## **1000 GOVERNANCE/ORGANIZATION**

## **1100 Administration**

## **1101 ADMINISTRATIVE RULES POLICY**

### **Purpose**

To describe how board policy will be implemented and enforced within the school to provide a safe and effective learning environment for students.

### **Definition**

An administrative rule is the school's written rule, standard, statement, procedure, guideline, or instruction as to how Board of Trustee approved policy shall be implemented and carried out for the benefit of students and parents and the operation of the school. The School Leader writes administrative rule under the authority of the Mountainville Academy Board of Trustees.

### **Policy**

The Mountainville Academy School Leader shall establish and enforce administrative rules that contribute toward the effective operation and management of the school. Administrative rules shall reflect the mission, vision, and goals of the school's charter. Administrative rules shall also reflect the intent of broad board policy and shall not be in conflict with any delineated guidelines or procedures contained within school policy. Furthermore, these rules shall not be inconsistent with the charter, by-laws, or any state or federal laws and regulations. At such time that any rule, or part thereof, becomes in violation or conflict, that part shall become null and void. These rules shall also not be contradictory or in conflict with themselves. Administration will make reasonable efforts to change rules to rectify violations and conflicts in a timely manner. The School Leader shall provide information on changes or additions to administrative rules to the Mountainville Academy Board of Trustees before any official communication to parents or students.

### **Procedures**

Administrative rules may be written, revised, and added to at the discretion of the School Leader. New rules, revisions, and additions to rules will be clearly and effectively communicated to the Board of Trustees, teachers, staff, students and parents in a timely manner and be made publicly available. Administrative rules are published in the Mountainville Academy Policy and Procedure Manual.

## **1200 Auxiliary Committees/Organizations**

## **1201 ACADEMIC EXCELLENCE COMMITTEE**

### **General Purpose**

The Academic and Personal Excellence Committee is commissioned by and responsible to the Board of Trustees to assume the primary responsibility for working with the School Leader to define academic excellence and personal excellence, ensure that all board members know the charter promises that were made to the community and to the authorizer, and to devise clear and consistent measures to monitor progress toward achievement of these goals.

### **Appointments and Composition**

1. Appointments of the chair and members of the Academic and Personal Excellence Committee shall be made annually by the Chair of the Board with the advice and consent of the Board, as well as with the advice of the School Leader.
2. The chair of this committee shall be a member of the Board of Trustees.
3. Additional appointed members of this committee may or may not be members of the Board of Trustees. Given the nature of this committee it may potentially be beneficial to appoint several outside academic leaders to the committee.
4. All appointments of committee members are subject to the conditions stated in the by-laws.

### **Responsibilities**

It is important to note that this is a governance function, not a management function, and it is anticipated that the School Leader will have a great deal of input into the work and composition of this committee. The committee's main role is to assure that academic and personal excellence is defined, and that the full Board approves and monitors progress of annual goals to attain academic and personal excellence.

1. Define and continue to refine what academic and personal excellence means for Mountainville Academy.
2. Ensure that all board members understand the key charter promises made to our community and to our authorizer.
3. Work with school leadership to set annual academic and personal achievement goals to be presented to and approved by the full board.
4. Work with the school leadership to devise clear and consistent ways to measure progress toward stated academic and personal excellence goals.
5. Work with school leadership to share with the Board annual successes, barriers to reaching academic and personal excellence, and strategies to overcome these barriers.
6. Monitor the implementation of school curriculum by school leadership.
7. Review the effectiveness of school curriculum in achieving the attainment of academic and personal excellence.
8. Identify and provide for elements in the curriculum as outlined in the charter, as well as provide for future supplementation to the academic program.
9. Oversee the standards and alignment of professional development with the mission and vision of the school.

10. Oversee and work with school leadership, as appropriate, to annually prepare and submit the School Improvement Plan, the School LAND Trust Program application, the Reading Achievement Plan, the Utah Consolidated Application, and/or other academic plans and applications as applicable and required by state and federal statute.
11. Oversee school leadership in the development of a school library that meets state and/or recognized industry standards for school libraries.
12. Oversee supplementary school programs.
13. Arrange for board training on issues related to academic oversight and academic achievement, as needed.
14. Annually evaluate its work as a committee and the objectives it has committed itself to and report on same to the Board of Trustees.

## **1201-B READING ACHIEVEMENT PLAN**

### **Formation of a Task Force**

In compliance with Utah State law, the Mountainville Academy Board of Trustees shall designate a task force to develop a Reading Achievement Plan.

### **Composition of the Task Force**

The Mountainville Academy Academic and Personal Excellence Committee (AEC) shall serve as the task force designated to develop a Reading Achievement Plan.

### **Reading Achievement Plan**

The Reading Achievement Plan shall be designed to reach the state's long-term goal of having all students in the school reading on or above grade level by the end of the third grade. The AEC shall develop a Reading Achievement Plan for the school which shall be submitted to the Mountainville Academy Board of Trustees for review and approval prior to implementation. The plan shall be reviewed and approved by the Board of Trustees annually. Additionally, the AEC shall be granted access to all necessary materials to complete the plan, except that data which reveals the identity of students.

Following approval by the Board of Trustees, the Reading Achievement Plan shall be implemented by the School Leader, teachers, and other appropriate staff. The School Leader shall take primary responsibility to provide leadership and allocate resources and support for teachers and students, most particularly for those who are reading below grade level, to achieve the reading goal.

The Reading Achievement Plan shall include the following components:

1. An assessment component that focuses on ongoing formative assessment to measure the five domains of reading (phonological awareness, phonics, fluency, comprehension, and vocabulary) and inform instructional decisions, and includes a reading assessment selected from a list recommended by the State Board of Education. The assessment component may only allow the School Leader, teachers, and other appropriate school staff to have access to information that identifies those students reading below grade level. The assessment component shall make use of approved state testing and local assessment information to determine students' instructional needs, and shall be consistent with exemption provisions for scores of students with disabilities or with limited English proficiency (see Utah Code 53A-1- 603(3)(c)).
2. An intervention component that provides adequate and appropriate interventions focused on each student attaining proficiency in reading skills, is based on best practices identified through proven researched-based methods, provides intensive intervention, such as focused instruction in small groups, implemented at the earliest

possible time for students having difficulty in reading, provides an opportunity for parents to receive materials and guidance so that they will be able to assist their children in attaining proficiency in reading skills, and, as resources allow, involves a reading specialist.

3. A reporting component that includes reporting to parents their child's literacy profile which documents ongoing formative assessment results, and, at the end of third grade, their child's reading level. The reporting component shall also be consistent with the data to be included in the school's performance report required under Utah Code 53A-3-602.5.

### **School Improvement Plans**

#### **1. Academic Improvement Plan**

The AEC shall annually evaluate and use the results of approved state testing and other relevant sources to develop an academic improvement plan; however the AEC may not have access to data which reveals the identity of students. The academic improvement plan shall:

The plan shall focus on the school's most critical academic needs but may include other actions to enhance or improve academic achievement and environment for students.

#### **2. Other Improvement Plans**

- a. Identify the area(s) in need of improvement;
- b. Recommend a course of action to meet the need(s), including a reasonable timetable;
- c. List any programs, practices, materials, equipment or other resources that the school will need to implement the action plan, including financial resources needed for implementation
- d. Describe the expected results and direct impact of the improvement plan and how the plan will enhance the vision, mission and overall school goals
- e. Describe how financial resources available to the school will be used for this purpose.

All school improvement plans developed by the AEC are subject to the approval of the Board of Trustees, and shall not be implemented or revised without prior approval and

oversight. The plans, as approved by the Board of Trustees, shall be implemented by the school and the school shall provide ongoing support for the plan.

The AEC may develop multi-year school improvement plans, but the plans must nevertheless be presented to and approved annually by the Mountainville Academy Board of Trustees.

The school shall also, through the AEC, prepare and present an annual report to the Board of Trustees which details the results obtained from the implementation of the improvement plans.

## **1201-D SCHOOL LAND TRUST FUNDS**

### **Formation of a Committee**

In compliance with Utah Code and State Board Rules, the Mountainville Academy Board of Trustees shall designate a committee to develop plans for the use of School LAND Trust Funds and a current school plan for enhancing or improving academic excellence.

