

2nd Grade PYP Internationally-Minded Achievement Award

Name: _____

Teacher: _____

Project approval must be submitted by May 5, 2023.

All requirements must be completed and submitted by May 12, 2023.

Required: Meaningful Student Action

The ACTION CYCLE is an essential element of an IB PYP education. At Hawthorn Academy, we believe that learning must extend beyond the academic into socially responsible attitudes and thoughtful, appropriate action.

We encourage students to act on what they are learning through the action cycle: REFLECT, CHOOSE, and ACT. Reflection allows learners to make informed choices, which drives effective action. Student initiated action demonstrates deeper learning through service to peers, our school, our community or our planet.

Action can be taken by an individual student or group of students working collaboratively.

Task: As an individual, or as a group, show student-initiated action through planning and carrying out a meaningful, student-initiated service project for someone outside your family. The project should take at least two hours for the second grader.

Service projects must be approved in advance by Mrs. Garcia (bgarcia@hawthornacademy.org) no later than **May 5, 2023**. After the project is complete, you will need to write a reflection and prepare a poster presentation to share with your class. The student, the parent/guardian, and the teacher will sign off when you have completed this task. The poster will be on display at the school.

This is my own, original student-initiated service project. (student signature)	My child planned and carried out this student-initiated service project. (parent signature)	My student gave a thoughtful reflection and presentation to our class, and completed an organized, neat poster. (teacher signature)
