

## OUR MISSION

# To nurture potential, rescue the harmed, and protect the earth.

An estimated 385 million children worldwide live in extreme poverty. They're missing school to provide for their families, battling gender inequality, fleeing armed conflict, and surviving violence and exploitation. These children and their families face disproportionate barriers to achieving their full potential. The only thing separating them from success is an opportunity.

Since 2009, The D. Gary Young, Young Living Foundation has partnered on dozens of projects worldwide that have helped over one million individuals in need meet their basic needs and unlock access to the opportunities they need to dream, create, and thrive.

## Our Three Focus Areas

01

### NURTURE POTENTIAL

We nurture potential by championing education for students and developing enterprise opportunities for women so the generational cycle of poverty can be broken.

02

### RESCUE THE HARMED

We rescue the harmed through our ending exploitation initiatives that aim to protect the vulnerable from abuse and human trafficking.

03

### PROTECT THE EARTH

We protect the earth through conservation efforts that bring about meaningful and lasting change in the natural environment.

## Our 100 Percent Promise

The Young Living Foundation is the philanthropic arm of Young Living Essential Oils. Because Young Living generously covers all of our administrative costs, 100 percent of every donation goes to our partners and projects, providing a direct impact.

“Knowing that 100 percent of what I give goes directly to the programs—and not a fraction of it is taken away—means that my donation gets leveraged and used to the best of its ability.”

—Melissa Poepping,  
Young Living brand partner