### **Composition of the Committee**

Utah Code 53A-16-101.5 (7)(a) allows a charter school governing board to serve as the council that prepares a plan for the use of School LAND Trust Program money if the number of members of the governing board who are parents and/or guardians of students enrolled at the school exceed all other members combined by at least two. Additionally, a parent or guardian of a student enrolled at the school must serve as chair or co-chair of the council that prepares the plan for the use of the School LAND Trust Program money.

Accordingly, the Mountainville Academy Board of Trustees shall serve as the council designated to develop plans for the use of School LAND Trust Funds. School LAND Trust Program

Utah Code 53A-16-101.5 (5)(a) allows a subcommittee to develop a program to use the school's allocation of School LAND Trust Funds. Accordingly, the Academic and Personal Excellence Committee shall serve as the subcommittee designated to develop a program to use the school's allocation of School LAND Trust Funds to implement a component of the school's improvement plan, including:

1. the school's identified most critical academic needs;
2. a recommended course of action to meet the identified academic needs;
3. a specific listing of any programs, practices, materials, or equipment which the school will need to implement a component of its school improvement plan to have a direct impact on the instruction of students and result in measurable increased student performance; and
4. how the school intends to spend its allocation of funds to enhance or improve academic excellence at the school.

The program developed by the Academic and Personal Excellence Committee to use the School LAND Trust funds shall be consistent with all laws and rules and is subject to the approval of the Mountainville Academy Board of Trustees and the State Charter School Board. The program, as approved by the Board of Trustees and State Charter School Board, shall be implemented by the school and the school shall provide ongoing support for the plan. The school shall also publicize to its patrons and the general public how the School LAND Trust funds were used to implement a component of the improvement plan and the results of those efforts. The school shall also, through the Academic and Personal Excellence Committee, prepare and present an annual report to the Board of Trustees at the

end of the school year which details the use of School LAND Trust funds and which assesses the results obtained from the use of those funds.

Information on the school's plan shall be completed via the School LAND Trust Program website maintained through the USOE.

The Academic and Personal Excellence Committee may develop a multi-year program for using School LAND Trust funds, but the program must nevertheless be presented to and approved by the Mountainville Academy Board of Trustees and State Charter School Board each year.

Mountainville Academy's FSO runs and oversees several volunteer committees, under the guidance of the School Leader. Each committee will have a designated chairperson (or co-chairs) appointed yearly by the FSO Executive Committee. The responsibilities of committee chairs include coordinating and communicating responsibilities to all committee members, ensuring their committee stays within their assigned budget and following through on assigned committee duties. Any information sent home from committee chairs needs prior approval from the FSO Executive Committee and the School Leader. Committee Chairs are encouraged to attend the monthly FSO Meeting.

FSO volunteers, committee chairs or officers are NOT given authority to sign any kind of contracts on behalf of Mountainville Academy.

Committees the FSO is involved with include but are not limited to: room moms, carnival, pizza day, Lion Walk, snack shack, yearbook, spelling bee, geography bee, drama club, school play, robotics club, chess club, foreign language clubs, teacher appreciation week, hospitality, storytelling festival, library-Battle of the Books, grants and donations, used uniform sale, directory, Mad Science, Red Ribbon Week, picture day, different abilities day, Box Tops, Campbell's labels, office decorations and Back to School Night/Open House.

## FSO BUDGET AND EXPENDITURES

The FSO budget must be approved by the School Leader and Board of Trustees before being implemented for the following school year. The FSO helps raise funds for special programs, activities and supplementary materials. All FSO committees must stay within their budgets and have all purchases pre-approved. Each committee chair is responsible for the purchases made for their committee. Approval for other committee members to make purchases can be arranged with the FSO Executive Committee (for large activities/programs such as pizza day, snack shack, carnival, etc.).

All purchases should be tax exempt. A tax-exempt form will be given out by the business manager for pre-approved purchases. Pre-approval is required for all purchases and can be obtained from the FSO chair and/or treasurer. To be reimbursed, committee chairs and designated volunteers will fill out and sign a blue FSO reimbursement form with receipts attached. If pre-approved, the form will then be signed by the FSO treasurer or chair, prior to being approved by the School Leader. The school business manager will cut checks for authorized expenditures only.

The FSO Executive Committee shall make budgeting decisions based on what benefits the majority of the student-body and teachers at the school. To amend any FSO expenditures currently in the budget, approval is required from a majority of the FSO Executive Committee.

All school fundraisers must be approved by the School Leader and then by the Board of Trustees. Mountainville Academy Board of Trustees and Administration do not approve of any fundraisers requiring students to sell items door-to-door that profit third party vendors (i.e. cookie dough, gift wrap, candy bars, etc.). Any person (parent, student, business, etc.) proposing a fundraiser for the school must first contact the school administration to seek approval, and if approved, they then must also receive approval from the Board. This includes selling items at any school event.

### VOLUNTEER RESPONSIBILITIES

Please see section 3113 “Volunteer Service” for a detailed explanation of volunteer expectations. Under the direction of the School Leader, the FSO Executive Committee oversees and coordinates all volunteer efforts. Any volunteers who wish to accompany their child’s class on a field trip must have completed and passed a criminal background check. Those needing a background check can get the required paperwork and information from the front office. It is the responsibility of the volunteer to pay for their own background check. ### DEFINITIONS

#### Policy

Key management personnel wanting to resign their position will do so, when able, in a way that provides adequate time for training of new individuals and the continuing governance of the school.

#### Board Succession Procedure

In order to maintain Board continuity, board members will ensure that succession, appointment and election procedures, as defined in MA by-laws and articles of incorporation, will be adhered to.

1. Board members desiring to resign their position shall notify the board in writing of their intention. Resignation letter should include the following:
  - a. a resignation effective date.
  - b. a recommended timeline preceding resignation for training new board member.
2. Board will create timeline for prompt replacement.
3. When conducting a search for new board members, the Board and administration will solicit applications from the school community, seek applications in the broader community, and attempt to identify individuals with desirable experience and expertise to serve on the board. Applicants will be brought to the board to determine finalists.
4. Board will interview finalists
  - a. Interviews of prospective board members will seek to determine whether individuals understand the mission of the Charter, are invested in that mission, have experience and expertise that will benefit the board and the school, and whether applicants understand and are willing to act in accordance with the board’s governance role.
5. New board member will be chosen by a majority vote of the remaining board members.
6. Newly elected board member will commit to training period and encouraged to attend board meetings, but will not be voting member until after the resignation effective date.

7. The Board member replacement process will remain consistent with Mountainville Academy's charter.

### **Administrative Succession Plan:**

With the **planned departure of key management**, the Board asks that the School Leader/Principal give the Board at least three months' notice of the key management personnel's intent to leave MA, if able. The Board will take steps in order to ensure that the replacement administrator is able to effectively lead MA and accomplish the mission and the goals established by the Board.

1. Upon learning of the School Leader's/Principal's intent to depart MA, the Board will appoint a search committee that includes members of the Board to coordinate the search for a successor. When the search committee is organized, the Board will have a discussion in order to:
  - a. Ensure that the Board is unified in its understanding of MA mission
  - b. Ensure that the Board is unified in its understanding of MA strategic direction
  - c. Ensure that the Board is unified in its understanding of the roles and responsibilities of the School Leader/Principal position
  - d. Ensure that the Board is unified in its understanding of the key competencies of an effective School Leader/Principal.
2. The search committee will develop a search process to present to the full Board for approval.
3. During the search process, the Board Executive Committee will meet regularly with the acting School Leader to review reports about the progress of MA and its programs, the performance of the organization, the financial condition of the school, and personnel issues in order to ensure adequate oversight on the part of the Board during the transition period.
4. The search committee will use the results of the prior Board discussions to develop a list of priority attributes to guide the search process and will evaluate candidates against these attributes. When a short list of interviewees is identified, the search committee will establish a process for interviewing and evaluating candidates.
5. The search committee will then recommend up to three candidates to the Board for consideration.
6. The Board will interview the candidates recommended by the search committee and make the final selection.

If the School Leader's/Principal **departure is unplanned** or occurs in advance of the completion of the search process, the Board will appoint an acting School Leader/Principal. The Board may also decide that it is in MA best interest to identify individuals outside MA to provide additional short-term administrative assistance to MA during the search process.

