accordance with School policy. Family Educational Rights and Privacy Act Notice of Directory Information

Directory Information

The Family Educational Rights and Privacy Act (“FERPA”), a federal law, requires that Leadership Learning Academy (the “School”), with certain exceptions, obtain a parent or eligible student’s (eligible students are students 18 years of age or older) written consent prior to the disclosure of personally identifiable information (“PII”) from a student’s education records. However, the School may disclose appropriately designated “directory information” without written consent, unless a parent or eligible student has advised the School to the contrary in accordance with School procedures.

Purpose of Directory Information

The primary purpose of directory information is to allow the School to include information from a student’s education records in certain school publications. Examples include:

- A playbill, showing a student’s role in a drama production;
- The annual School yearbook;
- Honor roll or other recognition lists;
- Graduation/promotion programs; and
- Sports programs or activity sheets, showing the weight and/or height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent or eligible student’s prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks.

Opting Out

If a parent or eligible student does not want the School to disclose any or all of the types of information designated below as directory information from the student’s education records without prior written consent, the parent or eligible student must so notify the School in the “Notice for Directory Information” Section in the student’s Registration Packet **prior to** submitting the Registration Packet to the School.

Family Educational Rights and Privacy Act Notification of Rights

The Family Educational Rights and Privacy Act (“FERPA”) affords parents and students 18 years of age or older (“eligible students”) certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student's education records within 45 days after the day Leadership Learning Academy (the “School”) receives a request for access. A parent or eligible student should submit to the Campus Principal/Director a written request that identifies the record(s) the parent or eligible student wishes to inspect. The School will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request an amendment of the student’s education records that the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

Parents or eligible students who wish to ask the School to amend a record should write the Campus Principal/Director, clearly identify the part of the record they want changed, and specify why it should be changed.

If the School decides not to amend the record as requested, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the School discloses personally identifiable information (“PII”) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official typically includes a person employed by the School in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the School’s board of directors; contractors, consultants, volunteers, and other outside parties to whom the School has outsourced institutional services or functions that the School would otherwise use its own employees to perform and who is under the direct control of the School and subject to the same conditions governing the use and redisclosure of education records that apply to other school officials, such as an attorney, auditor, therapist, medical consultant, or education service provider; or a parent, student, or other School volunteer assisting another school official in

performing his or her tasks. A school official typically has a legitimate educational interest if the school official needs to review an education record in order to fulfill his or her professional responsibilities for the School.

Upon request, the School may also disclose education records without a parent or eligible student's prior written consent to officials of another school in which a student seeks or intends to enroll, or is already enrolled, if the disclosure is for purposes of the student's enrollment or transfer.

Please refer to the list on the following page for a summary of disclosures schools may make without receiving prior written consent from a parent or eligible student.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

Disclosures Schools May Make Without Prior Written Consent

FERPA permits the disclosure of PII from students' education records without consent of the parent or eligible student if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. - To authorized representatives of the U. S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State Education Agency (SEA) in the parent or eligible student's State. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their

authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§ 99.31(a)(3) and 99.35)

The School will comply with State and federal laws concerning family educational rights and privacy, including but not limited to the federal Family Educational Rights and Privacy Act and the Utah Educational Rights and Privacy Act.

The School’s Lead Director will establish administrative procedures that provide standards for the protection of private information within the curriculum and other school activities and in the administration of psychological or psychiatric examinations, tests, or treatments, or any survey, analysis or evaluation of students. The procedures will also address the management of student educational records.

LLA Family Education Rights & Privacy Act Policy

REVISION A

Board Approval Date: 9-18-17

Family Education Rights & Privacy Administrative Procedures

These procedures are established pursuant to the Board's Family Educational Rights and Privacy Policy

Activities Prohibited without Prior Written Consent

Prior Written Consent Requirement

Any School employee or agent who plans to administer to a student in any grade any psychological or psychiatric examination, test, or treatment, or any survey, analysis or evaluation that has the purpose or evident intended effect of causing the student to reveal information, whether the information is personally identifiable or not, concerning the student's or any family member's:

- a) political affiliations or, except as provided under Utah Code § 53A-13-101.1 or rules of the Utah State Board of Education, political philosophies;

shall obtain prior written consent from the student's parent or guardian at least two (2) weeks before the test/treatment/survey/analysis/evaluation is administered or the information listed above is sought, unless the employee or agent must seek this type of private information due to an emergency, or unless a student spontaneously discloses the information.

The prohibitions also apply within the curriculum and other School activities.

Parental Notice and Consent Checklist

In order to be valid, written parental notice and consent shall include the following:

- a) parent signature; and
- b) written notice that the parent may obtain written information concerning:

- vi. address and phone number of a School employee to whom parents may direct inquiries or concerns (Campus Principal, teacher, administrator, etc.).

A general consent used to approve admission to school or involvement in special education, remedial education, or a school activity does not constitute written consent for these purposes.

Duration of Parental Authorization

Unless otherwise agreed to by a student's parent or guardian and the person requesting written consent, the authorization is valid only for the activity for which it was granted; or until the parent withdraws consent, during the course of the activity, by submitting a written withdrawal of authorization to the Campus Principal.

Waiver of Parental Notice Period

A parent may waive the 2-week notice period by signing and returning a written waiver to the School.

Well-Being of a Student

If a School employee or agent believes that a situation exists that presents a serious threat to the well-being of a student, that employee or agent shall notify the student's parent or guardian without delay. If, however, the matter has been reported to the Division of Child and Family Services (DCFS), it is the responsibility of DCFS to notify the student's parent or guardian.

Risk of Suicide

If a school employee or agent believes a student is at risk of attempting suicide, physical self-harm, or harming others, the school employee or agent may intervene and ask a student questions regarding the student's suicidal thoughts, physically self-harming behavior, or thoughts of harming others for the purposes of: (i) referring the student to appropriate prevention services; and (ii) informing the student's parent or legal guardian.

Student Education Records Management

Parents/guardians have the right to inspect and review all of their student's education records maintained by the School. If the education records of a student contain information on more than

one student, the parent/guardian may inspect and review or be informed of only the specific information about their student.

- The School will grant a request by a parent/guardian for access to the education records of their child within a reasonable period of time, but in no case more than forty-five (45) days after the request has been made.

Parents/guardians may challenge and request the School to amend any portion of their student's education record that is inaccurate, misleading or in violation of the privacy rights of the student.

- The School shall consider the request and decide whether to amend the records within a reasonable amount of time. If the Lead Director decides not to amend the record as requested, the Lead Director shall inform the parent/guardian of the decision and of their right to a hearing.
- Upon request of a parent or guardian, the School shall provide an opportunity for a hearing to challenge the content of the student's education records on the grounds that the information contained in the education records is inaccurate, misleading, or in violation of the privacy rights of the student.
- Such hearing shall be informal and shall be conducted by an individual who does not have a direct interest in the outcome of the hearing.
- If, as result of the hearing, the School decides that the challenged information is inaccurate or misleading, the record should be amended accordingly and the parent/guardian informed in writing.
- If, as result of the hearing, the School decides that the challenged information is not inaccurate or misleading, it shall inform the parent/guardian of their right to place a statement in the record, commenting on the challenged information in the record, or stating why they disagree with the decision. Any such document must remain with the contested part of the record for as long as the record is maintained, and shall be disclosed whenever the portion of the record to which the statement relates is disclosed.

The School may not disclose information related to education records without prior parental consent, except as provided by law. Such exceptions include, but are not limited to disclosures:

- To school officials who have a legitimate educational interest;
- To a person or company with whom the School has contracted to perform a special task;

Confidentiality of Student Information

The School and all employees, volunteers, third party contractors, or other agents of the School shall protect the privacy of the student and the student's family through compliance with the protections established under state and federal law.

The School will provide appropriate training to employees regarding the confidentiality of student performance data and personally identifiable student information.

Data Collection and Storage Procedures

The School will ensure that school enrollment verification data, student performance data, and personally identifiable student information are collected, maintained and transmitted in a secure manner and consistent with sound data collection and storage procedures.

Access to Information

Access to confidential student information will be limited to individuals with a legitimate educational interest in the data. The Lead Director or Campus Principal will determine which individuals have a legitimate educational interest in having access to particular data. In general, this will include the Lead Director or Campus Principal, other administrative personnel such as an assistant administrator or counselor, members of the School's front office staff, members of the School's special education staff (in accordance with special education regulations regarding school records), teachers (for students in their classes), and third parties with which the School has contracted to perform special tasks for the School. The School will ensure that all individuals who have access to student information will understand how, where and when they can access this data and will commit to fulfill their obligations to protect the confidentiality of the information.

Physical Protection

Any physical documents containing confidential student information will be stored in a secured, locked location. Access to the storage location will be determined by the Lead Director or Campus Principal.

Technological Protection

The School will ensure that appropriate technological protections are in place, as described below, whenever the School gathers, transmits, or stores confidential information electronically.

The School currently uses Aspire as its Student Information System. This is the primary location in which the School will store electronic data. This program provides a secure location for the maintenance and transmission of confidential student information. In the event the School decides to use a Student Information System other than Aspire, the School will ensure that the system is approved by USOE and is adequately secure.

The School uses an online registration system for the registration and enrollment of all new students entering the school and for the declaration of current students for re-enrollment. This system is used to run lotteries when applications to the School exceed available openings. The School uses the system to gather student information to enter into the School's Student Information System. This system has been designed with security features that satisfy industry standards. The School will ensure that the system is updated over time to maintain adequate security.

All confidential student information that is stored electronically will be in a location that is password protected. Such data will not be stored on local device drives or on removable data storage media.

The School will ensure that its network, including servers and wireless access components, employs industry standard security measures.

School personnel will not share log in information for any system in which confidential student information is stored unless authorized by the Lead Director or Campus Principal.

Confidential student information will only be transmitted through secure means such as MoveIt and will not be transmitted via e-mail in an unencrypted format.

Personnel Responsibilities

School personnel are responsible for entering student data into the School's Student Information System. This includes information obtained through the School's online registration system and other data gathered throughout the course of the school year. School personnel also manage the maintenance and reporting of records and data required by governmental entities.

The Lead Director will ensure that School personnel will periodically obtain professional training to ensure that they perform their responsibilities properly and that they comply with all requirements associated with protecting and maintaining the confidentiality of student records and data. This training may include topics such as appropriate and inappropriate access and use of data; who may access data and for what purposes; asking questions when access decisions need to be made; handling problems when misunderstandings arise; data collection procedures and expectations; protecting data during collection, use and storage; key aspects of data security.

Third Party Access to Confidential Information

The School's Educational Services Provider, Academica West, will have access to the personally identifiable student data and school enrollment verification data collected and maintained by the School in connection with legitimate educational purposes of the School.

Data Breach

The School will notify the parent or guardian of a student if there is a release of the student's personally identifiable student data due to a security breach.

- (c) avoid a direct or indirect limitation on full participation in a School activity, class, or program, including limitations created by:
 - (i) peer pressure, shaming, stigmatizing, bullying, or the like; or
 - (ii) withholding or curtailing any privilege that is otherwise provided to any other student.

“School equipment” means a durable school-owned machine, equipment, or tool used by a student as part of an activity, course, or program in a secondary school and includes a saw or 3D printer.

“School equipment” includes a saw or 3D printer.

"Something of monetary value"

- (a) means a charge, expense, deposit, rental, fine, or payment, regardless of how the payment is termed, described, requested or required directly or indirectly, in the form of money, goods or services; and
- (b) includes:
 - (i) charges or expenditures for a School field trip or activity trip, including related transportation, food, lodging, and admission charges;
 - (ii) payments made to a third party that provide a part of a School activity, class, or program;

 - (iv) charges or expenditures for school activity clothing; and

 - (A) failing to return School property;

“Textbook”

 - (ii) computer hardware, software, or digital content.
- (c) does not include instructional equipment or instructional supplies.

“Waiver” means a full release from the requirement of payment of a fee and from any provision in lieu of fee payment.

General School Fees Provisions

The School may only collect a fee for an activity, class, or program provided, sponsored, or supported by the School consistent with School policies and state law.

Beginning with the 2021-2022 school year:

- (a) if the School imposes a fee, the fee shall be equal to or less than the expense incurred by the School in providing for a student the activity, course, or program for which the School imposes a fee; and
- (b) the School may not impose an additional fee or increase a fee to supplant or subsidize another fee.

Beginning with the 2022-23 school year, the School may not sell textbooks or otherwise charge a fee for textbooks or the maintenance costs of School equipment as provided in Section 53G-7-602, except for a textbook used for a concurrent enrollment or advanced placement course.

All fees are subject to the fee waiver provisions of this policy.

Fees for Classes & Activities During the Regular School Day

Fees for Students in Kindergarten through Sixth Grade

No fee may be charged in kindergarten through sixth grade for materials, textbooks, supplies (except as provided below), or for any class or regular school day activity, including assemblies and field trips.

Elementary students cannot be required to provide their own student supplies. However, the School or teacher may provide to a student’s parent or a suggested list of student supplies for use during the regular school day so that a parent or guardian may furnish on a voluntary basis student

supplies for student use. The list provided to a student's parent or guardian must include and be preceded by the following language:

"NOTICE: THE ITEMS ON THIS LIST WILL BE USED DURING THE REGULAR SCHOOL DAY. THEY MAY BE BROUGHT FROM HOME ON A VOLUNTARY BASIS, OTHERWISE, THEY WILL BE FURNISHED BY THE SCHOOL."

The School may charge a fee to a student in grade six if all of the following are true:

- (a) the School has students in any of the grades seven through twelve;
- (b) the School follows a secondary model of delivering instruction to the School's grade six students; and
- (c) The School annually provides notice to parents that the School will collect fees from grade six students and that the fees are subject to waiver.

Fees for Optional Projects

The School may require students at any grade level to provide materials or pay for an additional discretionary project if the student chooses a project in lieu of, or in addition to a required classroom project. A student may not be required to select an additional project as a condition to enrolling, completing, or receiving the highest possible grade for a course. The School will avoid allowing high cost additional projects, particularly when authorizing an additional discretionary project results in pressure on a student by teachers or peers to also complete a similar high cost project.

Fees for Activities Outside of the Regular School Day

Fees may be charged in all grades for any School-sponsored activity that does not take place during the regular school day if participation in the activity is voluntary and does not affect the student's grade or ability to participate fully in any course taught during the regular school day. Fee waivers are available for such fees.

A fee related to a co-curricular or extracurricular activity may not exceed the maximum fee amounts for the co-curricular or extracurricular activity adopted by the Board, as provided below.

Activities that use the School facilities outside the regular school day but are not provided, sponsored, or supported by the School (i.e., programs sponsored by the parent organization and/or an outside organization) may charge for participation, and fee waivers are not available for these charges.

An activity, class, or program that is provided, sponsored, or supported by the School outside of the regular School day or School year calendar is subject to this policy and state law regardless of the time or season of the activity, class, or program.

In the event the School provides supplemental kindergarten, the School may charge a fee related to a student's enrollment in the supplemental kindergarten. A fee for supplemental kindergarten is subject to waiver.

Fee Schedule

The Board will approve a Fee Schedule at least once each year on or before April 1. The Fee Schedule will establish the maximum fee amount per student for each activity and the maximum total aggregate fee amount per student per school year. No fee may be charged or assessed in connection with an activity, class, or program provided, sponsored, or supported by the School, including for a curricular, co-curricular or extracurricular activity, unless the fee has been set and approved by the Board, is equal to or less than the established maximum fee amount for the activity, and is included in the approved Fee Schedule.

The School will encourage public participation in the development of the Fee Schedule and related policies.

Before approving the School's Fee Schedule, the School will provide an opportunity for the public to comment on the proposed Fee Schedule during a minimum of two public Board meetings. In addition to the standard notice of Board meetings under the Open and Public Meetings Act, the School will provide notice of these Board meetings using the same form of communication regularly used by the administration to communicate with parents.

After the Fee Schedule is adopted, the Board may amend the Fee Schedule using the same process.

Maximum Fee Amounts

In connection with establishing the Fee Schedule, the Board will establish a per student annual maximum fee amount that the School may charge a student for the student's participation in all courses, programs, and activities provided, sponsored, or supported by the School for the year. This is a maximum total aggregate fee amount per student per School year.

The Board may establish a reasonable number of activities, courses, or programs that will be covered by the annual maximum fee amount.

The amount of revenue raised by a student through an individual fundraiser for an activity, as well as the total per student amount expected to be received through required group fundraising for an activity, will be included as part of the maximum fee amount per student for the activity and maximum total aggregate fee amount per student.

Notice to Parents

The Lead Director will annually provide written notice of the School's Fee Schedule and Fee Waiver Policy to the parent or guardian of each student in the School by ensuring that a written copy of the School's Fee Schedule and Fee Waiver Policy is included with all registration materials provided to potential or continuing students each year. The procedures for obtaining fee waivers and for appealing a denial of a waiver will also be included with the School's registration materials.

The School will post the applicable Fee Schedule and Fee Waiver Policy, including maximum fee amounts, on the School's website each school year.

Donations

The School may not request or accept a donation in lieu of a fee from a student or parent unless the activity, class, or program for which the donation is solicited will otherwise be fully funded by the School and receipt of the donation will not affect participation by an individual student.

A donation is a fee if a student or parent is required to make the donation as a condition to the student's participation in an activity, class, or program.

The School may solicit and accept a donation or contribution in accordance with the School's policies, including the Donation and Fundraising Policy, but all such requests must clearly state that donations and contributions by a student or parent are voluntary.

If the School solicits donations, the School: (a) shall solicit and handle donations in accordance with policies and procedures established by the School; and (b) may not place any undue burden on a student or family in relation to a donation.

Fee Collection

The School may pursue reasonable methods for obtaining payment for fees and for charges assessed in connection with a student losing or willfully damaging school property.

The School may not exclude students from school, an activity, a class, or a program that is provided, sponsored, or supported by the School during the regular school day; refuse to issue a course grade; or withhold official student records, including written or electronic grade reports, diplomas, or transcripts, as a result of unpaid fees.

The School may withhold the official student records of a student responsible for lost or damaged School property consistent with Utah Code § 53G-8-212 until the student or the student's parent has paid for the damages, but may not withhold a student's records required for student enrollment or placement in a subsequent school.

A reasonable charge may be imposed by the School to cover the cost of duplicating, mailing, or transmitting transcripts and other school records. No charge may be imposed for duplicating, mailing, or transmitting copies of school records to an elementary or secondary school in which the student is enrolled or intends to enroll.

Consistent with Utah Code § 53G-6-604, the School will forward a certified copy of a transferring student's record to a new school within 30 days of the request, regardless of whether the student owes fees or fines to the School.

Students shall be given notice and an opportunity to pay fines prior to withholding issuance of official written grade reports, diplomas and transcripts. If the student and the student's parent or

guardian are unable to pay for damages or if it is determined by the School in consultation with the student's parents that the student's interests would not be served if the parents were to pay for the damages, then the School may provide for a program of voluntary work for the student in lieu of the payment. A general breakage fee levied against all students in a class or school is not permitted.

Fee Refunds

Student fees are non-refundable.

Budgeting and Spending Revenue Collected Through Fees

The School will follow the general accounting standards described in Rule R277-113 for treatment of fee revenue.

Beginning with the 2020-2021 school year, the School will establish a spend plan for the revenue collected from each fee charged. The spend plan will (a) provide students, parents, and employees transparency by identifying a fee's funding uses; (b) identify the needs of the activity, course, or program for the fee being charged and include a list or description of the anticipated types of expenditures, for the current fiscal year or as carryover for use in a future fiscal year, funded by the fee charged.

The School will share revenue lost due to fee waivers across the LEA's campuses. Financial inequities or disproportional impact of fee waivers will not fall inequitably on any one campus. The School will establish a procedure to identify and address potential inequities due to the impact of the number of students who receive fee waivers at each campus.

School Fee Collections & Accounting Procedures

It is the responsibility of the Lead Director to ensure that all student fees collected are in compliance with the Fee Schedule and applicable financial policies and procedures.

Fees must be received and deposited in a timely manner.

Money may only be collected by staff authorized by the Lead Director. Students may not collect fees.

Beginning in the 2020-21 school year, the School may not use revenue collected through fees to offset the cost of fee waivers by requiring students and families who do not qualify for fee waivers to pay an increased fee amount to cover the costs of students and families who qualify for fee waivers. However, the School may notify students and families that the students and families may voluntarily pay an increased fee amount or provide a donation to cover the costs of other students and families.

The School will distribute the impact of fee waivers across the School's campuses so that no individual campus carries a disproportionate share of the School's total fee waiver burden.

Fee Waiver Provisions

To ensure that no student is denied the opportunity to participate in a class or activity that is provided, sponsored, or supported by the School because of an inability to pay a fee, the School provides fee waivers or other provisions in lieu of fee waivers. Fee waivers or other provisions in lieu of fee waivers will be available to any student whose parent is unable to pay a fee.

All fees are subject to waiver.

Non-waivable charges are not subject to waiver.

Fee Waiver Administration

The Lead Director will administer this policy and will review and grant fee waiver requests. The process for obtaining waivers or pursuing alternatives will be administered in accordance with this policy, fairly, objectively, and without delay, and in a manner that avoids stigma, embarrassment, undue attention, and unreasonable burdens on students and parents.

The School will not treat a student receiving a fee waiver or provision in lieu of a fee waiver differently from other students. The process for obtaining waivers or pursuing alternatives will create no visible indicators that could lead to identification of fee waiver applicants.

The process for obtaining waivers or pursuing alternatives will comply with the privacy requirements of The Family Educational Rights and Privacy Act of 1974, 20 U.S.C. 1232g (FERPA). The School may not identify a student on fee waiver to students, staff members, or other persons who do not need to know. As a general rule, teachers and coaches do not need to know which students receive fee waivers. Students may not assist in the fee waiver approval process.

Fee Waiver Eligibility

A student is eligible for a fee waiver if the School receives verification that:

- (a) In accordance with Utah Code § 53G-7-504(4), family income falls within levels established annually by the State Superintendent and published on the Utah State Board of Education website;
- (b) The student to whom the fee applies receives Supplemental Security Income (SSI). If a student receives SSI, the School may require a benefit verification letter from the Social Security Administration;
- (c) The family receives TANF funding. If a student's family receives TANF, the School may require a letter of decision covering the period for which the fee waiver is sought from the Utah Department of Workforce Services; or
- (d) The student is in foster care through the Division of Child and Family Services or is in state custody. If a student is in state custody or foster care, the School may rely on the youth in care required intake form or school enrollment letter provided by a caseworker from the Utah Division of Child and Family Services or the Utah Juvenile Justice Department.

The School will not maintain copies of any documentation provided to verify eligibility for a fee waiver.

The School will not subject a family to unreasonable demands for re-qualification.

The School may grant a fee waiver to a student, on a case by case basis, who does not qualify for a fee waiver under the foregoing provisions but who, because of extenuating circumstances, is not reasonably capable of paying the fee.

The School may charge a proportional share of a fee or a reduced fee if circumstances change for a student or family so that fee waiver eligibility no longer exists.

Fee Waiver Approval Process

The Lead Director will inform patrons of the process for obtaining waivers and will provide a copy of the standard fee waiver application on the School's website and in registration materials each year.

The Lead Director will review fee waiver applications within five (5) school days of receipt. If the School denies a request for a fee waiver, the School will provide the decision to deny a waiver in writing and will provide notice of the procedure for appeal in the form approved by the Utah State Board of Education.

