

3A.01.012 Dissemination of Information About Juvenile Offenders

The dissemination of any information about students' juvenile offenses or charges shall be consistent with FERPA and GRAMA, including applicable time periods and protection of confidential information.

Only the School Director and teachers who have instructional or activity oversight of the student shall have authority to receive confidential information about students' juvenile offenses or charges.

A dispute regarding the dissemination of information shall be decided in favor of a student's rights to privacy, except in the event of apparent imminent danger to persons or property.
