

# **Family Educational Rights and Privacy Act Notice of Directory Information**

The Family Educational Rights and Privacy Act ("FERPA"), a federal law, requires that Bridge Elementary (the "School"), with certain exceptions, obtain a parent or eligible student's (eligible students are students 18 years of age or older) written consent prior to the disclosure of personally identifiable information ("PII") from a student's education records. However, the School may disclose appropriately designated "directory information" without written consent, unless a parent or eligible student has advised the School to the contrary in accordance with School procedures. The primary purpose of directory information is to allow the School to include information from a student's education records in certain school publications. Examples include:

- A playbill, showing a student's role in a drama production;
- The annual School yearbook;
- · Recognition lists; and
- Programs for school sporting events, showing the weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent or eligible student's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965, as amended (the "ESEA"), to provide military recruiters, upon request, with student names, addresses and telephone listings unless parents or eligible students have advised the LEA that they do not want such information disclosed without their prior written consent. *See* Section 9528 of the ESEA (20 U.S.C. § 7908) and 10 U.S.C. § 503(c).

If a parent or eligible student does not want the School to disclose any or all of the types of information designated below as directory information from the student's education records without prior written consent, the parent or eligible student must so notify the School in the "Notice for Directory Information" Section in the student's Registration Packet <u>prior to</u> submitting the Registration Packet to the School. The School has designated the following student information as directory information:

- Name;
- Photograph;
- Grade level;
- Honors and awards;
- Participation in officially recognized activities and sports; and
- Parent names and contact information.

# **Notice to Parents Regarding Withdrawing from School**

Utah state law establishes procedures that govern the withdrawal of students from a charter school for enrollment in a district school or another charter school. *See* Utah Code. § 53G-6-503 and Utah Admin. Rule R277-472.

Specifically, Utah law states that parents are to provide notice by June 30<sup>th</sup> of their intent to withdraw from a charter school and enroll in the student's school of residence for the following school year. If the parent applies for admission to their school district of residence for the following year by June 30<sup>th</sup>, the school district must accept the student into the student's school of residence.

For example, if a parent intends to withdraw their student from a charter school and enroll their student in their neighborhood district school for the 2020-2021 school year, they should notify the charter school of their intent by June 30, 2020. If the parent submits an application for admission to the student's school district of residence by June 30, 2020, the district is required to enroll your student in your local neighborhood school.

If a parent wants to withdraw a student from a charter school <u>after</u> June 30<sup>th</sup> or at any time during the school year, state law requires the parent to first go to the student's school district of residence or other charter school and obtain a letter of acceptance for enrollment in the new school. The parent then needs to give the charter school a copy of that letter of acceptance. Also, in this situation, the local school district is not required to accept the student into their school of residence if the parent did not submit an application for admission to the student's school district of residence by June 30<sup>th</sup>. The district is only required to accept the student into a school in the district that has adequate capacity.

For example, if the parent in the above example fails to enroll the student in the neighborhood district school by June 30, 2020, the district doesn't have to allow the student to enroll in their neighborhood school if that school doesn't have adequate capacity for the 2020-2021 school year. The district would then tell the parent which district school has capacity for their child and the parent would be responsible for transportation to that school.

School districts should post information to their website about which schools in the district have adequate capacity. If they have not done so, you should contact the district office and request that information.

We don't want anyone to be caught in a difficult situation, so if you plan to enroll your student in a district school next year, please understand and follow these requirements. If you choose to unenroll your student from our school, then change your mind, you will have to re-enroll through the lottery, and we cannot guarantee reentry into the school regardless of the situation.

### Withdrawing from Enrollment in a Charter School

Below is a summary of how a parent may withdraw their student from a charter school for enrollment in another charter school or school district:

In accordance with Utah Code. § 53G-6-503 and Utah Admin. Rule R277-472, the parent of a student enrolled in a charter school may withdraw the student from that charter school for enrollment in another charter school or a school district by:

- On or before June 30, submitting to the charter school a notice of intent to enroll the student in the student's school of residence for the subsequent year;
- After June 30, submitting to the charter school a letter of acceptance for enrollment in the student's school district of residence for the following year;
- Submitting a letter of acceptance for enrollment in the student's school district of residence in the current school year;
- Submitting a letter of acceptance for enrollment in a nonresident school district; or
- Submitting a letter of acceptance for enrollment in a charter school.

This means that a family has the right to withdraw from a charter school and enroll in a local district school without further procedure through June 30th before the school year starts. Families run no risk of being denied enrollment in the local district school up through June 30th before the school year starts. However, after June 30th, the prospective school for enrollment must authorize the change. The intent of the law is to help all schools, both district and charter, to have a solid projection of enrollment no later than June 30th for the purposes of staffing/hiring.

