

2020-2021 Successful Governance Seminars

The school's governing body, the board of trustees, is legally responsible for the academic, financial, and operational quality of the charter school. Come to our Successful Governance Seminars and learn the tools needed to provide proper oversight in academic, financial and operations of your charter school.

Successful Governance Seminars are a four-part series to help the governing board understand their responsibilities. Series does not need to be taken in order.