The Board realizes its responsibility to adopt the vision and goals of MA. Although the School Leader/Principal is expected to develop delivery practices of curriculum that aligns with the mission and vision of the school, when an entire educational team understands the mission, and clearly understand their role, it will help strengthen the school and facilitate an orderly transition in the event of the School Leader/Principal departure.

The succession plan will be considered and updated regularly.

## **1500 Related Oversight**

## 1501 CONFLICT OF INTEREST POLICY

The purpose of the conflict of interest policy is to protect Mountainville Academy's [hereafter referred to as the Organization] interest when it is contemplating entering into a transaction or arrangement that might benefit the private interest of an officer or director of Mountainville Academy or might result in a possible excess benefit transaction. This policy is intended to supplement but not replace any applicable state and federal laws governing conflict of interest applicable to nonprofit and charitable organizations.

### Definitions

**Interested Person:** Any director, principal officer, or member of a committee with governing board delegated powers, who has a direct or indirect financial interest, as defined below, is an interested person.

**Financial Interest:** A person has a financial interest if the person has, directly or indirectly, through business, investment, or family:

- a. An ownership or investment interest in any entity with which the Organization has a transaction or arrangement,
- b. A compensation arrangement with the Organization or with any entity or individual with which the Organization has a transaction or arrangement, or
- c. A potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which the Organization is negotiating a transaction or arrangement.
- d. Compensation includes direct and indirect remuneration as well as gifts or favors that are not insubstantial.

A financial interest is not necessarily a conflict of interest. Under Article III, Section 2, a person who has a financial interest may have a conflict of interest only if the appropriate governing board or committee decides that a conflict of interest exists.

### Procedures

**Duty to Disclose:** In connection with any actual or possible conflict of interest, an interested person must disclose the existence of the financial interest and be given the opportunity to disclose all material facts to the directors and members of committees with governing board delegated powers considering the proposed transaction or arrangement.

**Determining Whether a Conflict of Interest Exists:** After disclosure of the financial interest and all material facts, and after any discussion with the interested person, he/she shall leave the governing board or committee meeting while the determination of a conflict of interest is discussed and voted upon. The remaining board or committee members shall decide if a conflict of interest exists.

### Procedures for Addressing the Conflict of Interest:

- a. An interested person may make a presentation at the governing board or committee meeting, but after the presentation, he/she shall leave the meeting during the discussion of, and the vote on, the transaction or arrangement involving the possible conflict of interest.
- b. The chairperson of the governing board or committee shall, if appropriate, appoint a disinterested person or committee to investigate alternatives to the proposed transaction or arrangement.
- c. After exercising due diligence, the governing board or committee shall determine whether the Organization can obtain with reasonable efforts a more advantageous transaction or arrangement from a person or entity that would not give rise to a conflict of interest.
- d. If a more advantageous transaction or arrangement is not reasonably possible under circumstances not producing a conflict of interest, the governing board or committee shall determine by a majority vote of the disinterested directors whether the transaction or arrangement is in the Organization's best interest, for its own benefit, and whether it is fair and reasonable. In conformity with the above determination it shall make its decision as to whether to enter into the transaction or arrangement.

#### **Violations of the Conflicts of Interest Policy:**

- a. If the governing board or committee has reasonable cause to believe a member has failed to disclose actual or possible conflicts of interest, it shall inform the member of the basis for such belief and afford the member an opportunity to explain the alleged failure to disclose.
- b. If, after hearing the member's response and after making further investigation as warranted by the circumstances, the governing board or committee determines the member has failed to disclose an actual or possible conflict of interest, it shall take appropriate disciplinary and corrective action.

#### **Records of Proceedings**

The minutes of the governing board and all committees with board delegated powers shall contain:

- a. The names of the persons who disclosed or otherwise were found to have a financial interest in connection with an actual or possible conflict of interest, the nature of the financial interest, any action taken to determine whether a conflict of interest was present, and the governing board's or committee's decision as to whether a conflict of interest in fact existed.
- b. The names of the persons who were present for discussions and votes relating to the transaction or arrangement, the content of the discussion, including any alternatives to the proposed transaction or arrangement, and a record of any votes taken in connection with the proceedings.

#### **Compensation**

- a. A voting member of the governing board who receives compensation, directly or indirectly, from the Organization for services is precluded from voting on matters pertaining to that member's compensation.

- b. A voting member of any committee whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from the Organization for services is precluded from voting on matters pertaining to that member's compensation.
- c. No voting member of the governing board or any committee whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from the Organization, either individually or collectively, is prohibited from providing information to any committee regarding compensation.

### **Annual Statements**

Each director, principal officer and member of a committee with governing board delegated powers shall annually sign a statement which affirms such person:

- a. Has received a copy of the conflicts of interest policy,
- b. Has read and understands the policy,
- c. Has agreed to comply with the policy, and
- d. Understands the Organization is charitable and in order to maintain its federal tax exemption it must engage primarily in activities which accomplish one or more of its tax-exempt purposes.

### **Periodic Reviews**

To ensure the Organization operates in a manner consistent with charitable purposes and does not engage in activities that could jeopardize its tax-exempt status, periodic reviews shall be conducted. The periodic reviews shall, at a minimum, include the following subjects:

- a. Whether compensation arrangements and benefits are reasonable, based on competent survey information, and the result of arm's length bargaining.
- b. Whether partnerships, joint ventures, and arrangements with management organizations conform to the Organization's written policies, are properly recorded, reflect reasonable investment or payments for goods and services, further charitable purposes and do not result in impermissible private benefit or in an excess benefit transaction.

### **Use of Outside Experts**

When conducting the periodic reviews as provided for in Article VII, the Organization may, but need not, use outside advisors. If outside experts are used, their use shall not relieve the governing board of its responsibility for ensuring periodic reviews are conducted.

Approved: 08/06

## 1502 ELECTION POLICY

This policy ensures an equitable, orderly, and efficient election process for the election of members to the Mountainville Academy Board of Trustees (the Board), and the Family School Organization (FSO).

- E. **Voting:**
  - 1. For the election of candidates to the Board or the FSO all voting shall be done by paper secret ballot or other anonymous automated voting mechanism. There shall not appear any place on such ballot or automated voting mechanism that

2. All candidates are elected via a simple majority (>50%).
  3. Absentee voting begins 5 days prior to the election for members who wish to vote early and who verify their eligibility to vote with the school. Absentee votes are anonymously cast via secret ballot as described above. Absentee votes are counted on the night of the election.

## **1506 MOUNTAINVILLE ACADEMY BOARD MEETING PROCEDURE**

### Purpose

To create an orderly, common procedure for board meetings. Nearly all of the school board's work is performed in meetings or hearings that are open to the public. Such meetings are subject to several state and local procedural requirements, as well as the political climate of the locality. This procedure is to insure continual compliance with state and local open meeting laws.

### Definitions

### Policy/Procedure

#### **Before the Meeting:**

Time spent organizing in advance of meetings can improve the quality of the meeting and facilitate the proper conveyance of information to the public. Discussions at well-planned meetings are usually more focused, resulting in shorter meetings. In addition, fewer meetings may be needed to finish business because the right information and the right people are brought together the first time. The following are a few topics and questions to consider when organizing a meeting:

1. Prepare the agenda and information for discussion purposes.
2. Distributing information for the discussion items and action items in advance
3. Confirm space for the meeting
4. Special Equipment — Arrange for equipment such as microphones, amplifier/speaker systems, tape recorders, projectors, power cords, equipment stands, charts, markers, and other items to be available as needed.
5. Confirm that members will attend.

#### **Procedure for the Board Meeting:**

6. The chair should call the meeting to order. Roll call of the members is taken, and quorum is confirmed. (If a quorum is not present, no official business can be conducted until more members arrive. Informal discussion can, however, legally take place.)
7. Opening Statement — If a quorum is present, the chair may make an opening statement, welcoming the public and any invited guests to the meeting, and explain the rules to be followed during the meeting.
8. Order of Business — The chair guides the meeting through the order of business. A typical order of business might be:
  - a. public comment

- b. review of the previous board meeting minutes with the amendment and approval;
- c. hear the reports of committees;
- d. discussion of school business and finances;
- e. discussion and movement on action items.
- f. executive session: The Board will consider a motion to close the meeting to hold a strategy session to discuss pending or reasonably imminent litigation, and/or to discuss the purchase, exchange, or lease of real property, and/or the character, professional competence, or physical or mental health of an individual in conformance with § 52-4-204 and 52-4-205 et. seq., Utah Code Ann.
  - i. "Both a recording and written minutes of closed meetings are protected records under Title 63G, Chapter 2, Government Records Access and Management Act, except that the records may be disclosed under a court order only as provided under Section 52-4-304"

9. Adjournment.

## **2000 OPERATIONS**

## **2100 Instructional**

### **2101 ACADEMIC REPORTING**

Students will receive academic reports four times throughout the school year. The dates that each of these academic reports will be issued are announced and published by the school annually. In addition, conferences will be held twice annually.