## **Notification of Rights under Family Educational Rights and Privacy Act**

The Family Educational Rights and Privacy Act ("FERPA") affords parents and students 18 years of age or older ("eligible students") certain rights with respect to their education records. These rights include:

- 1. The right to inspect and review the student's education records within 45 days after the day Bridge Elementary (the "School") receives a request for access. A parent or eligible student should submit to the School Principal/Director a written request that identifies the record(s) the parent or eligible student wishes to inspect. The School will arrange for access and notify the parent or eligible student of the time and place where the records may be inspected.
- 2. The right to request an amendment of the student's education records that the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.
  - Parents or eligible students who wish to ask the School to amend a record should write the School Principal/Director, clearly identify the part of the record they want changed and specify why it should be changed.
  - If the School decides not to amend the record as requested, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
- 3. The right to provide written consent before the School discloses personally identifiable information ("PII") from the student's education records, except to the extent that FERPA authorizes disclosure without consent.
  - One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official typically includes a person employed by the School in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the School's board of directors; contractors, consultants, volunteers, and other outside parties to whom the School has outsourced institutional services or functions that the School would otherwise use its own employees to perform and who is under the direct control of the School and subject to the same conditions governing the use and redisclosure of education records that apply to other school officials, such as an attorney, auditor, therapist, medical consultant, or education service provider; or a parent, student, or other School volunteer assisting another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the school official needs to review an education record in order to fulfill his or her professional responsibilities for the School.

Upon request, the School may also disclose education records without a parent or eligible student's prior written consent to officials of another school in which a student seeks or intends to enroll, or is already enrolled, if the disclosure is for purposes of the student's enrollment or transfer.

Please refer to the list on the following page for a summary of disclosures schools may make without receiving prior written consent from a parent or eligible student.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office U.S. Department of Education 400 Maryland Avenue, SW Washington, DC 20202

#### Disclosures Schools May Make Without Prior Written Consent

FERPA permits the disclosure of PII from students' education records without consent of the parent or eligible student if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. A school may disclose PII from the education records of a student without obtaining prior written consent from a parent or eligible student as follows:

- To other school officials, including teachers, within the school whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in § 99.31(a)(1)(i)(B)(1)-(a)(1)(i)(B)(3) are met. (§ 99.31(a)(1))
- To officials of another school where the student seeks or intends to enroll, or where the student is already enrolled, if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of § 99.34. (§ 99.31(a)(2))
- To authorized representatives of the U. S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State Education Agency (SEA) in the parent or eligible student's State. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§ 99.31(a)(3) and 99.35)
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§ 99.31(a)(4))
- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§ 99.31(a)(6))
- To accrediting organizations to carry out their accrediting functions. (§ 99.31(a)(7))
- To parents of an eligible student if the student is a dependent for IRS tax purposes. (§ 99.31(a)(8))
- To comply with a judicial order or lawfully issued subpoena if applicable requirements are met. (§ 99.31(a)(9))
- To appropriate officials in connection with a health or safety emergency, subject to § 99.36. (§ 99.31(a)(10))
- Information the school has designated as "directory information" if applicable requirements under § 99.37 are met. (§ 99.31(a)(11))
- To an agency caseworker or other representative of a State or local child welfare agency or tribal organization who
  is authorized to access a student's case plan when such agency or organization is legally responsible, in accordance
  with State or tribal law, for the care and protection of the student in foster care placement. (20 U.S.C. §
  1232g(b)(1)(L))
- To the Secretary of Agriculture or authorized representatives of the Food and Nutrition Service for purposes of conducting program monitoring, evaluations, and performance measurements of programs authorized under the Richard B. Russell National School Lunch Act or the Child Nutrition Act of 1966, under certain conditions. (20 U.S.C. § 1232g(b)(1)(K))

## **Student Data Collection Notice**

Bridge Elementary (the "School") collects student data for two main purposes: to comply with law and to improve students' educational experience. Student data enables the School to participate in education programs and to qualify for education funds. Student data also helps the School to better plan and personalize classroom instruction, increase student and teacher performance, and make informed decisions.

Student data collected by the School includes data defined as necessary student data, optional student data, and personally identifiable student data (PII) in Utah Code § 53E-9-301. The School collects student data primarily through registration, but it also collects additional student data during the school year. The necessary, optional, and PII data collected by the School is listed in its Data Governance Plan, which is published on the School's website. The School does not collect student social security numbers or, except as required in Utah Code § 78A-6-112, criminal records.

The School strives to not share PII unless the sharing is in accordance with Utah's student privacy and data protection laws and the Family Educational Rights and Privacy Act ("FERPA"). Except as allowed by law, the School will not share PII externally without written consent. Some examples of where the School is allowed by law to share PII without written consent include sharing such data with an authorized caseworker or other representative of the Department of Human Services, in response to a valid subpoena, or to persons or entities qualifying as school officials under FERPA.

The School takes many measures to protect student data. Student data stored digitally is stored on computers and systems that are secured, maintained, and supported by qualified IT service providers. Confidential PII in print form is stored in secured, locked areas in the School.

A student's rights under Utah Code § 53E-9-301 through 310 include:

- Each student owns his or her PII. A student and his or her parent must be allowed to access such student data maintained by the School;
- A student's parent or guardian, or an adult student, has the right to be notified by the School if a significant data breach occurs at the School;
- A prior student or parent of a prior student is entitled to have the prior student's student data that is stored by the School expunged in accordance with State Board of Education rules; and
- A student is entitled to receive a student data collection notice from the School prior to the School collecting necessary or optional student data of the student.

The collection, use, and sharing of student data has both benefits and risks. Parents and students should learn about these benefits and risks and make choices regarding student data accordingly.
