

3A.01.15 Student Search Policy

Definitions

Board Policy:

In order to ensure student safety and protect individual student rights, administration shall develop and implement procedures related to the search of student property. Procedures shall provide:

- That a search may only occur upon reasonable suspicion that student safety is at risk or that a student is in possession of an item or items prohibited by school safety or discipline policy, such as controlled substances or weapons;
- That students are protected from unreasonable intrusion;
- That faculty and staff are appropriately trained in the fair and consistent implementation of student search procedures.