Any requirement that a student pay a fee will be suspended during any period in which the student's eligibility for a waiver is being determined or during the time a denial of waiver is being appealed.

The School will maintain documentation of fee waiver applications and decisions that is adequate to report the required information to the Utah State Board of Education.

Appeal Process

Denial of eligibility for a waiver may be appealed in writing to the Campus Principal or Lead Director within ten (10) school days of receiving notice of denial. The School shall contact the parent within two (2) weeks after receiving the appeal and schedule a meeting with the Campus Principal or Lead Director to discuss the parent's concerns. If, after meeting with the Campus Principal or Lead Director, the waiver is still denied, the parent may appeal, in writing, within ten (10) school days of receiving notice of denial to the Board.

In order to protect privacy and confidentiality, the School will not retain information or documentation provided to verify eligibility for fee waivers.

Alternatives to Fees and Fee Waivers

The School may allow a student to perform service or another approved task (as described in Utah Code § 53G-7-504(2)) in lieu of paying a fee or, in the case of an eligible student, in lieu receiving

a fee waiver, but such alternatives may not be required. If the School allows an alternative to satisfy a fee requirement, the Campus Principal or Lead Director will explore with the interested student and his or her parent/guardian the alternatives available for satisfying the fee requirement, and parents will be given the opportunity to review proposed alternatives to fees and fee waivers. However, if a student is eligible for a waiver, textbook fees must be waived, and no alternative in lieu of a fee waiver is permissible for such fees.

The School may allow a student to perform service in lieu of paying a fee or receiving a fee waiver if: (a) the School establishes a service policy or procedure that ensure that a service assignment is appropriate to the age, physical condition, and maturity of the student; (b) the School's service policy or procedure is consistent with state and federal laws, including Section 53G-7-504 regarding the waiver of fees and the federal Fair Labor Standards Act, 29 U.S.C. 201; (c) the service can be performed within a reasonable period of time; and (d) the service is at least equal to the minimum wage for each hour or service.

A student who performs service may not be treated differently than other students who pay a fee.

The service may not create an unreasonable burden for a student or parent and may not be of such a nature as to demean or stigmatize the student.

The School will transfer the student's service credit to another LEA upon request of the student.

The School may make an installment payment plan available for the payment of a fee. Such a payment plan may not be required in lieu of a fee waiver.

Annual Review, Approval, and Training

The Board will review and approve this policy annually.

The School will develop a plan for at least annual training of School employees on fee-related policies specific to each employee's job functions.

Financial, Debt & Risk Management Plan

In general, the Board of Directors and administration of Leadership Learning Academy (the “School”) shall manage the financial affairs of the School based on the following principles: (1) comply with all applicable laws and bond covenants; (2) provide the best educational services to the students of the School consistent with the School’s charter; and (3) get the most effective and cost-efficient services possible in all areas at the School.

Financial

General Financial Management

The Board understands that the School is a steward over the financial resources and assets entrusted to it by the state of Utah. The Board recognizes the need to abide by all applicable laws and regulations, including Utah Code § 53G-5-303, including the following acknowledgements: (i) fiscal procedures will be consistent with generally accepted financial management standards; and (ii) neither the chartering entity nor the state, including an agency of the state, is liable for the debts or financial obligations of the School or persons or entities who operate the School, unless agreed to in writing with the School.

The School adheres to Generally Accepted Accounting Principles as constituted by the Financial Accounting Standards Board. The School also complies with all applicable areas of the Utah Money Management Act. Cash collected at the School is handled properly, as set forth in the School’s Cash Handling Policy.

In accordance with state law, the School, prior to June 30th of each fiscal year, prepares an annual operating budget for the next fiscal year. The budget is designed so that the School priorities, as established by the Board, are met. All budgets and budget amendments are approved by the Board through a vote in a public meeting in accordance with the Utah Open and Public Meetings Act.

Subject to appropriation limits with object codes and other restrictions, the School reserves the right to reallocate funds from one line item in the budget to another if purchasing practices or conservation result in an expenditure different from the budgeted amount. The Board may choose to add undistributed reserves from the School operational budget to the following year and/or may reallocate them to the current fiscal year’s budget, at its discretion. The budget and cash flow projections utilized by the School provide sufficient detail to enable reasonably accurate projections of revenues and expenses, separation of capital and operational items, cash flow, and subsequent audit trail documentation.

In addition, the School understands and complies with all applicable fiscal rules and regulations, including completion and submission of an annual financial audit of the current fiscal year

conducted by an independent certified public accounting firm by November 30th of the following fiscal year, submission of October and December student counts in accordance with state-mandated deadlines, Utah Money Management reports, wages and benefits negotiation reports, Utah Transparency Act reports and updates, October 1st AFR and APR submissions, and any other regular enrollment and financial reports as required by the State Board of Education now or in the future.

Purchases are authorized and carried out in accordance with the Purchasing and Disbursement Policy and the Procurement Policy adopted by the Board and the Utah Procurement Code.

The School tracks fixed assets in accordance with the Capitalization and Expense Policy and other applicable requirements.

All fiscal policies and procedures comply with the School's Conflict of Interest Policy.

The School assigns a representative to attend school finance and statistics training and all required finance training. The School will continue to take the measures necessary so that its representatives attend future trainings as announced or provided to ensure accounting and management of the School resources are in compliance with any revisions to applicable rules and statutes.

Minimum Reserve and Coverage Levels

The School will maintain minimum reserve and coverage levels that the Board determines are consistent with long-term financial health. The Board Financial Coordinator, administration, business manager and accounting staff will regularly monitor the status of reserve and coverage ratios and report that information to the Board.

The School will ensure that it satisfies minimum reserve and coverage levels as required by law or applicable bond covenants.

The School will take reserve and coverage levels into consideration when making budgeting, financial planning, and other financial decisions, including decisions regarding major purchases.

Financial Forecasting and Budgeting

Throughout the fiscal year, the Board Financial Coordinator, administration, business manager and accounting staff will meet regularly to discuss the budget, the School financial status, and any changes. The Board will be fully engaged in the budgetary process and informed of such issues on a regular basis.

The Board Financial Coordinator, administrator, business manager and accounting staff will meet to prepare a tentative budget. The School's budgeting philosophy will be to conservatively project both revenues and expenses while achieving the level of accuracy required by state standards. The tentative budget will be circulated to the Board for further review and discussion. The tentative

budget will be scheduled for discussion on a board meeting agenda, further discussed, and adopted at the annual board meeting.

As the October 1 count is finalized, and as the School receives new revenues, the Board will be updated on new figures. In order to account for these changes, the Board will approve revisions and amendments to the budget over the course of the fiscal year, as needed and appropriate.

Debt

The School will seek to avoid debt to the extent possible. The School's plan is to only assume debt as absolutely necessary or when the benefits of a purchase will, in the judgment of the Board, benefit the School's students for the life of such debt. The Board recognizes that the ability to take on debt will be governed by the covenants of existing indebtedness and pending indebtedness. The School's accounting staff, administration and Board Financial Coordinator will be informed of the requirements affecting the School ability to incur debt. Any debt assumed by the School will therefore comply with applicable laws and any existing bond covenants.

As economical or in its best interests, the School will seek refunding opportunities to either lower its debt profile, meet bond covenants or other advantageous benefits realized through a restructure of its debt.

Risk Management

As a nonprofit corporation and public school, the School shall actively seek to avoid unnecessary risks to the greatest extent possible. The School shall always maintain insurance at the highest amount that is either (a) required by law, (b) required by existing bond covenants, (c) is reasonable and customary for a Utah charter school, or (d) is considered prudent by the Board after consulting with qualified professionals. In the event any material risk is identified by the School's Board or administration that is not covered by existing insurance, a qualified professional shall promptly be engaged to evaluate such risk and recommend the appropriate action.

The Board will work with qualified professionals to recognize and avoid risks associated with its governance of the School. In particular, the Board will be cognizant of financial risks that are addressed by the provisions above, compliance with applicable laws, including but not limited to the Utah Open and Public Meetings Act and the Government Records Access and Management Act. The Board will periodically review the policies that it has adopted to ensure that it has all necessary policies in place and that the policies that have been adopted comply with current law, adequately address issues at which they are aimed, and cover all areas requiring board guidance. The Board may periodically request that the administration provide assurance that Board policies are being complied with. In the event the Board learns that policies are not being complied with, it will request the administration to create a plan to remedy any deficiencies and establish procedures to ensure that the policies are complied with in the future.

The administration is also directed to work with qualified professionals, including the School management company and loss control representatives of the School insurer, to recognize, manage and avoid risks associated with the operation of the School. In particular, the administration will

be cognizant of risks associated with human resources activities, student safety and security, facility matters, and state and federal legal compliance, including civil rights issues. The administration will establish procedures in order to address key issues pertaining to the School operations and will ensure that all the School employees and, to the extent necessary, students and parents, are aware of such procedures. The administration will periodically review and revise administrative procedures in order to ensure that they adequately address the pertinent issues and are consistent with the School situation and needs.

Leadership Learning Academy Home School Student Participation in Statewide Assessment Policy

PURPOSE

The purpose of this policy is to set forth the responsibilities of Leadership Learning Academy (the “School”) in the event a home school student requests to participate in the statewide assessments at the School.

POLICY

A home school student may participate in statewide assessments at the School if each of the following conditions are met:

- (1) The student is a Utah resident as defined in Utah Code Ann. § 53A-2-201 and proof of residency has been provided to the School;
- (2) The student has satisfied the home schooling requirements of Utah Code Ann. § 53A-11-102 and a copy of the certificate from a local school board excusing the student from attendance at school during the applicable school year has been provided to the School;
- (3) The request for the student to participate in statewide assessments at the School is provided to the School at least thirty (30) days prior to the opening of the applicable state assessment window; and
- (4) The parent or guardian of the student, or a responsible adult designated by the student’s parent or guardian, will remain at the School in a designated area while school personnel administer and proctor the test. The parent or guardian of the student agree that they will not participate in the monitoring or proctoring of the student’s statewide assessments testing at the School.

The School will respond to a home school student’s request to participate in statewide assessments at the School in a timely manner. If the request is approved, the School will notify the student’s parent or guardian of the date(s) and time(s) of the applicable statewide assessments testing at the School in which the student may participate and any other information deemed relevant by the School.

The School may not require a home school student to pay a fee for participating in statewide assessments at the School that is not charged to traditional students.

A home school student or the student’s parent or guardian may request from the School an annual schedule of statewide assessment dates at the School, the location of the School campus(es) at which home school students may be tested, and a copy of the School’s written policies for home

school student participation in statewide assessments at the School. The School will provide such requested information in a timely fashion.

Leadership Learning Academy Information Technology Security Policy

PURPOSE

Leadership Learning Academy (the “School”) has a duty to ensure the security of the School’s computer equipment, systems, and networks so that the sensitive data maintained or stored on them is protected. The purpose of this policy is to explain how the School will perform this duty in compliance with state and federal law.

POLICY

The School will protect sensitive data, including personally identifiable student data, in accordance with reasonable data industry best practices and state and federal law. Applicable state and federal law includes but is not limited to the Utah Student Data Protection Act, the Utah Family Educational Rights and Privacy Act, Utah Administrative Code Rule R277-487 Public School Data Confidentiality and Disclosure, the federal Family Educational Rights and Privacy Act, and the Government Records Access and Management Act.

Information Technology Systems Security Plan

Utah Administrative Code Rule R277-487 requires the School to, among other things, have an Information Technology Systems Security Plan that addresses the following:

- (1) System Administration;
- (2) Network Security;
- (3) Application Security;
- (4) Endpoint, Server, and Device Security;
- (5) Identity, Authentication, and Access Management;
- (6) Data Protection and Cryptography;
- (7) Monitoring, Vulnerability, and Patch Management;
- (8) High Availability, Disaster Recovery, and Physical Protection;
- (9) Incident Responses;
- (10) Acquisition and Asset Management; and
- (11) Policy, Audit, and E-Discovery Training.

The Lead Director shall establish an administrative Information Technology Systems Security Plan that complies with Utah Administrative Code Rule R277-487 and other applicable law.

The Information Technology Systems Security Plan shall work in conjunction with this policy and the School’s Student Data Privacy and Security Policy, Data Governance Plan, metadata dictionary, and any other School policy, procedure, or plan concerning data privacy and security.

Training

On an annual basis, the School shall provide appropriate training to its employees, aides, and volunteers regarding information technology security matters.

Administrative Information Technology Systems Security Plan

1. PURPOSE

The primary purpose of this Information Technology Systems Security Plan is to establish security measures that will help Leadership Learning Academy (the “School”) protect sensitive data that is stored or maintained on its computer equipment, systems, and networks. The School is required to establish this Plan pursuant to Utah Administrative Code Rule R277-487 and the School’s Information Technology Security Policy.

2. SCOPE AND APPLICABILITY

This Plan is applicable to employees, volunteers, and third-party contractors of the School. The School will use this Plan to protect its computer equipment, systems, and networks from, among other things, unauthorized access, inappropriate disclosure, and compromise.

This Plan works in conjunction with the School’s Information Technology Security Policy, Student Data Privacy and Security Policy, Family Educational Rights and Privacy Policy and Administrative Procedures, Data Governance Plan, and policies and procedures pertaining to the School’s electronic resources and devices.

This Plan contains security measures related to the following:

1. System Administration;
2. Network Security;
3. Application Security;
4. Endpoint, Server, and Device Security;
5. Identity, Authentication, and Access Management;
6. Data Protection and Cryptography;
7. Monitoring, Vulnerability, and Patch Management;
8. High Availability, Disaster Recovery, and Physical Protection;
9. Incident Responses;
10. Acquisition and Asset Management; and
11. Policy, Audit, and E-Discovery Training.

3. ROLES AND RESPONSIBILITIES

The School’s contracted IT provider functions as the School’s IT Security Manager and will help the School implement this Plan and comply with it. The responsibilities of the IT Security

Manager set forth in this Plan supplement the responsibilities of the IT Security Manager outlined in the School's Data Governance Plan, which include the following:

1. Overseeing IT security at the School;
2. Helping the School to comply with IT security laws applicable to the School;
3. Providing training and support to School employees on IT security matters;
4. Investigating complaints of alleged violations of the School's IT security policies, procedures, or plans;
5. Investigating alleged security breaches of the School's IT systems; and
6. Reporting periodically to the School's Board of Directors on the security of the School's IT systems.

Please refer to the School's Data Governance Plan to review the data privacy and security roles and responsibilities of the School's Student Data Manager, employees, educators, volunteers, and third-party contractors.

4. COMPLIANCE

School employees, volunteers, and third-party contractors must comply with this Plan. Failure to comply shall result in consequences for the person or entity up to and including removal of access to the School's computer equipment, systems, and networks. If such access is required for employment or contracted services, employees and third-party contractors may be subject to dismissal.

5. REPORTING

All persons who are granted access to the School's computer equipment, systems, and networks are expected to be careful and aware of suspicious communications and unauthorized use of the School's IT assets. When School personnel or other users become aware of suspicious activity, they shall immediately contact the Student Data Manager or IT Security Manager with the relevant information.

6. SYSTEM ADMINISTRATION

System administration is a critical function that provides management of the School's information systems that contain sensitive data, including personally identifiable student data. If malicious actors compromise system administration, they have access to the School's sensitive data and information systems.

The School's information systems will be administered by the IT Security Manager. The IT Security Manager will use a combination of preventative, detective, forensic, and audit controls to protect system administration channels from exploitation by attackers.

7. NETWORK SECURITY

It is essential for the School to protect its network from both internal and external malicious actors. The School recognizes that appropriate network security procedures are necessary for identifying, evaluating, controlling, and mitigating network vulnerabilities and for protecting the School's technology assets.

The IT Security Manager will manage the School's network according to industry best practices. In so doing the IT Security Manager will provide a secure and robust computing environment at the School; protect the School's information technology assets and systems; and preserve the privacy of sensitive data belonging to the School's employees, students, and associated entities.

All wireless access networks at the School shall conform to current best practices and shall utilize at minimum WPA encryption for any connections. No wireless access point shall be installed on the School's network that does not conform to current network standards as defined by the IT Security Manager.

The School shall ensure that any remote access with connectivity to the School's internal network is achieved using the School's centralized VPN service that is protected by multiple factor authentication systems.

8. APPLICATION SECURITY

Web application vulnerabilities account for the largest portion of attack vectors outside of malware. To help protect the School from harm, it is essential to perform security assessments of web applications used by the School.

The IT Security Manager shall perform a security assessment of all web applications that are used (or will be used) by the School to house sensitive data. The purpose of the security assessments is to identify potential or realized weaknesses. Any vulnerabilities found in a web application used by the School shall be remediated. If serious vulnerabilities in a web application cannot be remediated, the web application shall be removed.

The IT Security Manager shall determine which web application security assessment tools to use.

9. ENDPOINT, SERVER, AND DEVICE SECURITY

The School understands the importance of preventing, detecting, and remediating attacks and compromises of the School's computers, servers, and other computing devices.

School employees' computers or computing devices shall not be left unattended and unlocked for extended periods of time, especially when logged into sensitive systems or data, including personally identifiable student or employee data. Automatic log off, locks, and password screen savers should be used to enforce this requirement.

The IT Security Manager shall ensure that all servers at the School undergo a security audit and evaluation before they are used by the School. Administrative access to servers shall be password protected. Any and all new servers must be registered and approved by the IT Security Manager. The maintenance and support of all new servers should be managed by the School's IT Security Manager, if possible.

The School shall install, distribute, and maintain spyware, malware, and virus protection software on all School-owned technology assets, including computers, computing devices, and servers.

Server rooms and telecommunication rooms/closets shall be protected by appropriate access control which segregates and restricts access from general office areas at the School. Access control shall be enforced using keys, electronic card readers, or another similar method. Only IT and other School personnel whose job functions require access to such rooms shall be allowed unescorted access.

Before any third-party contractor is allowed access to any computer system, server room, or telecommunication room, the contractor shall be required to present a company issued identification card and his or her access must be confirmed directly by the School employee who issued the service request or by the IT Security Manager.

10. IDENTITY, AUTHENTICATION, AND ACCESS MANAGEMENT

The School shall grant access to its systems and network in accordance with the principles of least privilege and need-to-know. In addition, the School shall require unique identities and authentication in order to access the School's systems and network. This will ensure that users are identifiable and unable to repudiate their activities on the School's systems and network.

Passwords are a critical component of information security and the school shall enforce strong password management. All individual passwords connected to the use of the School's computer equipment, systems, and networks shall:

1. Be created and maintained in accordance with industry best practices;
2. Be maintained in a manner that reduces the threat of unauthorized access to sensitive data;
3. Be treated as confidential information and not be shared with anyone; and
4. Not be inserted into email messages or any other forms of electronic communication.

Any user suspecting that his or her password may have been compromised shall report the incident to the IT Security Manager and change all passwords.

11. DATA PROTECTION AND CRYPTOGRAPHY

One of the most effective ways to achieve data security is through encryption. To read an encrypted file, a person must have access to a secret key or password that enables the person to decrypt it.

Where technologically feasible, the School shall utilize encryption when transmitting sensitive data over the network.

All computers and other computing devices owned by the School, such as desktop computers, laptops, and tablets, that connect to the School's network and that may contain or transmit personally identifiable data must be configured to encrypt such data on any internal hard drive. Users must protect these devices from unauthorized use or access.

Personally identifiable data shall not be stored on external storage media such as external hard drives, flash drives, or DVDs unless such storage is authorized by the Student Data Manager and the personally identifiable data on the external storage media is encrypted. Users must protect these external storage media from unauthorized use or access.

All employees or other users that need assistance or guidance on encrypting sensitive data on any School computer or device described in this section shall contact the IT Security Manager.

12. MONITORING, VULNERABILITY, AND PATCH MANAGEMENT

This area is concerned with minimizing the School's attack surface through the detection and mitigation of vulnerabilities and the early detection of intrusions.

The IT Security Manager shall:

1. Monitor the School's network so that it may detect and investigate security incidents when they occur;
2. Engage in effective vulnerability management and penetration testing in order to detect and remediate vulnerabilities when they occur in the School's computer equipment, systems, and applications; and
3. Perform regular patch management in order to maintain the School's information systems in a secure state.

13. HIGH AVAILABILITY, DISASTER RECOVERY, AND PHYSICAL PROTECTION

Procedures related to high availability, disaster recovery, and physical protection are intended to make it possible for the School to continue to operate successfully in the face of adversity, which may range from mild, routine failures of School computers to severe natural or man-made catastrophes.

The School will ensure the availability and recoverability of the School's data and data systems in accordance with industry best practices.

Physical access to the School's data centers shall be governed by the same access requirements applicable to server rooms and telecommunications rooms at the School.

14. INCIDENT RESPONSES

All incidents of network or system shutdown or failure shall be reported to the IT Security Manager immediately. The IT Security Manager shall utilize industry standards and current best practices in responding to and resolving such incidents.

Incidents involving a data breach shall be reported to the Student Data Manager who, along with the IT Security Manager, shall follow the data breach protocol set forth in the School's Data Governance Plan.

15. ACQUISITION AND ASSET MANAGEMENT

The School shall follow its purchasing and procurement policies when purchasing technology equipment.

The School will track, support, and manage all of its acquired technology assets (hardware and software) in a reasonable and effective manner.

16. POLICY, AUDIT, AND E-DISCOVERY TRAINING

The School shall provide training on its policies as required by law. This includes providing training to its employees, aids, and volunteers regarding information technology security matters on an annual basis. The School shall also provide training on audits and e-discovery as required by law.

17. REVIEWS AND AUDITS

The IT Security Manager shall periodically review the School's security policies, procedures, plans. The IT Security Manager shall ensure that security and privacy audits are performed as required by this Plan or by law.

Leadership Learning Academy LEA-Specific Educator License Policy

PURPOSE

Leadership Learning Academy (the “School”) is committed to employing educators who are properly licensed and qualified for their positions. This policy is adopted in accordance with Rule R277-301 and governs the School’s application for LEA-specific educator licenses and its employment of educators on such licenses.

The School acknowledges that the purpose of LEA-specific educator licenses is to allow the School to hire otherwise qualified educators during the period that they are preparing and completing requirements to qualify for an associate educator license or a professional educator license.

POLICY

Applying for an LEA-Specific Educator License

The School’s administration will propose to the Board of Directors (the “Board”) candidates for an LEA-specific educator license as the need arises.

When the administration proposes a candidate for an LEA-specific license, they will follow the procedures below and provide the Board with an explanation and rationale for requesting an LEA-specific educator license under the criteria contained in this Policy.

When the Board determines that it is appropriate under this policy, the Board will approve the request for an LEA-specific educator license in a public meeting. Approval will take place no more than 60 days prior to submitting the application to the USBE on behalf of the candidate.

The Board will apply for the LEA-specific educator license for one, two, or three years as requested by the administration and approved by the Board, and in accordance with R277-301-7.

The School may not issue an LEA-specific license area of concentration to an educator for the license areas identified in R277-301-7, including special education, pre-school special education, deaf education, school psychologist, school social worker, audiologist, speech language therapist, or speech language pathologist.

In accordance with R277-301-8, the Board may request an eminence designation for an LEA-Specific license, license area, or endorsement for a teacher whose employment with the School is no more than 37% of a teacher’s regular instruction load.