As provided through dockets and the SIS system, parents have the opportunity to view student progress on a regular basis throughout the school year.

Report cards communicate the student's individual mean score for all graded work, including the student's mean achievement test scores. In the upper grades, the report card will assign the student a letter grade for each subject based upon the mean score achieved. The report card will also include the student's citizenship grade and the student's attendance record for the marking period.

During the conferences, the parent can expect to see samples of the student's work, the student's achievement scores, and an assessment of the student's performance. At any time through the year, teachers are available to the parents to discuss the student's strengths and successes, specific areas and strategies for student improvement, and a report of the student's social behavior.

## **2102 ASSEMBLIES AND SPECIAL PROGRAMS**

School assemblies and special programs will be held for students in the elementary grades (K-5) and also the middle school grades (6-9). Assemblies and special programs are scheduled for a variety of purposes aimed at educating, entertaining, and recognizing contributions to the school. Assemblies will also be used to unify students in support of team programs and individual performances. Students should leave their belongings in the classroom and are expected to behave respectfully during these occasions. Students will remain in attendance until formally dismissed by their teacher.

## **2103 CHANGE OF TEACHER**

Parents who would like to request a change of teacher for their student should follow the Procedure for Teacher Change Request (outlined below). This procedure is an open process and should involve discussion between the teacher, the parent, and the School Leader throughout. If at any time during this process the School Leader is not available to attend a scheduled meeting, the appointment shall be rescheduled. An exception to the progression outlined below may occur if the School Leader or the parent believes that circumstances necessitate.

### **Procedure for Teacher Change Request**

1. Concerns regarding an individual teacher should be first and foremost handled with the teacher directly. Parents should arrange an appointment to speak with the teacher and express concerns in open discussion. During this appointment, parents should discuss with the teacher expectations for change and solutions to the situation which will address teacher, student, and parent concerns.
2. In a situation where a parent feels that the meeting with the teacher did not produce satisfactory results, the parent should arrange a meeting with the teacher and the School Leader to review the concern and the lack of satisfaction in the results.
3. During the meeting with the parent, the teacher, and the School Leader, specific goals/expectations will be set by the School Leader together with a timeline for implementation. A date will be determined to meet again and discuss progress toward the goals/expectations. These goals/expectations will be set by the School Leader with the needs of parents, teachers, and students in mind and may include goals for any or all parties involved.
4. At the appointed time, the School Leader will contact/meet again with parents and discuss progress toward the goals/expectations. In the case where no marked progress toward the goal/expectations has been made, discussion will begin regarding moving the student to another class. The School Leader will consider space, based on current policy, in offering a parent/student a position in another class.

## **2106 GRADING**

Grading at Mountainville Academy is based upon the following guidelines:

- The Mountainville Academy grading policy supports learning. As such, routine homework assignments are graded based upon both completion and accuracy, and depending upon the subject. Each student is always expected to do his/her best on all work.
- Students are graded on the basis of skills mastery and knowledge. Although social skills are important, they do not affect academic subjects. Citizenship grades are assigned separately.
- Teachers are to provide ample opportunities for students to demonstrate knowledge and skills mastery. This practice provides the best possible assessment of the students' abilities and avoids penalizing a student who has had an off day at the time of a test.
- Generally, grades K-3 will not receive the traditional letter grades of A-F. Instead they will be scored with Outstanding (O), Satisfactory (S), and Needs Improvement (N).
- Results are to be recorded numerically rather than as letter grades prior to calculating a final grade.

- Rubrics are to be used for traditionally subjective assignments, such as essays, in order to provide clear standards for grades. Letter grades are to be assigned as follows:

100% - 93% = A 92% - 90% = A-, 89% - 87% = B+, 86% - 83% = B, 82% - 80% = B-, 79% - 77% = C+, 76% - 73% = C, 72% - 70% = C-, 69% - 67% = D+, 66% - 63% = D, 62% - 60% = D-, 59% and below = F.

**Submitting Grades:** Teachers input all grades into the SIS system. Assignment and test grades are posted in real time at least weekly by the individual teachers. Report card grades are posted within two school days after the end of the term. Report cards will be issued three school days after grades are posted.

**Grade Changing Policies:** Students/parents/guardians who believe that a grade was recorded inaccurately should first address the concern with the teacher who issued the grade. If a satisfactory resolution is not achieved with the teacher, they should then bring the issue to the attention of the School Leader for appropriate resolution.

This policy may be supplemented with school and class-level grading rules which will be clearly communicated to students and parents.

**Absences:** Students will be given an opportunity to make up missed work due to absence in accordance with guidelines in the Attendance and Truancy Policy.

## **2107 HOMEWORK**

At Mountainville Academy, all homework directly supports and enhances in-class learning. Homework also gives students a chance to see if they have mastered certain skills. Homework should be viewed as practice time, and used as an opportunity for students to reinforce classroom learning, master skills, and learn from mistakes. Each student is always expected to do his/her best work when completing homework. Homework will be graded for completion and corrected for accuracy, depending upon the subject.

Some assignments, such as projects, papers, reports, etc. will be graded in order for the child to demonstrate proficiency.

Guidelines have been established for the assignment of homework. Careful consideration is given by teachers as to the quality and amount of homework assigned, so as to reinforce classroom learning, achieve mastery of skills and concepts, and eliminate unproductive and ineffective homework.

In support of Mountainville Academy's mission and vision of academic and personal excellence, students will bring home dockets daily. The dockets include assignments required for the week as well as any necessary communication from the teacher regarding the student and the school. Assignments may include, but are not limited to, daily reading and daily math (if not completed in class). Docket procedures and expectations will be communicated annually to parents.

### Elementary School Homework Policy:

Students are expected to turn in assignments on time. Teachers are expected to clearly communicate due dates. Teachers reserve the right to deduct points for assignments turned in late that are not due to an excused absence. Students with an excused absence have five school days to turn in missed assignments without penalty unless other arrangements have been made with the teacher. Teachers will update Aspire weekly.

### Middle School Homework Policy:

Teachers reserve the right to deduct points for assignments turned in late, whose due dates have been communicated online, that are not due to an excused absence. Students with an excused absence have two class days to turn in missed assignments without penalty unless other arrangements have been made with the teacher. For example, if a student is absent on an A Day, their missed assignments are due on the second A Day they are back in school. ## **2109 LIBRARY**

The Mountainville Academy Library will be open fifteen minutes prior to the start of the school day and forty-five minutes after school is dismissed.

Each student will be allowed to have a total of two books checked out at any given time. For each returned book, a new book may be checked out for a maximum of two books. The school librarian may grant a student the privilege of checking out additional books depending upon the individual situation. Check out time is for a period of one week, or until the next scheduled class library rotation. Students may be allowed additional check out time (up to three weeks) if they are still reading their books or using them for a school project as appropriate. If a particular book is a very popular and there are students on a waiting list to check it out, the student may be limited to one week check out time.

Students are responsible for the books they have checked out. If a book is not returned after a three week period, a book replacement fee notice will be sent home with the student. Appropriate charges will be assessed to the student for lost or damaged books. The charge will be for the lesser of the cost of the book repair or for the book replacement.

If a student has reached the three week overdue limit on one or more books and has received a book replacement fee notice, no additional items may be checked out until the book is returned, replaced, or paid for. If library fines for damaged, lost, or unreturned items are not paid by the end of the school year, library privileges will be denied for the upcoming school year until the items are replaced, paid for, or returned.

Some books, including but not limited to reference material and periodicals, are not available for checkout. Books not eligible for checkout are determined by the school librarian.

