

Entrance and Exit Plan

Drop off - Parents will drop students off between 7:40am-8:00am along traditional drop off zones in our carpool loop.

Students will then enter the school through their designated pod, or assigned entrance.

It is possible that we will implement a system of temperature checks at each of these entry points. Feasibility and necessity discussion is being done to make this decision.

Elementary students (k-6) will report directly to their classrooms once dropped off. The playground and library will be closed to students before school.

Middle school students (7-9) will enter gym 2 through the south gym 2 entrance, and remain there until 7:55am. Students will be escorted in groups to their 1st period.

All students must wear face coverings during the drop off and school entrance procedure.

Entry Door Assignments:

K/1 – exterior pod door to classroom

2/3 – exterior pod door to classroom

4 – exterior pod door to classroom

5 – exterior pod door to classroom

6 – back/south lobby entrance to classroom

7-9 – exterior gym2 doors to gym2

Breakfast - enter through exterior cafeteria north doors.

Pick up - All students will be escorted out of the building by either their classroom aide or teacher, out of their designated exit. Once out of the building, students will be allowed to congregate and go to their carpool.

Students must wear face coverings until they enter their carpool, or leave the Lakeview Academy campus.

Students who are participating in after school activities will still exit the building, and will be assigned a re-entrance procedure by their after school program supervisor.

Students will not be allowed to meet their siblings while in the school. They are encouraged to pick a designated meet up spot as a family/carpool outside.

On campus playground equipment will be closed after school.
