

## **Restroom Procedure Plan**

Teachers will limit the amount of students allowed to use the restroom from their class to 1 at a time.

Teachers may create a scheduled time of when students are allowed to go to the restroom, based on needs. That schedule would be clearly posted for student's information.

Hygiene information posters will be placed in all restrooms on proper hand washing techniques.

Middle school students will be encouraged to use the restroom during transition time.

Face coverings are required while using the restroom.

Hand washing is required after using the restroom.

The restroom will be sanitized daily after school by custodial staff, and as needed throughout the day.