No food or drink is allowed in the library.

All volunteers must be trained prior to working in the library.

Access to the school library is a privilege for students. This privilege can be denied to any student whose behavior is disrespectful to the library staff and/or the library materials.

## **2110 LIVE ANIMAL/PET POLICY**

### **I. PURPOSE**

Mountainville Academy (MA) strives to create an educational environment that promotes academic and personal excellence in its students. The school recognizes that when properly utilized, live animals/classroom pets can enhance the education curriculum. This policy helps to ensure a safe and healthy environment for all students & staff by controlling the impact that live animals/classroom pets have on the school environment.

### **II. POLICY**

MA recognizes that some individuals are susceptible to various allergens, diseases, or may have medical complications while near animals. As a result, the school has developed a policy to ensure the well-being of all individuals. This policy also helps ensure the humane and respectful treatment of live animals.

Teachers may keep live animals as pets in the classroom. Pets should be utilized as a teaching tool for the advancement of students and not merely acquired for their entertainment value. Prior to adopting a classroom pet, teachers should determine whether or not alternative methods to live animals are more favorable for instructional purposes. Pets are not allowed in the classroom without the express written consent from the School Leader. All required school procedures must be met in order to maintain the pet in the classroom. Administration has the right to remove a classroom pet at any time.

### **III. DEFINITIONS**

Definition of a *classroom pet*: A classroom pet is an animal that resides in the school facility during the school year and is cared for and observed by Mountainville Academy teachers and students.

1. Acceptable classroom pets: Only domestic animals may be kept as pets. Live animals for use as classroom pets must be purchased. Classroom pets should be diurnal (awake during the day.) Under appropriate conditions, acceptable pets may include, but not be limited to: fish and other approved aquatic animals, gerbils, guinea pigs, domestic rats and mice, caterpillars, butterflies, stick insects, approved non-dangerous insects, and approved non-dangerous spiders.
2. Unacceptable classroom pets: No exotic or wild animals may be kept as pets (including locally caught animals). Unacceptable pets include, but are not limited to: reptiles and amphibians (including frogs, turtles, lizards, and snakes), dangerous insects, dangerous spiders, birds, hamsters, rabbits, ferrets, chinchillas, and any other species deemed inappropriate, unsafe, or a health hazard as determined by the School Leader, MA Board of Trustees, or the Department of Health. Limited special exceptions may be granted by the School Leader to approve specific amphibians or reptiles determined to cause minimal health or safety risk in the classroom to either

people or the animal.

Definition of a *visiting pet*: A visiting pet is an animal that comes to the school on a visiting basis for a short period of time and does not reside at the facility.

Visiting pets should be included in the teacher's lesson plan in order to provide a positive, enriching learning experience for the students. Visiting pets are not permitted on the playground. All of the visitor's waste must be completely removed immediately, so that children have no access to it. Visitors must not be in the kitchen or dining area. Visiting pets must have all vaccinations required by local ordinance. Written documentation of vaccinations must be presented prior to the visit and kept on file for review.

#### **IV. GENERAL POLICY GUIDELINES & PROCEDURES**

1. Before acquiring a classroom pet, the teacher must investigate whether any student is:
  - A. allergic or sensitive to any particular species, their food, or bedding materials
  - B. immune-compromised, and therefore more susceptible to zoological illnesses
2. Teachers must provide parents and guardians with information about the classroom pet, the purpose of acquiring the animal (how its care will fit into the curriculum), and a plan for how any potential injuries (bites, scratches, etc.) will be managed.
3. Teachers must request written permission from the School Leader through the appropriate required school form. Neither students nor staff may bring or keep animals in school without the permission of the School Leader.
4. Upon notification by students, parents, teachers, or administration of animal sensitivity, a classroom may be required to be kept animal free. Animals must be removed from the classroom if the administration feels that it is in the best interest of the students and/or the school.
5. The classroom teacher is considered the animal's primary caregiver and is responsible to ensure that all of the animal's physical and psychological needs are met. These needs include, but are not limited to: appropriate diet, handling, housing, exercise, vaccinations, veterinary care, and socialization. Appropriate care must be provided for the pet during weekends, holidays, and vacations.
6. Cleanliness standards must be established for all animal housing. Animal housing must be checked regularly to ensure these cleanliness standards are maintained daily, including during weekends, holidays, and vacations. Animal waste must be disposed of properly (double bagged and immediately removed to outside dumpster). It is recommended that a classroom log is created to track cleanings and feedings.
7. Animals should be housed in a quiet area of the classroom away from windows, direct sunlight, heating vents, and drafts. Classroom teachers should ensure that animals are not left in the classroom during times when the building temperature may not be appropriate for the animal (e.g. during the nighttime, weekends, holidays, and vacations.)
8. Animals and their cages must be located as far away from ventilation systems as possible in order to avoid circulating allergens.
9. Children must be instructed in appropriate hygiene practices regarding the pet. Children are to immediately wash their hands after handling the pet or cleaning its habitat.

10. Children are to be instructed on safe handling of the pet. Children must be closely supervised at all times while interacting with the pet, for the welfare of both the children and the pet.
11. Classroom pets are not permitted to breed. If several animals of the same species are being maintained as classroom pets, males and females should be kept separate at all times
12. Animals are not allowed on busses.
13. Animals used for the purpose of assisting individuals must be registered in the front office upon arrival.

## **2111 PRAYER IN SCHOOL/RELIGIOUS OBSERVANCE AND EDUCATION**

Mountainville Academy has no policy that prevents or otherwise denies student participation in constitutionally protected prayer. Students are allowed to pray in school if they choose; however, school personnel are prohibited from leading the class in a prayer.

Mountainville Academy will maintain constitutional freedom in regards to religious observation and education. School activities, performances, or displays which include religion, or religious thought or expression, or the influence of religion on music, art, literature, law, politics, history, or any other element of the curriculum which is designed to achieve secular educational objectives will be undertaken. No aspect of cultural heritage, political theory, moral theory, or societal value will be included or excluded from the curricula simply because it affirms, ignores, or denies religious belief, religious doctrine, a religious sect, or the existence of a spiritual realm or supreme being.

## **2112 USE OF MEDIA AND ENTERTAINMENT**

Videos and DVDs may play an important supplementary role in classroom instruction, but should not be used as the main medium of instruction. In order to facilitate the intellectual growth of all students, teachers are expected to integrate a variety of teaching mediums in the classroom.

The School Leader must pre-approve any video, DVD, or movie that is shown in the classroom or any other school-related function whether on or off-campus. When choosing music, movies, Internet content, and other forms of mass media or entertainment, staff must make certain that the content is appropriate and relevant to what is being taught in the classroom. Additionally, media choices must not contain objectionable content. Movies which are labeled as Not Rated, G, or PG are generally considered acceptable; however, even within these bounds, teachers must utilize sound judgment of appropriateness within the classroom. Movies rated PG-13 or R and above are not acceptable.

Educational software/cable networks must be school approved and used under the direction of staff who are supervising the computer or TV where the software/programs are being used.

## **2200 Non-Instructional**

## **2201 CALENDAR**

The Mountainville Academy annual school calendar is closely aligned with the Alpine School District (ASD) annual school calendar. This alignment is provided in order to allow families with children in various local schools to have synchronized annual school calendars. If Mountainville Academy's schedule occasionally deviates from the ASD calendar, attendance at Mountainville Academy is required.

The board shall establish the number of days or equivalent instructional hours that school is held for an academic school year. When allowed by State law (53A-17a-103) the MA Board of Trustees may reallocate instructional hours or school days for teacher preparation time or teacher professional development. If the Board chooses to reallocate hours, this will come as a recommendation from the Academic Excellence Committee in conjunction with the School Leader.

## **2202 CLASS PARTIES**

In-class celebrations may be held prior to the winter break, spring break, end of the school year, and/or as dictated by the curriculum. Individual birthday celebrations will be at the discretion of each teacher.

Utah State Law prohibits students from consuming "homemade" food in a classroom setting. All foods must be store bought and packaged. Students should not bring treats, candy, goody bags, etc. to school at any time unless specifically assigned by the classroom teacher or roomparent. Teachers will advise students of any allergies/food limitations prior to the food assignments being scheduled.

