### **Nacde Bobadillo - Speaking about the UP-CLOSE WASHINGTON DC PROGRAM**

- Need significantly more donations
- Shorter prep time because it took so long to get approval and participating cadets from N Campus.
- Can still take additional cadets, particularly if they were already on the list.
- Devin Yi is working on getting funds from a corporate sponsor. If possible, that will help current attendees who need the additional funds, and possibly allow several seniors to attend via scholarship funds.
  - This will need to be decided on in Jan at the latest. Trip is in April.
- Citrus fruit box fundraiser in process.
- Would like to make this trip an annual event

### **Marinda Johnson (parent and staff) - Created awareness and asked for support to retrieve her boys who are/were cadets here**

- FB Auction to raise funds for private investigators, etc.
- Were encouraged to 'run away' - their father is part of a religious group that has used this tactic/method in the past
- Needs help and support - has some services and the school as well
