

# Scholar Driving Policy and Parking Permit

A scholar may drive to school if he/she purchases a parking permit from the school (see fee schedule). The parking permit must hang from the rear view mirror and cars must be parked in the scholar parking area. A scholar may only drive other scholar passengers if he/she has written permission from his/her own parents AND the parents of the scholar passengers. If a scholar car becomes a distraction at school, car privileges may be revoked.

**A copy of the scholar's driver's license and insurance card is required to obtain a parking permit.**