Criteria for Employing Educators with an LEA-Specific Educator License

The School will use the following processes and consider the following criteria in determining whether to employ an educator and apply for an LEA-specific educator license:

1. Vet each candidate and contact references in order to verify that they are a strong candidate. In particular, ensure that the candidate does not have any prior misconduct that would impair their success in teaching.
2. Interview each candidate and verify that they support the School's philosophy of education.
3. Consider the extent to which each candidate has training in the content area and the ability to facilitate student learning in that content area.
4. Consider the extent to which each candidate has experience and the ability to effectively teach courses.
5. Consider whether the LEA-specific educator license is sought in a content area in which there is a shortage of qualified educators in the state.

When an LEA-specific license, license area, or endorsement is sought for an educator for a subject that comprises less than 50% of the educator's course load, the following criteria will also be considered:

1. Consider whether the educator is a certified teacher in other content areas.
2. Consider whether the number of periods to be taught under the LEA-specific license, license area, or endorsement constitutes a full teaching load.
3. Consider whether the School currently employs or is hiring a teacher who does not have a degree or endorsement in the content area but who can also teach other areas in which they are licensed.
4. Consider whether the educator has demonstrated proficiency in teaching these courses.

The School will also ensure that a candidate for an LEA-specific educator license has completed (or will timely complete) the required criminal background check and educator ethics review described in R277-301-7.

Educator Preparation and Support

Within the first year of employment, the School will train each educator holding an LEA-specific educator license on:

- (a) educator ethics;
- (b) classroom management and instruction;
- (c) basic special education law and instruction; and
- (d) the Utah Effective Teaching Standards described in R277-530.

Website Posting

This policy will be posted on the School's website.

The School will also prominently post the following information on its website:

- (a) disclosure of the fact that the School employs individuals holding LEA-specific licenses, license areas, or endorsements;
- (b) an explanation of the types of licenses issued by the USBE;
- (c) the percentage of the types of licenses, license areas, and endorsements held by educators employed in the School based on the employees' FTE as reported to the USBE Superintendent; and
- (d) a link to the Utah Educator Look-up Tool provided by the USBE Superintendent in accordance with Subsection R277-312-7(6).

Leadership Learning Academy Learner Validated Program Policy

PURPOSE

The Board of Directors of Leadership Learning Academy (the “School”) adopts this policy to apply in the event the School implements an online learning program, blended learning program, or personal, competency-based learning program (collectively referred to as a “learner validated program”) for the 2020-2021 and/or 2021-2022 school year. The Board is adopting this policy to help the School be able to provide a quality education to all of its students in the wake of the COVID-19 pandemic. This policy complements the School’s Attendance Policy.

POLICY

In 2020, the School received approval from the Utah State Charter School Board to implement a learner validated program during the 2020-2021 and/or 2021-2022 school year. If the School elects to implement such a program during one or both of those school years, the School shall follow all applicable laws related to the program, including Utah Administrative Code Rules R277-419 and R277-607.

Consistent with R277-419, the School’s Lead Director shall establish administrative procedures that designate a learner validated enrollment measurement to document the learner validated membership or enrollment status for each student that is enrolled in a learner validated program at the School. The learner validated enrollment measurement established by the Lead Director may include some or all of the following components, in addition to other components, as determined by the Lead Director:

- (a) A minimum student login or teacher contact requirement;
- (b) Required periodic contact with a licensed educator;
- (c) A minimum hourly requirement, per day or per week, when students are engaged in coursework; or
- (d) Required timelines for a student to provide or demonstrate completed assignments, coursework, or progress toward academic goals.

The Lead Director’s administrative procedures shall also address:

- (a) How attendance for students in a learner validated program at the School will be entered and where educators will document the learner validated program attendance within their student information system; and
- (b) The conditions under which the School will mark a student in a learner validated program at the School truant (i.e., absent for half a school day or more).

The School shall document the enrollment status of each student in a learner validated program at the School in compliance with this policy and the Lead Director’s administrative procedures at least once every ten consecutive school days. The School shall also appropriately adjust and

update student membership records in the School's student information system for participating students that did not meet the learner validated enrollment measurement. The School shall withdraw a student in a learner validated program at the School from membership in the School if:

- (a) The School has not personally engaged with the student during the prior ten consecutive school days; or
- (b) The student has had ten consecutive school days of unexcused absences.

When a student in a learner validated program at the School has an unexcused absence, the School will notify the student's parent/guardian in the same manner as outlined in the School's Attendance Policy.

Meal Charge Administrative Procedures

I. Purpose

Leadership Learning Academy (“the School”) participates in the National School Breakfast Program (“NSBP”) and National School Lunch Program (“NSLP”). The School provides meals to its students pursuant to these programs and offers free or reduced-price meals to eligible students. Participating students who are not eligible for free or reduced-price meals may receive meals at the School at the normal paid rate.

These procedures address how the School will handle situations where students eligible to receive reduced price or paid rate meals at school do not have money in their account or in hand to pay for the cost of a meal at the time of meal service. These procedures also address, among other things, where families can find assistance with applying for free or reduced-price school meals, alternate meals, notification and collection of unpaid meal charges, and how the School will communicate these procedures to families and School personnel.

II. Information about Free or Reduced-Price Meals

- A. Prior to or at the beginning of each school year, the School will provide to the parent or guardian of each student:
 - (i) Information about school meals, including prices for the meals and acceptable methods of paying for the meals;
 - (ii) Information about the NSBP and NSLP, including how students qualify for free or reduced priced meals under the programs; and
 - (iii) An application for free or reduced priced meals under the NSBP and NSLP.
- B. The School will provide the information and application as follows:
 - (i) Hard copies will be distributed via the mail, at back to school night, in student registration materials, and/or electronically (i.e. distributed via email, via emailing a link to the information and applications online, etc). Applications will also available on the School’s website and student information system. Hard copies of applications will also available in the School’s front office.
 - (ii) The School will not provide the information and application at the end of the school year for the next school year, but will provide the information and application on or after July 1 of each year.
- C. Completed applications should be returned to the School as soon as possible, but completed applications will be accepted by the School throughout the year. Parents

or guardians should contact the School's front office at 801-593-9552 (Layton Campus) and 801-784-5170 (Ogden) for questions about or assistance with applying for free or reduced priced school meals.

III. Students Unable to Pay for Meals

- A. Students who are unable to pay for a meal at the time of meal service, either because they don't have sufficient money in their meal account or on their person, will be allowed to charge the meal to their meal account. However, the School expects and relies upon parents to keep their student's meal account balances current so its food service program can remain financially viable.
- B. Students allowed to charge a meal to their meal account under the terms described above will receive a regular reimbursable meal as opposed to an alternate meal.
- C. This Section does not apply to students who have qualified for free meals under the NSBP and NSLP, as such students are not required to pay for reimbursable meals at the School.

IV. Alternate Meals

- A. The School currently does not provide alternate meals.

V. Notifications Regarding Balances; Collection Efforts

- A. The School will notify parents or guardians of low meal account balances on a monthly basis by email, mail, and/or telephone.
- B. The School will notify parents or guardians of negative meal account balances. When a student's meal account has a negative balance, the School will notify the student's parent or guardian of the negative account balance by email, mail, and/or telephone and request payment on the account be made as soon as possible.
- C. When a student's meal account reaches a negative balance and the parent has not responded to notifications described above or made efforts to make the account current, the School will may turn the account over to collections.
- D. The School may contact parents or guardians of students with delinquent meal accounts to inquire if the household might be eligible for free or reduced-price meal benefits under NSBP and NSLP.
- E. The School's front office staff or food service personnel are generally responsible for managing meal account balances and balance notifications and can be reached at 801-593-9552 (Layton Campus) and 801-784-5170 (Ogden) for questions or concerns related to such matters.

- F. The School's front office staff or food service personnel are generally responsible for managing the School's collection efforts and can be reached at 801-593-9552 (Layton Campus) and 801-784-5170 (Ogden) for questions or concerns related to such matters.
- G. The School will maintain documentation of the balance notifications and collection efforts described above, as this may be requested as part of federal or state audits.

VI. Communication of Procedures

- A. Prior to or at the beginning of each school year, and upon a student transferring to the School during the school year, the School will provide to the parent or guardian of each student a written copy of these procedures through the registration process. Hard copies will also be provided at back to school night and will be available in the front office.
- B. In order to ensure that these procedures are applied consistently and correctly, the School will also annually provide a copy of these procedures to all School personnel who are responsible for or involved in:
 - (i) Collecting payment for meals at the time of meal service;
 - (ii) Notifying parents or guardians of low or negative meal account balances;
 - (iii) Collection efforts for delinquent meal accounts;
 - (iv) Distributing these procedures and the information described in Section II; and
 - (v) Enforcing any aspect of these procedures.
- C. The School will post these procedures on its website and may also choose to provide additional copies to parents or guardians of students whose meal accounts reach a negative balance.
- D. The School will maintain documentation of the communication methods described above, as this may be requested as part of federal or state audits.

Leadership Learning Academy Parent & Family Engagement Policy

PURPOSE

In support of strengthening student academic achievement, Leadership Learning Academy (the “School”) receives Title I, Part A funds and must jointly develop with, agree on with, and distribute to parents and family members of participating children a written parent and family engagement policy that contains information required by Section 1116 of the Every Student Succeeds Act (the “ESSA”). This policy establishes the School’s expectations and objectives for meaningful parent and family involvement, describes how the School will implement a number of specific parent and family engagement activities, and is incorporated into the School’s plan submitted to the state pursuant to Section 1112 of the ESSA. The purpose of an effective parent and family engagement policy is to improve all students’ academic achievement.

POLICY

The School agrees to implement the following requirements as outlined by Section 1116 of the ESSA:

- Involve parents, in an organized, ongoing, and timely way, in the planning, review, and improvement of programs under Title I, Part A, including the planning, review, and improvement of this policy and the joint development of the targeted assistance or schoolwide program plan.
- Update this policy periodically to meet the changing needs of parents and the School, distribute it to the parents and family members of participating children, and make this policy available to the local community.
- Provide full opportunities, to the extent practicable, for the participation of parents and family members with limited English proficiency, parents and family members with disabilities, and parents and family members of migratory children, including providing information and school reports required under Section 1111 of the ESSA in an understandable and uniform format and, to the extent practicable, in a language parents understand.
- If the targeted assistance or schoolwide program plan under Section 1114(b) of ESSA is not satisfactory to the parents of participating children, submit any parent comments with such plan when the School submits the plan to the state.
- Be governed by the following statutory definition of parent and family engagement and will carry out programs, activities, and procedures in accordance with this definition:

Parent and family engagement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:

- ✓ *That parents play an integral role in assisting their child’s learning;*
- ✓ *That parents are encouraged to be actively involved in their child’s education at school;*

- ✓ *That parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees (if any) to assist in the education of their child; and*
- ✓ *The carrying out of other activities, such as those described in Section 1116 of the ESSA.*

Required Policy Components

Below is a description of how the School will implement or accomplish each of the following components required by Section 1116 of the ESSA:

 - ✓ Hold other parent and family meetings during the school year to provide parents and family members with ongoing information, training, and materials to help them work with their children in the areas such as literacy, numeracy, and technology.

As part of the annual review and evaluation, the School will consider, and implement if appropriate, any suggestions or feedback provided by parents and family members on how the School can improve this policy and the associated compact and plan. Suggestions or feedback may be provided to the School in the form of results from the School's needs assessment and evaluation given to parents, comments made by parents and family members in meetings at the School and during parent-teacher conferences, or through other means.
- **Communications.** The School will take the following actions to provide parents and family members timely information about the Title I programs in which the School participates:

The School will, to the extent feasible and appropriate, coordinate and integrate parent and family engagement programs and activities with other federal, state, and local programs, including public preschool programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children.
- Building Capacity of Parents. The School will build the parents' capacity for strong parent and family engagement to ensure effective involvement of parents and to support a partnership among the School and the community to improve student academic achievement through the following:
 - ✓ Providing opportunities for discussion with parents about the School's curriculum, forms of academic assessment used to measure student progress, and achievement levels of the challenging state academic standards.

 - ★ The challenging state's academic standards;
 - ★ The state and local academic assessments, including alternate assessments;
 - ★ The requirements of Title I, Part A;
 - ★ How to monitor their child's progress; and
 - ★ How to work with educators to improve the achievement of their child.

The School will, with the assistance of parents, provide training to educate teachers, specialized instructional support personnel, principals/directors and other School leaders, and other staff on the value and utility of contributions of parents; how to reach out to, communicate with, and work with parents as equal partners; how to implement and coordinate parent programs; and how to build ties between parents and the School. The School may accomplish this training through in-person trainings and/or through the utilization of online print and video resources. The School may also provide other reasonable support for parent and family engagement activities under Section 1116 as parents may reasonably request.

Review

The School will annually review and evaluate this policy, the school-parent compact, and the targeted assistance or schoolwide program plan to determine their effectiveness in improving the academic quality of the School and academic achievement of its students. Leadership Learning Academy Parent Grievance Policy

The purpose of this policy is to clarify for parents a process by which concerns can be addressed. The Board of Directors of Leadership Learning Academy (the “School”) values open communication between parents, faculty, staff, administration, and the Board. The Board encourages active parent participation in their children’s education, and hopes that parents will feel empowered to voice their opinions, volunteer in and out of the classroom for the School, and work as a team to provide the best education for their children. The Board also believes that individuals can generally resolve their own disputes through open, respectful communication. If a situation arises that cannot be resolved between the parties involved, then this policy will be used. The purpose of this policy is to ensure that parents understand how to pursue the resolution of grievances, concerns and disputes involving the School.

Concerns Involving School Personnel

A parent who has a complaint involving a teacher, staff member or member of the School’s administration (including the Lead Director or Campus Principal) must first address the issue with the other individual involved and work reasonably and in good faith to resolve the concern.

A parent that is not able to resolve the dispute himself or herself may then raise the issue with the Campus Principal. The parent should first send to the Campus Principal a written complaint specifying the individual(s) involved, details of the incident(s) giving rise to the complaint, including dates and approximate times, details of an attempt to rectify the situation, and the requested solution. After sending the written complaint, the parent and the Campus Principal should schedule a time to discuss the concern in person or via telephone.

If a parent’s complaint involves the Campus Principal, the parent must first address the issue with the Campus Principal and work reasonably and in good faith to resolve the problem. The parent is not required to send the Campus Principal a written complaint in this situation.

In the event the parent and the Campus Principal are unable to resolve a complaint involving the Campus Principal, the parent may send to the Lead Director a written complaint specifying the individual(s) involved, details of the incident(s) giving rise to the complaint, including dates and approximate times, details of an attempt to rectify the situation, and the requested solution. After sending the written complaint, the parent and the Lead Director should schedule a time to discuss the concern in person or via telephone.

If a parent’s complaint involves the Lead Director, the parent must first address the issue with the Lead Director and work reasonably and in good faith to resolve the problem. The parent is not required to send the Lead Director a written complaint in this situation.

In the event the parent and the Lead Director are unable to resolve a complaint and the parent wishes to bring the issue to the Board’s attention, the complaint may be directed to the Board in

writing. Complaints shall specify that this is a formal grievance, the individual(s) involved, details of the incident(s) giving rise to the complaint, including dates and approximate times, details of attempts to resolve the problem, and the requested solution. The Board will then consider the complaint and take whatever action it deems appropriate.

Concerns Involving Board Policy

If a parent has a concern regarding Board policy, the parent may communicate in writing with any or all members of the Board. The Board will then consider the written complaint/grievance and take whatever action deemed appropriate. Parents may also request to be added to the Board meeting agenda by contacting the President of the Board of Directors at least three (3) working days prior to the scheduled meeting date. However, the Board President has discretion over the Board meeting agenda items and may elect not to place the item on the agenda.

Concerns that involve administrative practices or procedures should be addressed with the Principal rather than the Board.

Leadership Learning Academy Pest Management Policy

Leadership Learning Academy (the “School”) is committed to providing a safe environment for our students and staff. We recognize that, to provide a safe environment, is important to protect students from exposure to both pests and pesticides. The School has therefore adopted the Integrated Pest Management (“IPM”) approach to pest control in accordance with Utah state law. IPM is an ecologically-based pest management strategy that seeks to provide long-term solutions to pest problems with minimum impact on human health and the environment. The IPM approach minimizes the exposure of students and staff to pesticides by incorporating a variety of non-chemical and chemical methods to prevent and eradicate pests. The Principal of each campus is responsible for ensuring that the IPM approach is implemented at their campus in accordance with Utah Administrative Code R392-200-7(12).

POLICY

Leadership Learning Academy (the “School”) will follow applicable state and federal laws in connection with the procurement of services, supplies and equipment, including but not limited to the provisions of the Utah Procurement Code at Utah Code § 63G-6a-101, *et seq.* and the administrative rules in Title R33 of the Utah Administrative Code.

Procurement Processes

The School will follow the procurement processes below unless an exception applies.

Quotes or Bids Not Required

No procurement process is required for purchases of items up to \$5,000. The School may make such purchases from any vendor without obtaining competitive bids or quotes. However, the School may only purchase up to \$10,000 worth of items each costing \$5,000 or less from one vendor at one time without obtaining competitive bids or quotes. The School may also only purchase up to \$50,000 worth of items each costing \$5,000 or less from one vendor during one year without obtaining competitive bids or quotes.

Quotes or Bids Required

For small purchases as defined in R33-5-107, which will typically include purchases of items between \$5,000.01 and \$50,000 other than professional services or construction projects, the School will obtain at least two competitive bids or quotes that include minimum specifications and purchase from the responsible vendor offering the lowest bid or quote meeting the specifications. The School will also record and maintain as a governmental record the names of the vendors offering bids or quotes and the date and amount of each bid or quote.

Formal Procurement Process Necessary

For purchases of items over \$50,000 other than professional services or construction projects, the School will conduct a formal procurement process, such as an Invitation for Bids or a Request for Proposals.

Professional Services

For small purchases of professional service providers and consultants as defined in R33-5-108, which will typically include purchases of such services up to \$100,000 per project, the School will first review the qualifications of at least three companies, firms, providers, and/or individuals and then select one through direct negotiation. Obtaining competitive bids or quotes for the above-described small purchases is not required.

For small purchases of design professional services as defined in R33-5-105, which will typically include purchases of such services up to \$100,000 per project, the School will first review the qualifications of at least three design professional firms and then select one through direct negotiation. The School will also include minimum specifications when doing a small purchase of design professional services as defined in R33-5-105. Obtaining competitive bids or quotes for the above-described small purchases is not required.

However, if the cost of a professional service provider's, consultant's, or design professional's services exceeds \$100,000, the School will conduct a formal procurement process for such services, such as an Invitation for Bids or a Request for Proposals.

Construction Projects

For small purchases of construction projects as defined in R33-5-106, the School may procure a small construction project up to \$25,000 from a contractor without obtaining competitive bids or quotes after documenting that all building code approvals, licensing requirements, permitting, and other construction related requirements are met. When procuring a small construction project costing between \$25,000.01 and \$100,000, the School will obtain at least two competitive bids or quotes that include minimum specifications and will award the project to the contractor with the lowest bid or quote that meets the specifications after documenting that all applicable building code approvals, licensing requirements, permitting, and other construction related requirements are met.

The School will include minimum specifications when doing a small purchase of a construction project as defined in R33-5-106. Contractors selected by the School to do a small construction project must certify that they are capable of meeting the minimum specifications of the project.

If the cost of a construction project exceeds \$100,000, the School will conduct a formal procurement process, such as an Invitation for Bids or a Request for Proposals.

Other Requirements

The School will not artificially divide purchases or otherwise take steps in order to avoid the requirement to obtain competitive bids or quotes or conduct a formal procurement process.

School personnel will comply with the provisions of the Procurement Code prohibiting the acceptance of gratuities or kickbacks from vendors during the procurement process.

The School's contracts with vendors, including any renewal or extension periods, will not have a term that is longer than five years unless an exception applies or the School complies with the requirements of the Procurement Code governing any contract with a term that is longer than five years.

The School will comply with the requirements of the Procurement Code in connection with any construction or real property improvements undertaken by the School.

When entering into a contract, the School will ensure that the contract includes appropriate language regarding the scope of work to be performed, adequately addresses any applicable federal requirements, and includes language regarding data privacy and use, where appropriate. The School will ensure that the appropriate legal review of contract language is performed prior to entering into the contract.

Any alleged violations of this policy or applicable law shall be reported in writing to the School's Lead Director or Board of Directors.

Disbursements will be charged to one of two School accounts: (i) the General Operating Account; or (ii) the Petty Cash Account assigned to a specific campus. The School’s management company is responsible for disbursements charged to the General Operating Account, and the School’s Lead Director and Campus Principals are responsible for disbursements charged to the Petty Cash Account for individual campuses.

Disbursements are handled in such a manner as to ensure that the proper funds and accounts are charged; that the disbursement is used only for authorized purposes; and that laws, rules and regulations governing the disbursements and handling of public funds are followed.

The following controls are established to ensure that all payments charged to the General Operating Account are made on a timely basis and in accordance with all purchase orders and contracts:

- A purchase order shall be completed prior to disbursing funds for a purchase unless: (i) the disbursement is made in accordance with the terms of an ongoing contract that has been previously approved by the Board; or (ii) the disbursement is made to pay for credit card transactions that were completed in accordance with the School's Credit Card Policy.
- A purchase order shall be authorized by the individual(s) listed above based on the purchase amount.
- Following proper authorization, purchase orders are reviewed by the School's management company.
- The School's management company must be given a valid invoice and properly completed purchase order prior to making payment.
- Disbursements are to be made primarily by check with counter signatures to provide additional control.

Petty Cash Account

In addition to the General Operating Account, the Board may approve a Petty Cash Account for each School campus with corresponding checks and a debit card to be utilized at the discretion of the Campus Principal of that campus. The purpose of the Petty Cash Account is to provide a convenient way to pay for small expenses while minimizing exposure of School funds to the risk of misuse or theft.

Blank warrants/checks and/or a debit card for the Petty Cash Account may be kept in locked storage under the control of the Campus Principal or their designated alternate. Disbursements charged to the Petty Cash Account shall be made in accordance with the following provisions to ensure payments are properly authorized and recorded:

- In general, the Petty Cash Account should maintain a balance between \$500 and \$2,000.
- Access to the Petty Cash debit card is limited to the School's Lead Director, a Campus Principal, or their designated alternate;
- Access to blank checks is limited to the School's Lead Director, a Campus Principal, or their designated alternate. When blank checks are received; the date, quantity, and inclusive serial numbers are recorded and added to the total balance on hand. When a blank check is used, the stub along with a copy of the receipt is to be signed by the Lead Director or Campus Principal and forwarded to the management company. The use of these blank checks should be kept to an absolute minimum;

- For each campus Petty Cash Account, the School's Campus Principal or their designated alternate is responsible for: (i) maintaining records and receipts for each transaction charged to this account; and (ii) entering the information into the School's accounting software on a regular basis. Information should be uploaded in a timely manner to allow the School's management company adequate time to provide accurate monthly financial reports to the Board.
- The School's Campus Principal or their designated alternate is responsible for replenishment of the account when petty cash is low. To replenish petty cash, the Campus Principal must request the School's management company to transfer funds.

Recording Transactions

Purchase orders and requisition requests must identify the fund, function, location, program, and object or revenue code to which the purchase is to be booked. Accounting staff will periodically review this information to ensure that expenditures are booked accurately.

Review

The School will review this policy annually.

Leadership Learning Academy Religion & Education Policy

PURPOSE

It is the policy of Leadership Learning Academy (the “School”) to recognize, protect, and accommodate the rights of religious practice and expression guaranteed by state and federal laws and by the constitutions of Utah and the United States.

