NURTURING NATIONS STORY

“I want to express my deep appreciation for you, the Young Living Foundation, the Passion in You program, and everyone that made this project possible! Words can’t express the feeling when we walked into the kitchen for the first time. It felt like a sacred place knowing that so many children would be fed in this new facility—many children that wouldn’t survive without help. A place of hope and a place to help children to have a future instead of wondering if they will survive until tomorrow. Thank you for making this possible!”

This is a note from Laura Belk, the founder of Nurturing Nations that benefited from a grant through our Passion in You program. With the grant, the organization was able to build a kitchen in record time, doubling its capacity so they can feed more than 500 children through its school feeding program. The previous kitchen was also taking up an entire classroom. The school will have that space back to take in at least 50 more students.

Nurturing Nations runs a school and safe house in Kofi Kwei, Ghana, that provides a much-needed haven for children who are often greatly persecuted or abandoned due to their disabilities and vulnerability. Children like Kelvin, whose father died during a construction accident and was left alone for three days before being found and brought to Nurturing Nations. The organization has gained a solid reputation in Ghana for having the best facilities to care for and educate vulnerable children like Kelvin, and the much-needed kitchen will only add to that reputation.

SPENCER’S PLACE STORY

A @youngliving Brand Partner recently completed a #PassionInYou fundraiser for @spencersplaceaz, which provides employment opportunities and vocational training for young adults with intellectual and developmental disabilities. With \$10,000 matched by the Young Living Foundation, over \$22,000 was raised for Spencer’s Place!

Spencer’s Place said this Passion In You fundraiser will allow them to prepare for a second location and extend employment opportunities to so many more individuals. We are thrilled for them and the possibilities ahead!