Halloween will be observed at the school by allowing students the opportunity to dress up in costume. Clothes may be worn under costumes when appropriate, and it is not necessary that these clothing items be the school uniform. If a student chooses not to wear a costume, the student is not required to wear the regular school uniform. The regular academic school day schedule will be observed with an in-class party held at the end of the school day.

Students must adhere to the following guidelines when wearing Halloween costumes to school:

- No masks
- No blood or gore
- No weapons

Students who do not adhere to these guidelines will be asked to remove the part of the costume which is not in compliance. If this is not possible, a parent will be called to pick the child up from school or to bring something appropriate to the school and/or to resolve the problem.

## **2203 CLASS SIZE EXPANSION**

Mountainville Academy is committed to keeping class sizes and teacher-student ratios small, and therefore limits class size to 25 students. At the same time, the school recognizes that on occasion there may be extenuating circumstances that justify a class size increase above 25 students. Class size is critical to the success of students, teachers, and the school as a whole; therefore, the option to expand class size above 25 students should only be exercised in rare instances and when no other option exists. Depending upon the circumstances at hand, the School Leader may decide at his/her discretion whether or not to allow a class size increase, or seek the guidance/decision of the Board of Trustees.

## **2204 CLOSURE AND DELAY**

While emergency closings occur infrequently, Mountainville Academy is prepared for the unlikely event that the building systems could malfunction rendering the building unfit for occupation, or for weather which makes it necessary to send children home. During severe weather, families should check the school's social media applications, or local radio and TV stations for announcements regarding school closings or delayed openings. The school will also send a text and email notification regarding a delay or closing.

Please be aware of the variety of weather experienced by the cities our school serves. Weather may be severe in one city and acceptable in Alpine, or vice versa. Therefore, please listen for Mountainville Academy to be specifically mentioned in a school closure announcement to determine whether or not the school is in operation. The following two alternatives are available for "severe weather" days:

**School Cancellation:** Notification of school cancellation will be provided through local radio and TV stations. Additionally, the school's social media applications will have a cancellation notice posted by 7:00 a.m. indicating that school has been cancelled for the day. A text and email notification will also be sent.

**Delayed Start:** A delayed start occurs when the school day begins two hours later than usual (10:00 a.m.). A delayed start will be announced on local radio and TV stations beginning at 7:00 a.m. The school's social media applications will also have a delayed start notice posted by 7:00 a.m and a text and email notification will be sent. School will dismiss at the regular time of 3:00 p.m. (Mon.-Thurs.) and 12:30 p.m. (Fri.) regardless of a delayed start.

For the protection of students, parents are required to sign students out of the school in the office any time a student is picked up from school prior to regular dismissal time.

No child will be permitted to leave the school with any adult other than a parent or legal guardian unless the parent or legal guardian has given written permission to release the child to that person's custody. Parents will not be allowed to call the school to request that an alternate adult be permitted to pick up their student(s) on their behalf. Without exception, parents and all others who sign a student out of the school during the day will be required to show photo ID. If desired, parents may leave a photocopy of their ID on file. When a written note is provided authorizing the release of a child to a non-parental, non-custodial adult the office will photocopy the adult's ID, sign and date the copy, and place it in the student's file prior to releasing the child to them.

Students cannot walk home alone or meet the parent outside the building during school hours.

- Mountainville Academy requires all contractors and volunteers who routinely perform work on campus to be in compliance with this policy.

### **For Job Candidates:**

- Mountainville Academy conducts background checks on all job candidates postcontingency offer, but prior to written offer. The type of information that can be collected by this agency includes, but is not limited to, a criminal background check, education, employment history, credit, and professional and personal references. This process is conducted to verify the accuracy of the information provided by the candidate and determine his/her suitability for employment.

### **Offer of Employment Process**

Once a candidate has been identified for hire, the School Leader submits the employment application and a recommendation to hire. When verbally making the offer of employment to the successful candidate, the School Leader must inform the candidate

that the offer is contingent upon the successful results of the background check. A background check is then run for the candidate.

General Guidelines:

1. **ASSOCIATED COSTS:** Fees for background checks will be paid by the school for all employees and board members. Fees for volunteers will be paid by the volunteer; however, the FSO will pay for a background check for a volunteer if the volunteer qualifies for the free or reduced lunch program. .

7. **EMPLOYMENT CONTINGENCY:** Background checks are to be processed after a contingent offer of employment has been extended to the applicant. Note: The offer of employment is contingent upon the successful results of the background check.
8. **AUTHORIZATION BY APPLICANT:** The candidate must authorize the background check. This is done by having the applicant complete the Background Authorization form. This form is available to the applicant in the front office and can be sent via e-mail to the candidate as well.

#### Verification of Background Checks:

If any discrepancies or criminal history are noted, the school reserves the right to consult with the office of State Risk Management, or any other pertinent office for determination. The School Leader will contact the candidate to inform him/her that Mountainville Academy is rescinding its contingent offer of employment. The School Leader will bring anything other than a clear background check to the Executive Committee to approve before finalizing employment. If a volunteer's background check is returned with unfavorable results the school reserves the right to revoke all future volunteer and / or employment opportunities.

Licensed educators, non-licensed employees and volunteers (including board members) shall report arrests, citations, or charges to the School Leader within 48 hours or as soon as possible in accordance with R277-516. Progress reports and report cards will be published at designated intervals.

During the week prior to the beginning of each school year, Mountainville Academy will hold a Student Open House. The Student Open House will give parents and students the opportunity to meet their new teacher, view the facilities, identify the location of classrooms and restrooms, and become familiar with other locations throughout the school. The Student Open House is designed to help students feel prepared and comfortable on the first day of school.

During the first week of school, Mountainville Academy will hold a Back-to-School Night for parents. The school and/or teachers will provide curricular information regarding what the children will be taught during the school year. Additionally, the teacher will explain the daily classroom schedule, instructions regarding the homework and communication folder, class grading procedures, homework and testing expectations, yearly calendar, and any other information the teacher feels is specific to his/her classroom. The School Leader and other important school officials will also address the parents during the evening. Parents will be informed of volunteer opportunities and upcoming events.

### **3103 EAGLE SCOUT PROJECTS**

Mountainville Academy greatly appreciates the willing and dedicated service offered by Boy Scouts who desire to complete their Eagle Scout projects for the benefit of the school. The following guidelines and principles have been established to govern potential Eagle Scout projects which may be approved and completed on behalf of the school.

1. If a prospective Eagle Scout would like to do a project for the school, he should begin by contacting the Family School Organization (FSO) Eagle Scout Project Coordinator. During this initial discussion, the Boy Scout should present and discuss his idea to ascertain whether or not the project idea fits within the guidelines established by the school. The Boy Scout may work with the coordinator to adapt the project as necessary.
2. If the prospective Eagle Scout would like to do a project for the school, but is unaware of the needs of the school, the FSO Eagle Scout Project Coordinator may work with the Boy Scout to identify and design a project to benefit the school which meets the established guidelines.
3. The FSO Eagle Scout Project Coordinator will work with a member of the Mountainville Academy Board of Trustees and/or the School Leader as needed during both the planning and implementation process. Either the Board of Trustees or the School Leader must approve the project, as appropriate, before the project is initiated.
4. If a project is proposed that the school does not feel is necessary or beneficial to the school, the project idea may be rejected. All proposed service projects or cleaning projects may be approved at the discretion of the School Leader. Any proposed project that alters the property, school grounds, or school building in any manner must be approved the Board of Trustees. Likewise, any fundraising or advertising which is done by the Boy Scout in the name of the school must be approved by the Board of Trustees.
5. When approving potential Eagle Scout projects, the school will consider the following factors: cost of ongoing maintenance, actual cost of project as compared to value of project, durability, future replacement costs, quality of workmanship to be performed, safety considerations, potential damage which may occur, and various other factors related to both the short-term and long-term impact of the project.

MA benefits and relies on various forms of fundraising, donations, gifts and sponsorships. All fundraising activities engaged in, and gifts, donations, or sponsorships received by MA and its auxiliary organizations will remain in harmony with the standards and values of the school, as well as in compliance with state and federal law. In an effort to minimize ongoing fundraising efforts within the school, all fundraisers must be approved by the MA Board of Trustees. This policy is intended to create practices that adequately safeguard public funds, provide for accountability, and ensure compliance with state and federal laws.