The purpose of this policy is to help School personnel protect and accommodate individual rights of conscience in the School.

POLICY

The School’s Board of Directors expects School personnel to foster mutual understanding and respect for all individuals and beliefs. Study about religion is an important part of a complete education and is necessary to achieving an understanding of history, societies, and cultures throughout the world. School curricula – including activities, discussions, assignments, displays, and performances – may refer to religious thought and expression, provided such references are designed to achieve specific educational objectives.

School personnel should neither promote nor disparage any religious, agnostic or atheistic belief or religion in general. Teaching about religion should be objective, thus avoiding any implication that religious doctrines have the endorsement of school authority. School personnel should recognize that religious holidays are observed in various ways, or not observed at all, based upon the influence of ethnic tradition, family style, or religious conviction.

Secondary students may request to be excused or refrain from participating, in activities, discussions, and assignments that they feel would violate their rights of conscience or religious freedom. Such requests must be made in a timely manner to the appropriate authorities. The parent(s) or legal guardian(s) of a minor student may also make a request for excusal on that student’s behalf. If focused on a specific activity, discussion, or assignment, and in accordance with Utah Code, State Board of Education Rules, and School Procedures, such requests will be granted routinely and without penalty.

The School’s Lead Director will adopt administrative procedures to implement this policy.

LLA Religion & Education Policy
REVISION A
Board Approval Date: 9-18-17

Religion & Education Administrative Procedures

Procedures for Implementation

1. At least once a year, the Lead Director or Campus Principals will review with teachers, the School community council (SCC) members, and staff, the School's Religion and Education Policy (the "Policy"), the associated procedures, and related statutes and regulations. This review will stress the Board's expectation that School personnel will recognize, protect, and accommodate religious freedom and individual rights of conscience in the operation of the School, while fostering mutual understanding and respect for all individuals and beliefs.

2. The Board encourages teachers and employees at the School to discuss, equitably and with civility, and, if possible, resolve with students, parents, and guardians, any concerns regarding curricular content, activities, or student participation.

3. Students, parents, and legal guardians will be notified annually of their rights under the Policy, state law, and state administrative rules. The notice will contain at least the following information:

a. A copy of the Policy, rules, and related statutes and regulations regarding religion in the curriculum will be available upon request in the school office;

b. A secondary school student, or parent or legal guardian of any student, may make a complaint to the Campus Principal that a portion of the curriculum, a School activity, or the conduct of a School employee violates state or federal law insofar as it "promotes or disparages a particular religious, denominational, sectarian, agnostic, or atheistic belief or viewpoint." See Utah Code §53A-13-101.1(4);

c. A secondary school student, or parent or legal guardian of any student, may make a request to the Campus Principal for a waiver of participation in any portion of the curriculum or a School activity, which the student, parent, or legal guardian believes is an infringement of the student's right of conscience or the exercise of religious freedom in any of the following ways:

i. It requires the affirmation or denial of a religious belief or practice, or right of conscience.

ii. It requires participation in a practice forbidden by a religious belief or practice, or right of conscience.

iii. It bars participation in a practice required by a religious belief or practice, or right of conscience.

d. Pursuant to Utah State Administrative Rules (R277-105-5.B), a claimed infringement must rise to a level of belief that the requested conduct violates a superior duty which is more than personal preference in order to, justifying waiver of participation.

4. The Lead Director will discuss annually with the SCC any requests for accommodation, or complaints about religion in the curriculum, made within the last year in order to determine how the School can more effectively recognize, protect, and accommodate religious freedom and individual rights of conscience in the operation of the School. In discussing these matters with the SCC, the Lead Director will take care to protect the privacy rights of those who made complaints or requests. The Lead Director will also submit the written record of each complaint received and any decisions made regarding such complaints to the Board President.

Requests for Waiver of Participation

In general, and within the bounds of law, such requests by secondary students, or parents or legal guardians of any students, to be excused or refrain from participating in activities, discussions, and assignments they feel would violate their rights of conscience or religious freedom will be granted routinely and without penalty.

Any student, parent, or legal guardian who desires a waiver of participation or substitution of another activity as provided in Utah State Board Administrative Rules (R277-105-5) will put that request in writing and direct it to the Campus Principal.

Once a student, parent, or legal guardian has requested a waiver of participation, the student will not be compelled to participate in any curriculum or activity pending resolution of the request, unless the Campus Principal has determined that requiring the participation of that particular student in that particular activity is the least restrictive means necessary to achieve a specifically identified educational objective in furtherance of a compelling governmental interest. (R277-105-5.F)

The Campus Principal, student, the student's parent or legal guardian, and the teacher or employee responsible for the program in question will meet to discuss the request. The Campus Principal will arrive at a decision, swiftly and in a manner consistent with state law, whether to waive participation, alter the curriculum or activity, substitute another activity, or require the student's participation. The Campus Principal will encourage the student and student's parent or guardian to suggest a reasonable alternative. In making a decision, the Campus Principal will give proper consideration to any suggestions made by the student and the student's parent or guardian.

The Campus Principal will keep a written record of every request for a waiver of participation or substitution of activity based on religious freedom or right of conscience and any decisions made regarding each request.

Complaints Alleging Violation of Law

If a complaint is made by a minor student, the Campus Principal will give written notice to the student's parent or legal guardian by letter addressed to the parent or legal guardian's last known address.

The Campus Principal, student, the student's parent or legal guardian, and the teacher or employee responsible for the program in question will meet to discuss the complaint, and the Campus Principal will arrive at a decision, consistent with state and federal law, whether to alter the curriculum or activity, substitute another activity, or deny that the curriculum or activity is in violation of law. The Campus Principal will give a written decision as soon as practical under the circumstances.

The Campus Principal will keep a written record of every complaint and any decisions made regarding each complaint.

The Board President will personally, or by a committee of his or her choosing, evaluate the curriculum or activity in question. If the Board President is concerned that any curriculum or activity may violate state or federal law, he or she may determine whether the educational objectives could be achieved by less restrictive means and may request that the Lead Director alter or substitute another curriculum or activity.

Appeals Process

A student, parent, or legal guardian who is dissatisfied with the Campus Principal's decision regarding either requests for waiver of participation or complaints about curricula and activities perceived to be in violation of law, may appeal that decision within ten (10) days to the Board President.

The Board President will review the complaint of the student, parent, or legal guardian and the decision of the Campus Principal and may modify the Campus Principal's decision.

At the sole discretion of the Board President, a committee of his or her choosing may be formed to review the complaint and the decision of the Campus Principal. If the Board President decides to form a committee to consider the appeal, the student and student's parent or guardian will be notified.

The Board President will keep a written record of every appeal and any decisions made regarding each appeal.

The decision of the Board President will be final.

Leadership Learning Academy Revenue Recognition Policy

PURPOSE

To specify the approach taken in recognizing revenues received by Leadership Learning Academy (the “School”), and to specify the priority under which revenues will be allocated to associated expenses.

The principal source of operating funds the School receives is derived from federal, state, and local funds.

POLICY

Federal Funding – The School receives federal charter school grants, which are paid through the Utah State Office of Education (the “USOE”). Funds are generally received on a reimbursement basis and, accordingly, revenues related to these federal grants are recognized when qualifying expenses have been incurred and when all other grant requirements have been met.

State Funding – The School receives funding from the State of Utah as administered by the USOE based on the number of students enrolled in the School. The State provides unrestricted funding for normal school operations and restricted funds for specific school-related activities or functions. Unrestricted funding is recognized as revenue when received.

Contributions and Donated Services (local and other) – Unrestricted contributions are recognized as revenue when received. Contributions of services are recognized as revenue at the time the service is rendered when specialized skills are required and when the School would otherwise purchase the services. Temporarily restricted contributions are recognized as revenue when the terms of the restrictions are met. Permanently restricted contributions represent the cumulative amount of endowment contributions received. Endowment contributions are principal amounts donated with the agreement that only future earnings on the principal be available for the operations of the School. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor.

Leadership Learning Academy Sex Education Instruction Policy

POLICY

The purpose of this policy is to ensure that any sex education instruction or instructional programs taught at Leadership Learning Academy (the “School”) is compliant with state law. The School will comply with applicable state law regarding the review, approval, and presentation of sex education instruction or instructional programs if the School elects to provide sex education instruction or instructional programs, including maturation education, at the School.

"Sex education instruction or instructional programs" means any course material, unit, class, lesson, activity, or presentation that, as the focus of the discussion, provides instruction or information to a student about sexual abstinence, human sexuality, human reproduction, reproductive anatomy, physiology, pregnancy, marriage, childbirth, parenthood, contraception, or HIV/AIDS, sexually transmitted diseases, or refusal skills, as defined in Utah Code § 53G-10-402. While these topics are most likely discussed in courses such as health education, health occupations, human biology, physiology, parenting, adult roles, psychology, sociology, child development, and biology, this policy applies to any course or class in which these topics are the focus of discussion.

Every two years the Board of Directors will (a) review this policy; and (b) review data for the county in which the School is located regarding teen pregnancy, child sexual abuse, sexually transmitted diseases and sexually transmitted infections, and the number of pornography complaints or other instances reported in the School.

REVISION B
Board Approval Date: 5-07-19

Sex Education Instruction Administrative Procedures

These administrative procedures are established pursuant to the Sex Education Instruction Policy adopted by the School's Board of Directors. If the School elects to provide sex education instruction, maturation education, or other similar instructional programs at the School, then the School will follow these administrative procedures.

In accordance with state law, all sex education instruction or instructional programs will comply with the requirements of Utah Code § 53G-10-402 through -403 and Utah Admin Code R277-474. Specifically, the School will:

- teach sexual abstinence before marriage and fidelity after marriage as methods for preventing certain communicable diseases;
- teach personal skills that encourage individual choice of abstinence and fidelity; and
- obtain prior parental consent before any sex education instruction, maturation education, or other instructional program.

The Lead Director will establish a curriculum materials review committee composed of parents, school employees, and others selected by the Lead Director. If possible, the committee will also include health professionals and school health educators. The committee will have at least as many parents as school employees. The School's Board of Directors will review and approve the membership of the committee on or before August 1 each year.

The curriculum materials review committee will meet on a regular basis, as determined by the members of the committee, select officers for the committee and designate a committee chair, and comply with the Open and Public Meetings Act. The committee will review and make recommendations to the School's Board of Directors regarding instructional materials to be used by the School in connection with sex education instruction or a maturation education program. Program materials and guest speakers supporting instruction on these topics must also be reviewed and approved by the curriculum materials review committee.

Instructional materials used by the School in connection with sex education instruction or a maturation education program must be approved by the School's Board of Directors. These materials will comply with the requirements of applicable law and will be available for parents to review for a reasonable period of time prior to consideration for adoption by the Board of Directors.

The following topics may not be taught in the School:

- The intricacies of intercourse, sexual stimulation or erotic behavior;
- The advocacy or encouragement of the use of contraceptive methods or devices (however, instruction that includes information about contraceptive methods or devices that stress effectiveness, limitations, risks, and information on state law applicable to minors obtaining contraceptive methods or devices is allowed); or
- The advocacy of premarital or extramarital sexual activity.

The School will comply with the Utah Family Educational Rights and Privacy Act, Utah Code § 53E-9-202 through -203 and obtain parental consent prior to any sex education instruction, maturation education, or other instructional program. At no time will a student be in the classroom during any sex education instruction, maturation education, or other instructional program unless an approval form signed by the student's parent/guardian is on file. The parental notification form will:

- explain a parent's right to review proposed curriculum materials in a timely manner;
- request the parent's permission to instruct the parent's student in identified course material related to sex education or maturation education;
- allow the parent to exempt the parent's student from attendance for a class period where identified course material related to sex education instruction or maturation education is presented and discussed;
- be specific enough to give parents fair notice of topics to be covered;
- include a brief explanation of the topics and materials to be presented and provide a time, place and contact person for review of the identified curricular materials;
- be retained on file with affirmative parental consent for each student prior to the student's participation in discussion of issues protected under Section 53G-10-402; and
- be maintained at the School for a reasonable period of time.

Instructors may not intentionally elicit comments or questions about matters subject to parental consent requirements. Additionally, instructors' responses to questions spontaneously raised by students must be brief, factual, objective and in harmony with content requirements of this policy and state law. Responses must also be age appropriate and limited in scope to that reasonably necessary under the circumstances.

The School will ensure that all educators with any responsibility for any aspect of sex education instruction will receive appropriate professional development outlining the sex education curriculum and the criteria for sex education instruction. The School will ensure that educators receive this professional development at least once every three years. Additionally, the School will ensure that such educators are familiar with requirements of the Utah Family Educational Rights and Privacy Act.

Leadership Learning Academy Sexual Abuse & Molestation Prevention Policy

Leadership Learning Academy (the “School”) takes seriously the responsibility of its personnel to protect the physical and psychological well-being of its students. We believe that the School’s personnel have an important role to play in the elimination of child abuse because they are in a unique position to observe children over extended periods of time on a daily basis.

Sexual abuse takes the form of inappropriate sexual contact or interaction for the gratification of the actor who is in a position of responsibility with respect to the student. Sexual abuse includes sexual assault, exploitation, molestation or injury.

Signs of Abuse

There are a number of red flags that suggest someone is being sexually abused. They take the form of physical or behavioral evidence.

Physical evidence of sexual abuse includes, but is not limited to:

- Sexually transmitted diseases;
- Difficulty walking or ambulating normally;
- Stained, bloody or torn undergarments;
- Genital pain or itching; and
- Physical injuries involving the external genitalia.

Behavioral signals suggestive of sexual abuse include, but are not limited to:

- Fear or reluctance about being left in the care of a particular person;
- Recoiling from being touched;
- Bundling oneself in excessive clothing, especially night clothes;
- Discomfort or apprehension when sex is referred to or discussed; and
- Nightmares or fear of night and/or darkness.

Additionally, adult perpetrators of abuse often display warning signs, including:

- Overly affectionate behavior such as prolonged hugging and touching;
- Engaging in nonprofessional behavior such as telling sexual jokes and sexual teasing;
- Seeking to extend their contact with certain students beyond the day.

Reporting by School Personnel

Utah law requires that whenever any person, including any school employee, contracted or temporary employee, or volunteer who has reason to believe that a child has been subjected to incest, molestation, sexual exploitation, sexual abuse, physical abuse, or neglect, or observes a child being subjected to conditions or circumstances which would reasonably result in sexual abuse, physical abuse, or neglect, he/she shall immediately notify the nearest peace officer, law

enforcement agency, or the Division of Child Family Service. The law provides serious penalties for failure to fulfill one's duty to report. School personnel and volunteers must comply with these provisions of Utah law and the School's *Child Abuse and Neglect Reporting Policy*.

Reporting by Students and Parents

Reports of sexual abuse should typically be made to the Administration. However, students and parents may make reports to any School employee, and that employee is responsible for conveying the report the Administration or, if the report involves the Administration, to the Board of Directors. Reports may be made verbally, but all reports will be documented in writing.

Allegations Involving School Personnel

The School takes allegations of sexual abuse involving School personnel seriously. Once an allegation is reported, the School will promptly, thoroughly, and impartially begin an investigation to determine whether there is a reasonable basis to believe that sexual abuse has been committed. When it is appropriate considering the nature of the allegations, an internal team may conduct the investigation. However, when the report involves potentially criminal conduct, the School will refer the reports to law enforcement and cooperate fully with any investigation conducted by law enforcement or regulatory agencies.

The School reserves the right to place the subject of the investigation on an involuntary leave of absence, reassign that person to responsibilities that do not involve personal contact with individuals or students, or terminate employment.

To the fullest extent possible, but consistent with the legal obligation to report suspected abuse to appropriate authorities, the School will endeavor to keep the identities of the alleged victims and investigation subject confidential.

If the investigation substantiates the allegation, appropriate disciplinary actions will be taken, including but not limited to the termination of the actor's relationship with the School.

Retaliation Prohibited

We prohibit any retaliation against anyone, including an employee, volunteer, board member, student or individual, who in good faith reports sexual abuse, alleges that it is being committed or participates in the investigation. Intentionally false or malicious accusations of sexual abuse are prohibited.

Screening Prospective Employees

The School's administration must take reasonable effort when screening prospective School employees. In addition to conductive required criminal background checks, each applicant and former employer(s) of applicants should be asked, before an offer of employment is extended, whether the applicant has ever been investigated or accused of sexual misconduct.

Training

The administration will provide School personnel every other year with training and instruction on child sexual abuse and human trafficking prevention and awareness, including (a) responding to a disclosure of child sexual abuse in a supportive, appropriate, manner; (b) identifying children who are victims or may be at risk of becoming victims of human trafficking or commercial sexual exploitation; and (c) the mandatory reporting requirements in the Schools Child Abuse and Neglect Reporting Policy and Utah Code Sections 53E-6-701 and 62A-4a-403.

The administration will provide the parents or guardians of elementary school students with training and instruction every other year on child sexual abuse and human trafficking prevention and awareness, including (a) recognizing warning signs of a child who is being sexually abused or who is a victim or may be at risk of becoming a victim of human trafficking or commercial sexual exploitation and (b) effective, age-appropriate methods for discussing the topic of child sexual exploitation.

Administration will communicate this policy to personnel, volunteers, and students annually. Documentation of the communication of this policy will be maintained.

Snow & Ice Removal Administrative Procedures

Leadership Learning Academy (The School) contracts with a company for snow removal services on a yearly basis. The service agreement extends to cover all expected months of snowfall. When snowfall accumulations are expected to reach or exceed two inches, the removal company is responsible for clearing all walks, parking areas, entrances and exits, and hardscape playground areas. In addition to pushing snow, salt and/or ice melt is distributed throughout the parking lot and on all walkways. The contracted company is instructed to schedule the School's snow removal as close as possible to the times of arrival and departure of students and staff as these times are the heaviest for pedestrian traffic. During winter break, the snow removal company is responsible for clearing snow and distributing salt and ice melt.

When accumulations are less than two inches, shovels, other snow removal equipment and ice melt are stored at the School. The Campus Principal or designated employee(s) monitor the conditions of the campus's sidewalks and walkways, is responsible to remove the snow from walkways and distribute ice melt on walks. If snow melts and results in ice patches, it is the Campus Principal's decision as to how to proceed. The Campus Principal may call the contracted company for additional salt and ice melt, or more commonly, may distribute or direct an employee to distribute ice melt on walkways. Effort is made to address ice patches and snow prior to student and staff arrival and throughout the day to minimize slipping hazards.

Leadership Learning Academy Staff Acceptable Use of Internet & Electronic Resources Policy

Definition

Electronic Resources - The term “electronic resources” includes all school-issued electronic devices, the School’s Internet, email, and network.

PURPOSE

Leadership Learning Academy (the “School”) recognizes the value of computer and other electronic resources to improve student learning and enhance the effectiveness of the School’s administration and operation. To this end, the School has invested substantial fiscal resources in order to establish a network and provide computers and other electronic resources for its employees’ use in fulfilling their responsibilities. School’s Board of Directors (the “Board”) encourages the responsible use of computers; computer networks, including e-mail and the Internet; and other electronic resources to promote and achieve the School’s mission and goals.

Because the Internet is an unregulated, worldwide vehicle for communication, information available to staff and students is difficult to control. Additionally, improper use of the School’s electronic resources by employees has the potential to damage the School’s image and to impair its electronic resources, thereby causing financial harm to the School. Therefore, the Board adopts this policy governing employees’ use of electronic resources and requires employees to agree to these terms in order to establish standards and provide guidance to employees. Employees shall not engage in any activity that does not conform to this policy and any additional guidance established by the Board and/or the Lead Director from time to time.

Employees' Responsibilities Regarding Students' Use of Electronic Resources

Employees who supervise students, control electronic equipment, or otherwise have occasion to observe student use the School's electronic resources, shall make reasonable efforts to monitor the use to assure that it conforms to the mission and goals of the School and to any acceptable use policy governing students' use of electronic resources. Staff must make reasonable efforts to become familiar with the Internet and its use so that effective monitoring, instruction, and assistance may be provided.

Leadership Learning Academy Staff Grievance Policy

PURPOSE

The Board of Directors (“Board”) of Leadership Learning Academy (the “School”) values open communication between faculty, staff, administration, and the Board. The Board also believes that individuals can generally resolve their own disputes through open, respectful communication. If a situation arises that cannot be resolved between the parties involved, then this policy will be used. The purpose of this policy is to ensure that staff members understand how to pursue the resolution of grievances, concerns and disputes involving other School employees.

The Board wishes to emphasize that the School is an at-will employer, and this policy is not intended to modify the at-will employment relationship between the School and its employees.

POLICY

A staff member who has a complaint regarding another staff member must first address the issue with the other employee involved and work reasonably and in good faith to resolve the concern.

A staff member that is not able to resolve the dispute himself or herself may then raise the issue with their Campus Principal. A staff member that is not able to resolve the dispute with the Campus Principal may then raise the issue with the Lead Director.

If a staff member’s complaint involves their Campus Principal, the staff member must first address the issue with the Campus Principal and work reasonably and in good faith to resolve the problem.

If a staff member’s complaint involves the Lead Director, the staff member must first address the issue with the Lead Director and work reasonably and in good faith to resolve the problem.

A staff member should not direct complaints to the Board unless and until he or she has worked in good faith to resolve the issues with the other individual, with their Campus Principal, and with the Lead Director, as applicable.

In the event the staff member and the Lead Director are unable to resolve a complaint and the staff member wishes to bring the issue to the Board’s attention, the complaint may be directed to the Board in writing. Complaints shall specify the individual(s) involved, details of the incident(s) giving rise to the complaint, including dates and approximate times, details of attempts to resolve the problem, and the requested solution. The Board will then consider the complaint and take whatever action it deems appropriate.

This policy does not confer upon any employee of the School any additional rights. Accordingly, the existence of this policy does not preclude the School from terminating any employee for any lawful reason even if the employee is pursuing the resolution of a grievance.

Additionally, this policy is not intended to discourage an employee from reporting to the appropriate individual(s) a legal violation committed by another employee and does not limit a School employee's right to appropriately report a legal violation committed by another employee.

Leadership Learning Academy Student Acceptable Use of Electronic Resources Policy

POLICY

Leadership Learning Academy's (the "School") goal in providing Electronic Resources to students is to promote educational excellence by facilitating resource use, innovation, communication and acceptable use. To maximize the benefits of these resources, and to avoid abuse or access to inappropriate information and services, the Board has adopted the following "Acceptable Use" policy.

1. Definition: *Electronic Resources* - The term "Electronic Resources" includes school-issued electronic devices, the School's Internet, email, and network
2. Access to Electronic Resources permits communication with and access to information and people all over the world. Electronic Resource utilization comes with the risk of access to materials that may be considered to be inappropriate, unacceptable, and possibly illegal or of no educational value in the school setting. The School has initiated safeguards to restrict access to inappropriate materials. However, it is impossible on a global Internet to control access to all sites, data, and communication, which a user may discover. It is the user's responsibility not to initiate access to such material. Any site or material that is deemed controversial should be reported immediately to the appropriate teacher or administrator.
3. The School reserves the right to monitor and review the use of Electronic Resources at any time in order to determine any inappropriate use. The School will make every attempt to comply with the state and federal guidelines set forth in Utah State Law and CIPA (Child Internet Protection Act).
4. The use of electronic resources is a privilege, not a right. Students who are found to abuse electronic resources, which includes, but is not limited to: violating copyrights; bullying, hazing, intimidation, harassment and threats; accessing pornography or other obscene material; using inappropriate language; gambling; unauthorized games; intentional destruction or damage; or other unauthorized or inappropriate use, will be subject to disciplinary action (including the possibility of suspension or expulsion), and/or referral to legal authorities. The administrator may limit, suspend, or revoke the use of Electronic Resources for violations, which may cause the student to be unable to participate in required assessments or complete assignments, which could adversely affect the student's grade. Please also refer to the School's Bullying and Hazing Policy.
5. Students are personally responsible for School Electronic Resources assigned to them, including both loss of or damage to the devices and for proper use of the devices.
6. Before any student will be given access to the School's Electronic Resources, a properly signed "Acceptable Use Agreement" by a parent or guardian and student must be

submitted. The Acceptable Use Agreement acknowledges that the School is not responsible for unauthorized or improper access or use of the School's Electronic Resources.

