

Bridge Elementary COVID Protocols 2022 – 2023

If a student or staff member tests positive for COVID they should remain home in isolation for five days from the first date of symptoms. When they return to school, they should wear a mask for five more days.

If a student or staff member is in proximity (within 6 feet for 15 or more minutes) to an individual in the home who tests positive for COVID, the exposed individual should wear a mask at school for at least 10 days following exposure.