### **A. Purpose**

MA encourages community and business partnerships that enhance and supplement the public education system. MA also desires to protect students, parents, teachers, and school administrators from over-commercialization and fundraising efforts that are coercive and disruptive to the education processes, threatening to the health and welfare of students, or lacking in educational merit. MA is committed to work effectively with donors and sponsors to provide donation receipts, as required by law, and to facilitate the donors' charitable intent to the extent that the intent of any donation or gift is in harmony with MA goals and the law, and is appropriately approved. MA reserves the right to decline, restrict, or redirect donations, gifts, and sponsorships.

### **B. Scope**

This policy applies to all MA administrators, licensed educators, staff members, students, organizations, volunteers and individuals who initiate, authorize, or participate in fundraising events or activities for school sponsored events; and who receive, authorize, accept, value, or record donations, gifts or sponsorships on behalf of MA.

It is expected that in all dealings, MA administration, staff, and school employees will act ethically and consistent with MA's policies, the Utah Educator Standards, the Public Officers' and Employees' Ethics Act, and State procurement law.

### **C. General Policy Statements:**

1. "Public funds" are money, funds, and accounts, regardless of the source from which the funds are derived, that are owned, held, or administered by the state or any of its political subdivisions, including MA [Utah Code 51-7-3(26)]. All monies received through fundraising activities, donations, gifts, or sponsorships are considered public funds.
2. All funds, property, or goods donated, whether in-kind, cash, or otherwise, shall be complete transfers of ownership, rights, privileges, and/or title in or to the donated goods or services and become public funds and the property of MA, and should be used for the purpose for which they were donated and in accordance with State and MA policies.
3. Fundraising is permitted by MA to allow the school to raise additional funds to supplement school-sponsored academic and co-curricular programs.

4. MA is committed to appropriate distribution of unrestricted funds and the management of fundraising, donations and gifts to ensure that the educational opportunities for all students are equal and fair.
5. MA is committed to principles of gender equity and compliance with Title IX guidance. MA commits to use all facilities, unrestricted donations and gifts, and other available funds in harmony with these principles. The benefits derived from fundraising, donations and gifts should be equitable for all students, comply with Title IX and be in harmony with Article X of the Utah Constitution.
6. MA is a non-profit organization and all donations are tax deductible.
7. MA will comply with all applicable state and federal laws; the State procurement code (Utah Code 63G-6a); State Board of Education rules, including construction and improvements; IRS Publication 526 "Charitable Contributions"; and other applicable IRS regulations.

As required by state law, donations and gifts will only be accepted where there is no expectation or promise, expressed or implied, of remuneration or any undue influence or special consideration. MA employees are not permitted to accept personal payment or gratuities in any form from a vendor or potential vendor as a precondition for purchase of any product or service.

4. If prizes or rewards are offered by a selected fundraising vendor, they should only be awarded to groups, classes or students, and must be disclosed and approved prior to the fundraiser. H. Non-School Sponsored Activities and Fundraisers

1. Activities, clubs, groups and their associated fundraisers or other activities that are not school sponsored or groups, clubs, sports, and programs that are not managed by MA employees are deemed to be non-school sponsored. Non-school sponsored activities may:

MA may allow these groups to use the school's facilities at little or no charge in exchange for contributions or percentages of proceeds. MA may choose to provide some level of support or pay for portions of these activities. These arrangements shall be set forth in a written agreement or contract, and all transactions will be conducted as "arm's length transactions". These agreements shall take into consideration MA's fiduciary responsibility for the management and use of public funds and assets. The terms of these contracts will be approved by the school leader, the facilities use agreement approver, and the business administrator. ## **3106 LIBRARY COLLECTION DEVELOPMENT POLICY**

As a library for children and students, we seek for all books to be in accordance with a carefully written collection development policy in terms of educational significance, need, value, appropriateness of text, artistic quality, literary style, appeal, etc. The library seeks to purchase books which will thereby fulfill its stated Mission and Vision:

### **Mountainville Academy Library Mission Statement**

The Mission of the Mountainville Academy Library is to expand the knowledge of students by providing quality literature and research materials, train the students and teachers to utilize the library resources, and support the school's curricula.

### **Mountainville Academy Library Vision Statement**

The vision of the Mountainville Academy Library is to help children build character, expand their knowledge, inspire their imagination, and find joy in learning through reading quality literature. We seek to instill in children a hope for the future and a desire to contribute goodness and beauty to the world as they learn about this glorious earth, read of men and women of valiant character, and are introduced to many artists and their works.

### **Selection and Acquisition of Materials**

The school library media specialist has the responsibility for the selection and acquisition of library media materials, based on the needs of the patrons and curriculum of the school. Any challenge to controversial materials will be handled in the manner set forth. Items are personally examined before purchase when possible.

### **Guidelines for selecting materials:**

1. Educational value, curriculum requirements
2. Accuracy/currency of information
3. Potential for user appeal and student interest
4. Artistic quality, literary style
5. Author, illustrator, publisher, and producer reputation
6. School population (appropriateness for age range, reading levels, interests, languages, ethnicity, religion, etc)

### **Gift Acceptance**

Gifts of materials or equipment may be accepted by the librarian with the understanding that they may or may not be added to the collection. The decision to include gift items in the collection will be based on some or all of the following considerations:

1. The item meets school curriculum requirements and standards of selection

2. The physical condition is satisfactory and/or can be maintained during circulation
3. The school is in need of the item. The school library media specialist has the right to decide the conditions of display, housing, and access to donated items. No estimate of value of donated items will be furnished by the school. The school may acknowledge the receipt of a list of titles or other donated items as prepared by the donor and accompanying the donation, with value indicated by the donor. Gift collections (e.g. coins, small scale models, ethnic clothing or dolls, wall hangings, etc), which the donor expects to be on permanent exhibit, will not be accepted without approval by appropriate school administrative staff, due to lack of space for such a collection.

When the library receives a cash gift or a grant for the purchase of materials or equipment, the funds will be spent to acquire items as determined by the library to fulfill the area of greatest need, or to purchase items as restricted by the donor. Selection of items is made according to the selection policy as outlined.

Magazine donations may be accepted by the library with no restriction placed on how they will be used.

If desired, donors are welcome to write a brief note in the front cover of donated books or place a “donated by” sticker on software containers or equipment.

The acceptance of a gift item is not to be interpreted as endorsement of the item by the Mountainville Academy or an employee of the school.

#### Procedures for Dealing with Challenged Materials

Any patron, parent, teacher, or member of the community has the right to challenge library materials for appropriateness.

1. If materials are challenged, the school library media specialist will give the individual a Request for Reconsideration form. In compliance with the intellectual freedom guidelines, the challenged material will remain available to patrons until the form is returned. If determined appropriate by the school library media specialist or school administration, the challenged material may be temporarily restricted from check-out to students. If the form is not returned to the library within one week, the material will return to circulation.
2. When the form has been completed and returned, the librarian will inform the Reconsideration Committee of the request and allow reasonable time for the committee to review both the form and the material being challenged.
3. The school library media specialist will recommend individuals to be appointed to the Reconsideration Committee and submit the names to the Board of Trustees for approval annually. The Reconsideration Committee will include a minimum of the following:
  - 1) one member of the library staff,
  - 2) one member of the K-5 teaching staff,
  - 3) one member of grade 6-9 teaching staff,

- 4) one parent,
- 5) one member of the Academic and Personal Excellence Committee.
4. The Reconsideration Committee will meet to make a decision based on the concerns of the individual, material in question, reasons for selecting the material for the library, and selection guidelines as outlined. During this meeting, the purpose of the questioned material can be defended as well as questioned so the committee can make a well informed decision as to whether to remove or retain the questioned item(s).
5. After discussion, the Reconsideration Committee will determine by majority vote the fate of the challenged material. Options include:
  - a. Take no action
  - b. Restrict access to students whose parents/guardians grant written permission only
  - c. Restricted access to adults only
  - d. Removal from the Mountainville Academy library
6. The individual who challenged the material will be sent a letter explaining the decision of the committee and the basis for that decision.
7. The Mountainville Academy Board of Trustees shall be notified by the school library media specialist regarding the decision outcome of all challenged materials.