The Board will review this policy regularly.

Student Data Collection Notice

Leadership Learning Academy (the “School”) collects student data for two main purposes: to comply with law and to improve students’ educational experience. Student data enables the School to participate in education programs and to qualify for education funds. Student data also helps the School to better plan and personalize classroom instruction, increase student and teacher performance, and make informed decisions.

Student data collected by the School includes data defined as necessary student data, optional student data, and personally identifiable student data (PII) in Utah Code § 53E-9-301. The School collects student data primarily through registration, but it also collects additional student data during the school year. The necessary, optional, and PII data collected by the School is listed in its Data Governance Plan, which is published on the School’s website. The School does not collect student social security numbers or, except as required in Utah Code § 78A-6-112, criminal records.

The School strives to not share PII unless the sharing is in accordance with Utah’s student privacy and data protection laws and the Family Educational Rights and Privacy Act (“FERPA”). Except as allowed by law, the School will not share PII externally without written consent. Some examples of where the School is allowed by law to share PII without written consent include sharing such data with an authorized caseworker or other representative of the Department of Human Services, in response to a valid subpoena, or to persons or entities qualifying as school officials under FERPA.

The School takes many measures to protect student data. Student data stored digitally is stored on computers and systems that are secured, maintained, and supported by qualified IT service providers. Confidential PII in print form is stored in secured, locked areas in the School.

A student’s rights under Utah Code § 53E-9-301 through 310 include:

- Each student owns his or her PII. A student and his or her parent must be allowed to access such student data maintained by the School;
- A student’s parent or guardian, or an adult student, has the right to be notified by the School if a significant data breach occurs at the School;
- A prior student or parent of a prior student is entitled to have the prior student’s student data that is stored by the School expunged in accordance with State Board of Education rules; and
- A student is entitled to receive a student data collection notice from the School prior to the School collecting necessary or optional student data of the student.

The collection, use, and sharing of student data has both benefits and risks. Parents and students should learn about these benefits and risks and make choices regarding student data accordingly.

Leadership Learning Academy Student Conduct & Discipline Policy

1. PURPOSE, BELIEFS, AND PHILOSOPHY

1.1 Purpose

The purpose of Leadership Learning Academy's (the "School") Student Conduct and Discipline Policy is to help all students develop positive relationships with other students and adults, take responsibility for their actions and learning, and develop the self-discipline necessary to create an environment that is characterized by physical and emotional safety in order to enhance learning for everyone.

The School will foster a school and community-wide expectation of good citizenship for students and a sense of responsibility in the school community for rules and standards of behavior.

The School will promote and require:

- student responsibility for learning and behavior in all grades;
- student conduct that produces a proper learning environment and respect for the personal, civil, and property rights of all members of the School community;
- parents and guardians of all students to assume proper responsibility for their students' behavior and to cooperate with School authorities in encouraging student self-discipline and discouraging behavior that is disruptive to the School's educational program.

1.2 Beliefs and Expectations

The School's beliefs and expectations set a positive and inviting culture for dealing with student behavior issues.

Beliefs:

- Punishment alone will not change behavior
- Much aggressive behavior is a relationship problem, not a behavior problem
- Adults must model the behaviors they expect from the students
- We expect conflicts, but we expect conflicts to be resolved and relationships mended

Expectations:

- Students will show respect for other students
- Students will show respect for adults
- Students will show respect for the building
- Adults will show respect for students
- Students will develop self-discipline

1.3 Procedural Philosophy

The School recognizes that establishing a procedural philosophy consistent with the desired positive school environment is as important as following legal and due process procedures. The School's policy sets forth appropriate legal and due process procedures and will be followed within the context of the procedural philosophy outlined below:

Procedures:

When students are involved in conflicts with other students, they will:

- Work together to resolve the conflict
- Work to repair the relationship and build trust
- Be subject to additional consequences if they exhibit unsafe behaviors during the conflict

When students are involved in a conflict with or feel they have been treated unfairly by a member of the staff or a volunteer, they will:

- Report their feelings to their parent or to the administrator or counselor, who will work together to set up a conference with the student, the parent, an administrator or counselor, and the adult involved in order to resolve the conflict and mend the relationship

When students flagrantly disregard the safety of others, show blatant disrespect to others, or consistently behave in a disrespectful or unsafe way:

- The student will be subjected to consequences and positive behavior support to ensure that the student will make better choices in the future. Consequences might include:
 - In-School Suspension
 - Out of School Suspension
 - Expulsion
 - Restitution
 - Repayment for damages
- The student will work to earn back the trust of the School community by actions such as:
 - Genuine apology to injured or affected parties
 - Demonstration of appropriate behaviors following the incident
 - Repair or replace any damaged items

Due process to protect the rights of students will include:

- All students will be treated with dignity and respect as they go through correction procedures. The administration will see to it that their rights are protected through the process. If parents feel their student has not been treated fairly, they may request a hearing with the School's Board of Directors (the "**Board**") in accordance with the School's Grievance Policy.
- Parents will be notified when students are involved in situations that are deemed to be serious.
- Parents and students will be notified of the expectations, possible consequences, and the procedures involved in this policy at the beginning of each school year.

2. ENVIRONMENT

2.1 Safe School Environment

It is the School's policy to promote a safe and orderly school environment for all students and employees. Accordingly, the School holds all students, employees, and other adults to the highest standards of behavior in the classroom, on School grounds, in School vehicles, and during School-sponsored activities. Criminal acts or disruptive behavior of any kind will not be tolerated, and any individual who engages in such activity will be subject to disciplinary action, criminal prosecution, or both.

2.2 Discrimination Prohibited

It is the School's policy to provide equal educational and employment opportunity for all individuals. Therefore, the School prohibits all discrimination on the basis of race, color, religion, sex, age, national origin, disability, or veteran status. Complaints of discrimination or unfair application of this policy should be submitted pursuant to the School's Grievance Policy.

3. DEFINITIONS

3.1 Suspension

For purposes of this policy, suspension is a temporary removal of a student from School and School-sponsored activities for a period of up to one (1) year. A student who is suspended may, at the Campus Principal's discretion, have access to homework, tests, and other schoolwork through a home study program but will not be allowed to attend classes or participate in any School activities during the period of suspension.

3.2 Expulsion

For purposes of this policy, expulsion means the formal process of dismissing a student from School. Recognizing that students who commit violent or disruptive acts may pose safety problems, the School will work with parents to provide alternative educational placement and programs for the student where appropriate and feasible. However, the Campus Principal retains the authority to exclude the student from all programs or activities for the period of expulsion.

3.3 Change of Placement for Students with Disabilities under IDEA and Section 504

For purpose of the removal of a student with a disability from the student's current educational placement, a "change of placement" occurs if (a) the removal is for more than ten (10) consecutive school days or (b) the student is subjected to a series of removals that constitute a pattern because they total more than ten (10) school days in a school year or because of factors such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another. Any "change of placement" requires compliance with the procedures outlined in Section 10 of this policy.

3.4 Disruptive Student Behavior

For purposes of this policy, "disruptive student behavior" means the behavior identified as grounds for suspension or expulsion described in Section 4.1, below.

3.5 Parent

For purposes of this policy, "parent" means (i) a custodial parent of a school-age minor; (ii) a legally appointed guardian of a school-age minor; or (iii) any other person purporting to exercise any authority over the minor which could be exercised by a person described above.

3.6 Qualifying Minor

For purposes of this policy, "qualifying minor" means a school-age minor who: (i) is at least nine years old; or (ii) turns nine years old at any time during the school year.

3.7 School Year

For purposes of this policy, "school year" means the period of time designated as the school year by the Board in the calendar adopted each year.

[a] Within forty-five (45) days after the expulsion, the student shall appear before the Case Management Team (“CMT”), which shall be comprised of the Lead Director, Campus Principal, a Board member, and a teacher selected by them, accompanied by a parent or legal guardian; and

[b] The CMT shall determine:

(i) what conditions must be met by the student and the student's parent for the student to return to School;

(ii) if the student should be placed on probation in a regular school setting consistent with Utah Code Ann. § 53G-8-208, and what conditions must be met by the student in order to ensure the safety of students and faculty at the School; and

(iii) if it would be in the best interest of both the School and the student to modify the expulsion term to less than a year giving highest priority to providing a safe school environment for all students.

[c] For purposes of this policy, the term "firearm", "explosive", and "noxious or flammable material" include but are not limited to: guns, starter pistols, cap guns, bombs, bullets and ammunition, gasoline or other flammable liquids, mace, pepper spray, matches, and lighters.

4.3.2 Students with Disabilities under IDEA and Section 504

Any student identified as being disabled under either Section 504 of the Rehabilitation Act or the Americans with Disabilities Act who currently is engaging in the illegal use of drugs or alcohol shall be suspended or expelled to the same extent as non-disabled students for the possession, use, control, distribution, sale, or arrangement of the sale of illegal drugs, alcohol, or controlled substances on School property or in conjunction with any School-sponsored activity.

4.4.3 Drug Testing

[a] Any student who is reasonably suspected of violating Section 4.4 may be subject to a drug test for cause, arranged and paid for by the School.

[b] Any student who has been suspended or expelled for a violation of Section 4.4 may be required to provide a clean drug test and evidence of completion of drug assessment and/or drug counseling programs as a condition of readmission to School. Testing and counseling required as a condition of readmission rather than for the purpose of providing justification for the initial suspension or expulsion shall be arranged and paid for by the student's parent or guardian.

[c] Students who refuse to submit to required drug testing and counseling programs or to cooperate with School officials with respect to the sharing of appropriate information, may be expelled from the School.

[d] Any student who is suspended or expelled for violation of Section 4.4 may be subject to random drug testing, at any time and for any reason, for a period of one year from the date of offense. If the student tests positive, he/she may be expelled from all School programs or activities. Any student who refuses consent for random drug testing under these conditions shall be expelled from all School programs or activities.

4.4.4 Students with Disabilities under IDEA

Whenever a student receiving special education and related services under IDEA knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at School or a School-sponsored activity, the procedures outlined in Section 10 of this policy must be followed.

4.5 Gangs

For purposes of this policy, "gang" means any ongoing organization, association or group of three or more persons, whether formal or informal, having as one its primary activities the commission

of criminal acts, which has a unique name or identifiable signs, symbols, or marks, and whose members individually or collectively engage in criminal or violent behavior to persons or property, or who create an unreasonable and substantial disruption or risk of disruption of a class, activity, program, or other function of a school.

4.5.1 Gang Activity and Apparel Prohibited

4.5.3 Consultation with Law Enforcement Authorities

School officials shall consult with local law enforcement authorities and gang detectives whenever they have questions regarding gang-related clothing, apparel, or other gang activity.

4.6 Bullying, Cyber-Bullying, Harassment, Hazing, and Abusive Conduct

Bullying, cyber-bullying, harassment, hazing, and abusive conduct of students and employees are against federal law, state law, and School policy, and are not tolerated by the School. It is the School's intent to respond to school-related incidents by implementing prevention efforts where victims can be identified and assessed, and perpetrators educated, in order to create a safer school that provide a positive learning environment.

School administration has the authority to discipline students and employees for off-campus speech that causes or threatens a substantial disruption on campus, at School activities, or causes or threatens a significant interference with a student's educational performance or involvement in School activities.

Additional information regarding these issues are contained in the School's Bullying and Hazing Policy, which is available on the School's website.

5. AUTHORITY TO SUSPEND OR EXPEL

5.1 Authority to Suspend for Ten (10) School Days or Less for Regular Education Students

The Campus Principal has the authority to suspend a regular education student for up to ten (10) school days. In considering whether to suspend a student, the Campus Principal shall consider all relevant factors, including but not limited to, the severity of the offense, the student's age, disability, academic status and disciplinary record, parental capabilities, and community resources.

5.2 Authority to Suspend and Duration of Suspension for Students with Disabilities

The Campus Principal has the authority to suspend a student with disabilities (504 or IDEA) for not more than ten (10) consecutive school days, and additional removals of not more than ten (10) total school days in that same school year for separate incidents of misconduct as long as those removals do not constitute a pattern resulting in a change of placement. The School need not provide services during periods of removal of ten (10) days cumulative or less if services are not provided to a student without disabilities who has been similarly suspended.

5.3 Authority to Suspend for Longer than Ten (10) Days or Expel for Regular Education Students

Subject to the requirements for due process set forth in Section 9, below, the Lead Director may suspend a regular education student for longer than ten (10) days or expel a regular education student.

Expulsions shall be reviewed by the CMT and the conclusions reported to the Board at least once each year if the parent/guardian of the expelled student has expressed a desire for the student to return to the School.

5.3.1 Parental Responsibility

If a student is suspended for a period longer than ten (10) days or expelled, the student's parent or legal guardian is responsible for undertaking an alternative education plan that will ensure that the student's education continues during the period of expulsion. The parent or guardian shall work with designated School officials to determine how the student's education will continue through private education paid for by the parents, an alternative program offered by the local school district, or other alternatives which will reasonably meet the educational needs of the student. Costs of educational services which are not provided by the School are the responsibility of the student's parent or guardian.

5.3.2 The parent or guardian and designated School officials may enlist the cooperation of the Division of Child and Family Services, the juvenile court, law enforcement, or other appropriate government agencies in determining how to meet the educational needs of the student.

5.3.3 The School shall contact the parent or guardian of each student under age 16 who has been expelled from all School programs and services at least once a month to determine the student's progress if the parent/guardian of the expelled student has expressed a desire for the student to return to the School.

5.4 Authority to Institute Change of Placement for Student with Disabilities

Where the student is receiving special education services or accommodations on the basis of disability under IDEA, 504, or ADA, procedures outlined in the State of Utah Special Education Rules shall be followed, including prior written notice to parents or guardians regarding their procedural due process rights, before any long-term disciplinary action or change of placement takes place.

6. PROCEDURES FOR ADDRESSING DISRUPTIVE STUDENT BEHAVIOR – Utah Code Ann. § 53G-8-210

6.1 Efforts to Resolve Disruptive Student Behavior Problems

6.1.1 Information About Resources. The School will provide to a parent of a student who engages in disruptive student behavior a list of resources available to assist the parent in resolving the student's disruptive behavior problem.

6.1.2 Procedures for Resolving Problems. The Campus Principal or a teacher or counselor designated by the Campus Principal will work with students who engage in disruptive student behavior according to the procedures identified in Section 7, below, in an attempt to help the student's behavior to improve and to prevent problems from escalating. Incidents of disruptive student behavior and attempts to resolve behavior issues will be documented.

6.2 Notice of Disruptive Student Behavior

6.2.1 Authorization. The Campus Principal is authorized to issue notices of disruptive student behavior to students who are qualifying minors.

6.2.2 Criteria for Issuing Notice. The Campus Principal will issue a "notice of disruptive student behavior" to a qualifying minor who:

[a] engages in "disruptive student behavior" that does not result in suspension or expulsion three times during the school year; or

[b] engages in disruptive student behavior that results in suspension or expulsion once during the school year.

6.2.3 Contents of Notice. The notice of disruptive student behavior will:

[a] require the qualifying minor and a parent of the qualifying minor to whom the notice is issued to (i) meet with School authorities to discuss the qualifying minor's disruptive student behavior; and (ii) cooperate with the Campus Principal and the Board in correcting the student's disruptive student behavior; and

[b] be mailed by certified mail to, or served in person on, a parent of the qualifying minor.

6.2.4 Contesting Notice. A qualifying minor, or a qualifying minor's parent, may contest a notice of disruptive student behavior by requesting in writing, within ten (10) business days after receipt of the notice, a meeting with the CMT at which the parent and the CMT will discuss the facts related to the student's behavior, the basis of the parent's concerns with or objections to the issuance of the notice, and efforts that have been made to address the behavior problems.

6.3 Habitual Disruptive Student Behavior Notice

6.3.1 Criteria for Issuing Notice. The Campus Principal may issue a "habitual disruptive student behavior notice" to a qualifying minor who:

[a] engages in disruptive student behavior that does not result in suspension or expulsion at least six times during the school year;

[b] (i) engages in disruptive student behavior that does not result in suspension or expulsion at least three times during the school year; and (ii) engages in disruptive student behavior that results in suspension or expulsion at least once during the school year; or

[c] engages in disruptive student behavior that results in suspension or expulsion at least twice during the school year.

6.3.2 Notice to Parents. Within five (5) days after the day on which a habitual disruptive student behavior notice is issued, the Campus Principal shall provide documentation to a parent of the qualifying minor who receives the notice of the efforts made by a School representative under Section 7, below.

6.4 Responses to School-Based Behavior

6.4.1 Definitions.

[a] “Mobile crisis outreach team” means a crisis intervention service for minors or families of minors experiencing behavioral health or psychiatric emergencies.

[b] “Restorative justice program” means a school-based program or a program used or adopted by a school that is designed to enhance school safety, reduce school suspensions, and limit referrals to court, and is designed to help minors take responsibility for and repair the harm of behavior that occurs in school.

[c] “Youth court” means the same as that term is defined in § 78A-6-1203, including that it is a diversion program that provides an alternative disposition for cases involving juvenile offenders in which youth participants, under the supervision of an adult coordinator, may serve in various capacities within the courtroom, acting in the role of jurors, lawyers, bailiffs, clerks, and judges.

6.4.2 Alternative School-Related Interventions. The Board may establish or partner with a certified youth court program or establish or partner with a comparable restorative justice program. The School may refer a student to youth court or a comparable restorative justice program in accordance with § 53G-8-211.

6.4.3 Referrals of Minors. A qualifying minor to whom a habitual disruptive student behavior notice is issued under Section 6.3.1 may not be referred to the juvenile court. The School will follow § 53G-8-211 with respect to referring a minor who is alleged to have committed an offense on school property or that is truancy. In accordance with § 53G-8-211:

[a] if the alleged offense is a class C misdemeanor, an infraction, a status offense on School property, or truancy, the minor may not be referred to law enforcement or court but may be referred to alternative school-related interventions, including:

(i) a mobile crisis outreach team, as defined in § 78A-6-105;

(ii) a receiving center operated by the Division of Juvenile Justice Services in accordance with § 62A-7-104;

(iii) a youth court or comparable restorative justice program; or

(iv) other evidence-based interventions created and developed by the School or other governmental entities as set forth in § 53G-8-211(3)(a)(v).

[b] if the alleged offense is a class B misdemeanor or a nonperson class A misdemeanor, the minor may be referred directly to the juvenile court by the Campus Principal or the Campus Principal's designee, or the minor may be referred to the alternative interventions described above. However, documentation of an alleged class B misdemeanor or a nonperson class A misdemeanor must be provided prior to referring the minor to the juvenile court.

7. ALTERNATIVES TO EXPULSION, OR CHANGE OF PLACEMENT FOR FREQUENT OR FLAGRANT DISRUPTIVE BEHAVIOR – Utah Code Ann. § 53G-8-207

A continuum of intervention strategies shall be available to help students whose behavior in School repeatedly falls short of reasonable expectations. Prior to suspending a student for more than ten (10) days or expelling a student for repeated acts of willful disobedience, defiance of authority, or disruptive behavior which are not so extreme or violent that immediate removal is warranted, good faith efforts shall be made to implement a remedial discipline plan to allow the student to remain in the School.

7.1 Before referring the student for long-term suspension, expulsion or change of placement under this Section, School staff should demonstrate that they have attempted some or all of the following interventions:

7.1.1 Talking with the student;

7.1.2 Class schedule adjustment;

7.1.3 Phone contact with the parent or legal guardian;

7.1.4 Informal parent/student conferences;

7.1.5 Behavioral contracts;

7.1.6 After-school make-up time;

7.1.7 Short-term in-school suspension (ISS);

7.1.8 Short-term at-home suspensions;

7.1.9 Appropriate evaluation;

7.1.10 Home study;

7.1.11 Alternative programs; or

7.1.12 Law enforcement assistance as appropriate.

7.2 Parental Attendance with Student – Utah Code Ann. § 53G-8-207(1)-(2).

As part of a remedial discipline plan for a student, the School may require the student's parent or guardian, with the consent of the student's teachers, to attend class with the student for a period of time specified by a designated School official. If the parent or guardian does not agree or fails to attend class with the student, the student shall be suspended in accordance with the provisions of this policy.

8. DUE PROCESS FOR SUSPENSIONS OF TEN (10) DAYS OR LESS

The following procedure shall apply to all students facing suspension of ten (10) school days or less:

8.1 The Campus Principal shall notify the student's custodial parent or guardian of the following without delay: that the student has been suspended, the grounds for the suspension, the period of time for which the student is suspended, and the time and place for the parent or guardian to meet with the Campus Principal to review the suspension.

8.2 The Campus Principal shall also notify the non-custodial parent, if requested in writing, of the suspension.

8.2.1 Section 8.2 does not apply to the portion of School records which would disclose any information protected under a court order.

8.2.2 The custodial parent is responsible to provide the School a certified copy of any court order under subsection 8.2.1.

8.3 The Campus Principal shall document the charges, evidence, and action taken.

8.4 The student shall be requested to present his/her version of the incident in writing. Students with disabilities or young students who are unable to write their own statements shall be accommodated through the use of tape recorder, scribe, etc.

8.5 If the student denies the charges, the student shall be provided with an explanation of the evidence and an opportunity to present his/her version of the incident to the Campus Principal.

8.6 In general, the notice and informal conference shall precede the student's removal from the School.

8.7 If, in the judgment of the Campus Principal, notice is not possible because the student poses a danger to a person or property or an ongoing threat of disrupting the academic process, he/she may be removed immediately. However, in such cases, the necessary notice and hearing shall follow as soon as possible.

9. DUE PROCESS FOR SUSPENSIONS OF MORE THAN TEN (10) DAYS AND EXPULSIONS

9.1 If the Campus Principal believes that a student should be suspended for more than ten (10) days or expelled, the Campus Principal may make the recommendation to the Lead Director, who will make the decision whether to impose such discipline. In the event the Lead Director decides that a student should be suspended for more than ten (10) days or expelled, the Lead Director and Campus Principal shall meet with the student's parent or guardian to discuss the charges against the student and the proposed discipline within five (5) school days after the suspension or expulsion began. If requested in writing, the Lead Director shall also notify the non-custodial parent of the suspension or expulsion as outlined in Section 8.2 of this policy.

