

Parents,

Please use the following information to create your ASPIRE account. This account will be used to view your child's lunch balance, see their assessment data and absences, update address and phone number information, update emergency contacts and to file an application for FREE/REDUCED Lunch (information about this coming soon). If you have attended a previous charter school and used ASPIRE you will need to create a new account as each school has their own ASPIRE database.

You will access ASPIRE from our webpage (STUDENT DATA icon) and select the ASPIRE LOGIN button <https://www.bridgecharter.org/access-student-data>

If you created a login account at the end of your student's registration process, you will type in your username and password on the ASPIRE homepage. All students connected to your account will display.

If you did NOT create an ASPIRE login account at the end of your student's registration process, follow these steps to create your account.

1. On the ASPIRE home page, click on the "Request a Username".
2. Type in your student's ID# (in this email) and matching birthdate. If you have more than one student attending Bridge, you only need to enter the information for one student.
3. Complete the requested information, and then proceed to "create account".
4. Once you are logged into ASPIRE all of the students linked to you will display.

[Student's Full Legal Name]

[Student's ID]

If you are having difficulty setting up your account, please reach out to Lalani Williams – [lwilliams@BridgeCharter.org](mailto:lwilliams@BridgeCharter.org)

Once you have logged into Aspire, you can click on your student's name to see their assigned teacher.
