

Monthly Directors Report

1. Please list activities and programs completed this month that support:

a) Language Arts and Mathematics Ends Policy

BOY data was emailed to the Board previously that shows the specific skills in reading that will be focused on in ROAR groups. No other updates at this time.

b) Science, Arts, and Technology Ends policy

The teachers were trained on their cameras and should be utilizing those now to help ONLINE learners and kids who are absent for other reasons. We are beginning to fly InfiniD labs that are like our space missions, but shorter and not as immersive. These can be flown in the classroom with a normal computer lab.

c) Enrollment Ends Policy –

Total	973	625	247

d) Parent Satisfaction Ends Policy

No updates at this time.

2. Please provide information and updates from the following departments:

- a) **Business/finance/IT** – The business office and I have submitted all approved grants and we are seeing those progress in the system and we have been drawing funds as available.

- b) **Special Education, Business reports, Accreditation** –No updates at this time.
- c) **Staff updates** – We have hired two teachers to fill the openings we have and are excited for
- d) **COVID-19 update** – We are currently at no risk of having high enough numbers to close our school. We have students and staff who are on quarantine, but none are due to exposure at school.

Toot our Horn!

1. We had our Arts Night show what you know in October and it was our first ever under the stars event to reduce the risk of spreading COVID-19 and still have an Arts night. It went really well and our students loved having an audience to perform in front of.
2. We have released multiple recorded elementary specials lessons for our ONLINE learners and any student who wants to watch. A big ROAR to those teachers who recorded lessons to help give the arts to our ONLINE students.
3. A huge ROAR to Mr. Olsen our Head Custodian and his crew who have worked hard to help keep the school clean and disinfected. This task is no small deal and he has done it so well and even with a smile...we think a smile; it is hard to tell when he is in a mask.