9.2 Notice to Student and Parent/Guardian

During the meeting required in Section 9.1, the Lead Director and Campus Principal shall provide the student's parent or guardian with written notice that includes all of the following elements (or, if the student's parent or guardian refuses to meet, the Lead Director shall send the notice by certified mail, return receipt requested, to the student's parent or legal guardian within ten (10) school days after the suspension or expulsion began):

9.2.1 a description of the alleged violation(s) or reason(s) giving rise to disciplinary action;

9.2.2 the penalty being imposed (duration of suspension or expulsion);

9.2.3 a statement that a due process hearing may be requested by providing the Lead Director with written notice within ten (10) school days of the parent or guardian's receipt of the notice;

9.2.4 a statement that, if a due process hearing is requested, the Board, even though less than a quorum, will conduct the hearing;

9.2.5 a statement that the suspension or expulsion is taking effect immediately and will continue for the stated period unless a due process hearing is requested in a timely manner and the Board determines otherwise;

9.2.6 the mailing date of the notice; and

9.2.7 a statement that, if a hearing is not requested within ten (10) school days after receipt of the notice, the Lead Director's decision to suspend or expel the student will be final, and the parent's right to oppose the decision will be waived.

9.3 Hearing Procedures

If a Due Process Hearing is requested in response to the notice sent pursuant to Section 9.2 of this policy, the following procedures shall apply:

9.3.1 After receipt of the request, the School shall schedule a hearing as soon as possible but not later than ten (10) school days following receipt of the request unless the student's parent or guardian agrees otherwise.

9.3.2 A written Hearing Notice shall be sent to the parent or guardian informing the parent or guardian that the Due Process Hearing will be conducted before the Board and of the following information:

- [a] the date, place, and time of the hearing;
- [b] the circumstances, evidence, and issues to be discussed at the hearing;
- [c] the right of all parties to cross-examine witnesses subject to the Board chairman's determination that this right should be limited to protect student witnesses from retaliation, ostracism or reprisal; and
- [d] the right of all parties to examine all relevant records.

9.3.3 The Board shall conduct the Due Process Hearing on the record and shall:

- [a] ensure that a written record of the Hearing is made, a copy of which shall be provided to all parties upon request, with the cost borne by the School;
- [b] consider all relevant evidence presented at the Hearing;
- [c] allow the right to cross-examination of witnesses, unless the Board chairman determines that this right should be limited to protect student witnesses from ostracism, retaliation or reprisal;
- [d] allow all parties a fair opportunity to present relevant evidence; and
- [e] issue a written decision including findings of fact and conclusions.

9.3.4 Hearing Rules

Formal Rules of Evidence do not apply to the Due Process Hearing, and no discovery is permitted. However, the following rules will apply:

- [a] parties may have access to information contained in the School's files to the extent permitted by law;
- [b] hearings shall be closed to the press and the public;

[c] documents, testimony, or other evidence submitted by the parties after the hearing will not be considered by the Board; and

[d] the Board may excuse witnesses or parties or suspend or terminate a hearing if persons involved in the hearing are abusive, disorderly, disruptive, or if they refuse to abide by the rules and orders of the Board.

10. DUE PROCESS FOR CHANGE OF PLACEMENT OF STUDENTS WITH DISABILITIES

Where the student is receiving special education services or accommodations on the basis of disability under IDEA, 504 or ADA, procedures outlined in the Utah State Board of Education Special Education Rules shall be followed, including prior written notice to parents or guardians regarding their procedural due process rights, before any long-term disciplinary action or change of placement takes place.

10.1 Required Services

10.1.1 504 and ADA Students

When a determination is made that the conduct of a 504 or ADA student (but not a student who is disabled under IDEA) is not a manifestation of the student's disability pursuant to Section 10.5, the student shall be subject to the same disciplinary consequences as regular education students, up to and including expulsion from School; however, the School must continue to provide education services in accordance with guidelines established by the Utah State Office of Education.

10.1.2 IDEA

A school need not provide services during periods of removal to a student with a disability under IDEA who has been removed from his or her current placement for ten (10) school days or less in that school year if services are not provided to a student without disabilities who has been similarly removed.

If a student with a disability under IDEA has been removed from his or her current placement for more than ten (10) school days in the same school year, for the remainder of the removals the School shall provide services to the extent necessary to enable the student to progress in the general curriculum and appropriately advance toward achieving the goals set out in the student's IEP. School personnel, in consultation with the student's special education teacher, determine the extent to which services are necessary to enable the student to appropriately progress in the general curriculum and advance toward achieving the goals set out in the student's IEP.

10.2 Change of Placement for Weapons, Drugs, or Serious Bodily Injury

A student's IEP team may order a change in placement of a student with a disability to an appropriate interim alternative educational setting for the same amount of time that a student without a disability would be subject to discipline, but for not more than forty-five (45) days, if:

10.2.1 The student carries a weapon to or possesses a weapon at School, on School premises, or to or at a School-sponsored activity; or

10.2.2 The student knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at School, on School premises, or at a School-sponsored activity; or

10.2.3 The student has inflicted serious bodily injury upon another person while at School, on School premises, or at a School-sponsored activity.

10.3 Change of Placement Due to Student's Serious Misconduct

School officials may request an expedited due process hearing in order to change the placement of a student with a disability to an appropriate interim alternative educational setting, recommended by the student's IEP team, for not more than forty-five (45) days. A hearing officer may order such a change, if he/she:

10.3.1 Determines that School officials have demonstrated by substantial evidence that maintaining the current placement of a student is substantially likely to result in injury to the student or others;

10.3.2 Considers the appropriateness of the student's current placement;

10.3.3 Considers whether School officials have made reasonable efforts to minimize the risk of harm in the student's current placement, including the use of supplementary aids and services; and

10.3.4 Determines that the interim alternative educational setting being recommended by School officials (1) has been selected so as to enable the student to continue to progress in the general curriculum, although in another setting, and to continue to receive those services and modifications, including those described in the student's current IEP, that will enable the student to meet the goals set out in that IEP; and (2) includes services and modifications designed to address the behavior at issue so that it does not recur.

10.4 Parental Notice

As soon as a decision is made by School officials to remove a student with a disability from his/her current placement for more than ten (10) school days, the student's parents must be notified of that decision and of all procedural safeguards outlined by law and School policy.

10.5 IEP Meetings for Manifestation Determination

10.5.1 Immediately, if possible, but in no case later than ten (10) school days after the date on which the decision is made to remove the student from the current placement, a review must be

conducted of the relationship between the student's disability and the behavior subject to the disciplinary action.

10.5.2 The manifestation review must be conducted by the student's IEP team and other qualified School personnel.

10.5.3 In conducting the manifestation review, the IEP team may determine that the behavior of the student was not a manifestation of student's disability only if the IEP team:

[a] First considers, in terms of behavior subject to disciplinary action, all relevant information, including:

(i) Evaluation and diagnostic results, including the results or other relevant information supplied by the parents of the student;

(ii) Observations of the student; and

(iii) The student's IEP and placement; and

[b] Then determines whether:

(i) The conduct in question was caused by or had a direct and substantial relationship to the child's disability; or

(ii) The conduct in question was the direct result of the School's failure to implement the student's IEP.

10.5.4 If the IEP team determines that either of the standards above was met, the behavior must be considered a manifestation of the student's disability.

10.5.5 Determination that Behavior was not Manifestation of Disability

If the result of the manifestation review is a determination that the behavior of a student with a disability was not a manifestation of the student's disability, the relevant disciplinary procedures applicable to students without disabilities may be applied to the student in the same manner in which they would be applied to students without disabilities, except that a free appropriate public education must still be made available to the student if the student is suspended or expelled from School.

10.5.6 Determination that Behavior was Manifestation of Disability

If the result of the manifestation review is a determination that the behavior of a student with a disability was a manifestation of the student's disability, the student must remain in or be returned to the prior placement.

10.6 IEP Meetings for Functional Behavioral Assessments

10.6.1 Post-Discipline Functional Behavioral Assessments

If School officials have not conducted a functional behavioral assessment and implemented a behavioral intervention plan for the student before the behavior that results in a removal from School for longer than ten (10) school days or a change of placement to an interim alternative educational setting, School officials shall convene an IEP meeting to develop an assessment plan and appropriate behavioral interventions to address that behavior.

10.6.2 Pre-Discipline Behavioral Intervention Plans

If the student already has a behavioral intervention plan, the IEP team shall review the plan and modify it, as necessary, to address the behavior.

10.7 Placement During Appeals and Stay Put

10.7.1 If a parent requests a due process hearing to challenge the interim alternative educational setting or the manifestation determination, the student must remain subject to the disciplinary action pending the decision of the hearing officer or until the expiration of the forty-five (45) day period, whichever occurs first, unless the parent and School officials agree otherwise.

10.7.2 If a student is placed in an interim alternative educational setting and School personnel propose to change the student's placement after expiration of the interim alternative placement, during the pendency of any proceeding to challenge the proposed change in placement the student must remain in the current placement (the student's placement prior to the interim alternative education setting), unless School officials succeed in getting an order through an expedited hearing as described in Section 10.3.

11. ADMINISTRATIVE STUDENT CONDUCT AND DISCIPLINE PLAN

11.1 Elements of Plan

The Lead Director will develop, with input from administration, instruction and support staff, students, parents, and other community members, a Student Conduct and Discipline Plan. The plan shall be comprehensive, clearly written, consistently enforced, and include the following elements:

12. EXTRACURRICULAR ACTIVITIES

Participation in interscholastic athletics and other extracurricular activities is not a constitutionally protected civil right. Therefore, students who are suspended or expelled may lose the privilege of participation during the period of suspension/expulsion and may not be allowed to invoke due process procedures to challenge the denial of extracurricular participation.

13. RE-ADMISSION OF EXPELLED STUDENTS AND DENIAL OF ADMISSION BASED ON PRIOR EXPULSION – Utah Code Ann. § 53G-8-205(3)

A student who is expelled from the School can only be re-admitted to the School through the School's standard lottery procedures.

A student may be denied admission to the School if he or she was expelled from the School or any other school during the preceding 12 months.

14. INVESTIGATIONS

Whenever the Campus Principal has reason to believe that School rules or policies have been broken, he or she shall proceed with an investigation. However, if the Campus Principal believes that laws have been broken or child abuse has occurred, he/she shall request appropriate authorities to conduct the investigation.

14.1 General Investigation Guidelines for Campus Principal

The Campus Principal has the authority and duty to conduct investigations and to question students pertaining to infractions of school rules, whether or not the alleged conduct is a violation of criminal law. The Campus Principal shall conduct investigations according to the following general guidelines:

14.1.1 The Campus Principal shall conduct investigations in a way that does not unduly interfere with School activities.

14.1.2 The Campus Principal shall separate witnesses and offenders in an attempt to keep witnesses from collaborating their statements and have all parties provide separate statements concerning the incident under investigation; written statements are preferable, if possible.

14.1.3 The Campus Principal shall advise students suspected of wrongdoing orally or in writing of the nature of the alleged offense.

14.1.4 Students must be provided an opportunity to give their version of the incident under investigation; however, refusals to respond or provide information should be respected.

14.1.5 When questioning students as part of an investigation, School staff should have another adult present whenever possible.

14.1.6 The Campus Principal shall accommodate students with disabilities and young children unable to write their own statements through use of tape recorders, scribes, etc.

14.1.7 All students involved in the investigation shall be instructed that retaliation is prohibited. Any act of reprisal against any person who has testified, assisted, or participated in any manner in an investigation, proceeding, or hearing is strictly prohibited and subject to disciplinary action.

14.1.8 When the investigation is completed and if it is determined that disciplinary action may be in order, due process requirements must be met. Specifically, the student must be given proper notice of the charges against him/her and the disciplinary action being recommended, as well as a fair opportunity to present his or her version of the facts.

14.2 Coordination with Law Enforcement

The Campus Principal has the responsibility and the authority to determine when the help of law enforcement officers is necessary, as outlined in this policy and Utah State law.

14.2.1 The School administration may invite law enforcement officials to the School to:

- [a] conduct an investigation of alleged criminal conduct on the School premises or during a School-sponsored activity;
- [b] maintain a safe and orderly educational environment; or
- [c] maintain or restore order when the presence of such officers is necessary to prevent injury to persons or property.

14.2.2 Investigation of Criminal Conduct

During an investigation for violation of School rules, it may become evident that the incident under investigation may also be a violation of criminal law. If the School official has reason to suspect that a criminal act has been committed and, in the opinion of the Campus Principal, law enforcement should be notified, the following procedure should be followed:

- [a] The Campus Principal shall request that law enforcement officers conduct an investigation during school hours and question students who are potential witnesses to the alleged criminal behavior.
- [b] The School official shall inform the student's parent or legal guardian as soon as possible that the student may have committed a criminal act and that law enforcement authorities will be involved in the investigation.
- [c] Unless circumstances dictate otherwise, questioning of the student by School officials shall not begin or continue until the law enforcement officers arrive.
- [d] Reasonable attempts shall be made to contact the student's parents or legal guardian who, unless an emergency exists, shall be given the opportunity to meet with the student and to be present with the student during questioning by law enforcement authorities.
- [e] The Campus Principal shall document the contact or attempted contact with the student's parents or legal guardian. If the Campus Principal cannot contact the student's parent or guardian, or if the parent or guardian is unable to be present with the student for questioning, the Campus Principal shall be present and document generally what occurs during the interview.
- [f] The student shall not be questioned by law enforcement unless or until he/she has received Miranda warnings from the officer.
- [g] If the parent or student refuses to consent to questioning by law enforcement authorities, the law enforcement authorities shall determine the course of action to be pursued.

14.2.3 Investigation Initiated by Law Enforcement Authorities

School officials shall cooperate with law enforcement authorities who are carrying out official duties such as investigating crimes, serving subpoenas, etc.

[a] When law enforcement officers can show a need to do so, they shall be permitted to conduct an investigation on School grounds during School hours.

[b] Such a need will ordinarily be shown if delay in police investigation might result in danger to a person, flight from jurisdiction by a person reasonably suspected of a crime, or destruction of evidence. In such cases:

(i) The officers shall be required to get prior approval of the Campus Principal or other designated person before beginning an investigation on School premises.

(ii) The Campus Principal shall document the circumstances warranting the investigation as soon as practical.

(iii) Alleged criminal behavior related to the School environment brought to the Campus Principal's attention by law enforcement officers shall be dealt with under the provisions of Section 14.1.

(iv) Law enforcement officials (investigating School-related or student-related crimes) may not have access to student education records, aside from directory information, unless they have a subpoena or court order or permission from parent or guardian.

(v) Directory information is limited to a student's name, home address, date of birth, phone number, class schedules and parents' address and phone numbers for use in case of emergency.

14.2.4 Release of Student to Law Enforcement Official

[a] Students may not be released to law enforcement authorities voluntarily by School officials unless the student has been placed under arrest or unless the parent or legal guardian and the student agree to the release.

[b] When students are removed from School for any reason by law enforcement authorities, every reasonable effort shall be made to contact the student's parent or legal guardian immediately except in cases of child abuse and neglect. Such effort shall be documented.

[c] The Lead Director shall immediately notify the Board of the removal of a student from School by law enforcement authorities.

[d] Where it is necessary to take a student into custody on School premises, the law enforcement officer shall contact the Campus Principal and relate the circumstances necessitating such action.

[e] Whenever the need arises to make arrests or take students into custody on School premises, the Campus Principal shall make reasonable efforts to consult and confer with the law enforcement officers as to how an arrest is to be made.

[f] When possible, the Campus Principal shall have the student summoned to the Campus Principal's office before the student is taken into custody.

[g] When a student has been taken into custody or arrested on School premises without prior notification to the Campus Principal, the School staff present shall encourage the law enforcement officers to tell the Campus Principal of the circumstances as quickly as possible. If the officers decline to tell the Campus Principal, the School staff members present shall immediately notify the Campus Principal.

14.2.5 Quelling Disturbances of School Environment

Law enforcement officers may be requested to assist in controlling disturbances of the School environment that a Campus Principal has found to be unmanageable by School personnel and that has the potential of causing harm to students and other persons or to property. Such circumstances include situations where a parent or member of the public exhibits undesirable or illegal conduct on or near School grounds or at a School-sponsored activity and who refuse to abide by a Campus Principal's directive to leave the premises.

15. INVESTIGATION OF CHILD ABUSE AND NEGLECT

Utah law requires that whenever any person, including any School employee, has reason to believe that a child has been subjected to incest, molestation, sexual exploitation, sexual abuse, physical abuse, or neglect, or observes a child being subjected to conditions or circumstances which would reasonably result in such, he/she shall immediately notify the nearest peace officer, law enforcement agency, or office of the Division of Child and Family Services.

15.1 The School shall distribute annually to all School employees copies of the School's procedures for reporting suspected child abuse or neglect.

15.2 If there is reason to believe that a child may have been subjected to abuse or neglect, an oral report shall be made immediately by the School employee reporting the abuse/neglect with a written report to follow within twenty-four (24) hours.

15.2.1 When making the oral report, always have the person you notify identify himself/herself. The notified person's name shall be entered on the written report.

15.2.2 A copy of the written report shall be put in a child abuse-neglect file to be maintained by the Campus Principal, for all reported cases of suspected child abuse or neglect.

15.2.3 The child abuse-neglect reporting form shall not be placed in the student's personal file.

15.3 It is not the responsibility of the Campus Principal or other School employees to prove that the child has been abused or neglected, or to determine whether the child is in need of protection.

15.3.1 Investigation by staff prior to submitting a report shall not go beyond that necessary to support a reasonable belief that a reportable problem exists.

15.3.2 To determine whether or not there is reason to believe that abuse or neglect has occurred, professional School employees may (but are not required to) gather information only to the extent necessary to determine whether a reportable circumstance exists.

15.3.3 Interviews with the child or suspected abuser shall not be conducted by the Campus Principal or School employees.

15.3.4 Notes of voluntary or spontaneous statements by the child shall be made and given to the investigating agency.

15.3.5 The Campus Principal, School employees, Division of Child and Family Services and law enforcement personnel are required to preserve the anonymity of those making the initial report and any others involved in the subsequent investigation.

15.3.6 Investigations are the responsibility of the Division of Child and Family Services.

[a] The Campus Principal or other School employees shall not contact the parents, relatives, friends, neighbors, etc. for the purpose of determining the cause of the injury and/or apparent neglect.

[b] School officials shall cooperate with social service and law enforcement agency employees authorized to investigate reports of alleged child abuse and neglect, assisting as asked as members of interdisciplinary child protection teams in providing protective diagnostic, assessment, treatment, and coordination services.

15.3.7 Persons making reports or participating in good faith in an investigation of alleged child abuse or neglect are immune, in accordance with state law, from any civil or criminal liability that otherwise might arise from those actions.

16. SEARCHES OF PERSON OR PROPERTY

Given the School's custodial and tutelary responsibility for children, and the Board's intent to preserve a safe environment for all students and staff, the Board recognizes that School officials

must have the authority to conduct reasonable searches of students and student property. School officials engaging in searches of students and property shall abide by the following guidelines:

16.1 General Guidelines for Searches of Person or Property

16.1.1 Student Lockers

Students have no right or expectation of privacy in school lockers. While lockers are under the joint control of students and the School, lockers are solely School property and may be searched at any time by School officials with or without cause. Once a locker is opened for search, any search of student belongings contained within the locker must comply with the guidelines for searches of personal belongings in Section 16.2 of this policy.

16.1.2 Searches of Students and Student Property

Searches of a student's person, personal property (coats, hats, backpacks, bookbags, purses, wallets, notebooks, gym bags, etc.) may be conducted whenever the student's conduct creates a reasonable suspicion that a particular School rule or law has been violated and that the search is reasonably related to the suspicion and not excessively intrusive in light of the age and sex of the student and nature of the infraction. Circumstances warranting a search include those in which School officials have a reasonable suspicion that the student or student property is concealing items including but not limited to weapons, drugs, alcohol, tobacco, unsafe contraband, pornography, pagers or lost/stolen/misplaced items.

16.2 Searches of Personal Belongings

16.2.1 Personal belongings may be searched by School officials whenever School officials have a reasonable suspicion to believe a student is concealing evidence of a policy violation or criminal activity and the items being searched are capable of concealing such evidence. The student may be asked to open personal belongings and to turn over personal property for search by a School official. All searches of student property by School officials shall be witnessed by an objective third party (such as another teacher, or police officer) to observe that the search is not excessively intrusive.

16.2.2 All contraband discovered in a search by School officials shall be immediately confiscated and turned over to law enforcement officers if School officials have reason to believe the contraband is related to the commission of a criminal act.

16.3 Searches of Person

16.3.1 School officials shall make sure the search meets the following guidelines:

- [a] The search shall be conducted in a private area of the School by a School official of the same sex as the student being searched;

[b] The search shall be observed by an objective third party of the same sex as the student being searched (i.e. Campus Principal, teacher, police officer);

[c] School officials may ask the student to remove his/her hat, coat, shoes and socks, turn pockets inside out, and roll up sleeves to see if the student is hiding contraband;

[d] Under no circumstances may School officials require students to remove any other items of clothing or touch students in any way during the search.

[e] If this limited search does not turn up suspected contraband and School officials have reasonable suspicion that the student is concealing contraband in his/her inner clothing (i.e., hiding drugs, weapons or other contraband underneath shirts, pants or underwear), law enforcement officers shall be summoned immediately to conduct further search and investigation.

[f] In general, all questioning and searching of students conducted by law enforcement officers shall proceed according to the investigation guidelines in Section 14 of this policy.

16.4 Documentation of Searches

School officials shall thoroughly document the details of any search conducted of a student's property or person. Documentation shall be made at the time of the search, or as soon as possible thereafter, and shall include the following:

16.4.1 The time, place and date of the search;

16.4.2 The reasonable suspicion giving rise to the search (what did School officials suspect to find during the search);

16.4.3 The name and title of individuals conducting and observing the search;

16.4.4 A statement about evidence that was found or not found as a result of the search;

16.4.5 A statement about who took possession of contraband (i.e., police, school, etc.);

16.4.6 Information regarding the attempts of School officials to notify parents about the search.

17. RECORDS—INTERAGENCY COLLABORATION – 20 U.S.C. § 1232g(h)(i)-(2); Utah Code Ann. § 53G-8-402 to -405

17.1 Board and Campus Principal Notification by Juvenile Court and Law Enforcement Agencies.

17.1.1 Within three (3) days of being notified by the juvenile court that a juvenile has been adjudicated or of being notified by a law enforcement agency that a juvenile has been taken into custody or detention for a violent felony, defined in Utah Code Ann. § 76-3-203.5, or an offense in violation of Title 76, Chapter 10, Part 5 Weapons, the President of the Board shall notify the Lead Director.

17.1.2 Upon receipt of the information, the Campus Principal shall make a notation in a secure file other than the student's permanent file; and, if the student is still enrolled in the School, the Campus Principal shall notify staff members who should know of the adjudication, arrest or detention.

17.1.3 Staff members receiving information about a juvenile's adjudication, arrest or detention may only disclose the information to other persons having both a right and a current need to know.

17.2 Student Discipline Records/Education Records

School officials may include appropriate information in the education record of any student concerning disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community.

17.2.1 Disclosure of Discipline Records to Other Educators

School officials may disclose student discipline information described above to teachers and other School officials, including teachers and school officials in other schools, who have legitimate educational interests in the behavior of the student.

17.2.2 Disclosure of Discipline Records to Other Agencies

School officials shall not release personally identifiable student discipline records to other government agencies, including law enforcement agencies, unless the agency produces a subpoena or court order (need for standing court order from juvenile court), or unless the student's parent or guardian has authorized disclosure.

18. EMERGENCY SAFETY INTERVENTIONS

A School employee may not subject a student to physical restraint or seclusionary time out unless utilized as a necessary emergency safety intervention (“ESI”) in compliance with this Section.

18.1 Definitions

18.1.1 An “ESI” is the use of seclusionary time out or physical restraint when a student presents an immediate/imminent danger of physical violence/aggression towards self or others likely to cause serious physical harm. An ESI is not for disciplinary purposes.

18.1.2 “Physical restraint” means a personal restriction that immobilizes or significantly reduces the ability of a student to move his or her arms, legs, body, or head freely.

18.1.3 “Physical escort” means a temporary touching or holding of the hand, wrist, arm, shoulder, or back for the purpose of guiding a student to another location.

18.1.4 “Seclusionary time out” means that a student is placed in a safe enclosed area, isolated from adults and peers, and the student is, or reasonably believes, he or she will be prevented from leaving the area. The safe enclosed area must meet the fire and public safety requirements described in R392-200 and R710-4.

18.2 General Procedures

18.2.1 Teachers and other personnel who may work directly with students shall be trained on the use of effective alternatives to ESI as well as the safe use of ESI and a release criteria.

- [a] be applied for the minimum time necessary to ensure safety;
- [b] implement an appropriate release criteria;
- [c] be discontinued as soon as imminent danger of physical harm to self or others has dissipated;
- [d] be discontinued if the student is in severe distress;
- [e] never be used as punishment or discipline;
- [f] be applied consistent with the School’s administrative Student Conduct and Discipline Plan; and
- [g] in no instance be imposed for more than 30 minutes.

18.3 Students with Disabilities Receiving Special Education Services

18.3.1 Use of ESI for a student with a disability receiving specialized educational services under IDEA or Section 504 shall be subject to all applicable state and federal laws, including Least Restrictive Behavioral Interventions (LRBI) policies and procedures for special education/504 programs.

18.3.2 Additionally, ESIs written into a student’s IEP as a planned intervention are prohibited unless school personnel, the family, and the IEP team agree less restrictive means which meet the circumstances described in R277-608-5 have been attempted; a Functional Behavioral Assessment

has been conducted; and a positive behavior intervention plan based on data analysis has been written into the plan and implemented.

18.4 Physical Restraint

18.4.1 A School employee may, in accordance with Section 18.2.2 and when acting within the scope of employment, use and apply physical restraint as an ESI in self-defense or as may be reasonable and necessary under the following circumstances:

[a] to protect the student or another person from physical injury;

[b] to remove from a situation a student who is violent;

[c] to take possession of a weapon or other dangerous object in the possession or under the control of a student; or

[d] to protect property from being damaged, when physical safety is at risk.

18.4.2 When an employee exercises physical restraint as an ESI on a student, the following types of physical restraint are prohibited:

[a] prone, or face-down;

[b] supine, or face-up;

[c] physical restraint which obstructs the airway or adversely affects the student's primary mode of communication;

[e] chemical restraint, except as prescribed by a licensed physician and implemented in compliance with a student's Health Care Plan.

18.4.3 Nothing in this Section prohibits a School employee from using less intrusive means, including a physical escort, to address circumstances described in Section 18.4.1.

18.5 Seclusionary Time Out

A School employee may, in accordance with Section 18.2.2 and when acting within the scope of employment, place a student in seclusionary time out as an ESI under the following circumstances:

18.5.2 any door remains unlocked; and

18.5.3 the student is within line sight of the employee at all times.

18.6 Notification

18.6.1 If an ESI is used, the School or employee shall immediately notify the student's parent/guardian and School administration.

18.6.2 In addition to providing the notice described in Section 18.6.1, if the ESI is applied for longer than fifteen minutes, the School shall immediately notify the student's parent/guardian and School administration.

18.6.3 Parent notifications made under this Section shall be documented in the student information system as required by R277-609-10(3)(d)).

18.6.4 Within 24 hours of using ESI, the School shall notify the parent/guardian that they may request a copy of any notes or additional documentation taken during the crisis situation.

18.6.5 Upon request of a parent/guardian, the School shall provide a copy of any notes or additional documentation taken during a crisis situation.

18.6.6 A parent/guardian may request a time to meet with School staff and administration to discuss the crisis situation.

18.7 Emergency Safety Intervention (ESI) Committee

18.7.1 The School shall establish an ESI committee that includes:

20. POLICY AND PLAN DISSEMINATION AND REVIEW

20.1 The School shall compile an annual report of all out-of-school suspensions and expulsions and submit it to the Board. For each suspension or expulsion, the report shall indicate the student's race, gender, disability status, and age/grade, as well as the reason for the discipline, the length of the discipline, and a statement as to whether the student was referred to the Board.

Administrative Student Conduct & Discipline Plan

Leadership Learning Academy's goal is to create a safe, civil and productive learning environment. All School staff will work together to establish positive school and classroom cultures where teaching and learning are emphasized.

The School intends for its student conduct practices to:

- Build an effective, positive school environment
- Enhance school climate and safety
- Prevent problem behaviors
- Teach and reinforce appropriate behaviors
- Increase instructional time and academic performance
- Create meaningful and durable behavior and lifestyle outcomes for students

Three Step Process

The School employs the following process when dealing with student behavior issues:

- Step 1 – Identify the Problem
 - ✓ ABCs of Behavior:
 - Antecedents
 - ★ Identify the event or stimulus (trigger) that occurs before the behavior.
 - These increase the likelihood that problem behavior will occur.
 - Identification helps inform prevention strategies.
 - Behavior
 - ★ Identify the observable, measurable action.
 - Identification of antecedents helps determine new skills to teach as replacement behavior.
 - Consequences
 - ★ Identify the event or response that immediately follows the behavior.
 - ★ Both current consequences and alternative consequences.
 - Identify which consequences reinforce the behavior.
 - Determine the function of the behavior.
 - Identification helps inform alternative, appropriate reinforcers of new skills and desired behavior.
 - ✓ Understand:
 - What problem behaviors are occurring most often?
 - When and where are the problem behaviors occurring?

- Who is involved?
- Step 2 – Analysis: Why are problem behaviors occurring?
 - ✓ Function of Behavior – Develop a hypothesis for why the behavior is occurring.
 - Get/Obtain or Escape/Avoid
 - ★ Attention – peer or adult
 - ★ Tangible – object, task, activity
 - ★ Sensory stimulation
 - Hypothesis: When (antecedent) occurs, student engages in (behavior). As a result, student is able to (function).
- Step 3 – Develop a Plan: Match interventions to function
 - ✓ Prevention: Alter the environment (systems changes)
 - ✓ Teach: New skills (replacement behaviors)
 - ✓ Reward: Demonstration of appropriate behaviors (new skills)
- Step 4 – Evaluation: Response to Intervention

Principles of Behavior

Behavior is defined as follows:

- Anything an individual says or does
 - ✓ Behavior is observable.
- Occurs as a response to one's environment
 - ✓ There are antecedents to behavior.
- Serves a function or purpose
 - ✓ There is a “why” that contributes to the behavior.
- Results in a desired outcome
 - ✓ There are consequences or reinforcers that contribute to the behavior.
- Predictable
- Learned
 - ✓ It is possible to teach replacement behaviors.
- Can be changed
 - ✓ It is possible to change behavior and produce different outcomes.

The School's approach to student behavior is informed by the following principles:

- Behavior is learned, it can be changed, and new behavior can be taught.
- Consequences strengthen or weaken behavior.
- Behavior is strengthened, weakened, and/or maintained through modeling.
- Behavior tends to be repeated due to the consequences (outcomes) that follow the behavior.
- Behavior is weakened by withholding consequences that maintain it.

Role of Adult Behavior

The School recognizes that:

- Changes in student behavior require effective environments.
- Creating effective environments first requires changing the behavior of the adults in the environment.

- Changing adult behavior requires effective support systems.

Student Behavior Expectations

Students are expected to contribute to a safe learning environment by behaving respectfully and safely and reporting harmful or dangerous situations to an adult. Students should:

- Know and follow all school rules and instructions given by school staff.
- Show respect and courtesy to all students, staff and school visitors. This includes respecting property of others.

Guidelines for Success

The School recognizes that setting and communicating School-wide expectations is an important step in establishing an effective behavior system. The guidelines for success communicate what it takes to be successful in the School. Accordingly, all students, staff and school visitors are expected to demonstrate the following:

- Be Respectful
 - ✓ Treat others the way you wish to be treated
 - ✓ Take care of private and public property
 - ✓ Solve problems peacefully
 - ✓ Respect the right of others to be different from you
 - ✓ Respect the right of other to think differently than you
- Be Responsible
 - ✓ Take ownership for your actions
 - ✓ Be on time and ready to learn
 - ✓ Follow classroom and school rules
 - ✓ Do/Produce your own work
 - ✓ Be a learner
- Be Safe
 - ✓ Behave in ways that make the school a positive place
 - ✓ Report bullying, harassment or unsafe incidents
 - ✓ Refuse to spread rumors or gossip
 - ✓ Find trusted adults who can mentor and support you

The School's Guidelines for Success are aligned with specific behavioral expectations in each area of the School as follows:

These expectations are most likely to be met when the specific behaviors expected from students are clearly defined, taught to all, shaped over time, and responded to in ways that encourage students to learn and grow. The School recognizes that this requires proactive systems, practices and policies that support the development of positive behavior in every student.

When these expectations are not met, prompt and appropriate interventions will be implemented to first restore order and safety in the classroom or school environment with the ultimate goal of assisting students to make appropriate behavioral choices.

School and Classroom Management

School personnel will provide continuous, positive, and active supervision and monitoring of student behavior.

Understanding student misconduct as an opportunity for learning is fundamental to the School's positive and progressive approach to discipline. The School utilizes progressive responses to misconduct in the form of incremental intervention strategies and discipline to address inappropriate behavior with the ultimate goal of teaching positive behavior. In the context of this Plan, intervention strategies are actions that provide opportunities for instruction, assessment and restoration. Discipline responses are actions that are typically viewed as consequences or punishment. With this approach, students have the space to make mistakes, learn from them and receive support to make changes in their behavior.

Every reasonable effort should be made to correct student misbehavior using intervention strategies and the least severe discipline responses possible, reserving more significant discipline, such as suspension and expulsion, for the most serious situations that warrant removal from the school environment. When staff and administration use discipline to respond to student misbehavior, it is expected that the discipline response will be paired with one or more intervention strategies to provide a balanced approach to supporting behavior change in students.

All intervention strategies and discipline should be selected and implemented to help students learn from their mistakes and be supported to:

- Understand why the behavior is unacceptable and the harm it has caused
- Understand what they could have done differently in the same situation
- Take responsibility for their actions
- Learn pro-social strategies and skills to use in the future
- Understand the progression of more stringent consequences if the behavior reoccurs

Because inappropriate behavior may be symptomatic of underlying problems that students are experiencing, it is critical that all staff be sensitive to issues that may influence student behavior and respond in a progressive manner that is most supportive of student needs.

Classroom Rules and Consequences

Each teacher should establish classroom rules consistent with the following guidelines:

- Phrased in the form of a positive statement.
 - ✓ Positive rules explain what students should be doing. Negatively stated rules simply tell students what to avoid and challenge students to find inappropriate behaviors that fall outside the scope of the rule.
- Stated clearly
 - ✓ Students should be able to understand the behavioral expectation without the need for extensive explanation.
- Few in number (typically 3-5)

- ✓ Each rule appears more important when there are fewer of them. Fewer rules are easier for students to remember and for teachers to enforce. Having just a few rules avoid the sense that the teacher is trying to control a student's every movement.

An important aspect of the structure that makes rules work is providing clear consequences for a student's actions up front. Helping students realize the cause and effect relationship of their behavior, and that they have the power to choose the resulting effect is an important way that School staff can help students develop self-discipline.

Effective consequences display the following characteristics:

- Gradual, progressing from less severe to more severe as misbehavior is repeated.
 - ✓ This sends the message that students have the potential to behave and simply need to understand and choose to follow the expectation. When they repeat the misbehavior, they choose the more severe consequences.
- Natural and/or logical.
 - ✓ Natural consequences follow from the event or situation, as students are allowed to experience the outcome of their poor behavior, highlighting the rationale of the rule. Logical consequences are structured learning opportunities arranged to teach appropriate behavior.
- Maintain the dignity of the student.
 - ✓ Consequences should be consistent from student to student, and delivery of consequences should always address the particular behavior in question, not the student and his or her behavioral history.

Effective Classroom Management

Foundational to supporting positive behavior in all students is the use of effective classroom management strategies. The goal of proactive and positive classroom management is to develop students who are responsible, motivated, and highly engaged in meaningful tasks. In many cases, effective classroom management practices will reduce the occurrence of behaviors that require intervention strategies and disciplinary responses.

Examples of effective classroom management strategies include but are not limited to developing and maintaining positive relationships with students, verbal redirection or correction, changing student seating, re-teaching behavior expectations, speaking privately with students about misbehavior, using nonjudgmental language, reinforcing positive student behavior and listening to students' perspectives about situations that result in misbehavior. When typical classroom management strategies are insufficient to address student misbehavior, intervention strategies are essential to supporting students to make meaningful, sustainable changes in their behavior. Given certain circumstances, some misbehaviors warrant the use of disciplinary responses in addition to intervention strategies.

Intervention Strategies

Intervention strategies are actions that provide opportunities for instruction, assessment and restoration. Examples of intervention strategies to be used in the School include but are not limited to:

- Behavior Contracts
 - ✓ Behavior Contracts create agreements between the student and staff about behavior expectations and how the student will be supported to meet the expectations. Monitoring of the contract can include student self-charting of behavior, staff feedback about progress after each class period, etc. and include reinforcers for success and consequences for continuing problems.
- Functional Behavior Assessment/Behavior Intervention Plans
 - ✓ Behavior Intervention Plans are developed based on an assessment of the function of the student's behavior. The assessment results are used to develop a plan for consistent instruction and intervention to support behavior change.
- Social Skills
 - ✓ Social Skills Groups provide direct instruction for students on areas of needed growth. Examples include anger management, social skills, conflict resolution and self-advocacy.
- Conflict Resolution
 - ✓ Students are supported and empowered to take responsibility for peacefully resolving conflicts. Students are taught skills including anger management, active listening and effective communication.

Disciplinary Responses

Disciplinary responses are actions that are typically viewed as consequences or punishment. Examples of disciplinary responses that may be used in the School include but are not limited to:

- Loss of classroom privileges
 - ✓ Students lose opportunities in the classroom such as participating in free time activities, etc.
- Alternate Setting
 - ✓ Students are assigned to an alternate location during recess, lunch or after school.
- In-school suspension
 - ✓ Students are removed from the classroom environment and assigned to work in a designated space within the School for up to one day.
- Out of school suspension
 - ✓ Students are removed from the School environment for a designated number of days based on the severity of the infraction and other mitigating and escalating factors. Out of school suspensions will be followed by a restorative re-engagement conference to involve the student, parent and appropriate School staff.
- Expulsion
 - ✓ Students are removed from the School environment following the process established in the Student Conduct and Discipline Policy.

Behavior Response

School staff and administrators will make decisions about how to respond to student misbehavior. It is critical that the following factors be considered prior to determining the appropriate intervention strategy or disciplinary response:

- The student's age, maturity and understanding of the impact of their behavior
- The student's willingness to repair the harm caused by the behavior
- The student's disciplinary record including the nature of prior misconduct, the number of prior instances of misconduct, the interventions and consequences applied, etc.)
- The nature, severity and scope of the behavior
- The circumstances and context in which the misconduct occurred
- The student's IEP, BIP or 504 Plan, if applicable

The School uses four (4) levels of possible response to inappropriate and disruptive behavior (response levels). Each behavior is assigned to one or more response level. School staff are expected to use only the response levels identified for each behavior. If the inappropriate or disruptive behavior is assigned to two (2) or more response levels, the lowest level should be used first. For example, if a student engages in cheating, School staff should first use intervention strategies and responses in Response Level 1 before moving to Response Level 2.

Progressive responses are confined to the current school year. At the beginning of each new year, every student begins with a clean slate and responses to inappropriate and disruptive behavior should be the lowest, assigned response level for a first occurrence of the behavior within the school year.

Escalating Factors

During the course of a school year, a student's first violation of a given behavior violation will usually merit a response of a lesser degree than subsequent violations, taking into account all factors related to the severity of the current violation. However, in instances where student conduct significantly impacts the property, health and/or safety of others or causes significant disruption to the learning environment, a more severe form of response may be warranted even if it is a first offense.

There are 3 factors that are considered to escalate the disciplinary response from the response level at which it would typically be addressed to a higher response level. These factors are:

1. Conduct that Causes a Serious Physical Injury – Serious physical injury is a bodily harm that results in one or more of the following:
 - a. substantial risk of death;
 - b. permanent deformity or defect;
 - c. coma;
 - d. permanent or extended condition that causes extreme pain;
 - e. permanent or protracted loss or impairment of the function of any body part; or
 - f. results in admission to a hospital.

Serious physical injury includes, but is not limited to, fractured or broken bones (including the nose), concussions and cuts and/or wounds requiring stitches. Serious physical injury does not include black eyes, welts, abrasions or bruises.

In all cases where a student's conduct results in the serious physical injury of another person, regardless of level of conduct, the conduct will be handled at Response Level 4.

2. *Conduct that Results in a Loss of Instructional Time* – A student whose conduct results in a significant loss of instructional time for one or more students will be subject to the disciplinary consequences under the next, higher response level (i.e. a Response Level 2 behavior will be subject to Response Level 3 consequences).

A significant loss of instructional time results when the combined amount of loss instructional time for all affected students equals 110 or more hours.

3. *Conduct that Results in Significant Property Damage or Loss* – A student whose conduct results in significant property damage or loss will be subject to the disciplinary consequences under the next higher response level (i.e. a Response Level 2 behavior will be subject to Response Level 3 consequences). Significant property damage or loss results when the damaged or lost property has a value of more than \$1,000.00. The value of the damaged property is determined by the lesser of the repair or replacement cost.
4. *Repeated Acts of Misconduct* – If, during the course of the school year, a student engages in five or more distinct acts of misconduct at a single response level (i.e. the separate Response Level 1 behaviors), the fifth incident of misconduct will be subject to the disciplinary consequences under the next, higher response level (i.e. Response Level 2 consequences). However, multiple Response Level 3 violations will not result in Response Level 4 consequences.

Suspension (Response Level 3 and Response Level 4)

Response Level 3 conduct will typically result in a student being suspended from school for 1 to 3 days unless prohibited by the IDEA and/or state law. Response Level 4 conduct typically requires the student be suspended from school unless prohibited by the IDEA and/or state law. Suspension and expulsion will take place as provided in the School's Student Discipline and Conduct Policy.

Expulsion (Response Level 4 Conduct)

Response Level 4 conduct typically results in a student being recommended for expulsion from school. Expulsion will take place as provided in the School's Student Discipline and Conduct Policy.

Adequate Adult Supervision

In order to help ensure that behavior expectations are consistently monitored and enforced, the School will ensure that adequate adult supervision is maintained in classrooms, on the playground,

in the cafeteria, other areas of the School building, during field trips, and during other school-sponsored activities.

Effective Instructional Practices for Teaching Student Expectations

The School will implement a curriculum using a variety of teaching strategies to establish expectations and instruct students regarding self-discipline, citizenship, civic skills, and social skills.

School staff will begin communicating and teaching behavior expectations as well as self-discipline, citizenship, civic skills, and social skills on the first day of each school year. The School will develop a calendar/schedule for teaching behavior during the first two weeks of school and throughout the year. The School will develop a procedure for teaching behavior expectations to new students when they enroll in the School. School staff will continue reminding, re-teaching, and recognizing expected behavior throughout the school year. Data will be used to determine when specific behavior issues need to be addressed at an individual, class, or School-wide level throughout the year.

School-wide instruction and reinforcement of behavioral expectations will take place through:

- Distribution of the student handbook and rules.
- Orientation assemblies at the beginning of the year.
- Expectations posted throughout the School.
- Daily announcements and newsletters include reminders.
- All personnel model desired behavior.

School and classroom procedures will be taught through the method of:

- Teach the procedure by explaining it clearly.
- Model the procedure by showing students how the procedure is done.
- Practice the procedure together and make necessary adjustments immediately.
- Review the procedure and provide feedback daily.
- Praise and give extra encouragement to those who need it.
- Conduct periodic reviews of procedures and revise them as needed.

Social and academic teaching will be integrated within and across the curriculum. Expected behaviors will be taught through the process of:

- Using multiple examples, both positive and negative
- Teaching in settings where the behavior is expected to happen
- Providing frequent positive practice with useful corrections
- Acknowledging and reinforcing expected behavior
- Teaching it the same way academic content is taught

Behavior expectations in classrooms, hallways, cafeteria, restrooms, and playground will be communicated to students by explaining what such behavior looks like and sounds like.

The School will emphasize instruction in the following social skills:

- Accepting “No” for an answer without arguing
 - ✓ This means that when a student asks an adult for something and that person says “No,” the student should accept the answer without arguing or getting upset.
- Following directions
 - ✓ This means that when an adult gives a student a request, the student acknowledges the request and does it within a short period of time.
- Not interrupting
 - ✓ This happens when a student wants to tell an adult something or ask for something from an adult who is engaged or busy. Instead of interrupting, the student waits quietly until the adult is not busy and then speaks to the adult.
- Making requests of adults
 - ✓ This means asking for something or for help in a polite and friendly voice.
- Thanking adults
 - ✓ This means that when an adult says or does something for a student that makes them feel good or helps them, the student says “Thank you” to the adult.

Systematic Reinforcement of Expected Behaviors

The School will provide regular, frequent, and positive acknowledgements and reinforcement for student displays of academic and social behavior success. Staff members will make concerted efforts to ensure that every student receives positive interactions with adults and will seek to spend more time acknowledging and promoting appropriate behavior than responding to irresponsible behavior.

All staff members will recognize students that they witness demonstrating behavior that satisfies specific behavior expectations by providing students with recognition tickets. Students who accumulate a designated number of recognition tickets will receive Gold Star Flyer status.

Staff members will also recognize appropriate student behavior by providing “Mad Props” statements to students and actively and regularly offer immediate and specific praise by congratulating students for demonstrating behavior that satisfies specific expectations.

Uniform Methods for Correction of Student Behavior

As discussed above, the School recognizes that behavior usually happens for and is maintained by the desire for one or more of the following:

- Obtain or avoid something tangible, including an activity or task
- Obtain or avoid teacher or peer attention
- Obtain or avoid physiological, mental or sensory stimulation of some kind

In order to effectively reinforce desired behavior, the School will:

- Clarify specific behaviors being targeted
- Focus on the presence of responsible behaviors versus the absence of irresponsible behaviors
- Reinforce both improvement and mastery of desired behaviors

- Provide reinforcement that is meaningful
- Provide opportunities for all students
- Increase the ratios of positive to negative interactions with students

In order to improve behavior, the School recognizes that staff members can manipulate five variables:

- Structure and organize school settings to promote desirable behavior.
- Teach students how to behave responsibly in all school settings.
- Observe and properly supervise student behavior.
- Interact positively with students.
- Correct irresponsible behavior calmly, consistently, and immediately in the setting in which the behavior occurred.

Annual Data-Based Evaluations of Efficiency and Effectiveness

Staff members will document on the designated form behavior incidences that rise to inappropriate levels for data gathering purposes. Documentation will be submitted to parents and the teacher will maintain a copy.

Behavior data will be analyzed by the Student Success Team (comprised of teachers and staff) on a monthly basis. The results will be shared with the all staff members and will be used to plan adjustments and areas of emphasis in addressing behavior issues.

Staff members will be asked annually to respond to a survey with the following questions:

- Do students feel safe in (classrooms, halls, restrooms, cafeteria, playground)?
- Are students taught how to behave responsibly in (classrooms, halls, restrooms, cafeteria, playground)?
- Do students treat other students respectfully in (classrooms, halls, restrooms, cafeteria, playground)?
- Do students treat staff respectfully in (classrooms, halls, restrooms, cafeteria, playground)?
- Do staff treat students respectfully in (classrooms, halls, restrooms, cafeteria, playground)?
- What behaviors in this area make students/staff feel unsafe or disrespected?
- What can students/staff do in this area to make others feel safe and respected?

The results of these surveys will be analyzed by the Student Success Team. The results will be shared with the all staff members and will be used to plan adjustments and areas of emphasis in addressing behavior issues.

When misbehavior approaches unacceptable levels in School-wide activities and/or common areas, staff members will consider:

- Are behavior expectations clear?
- Are expectations being taught and re-taught as necessary?
- Is the area/activity structured appropriately for success?
- Is supervision and monitoring adequate, consistent, and not based on emotions?

Staff Development Program and Training of Appropriate School Personnel

The School expects all staff members to model the same positive social behaviors and values that are expected of students.

The School will ensure that staff members receive training, as needed, in:

- crisis intervention training and emergency safety intervention consistent with evidence-based practice
- development of student behavior expectations
- effective instructional practices for teaching and reinforcing behavior expectations
- effective intervention strategies
- effective strategies for evaluation of the efficiency and effectiveness of interventions

Policies Relating to the Use and Abuse of Alcohol and Controlled Substances By Students

As provided in the Student Conduct and Discipline Policy, the use, control, possession, distribution, sale, or arranging for the sale of alcohol or an illegal drug or controlled substance is ground for suspension or expulsion.

Procedures Related to Bullying Activities (including bullying, cyber-bullying, hazing, retaliation, abusive conduct)

The School begins with the premise that all students should have access to supports to prevent the development and occurrence of problem behavior, including bullying behavior (including bullying, cyber-bullying, hazing, retaliation, and abusive conduct). In order to avoid stigmatizing students, school staff will emphasize what a student does and where it occurs. Therefore, instead of labeling a student as a bully or victim, the emphasis will be on labeling the behavior, such as name-calling, teasing, intimidation, verbal aggression, etc. Bullying behavior will always be described in connection with the context in which it occurs, such as cyberspace, hallway, field trips, or some other specific setting.

The School recognizes that successful prevention of bullying is linked directly to teaching both adults and students (a) what bullying looks like, (b) what to do before and when bullying behavior is observed, (c) how to teach others what to do, and (d) how to establish a positive and preventive environment that reduces the effectiveness of bullying behavior.

As with other behavior that does not meet established expectations, the School takes a multi-tiered approach to preventing bullying and other disruptive behavior.

At Tier 1, all students and staff are taught directly and formally about how to behave in safe, respectful, and responsible ways across all school settings. The emphasis is on teaching and encouraging positive social skills and character traits. Effective Tier 1 prevention strategies are intended to support most students and then to identify when more intensive and specialized (Tier 2 and 3) is required. The strategy is not to simply increase the severity and number of punishing consequences for bullying behavior.

At Tier 2, students whose behaviors do not respond to Tier 1 supports are provided additional preventive strategies that involve (a) more targeted social skills instruction, (b) increased adult monitoring and positive attention, (c) specific and regular daily feedback on their behavioral progress, and (d) additional academic supports, if necessary.

At Tier 3, students whose behaviors do not respond to Tier 1 and 2 supports are provided intensive preventive strategies that involve (a) highly individualized academic and/or behavioral intervention planning; (b) more comprehensive, person-centered and function-based wraparound processes; and (c) school-family-community mental health supports.

Notice to Employees

The administration will distribute this Plan to employees by e-mail at the beginning of each school year and to each new employee upon hire.

Gang Prevention and Intervention

School employees will be aware of potential gang activities, as defined in the Student Conduct and Discipline Policy, and such activities will be subject to discipline as set forth in that policy.

Reports Received Through the School Safety and Crisis Line

The School may receive a report through the School Safety and Crisis Line established under Utah Code § 53A-11-1503(3), regarding (i) unsafe, violent, or criminal activities, or the threat of such activities at or near a public school; (ii) incidents of bullying, cyber-bullying, harassment, or hazing; and (iii) incidents of physical or sexual abuse committed by a school employee or school volunteer; or involving situations where there is a need for crisis intervention, including suicide prevention, to individuals experiencing emotional distress or psychiatric crisis. In the event the School receives such a report, it will take necessary action (including contacting appropriate parties – e.g., parents, police, DCFS, Davis Behavioral Health, etc.) as soon as reasonably practical.

Protections for Students with a Disability

Nothing in this Plan diminishes any student rights as under or in connection with the Individual with Disabilities Act (IDEA), Section 504 of the Rehabilitation Act, or state law. Students with a disability will always be entitled to the rights and protections afforded to them by state and federal law and shall not be removed from the learning environment except as such actions are undertaken in accordance with applicable legal requirements.

Student Data Disclosure Statement

Leadership Learning Academy (the “School”) collects student data for two main purposes: to comply with state or federal law and to improve students’ educational experience. Student data enables the School to participate in state and federal education programs and to qualify for state and federal education funds. Student data also helps the School to better plan and personalize classroom instruction, increase student and teacher performance, and make informed decisions.

Student data collected by the School includes data defined as “necessary student data” and “optional student data” in Utah Code Ann. § 53A-1-1402(17)-(18). The School collects student data primarily through registration, but it also collects additional student data during the school year. The necessary and optional student data collected by the School is listed in the School’s Data Governance Plan, which is (or will soon be) available on the School’s website. The School does not collect a student’s social security number or, except as required in Utah Code Ann. § 78A-6-112, criminal record.

The School strives to not share a student’s personally identifiable student data unless the sharing is in accordance with the Utah Student Data Protection Act, Utah Family Educational Rights and Privacy Act, and the federal Family Educational Rights and Privacy Act. Except as allowed by law, the School will not share, externally, personally identifiable student data from a cumulative record without a data authorization. Examples of where the law allows the School to share personally identifiable student data without a data authorization include sharing such data with a school official, an authorized caseworker or other representative of the Department of Human Services, or a person to whom the School has outsourced certain services or functions that School employees would typically perform. Student data collected by the School and shared with outside parties is set forth in the School’s Metadata Dictionary, which is (or will soon be) available on the School’s website.

The School takes many measures to protect its student data. Student data stored digitally by the School is stored on computers and systems that are secured, maintained, and supported by qualified IT service providers. Confidential personally identifiable student data in print form is stored in secured, locked areas in the School.

A student’s rights under Utah’s Student Data Protection Act include:

- Each student owns his or her personally identifiable student data and may download, export, transfer, save, or maintain their student data, including a document;
- A student’s parent or guardian, or an adult student, has the right to be notified by the School if there is a release of the student’s personally identifiable student data due to a security breach;

- Except where otherwise provided by law, a student is entitled to have his or her student data expunged by the School if the student is at least 23 years old and requests that the School expunge his or her student data; and
- A student is entitled to receive a student data disclosure statement from the School.

The collection, use, and sharing of student data has both benefits and risks. Parents and students should learn about these benefits and risks and make choices regarding student data accordingly.

Leadership Learning Academy Title I Comparability of Services Policy

PURPOSE

The purpose of this policy is to help Leadership Learning Academy (the “LEA”) meet the requirements related to its use of Title I funds, including the requirements related to comparability of services. The LEA intends for this policy to be consistent with the applicable provisions in 20 U.S.C. § 6321.

POLICY

The LEA shall use Title I funds to supplement, not supplant, state and local funds made available to the LEA for the education of students participating in programs assisted under Title I.

The LEA shall use state and local funds to provide services in its schools receiving Title I funds that, taken as a whole, are at least comparable to the services the LEA provides in its schools that are not receiving Title I funds. In the event all schools of the LEA receive Title I funds, the LEA shall use state and local funds to provide services that, taken as a whole, are substantially comparable in each school. For purposes of determining compliance with this paragraph, the LEA may exclude state and local funds expended for language instruction educational programs and excess costs of providing services to children with disabilities as determined by the LEA.

To establish and maintain comparability of services, the LEA shall ensure equivalence among its schools in the provision of curriculum materials and instructional supplies.

The following methodology is applied consistently throughout the LEA for teacher and paraprofessional allocations, learning materials and other positions.

- Teachers and Paraprofessionals are allocated in the LEA using student enrollment numbers and teacher to student staffing ratios of approximately 1 to 27. Title I eligibility is not a factor in the staffing allocation. Title I funds may be used to supplement this allocation.
- LEA learning materials, textbooks and supplies are allocated to schools using per student allocation of approximately \$170 per student. Title I funds may be used to supplement this allocation.
- Other positions may be considered for Title I funding by the LEA but will only be considered as supplemental not to supplant programs.

Exclusions and Exceptions

Nothing in this policy precludes the LEA from utilizing applicable exclusions and exceptions set forth in 20 U.S.C. § 6321.

Procedures and Records

The Lead Director shall develop procedures that will help the LEA comply with this policy. The LEA shall maintain records documenting its compliance with this policy and shall update the records at least every two years.

Leadership Learning Academy Wellness Policy

Preamble

Leadership Learning Academy (the “School”) is committed to the optimal development of every student. The School believes that for students to have the opportunity to achieve personal, academic, developmental and social success, it needs to create positive, safe and health-promoting learning environments at every level, in every setting, throughout the school year.

Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture’s (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. In addition, students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities do better academically. Finally, there is evidence that adequate hydration is associated with better cognitive performance.

This policy outlines the School’s approach to ensuring environments and opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions. Specifically, this policy establishes goals and procedures to ensure that:

- Students in the School have access to healthy foods throughout the school day – both through reimbursable school meals and other foods available throughout the school – in accordance with Federal and state nutrition standards;
- Students receive quality nutrition education that helps them develop lifelong healthy eating behaviors;
- Students have opportunities to be physically active before, during and after school;
- The School engages in nutrition and physical activity promotion and other activities that promote student wellness;
- School staff are encouraged and supported to practice healthy nutrition and physical activity behaviors in and out of school;
- The community is engaged in supporting the work of the School in creating continuity between school and other settings for students and staff to practice lifelong healthy habits; and
- The School establishes and maintains an infrastructure for management, oversight, implementation, communication about and monitoring of the policy and its established goals and objectives.

This policy applies to all School students and staff. Specific measureable goals and outcomes are identified within each section below.

School Wellness Committee

Committee Role and Membership

The School will convene a wellness committee (the “Committee”) that meets at least four times per year to establish goals for and oversee school health and safety policies and programs, including development, implementation and periodic review and update of this wellness policy (the “wellness policy”).

The Committee membership will represent all school levels and include, to the extent possible, but not be limited to stakeholders such as: parents and caregivers; students; representatives of the School nutrition program (e.g., School nutrition director); School administrators; School board members; and the general public. To the extent possible, the Committee will include representatives from each School campus building and reflect the diversity of the community.

Leadership

The Principal or designee(s) will convene the Committee and facilitate development of and updates to the wellness policy and will ensure compliance with the policy.

The Principal will make available to the School community each Committee member’s name, contact information, and role on the Committee.

The Principal will designate a wellness policy coordinator who will ensure compliance with the policy.

Wellness Policy Implementation, Monitoring, Accountability and Community Engagement

Implementation Plan

The School will develop and maintain a plan for implementation to manage and coordinate the execution of this wellness policy. The plan delineates roles, responsibilities, actions and timelines; and includes information about who will be responsible to make what change, by how much, where and when; as well as specific goals and objectives for nutrition standards for all foods and beverages available on the School campus(es), food and beverage marketing, nutrition promotion and education, physical activity, physical education and other school-based activities that promote student wellness. The Wellness Committee will periodically assess the implementation of the policy, create an action plan that helps ensure implementation of the policy based on the results of that assessment, and generate an annual progress report.

This wellness policy and the progress reports will be provided on the School’s website.

Recordkeeping

The School will retain records to document compliance with the requirements of the wellness policy at the School's main office and/or on the School's central computer network. Documentation maintained in this location(s) will include but will not be limited to:

- The written wellness policy;
- Documentation demonstrating that the policy has been made available to the public;
- Documentation of efforts to review and update the wellness policy; including an indication of who is involved in the update and methods the School uses to make stakeholders aware of their ability to participate on the Committee;
- Documentation to demonstrate compliance with the annual public notification requirements;
- The most recent assessment on the implementation of the wellness policy; and
- Documentation demonstrating the most recent assessment on the implementation of the wellness policy has been made available to the public.

Annual Notification of Policy

The School will actively inform families and the public each year of basic information about this policy, including its content, any updates to the policy, and implementation status. The School will make this information available via the School website. The School will provide information about the school nutrition environment, such as minutes taken during Wellness Committee meetings. Annually, the School will also provide notice via the School website of the name and contact information of the School personnel leading and coordinating the Committee, as well as information on how the public can get involved with the School wellness committee.

Triennial Progress Assessments

At least once every three years, the School will evaluate compliance with the wellness policy to assess the implementation of the policy and include:

- The extent to which the School is in compliance with the wellness policy;
- The extent to which the wellness policy compares to the Alliance for a Healthier Generation's model wellness policy; and
- A description of the progress made in attaining the goals of the School's wellness policy.

The Principal is responsible for managing the triennial assessment.

The Committee will monitor compliance with this wellness policy.

The School will notify households/families of the availability of the triennial progress report by posting it on the school website.

Revisions and Updating the Policy

The Committee will update or modify the wellness policy based on the results of the annual assessment and triennial assessments and/or as School priorities change; community needs change;

wellness goals are met; new health science, information, and technology emerges; and new Federal or state guidance or standards are issued. **The wellness policy will be assessed and updated as indicated at least every three years, following the triennial assessment.**

Community Involvement, Outreach and Communications

The School is committed to being responsive to community input, which begins with awareness of the wellness policy. The School will actively communicate ways in which representatives of Committee and others can participate in the development, implementation and periodic review and update of the wellness policy through a variety of means, including email or displaying notices on the School's website.

The School will actively notify the public about the content of or any updates to the wellness policy annually, at a minimum. The School will also use these mechanisms to inform the community about the availability of the annual and triennial reports.

Nutrition

School Meals

The School is committed to serving healthy meals to children, with plenty of fruits, vegetables, whole grains, and fat-free and low-fat milk; that are moderate in sodium, low in saturated fat, and have zero grams *trans* fat per serving (nutrition label or manufacturer's specification); and to meeting the nutrition needs of school children within their calorie requirements. The school meal programs aim to improve the diet and health of school children, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs.

The School participates in USDA child nutrition programs, including the National School Lunch Program (NSLP). The School is committed to offering school meals through the NSLP program that:

- Are accessible to all students;
- Are appealing and attractive to children;
- Are served in clean and pleasant settings;
- Meet or exceed current nutrition requirements established by local, state, and Federal statutes and regulations. (The School offers reimbursable school meals that meet USDA nutrition standards (<https://www.fns.usda.gov/school-meals/nutrition-standards-school-meals>)); and
- Promote healthy food and beverage choices.

Water

To promote hydration, free, safe, unflavored drinking water will be available to all students throughout the school day. The School will make drinking water available where school meals are served during mealtimes. Students will be allowed to bring and carry water bottles filled with only water with them throughout the school day.

Competitive Foods and Beverages

The School is committed to ensuring that all foods and beverages available to students on School property during the school day support healthy eating. The foods and beverages sold and served outside of the school meal programs (e.g., “competitive” foods and beverages) will meet the USDA Smart Snacks in School nutrition standards, at a minimum. Smart Snacks aim to improve student health and well-being, increase consumption of healthful foods during the school day and create an environment that reinforces the development of healthy eating habits. A summary of the standards and information, as well as a Guide to Smart Snacks in Schools are available at: <http://www.fns.usda.gov/healthierschoolday/tools-schools-smart-snacks>. The Alliance for a Healthier Generation provides a set of tools to assist with implementation of Smart Snacks available at www.foodplanner.healthiergeneration.org.

These standards will apply in all locations and through all services where foods and beverages are sold, which may include, but are not limited to, à la carte options in cafeterias, vending machines, in-school fundraisers, School stores and snack or food carts.

Celebrations and Rewards

The purpose of these guidelines is to support the School’s wellness policy as it relates to food and beverages offered, but not sold on school property on the school day, specifically in the classroom. The School’s Board of Directors (the “Board”) wants to promote a healthy classroom environment for every student, with as few distractions as possible to the learning process. This will be supported in the following ways:

- a. Food will only be allowed in the classroom as part of a lesson plan and only at the approval of the Administration. (For example, a teacher may use an orange to teach fractions.)
 - ✓ Parents will be informed a week before any food to be consumed by students is used in a lesson.
 - ✓ The food activity will enhance the learning experience of the students and will be directly related to the unit of study.
- b. No soda will be provided or allowed to students at any time during school, including at lunch time.
- c. No birthday treats will be allowed to be brought in for distribution in class.
- d. Three class celebrations (Fall, Winter & Spring) will be allowed per year. These will include activities, games, and possibly treats (commercially prepared food). Healthy options are expected.
 - ✓ The Administration, with each grade level team, will help plan guidelines for these class parties.
- e. Food provided at after-school functions will be under the direction of the Board and the Administration.

Nutrition Promotion

Nutrition promotion and education positively influence lifelong eating behaviors by using evidence-based techniques and nutrition messages, and by creating food environments that

encourage healthy nutrition choices and encourage participation in school meal programs. Students and staff will receive consistent nutrition messages throughout School buildings, classrooms, gymnasiums, and cafeterias. Nutrition promotion also includes marketing and advertising nutritious foods and beverages to students and is most effective when implemented consistently through a comprehensive and multi-channel approach by School staff, teachers, parents, students and the community.

Nutrition Education

The School will teach, model, encourage and support healthy eating by all students.

- Healthy eating habits will be taught and supported for students and staff by encouraging teachers, whenever possible, to use healthy nutrition facts in learning skills such as reading, writing and math.
- Food will not be allowed to be used as punishment or rewards; however, nutrition education will be provided and nutrition incentive program will be encouraged.
- Promote safety in and out of the home by partnering with local law enforcement and other public safety personnel.

Essential Healthy Eating Topics in Health Education

Healthy eating and physical activity topics will be taught as outlined in Utah's health education common core curriculum (<http://www.uen.org/core/health/>).

Food and Beverage Marketing in the School

The School is committed to providing a school environment that ensures opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions. The School strives to teach students how to make informed choices about nutrition, health and physical activity. These efforts will be weakened if students are subjected to advertising on School property that contains messages inconsistent with the health information the School is imparting through nutrition education and health promotion efforts. It is the intent of the School to protect and promote students' health by permitting advertising and marketing for only those foods and beverages that are permitted to be sold on the School campus(es), consistent with the School's wellness policy.

Any foods and beverages marketed or promoted to students on School property during the school day will meet or exceed the USDA Smart Snacks in School nutrition standards.

Food and beverage marketing is defined as advertising and other promotions. Food and beverage marketing often includes oral, written, or graphic statements made for the purpose of promoting the sale of a food or beverage product made by the producer, manufacturer, seller or any other entity with a commercial interest in the product. This term includes, but is not limited to the following:

- Brand names, trademarks, logos or tags, except when placed on a physically present food or beverage product or its container;
- Displays, such as on vending machine exteriors;

- Corporate brand, logo, name or trademark on School equipment, such as marquees, message boards, scoreboards or backboards (Note: immediate replacement of these items are not required; however, the School will replace or update scoreboards or other durable equipment when existing contracts are up for renewal or to the extent that is in financially possible over time so that items are in compliance with the marketing policy.);
- Corporate brand, logo, name or trademark on cups used for beverage dispensing, menu boards, coolers, trash cans and other food service equipment; as well as on posters, book covers, pupil assignment books or school supplies displayed, distributed, offered or sold by the School;
- Advertisements in School publications or School mailings; and
- Free product samples, taste tests or coupons of a product, or free samples displaying advertising of a product.

Physical Activity

The Board recognizes the importance of physical activity for student health and academic achievement. The Board encourages the director to implement programs to ensure that students engage in healthful levels of vigorous physical activity to promote and develop the student's physical, mental, emotional and social well-being. The following goals are some of the ways that the School hopes to achieve this:

- Provide a wide variety of physical activities and introduce students to many different sports and ways of getting physically active. This may be done through physical education, assemblies, after school activities and in the classroom;
- Provide daily recess for all elementary students for at least 20 minutes per day;
- Use a variety of subjects and innovative lesson plans to increase physical movement in the classroom;
- When activities such as mandatory testing or inclement weather make it necessary for students to stay indoors for long periods of time, students will be given periodic breaks during which they are encouraged to participate in some activity or movement;
- Physical education activities should teach students cooperation and teamwork, good sportsmanship, positive self-image, and personal achievement;
- Appropriate alternative activities should be provided for students with physical disabilities;
- Exemptions from physical activities should be provided where appropriate for ill or injured students; and
- Parent volunteers will be encouraged to form after-school clubs for students.

Physical Education

The School will provide students with physical education, using an age-appropriate, sequential physical education curriculum consistent with national and state standards for physical education. The physical education curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts (discussed in the “*Essential Physical Activity Topics in Health Education*” subsection). The curriculum will support the essential components of physical education.

All students will be provided equal opportunity to participate in physical education classes. The School will make appropriate accommodations to allow for equitable participation for all students and will adapt physical education classes and equipment as necessary.

Elementary students will receive physical education for at least 45-60 minutes per week throughout the school year.

Recess (Elementary)

The School's elementary campus(es) will offer at least **20 minutes of recess** on all days during the school year. If recess is offered before lunch, the campus(es) will have appropriate hand-washing facilities and/or hand-sanitizing mechanisms located just inside/outside the cafeteria to ensure proper hygiene prior to eating and students are required to use these mechanisms before eating. Hand-washing time, as well as time to put away coats/hats/gloves, will be built in to the recess transition period/timeframe before students enter the cafeteria.

Outdoor recess will be offered when weather is feasible for outdoor play. In the event that the School must conduct **indoor recess**, teachers and staff will follow the indoor recess guidelines established by the administration that promote physical activity for students, to the extent practicable.

Recess will complement, not substitute, physical education class. Recess monitors or teachers will encourage students to be active, and will serve as role models by being physically active alongside the students whenever feasible.

Before and After School Activities

The School offers opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods. The School will encourage students to be physically active before and after school.

Community Health Promotion and Family Engagement

Families will be informed and invited to participate in School-sponsored activities related to health promotion efforts. The School will use electronic mechanisms (e.g., email or displaying notices on the School's website), as well as non-electronic mechanisms, (e.g., newsletters, presentations to parents or sending information home to parents), to ensure that all families are actively notified of opportunities and invited to participate in School-sponsored activities (such as the annual 5K).

Staff Wellness and Health Promotion

The Committee will have a staff wellness subcommittee that focuses on staff wellness issues, identifies and disseminates wellness resources and performs other functions that support staff wellness in coordination with human resources staff.

The School will implement strategies to support staff in actively promoting and modeling healthy eating and physical activity behaviors. The School promotes staff member participation in health promotion programs and will support programs for staff members on healthy eating/weight management that are accessible and free or low-cost.