When learning resources are challenged, the principles of the freedom to read, listen, and view must be defended as well. The challenged material may be temporarily removed from circulation during the reconsideration process, but not removed from the library before the final decision is made.

The major criterion for the final decision inclusion in the Mountainville Academy library collection is the appropriateness of the material for its intended educational use.

### Intellectual Freedom

“Intellectual Freedom is the right of every individual to both seek and receive information from all points of view without restriction. It provides for free access to all expressions of ideas through which any and all sides of a question, cause or movement may be explored. Intellectual freedom encompasses the freedom to hold, receive and disseminate ideas.”  
<http://www.ala.org/ala/oif/ifissues/censorshipschools.htm> (accessed March 19, 2007)

Patrons have the right to experience intellectual freedom in the Mountainville Academy library, and the library staff will defend this freedom. When learning resources are challenged, the principles of the freedom to read, listen, and view must be defended as well. No parent has the right to determine reading, viewing, or listening material for students other than his/her own children.

### Weeding

Steps in ongoing collection development and weeding include:

- 1) Analysis of existing materials-Analysis of existing materials is done on the basis of the age of the material, quantity of material within a subject area, frequency of circulation,

intellectual content and accuracy, and appropriateness for the characteristics of the patrons.

- 2) Selection and acquisition of new materials-Periodic special budgets for collection building may be necessary, and will be used for specific materials.
- 3) Evaluation of the entire collection, considering priorities for development-Priorities for collection development may include: curriculum requirements, school population, lost/stolen materials, patron requests, new developments within subject area, and changing media formats.

Decisions on weeding are the ultimate responsibility of the library media specialist. The weeding guidelines used by the library media specialist include the following:

- Extremely poor physical condition
- Outdated, no longer true
- Content unsuitable for users
- Duplicates of books whose popularity has decreased
- Materials rarely used
- Content that is biased, Condescending, patronizing, or stereotyping
- Encyclopedia editions and Atlases over seven years old

Items withdrawn from the library may be given away or destroyed.

Weeding should be ongoing, with the goal of a thorough weeding of the entire collection every two or three years.

Items that should be discarded less frequently:

- 1) Classics – except when a more attractive edition is available or there are too many copies on the shelf.
- 2) Local history – unless it can be replaced with new or updated copies
- 3) Materials not subject to rapid change – fairy and folk tales, fiction, biography, fine arts and sports (with the exception of rule books), poetry and literature, languages, religion.

The Board will approve the final drawings to be included in the student elections. The final stage of the contest may be a supervised student election in which students vote upon the chosen finalists through a fair process to select the contest winner. ## **3112 TITLE ONE PARENT INVOLVEMENT**

### Purpose

At Mountainville Academy, we believe that ongoing involvement of parents is very important to the success of our students' education. To meet the Title I Schools requirements, our school must create and support a strong parent-school partnership. In order to receive Title I funding for our school, programs that support parent involvement must be in place and implemented. Because Mountainville Academy is a targeted-assistance Title I school, only Title 1 students benefit from the funding and are considered participants. As a Title I school, we encourage parent volunteerism and plan meaningful activities in which parents and families may participate.

### Policy

Annually, Mountainville Academy will convene a Title I orientation meeting, in conjunction with other orientation events at the beginning of each school year. All parents will be invited and encouraged to attend. The purpose of the meeting will be to inform parents of the school's participation under Title I and to explain Title I requirements and parents' rights to be involved. The School will also inform parents regarding the curriculum used in the school, the forms of assessment used to measure student progress, and the proficiency levels students are expected to meet.

Meetings will be scheduled on various days of the week, in order to make parental involvement in such meetings as convenient as possible.

A group of parents, representative of the student body, will be used to form the Title 1 Parent Team, which will be responsible for the construction and revision of this policy and the Parent-Teacher-Student compacts. In addition to these parents, a representative from each of the Academic and Personal Excellence Committee (AEC) and Family School Organization (FSO) will be designated as part of the Title 1 Parent Team. The Title 1 Parent Team will meet twice a year, with additional meetings as deemed necessary for the improvement and benefit of the school. Mountainville Academy will provide the Title 1 Parent Team members with timely and pertinent information regarding parent involvement, their child's achievement and the school's performance.

This will include, but is not limited to, the following:

- Yearly Title I and Curriculum Open House meeting
- School performance records and proficiency level expectations distributed each school year through approved state testing and summative test results
- Written communication from teacher, including:
  - Daily Learning Plan
  - Dockets
  - Standard progress and report cards
  - Formal standardized test scores reports
- Oral communication from teacher, including:

- Phone contacts (goal: contacting 50% of population each grading period)
- Conference opportunities (at least two opportunities per year)
- Interaction at after-school functions
- FSO meetings
- AEC meetings
- Parent Workshops
- Newsletters
- Posting upcoming events on the school bulletin board and school website
- Annual Parent Surveys distributed to all parents.
- Timely responses to parent suggestions through telephone calls, notes and conferences

All parents, through the annual orientation events and the school's website, will be assisted in understanding the following: the National Education Goals, Utah's state content standards and student performance standards, school improvement process (when applicable), the school-wide Title I program, the Utah Criterion –referenced test (CBT/CRT), and Title I requirements. Translations will be provided to the extent possible, funded by Title I. Ongoing Parent Nights will provide opportunities for parents to participate in school related activities throughout the year. The Administration will organize Parent Workshops, through which information will be distributed to parents on how to help improve their children's achievement in school. The topics of these workshops will include, but are not limited to, literacy, math, science and parenting. Additionally, volunteer training seminars will be conducted at least once a year to train those individuals who desire to become active volunteers at the school.

When appropriate, the Title 1 Parent Team and/or FSO will work to build partnership with organizations, churches, businesses and other schools in the community. These partnerships will be formed in order to improve the involvement of the community in the school, through volunteer work or the donation of gifts, and the involvement of the school in the community.

The Title 1 Parent Team will develop a Parent-Teacher-Student Compact which will outline how parents, the school staff, and students will share the responsibility for improved students' academic achievement and the means by which the school and parents will build a partnership to help students achieve the state's standards. The contract shall address the importance of communication between teachers and parents on an ongoing basis. The compact will be distributed to all parents through the Mountainville Academy Parent/Student Handbook, and will be sent home with each student.

The school will collect suggestions and comments from parents on an ongoing basis, through annual parent surveys, ongoing parent workshop evaluations, and a suggestion box. All data, comments and suggestions, including unsatisfactory comments, regarding the Title I school plan and parent involvement policy, shall be collected and sent to the LEA. This information will be considered in the revision of the Parent Involvement Policy and the Parent Involvement Action Plan for the school. The school will provide timely responses to suggestions.

### **3113 VOLUNTEER SERVICE**

Philosophy and Expectation: Mountainville Academy believes that parent involvement is key to a successful school and optimal student achievement. Parents who enroll their children in Mountainville Academy should do so with the understanding that their involvement is crucial to the success of their child's education and of the school.

Parents/families are asked to contribute 20 - 40 volunteer hours per school year. The Family School Organization (FSO) serves as the conduit for organizing committees and coordinating parental involvement throughout the school. Volunteer opportunities are diverse in nature to accommodate individual circumstances. Parents will be expected to put forth their best efforts in contributing volunteer hours at Mountainville Academy. We would prefer parent involvement, but if parents feel they are unable to fulfill this volunteer requirement, the option of a donation in lieu of their volunteer hours at a minimum price equal to cost of the average school aide's hourly rate is available.

Responsibilities and Expectations: A "volunteer" at Mountainville Academy is any person who donates service to the school without pay or other compensation, except for expenses actually and reasonably incurred as approved by school administration or through the FSO.

Volunteers will perform volunteer services under the supervision or direction of an assigned school employee, FSO executive member, or board member and shall have the approval of school administration to perform such volunteer services. Volunteers are expected to follow the direction of those to whom they have been assigned and to conform to all applicable laws, rules, and policies. Failure to do so may give rise to terminating the volunteer from service.

If at any point during volunteer service the assigned school employee, FSO executive member, or board member believes that there is a conflict of interest with the volunteer they are authorized to remove the volunteer from service for the day. The facts leading to temporary removal of a volunteer from service will be reviewed by the Board and Administration. After review of relevant information, the Board and Administration will determine if the person will be authorized to continue providing volunteer service. Once a determination has been made the volunteer will be contacted by the School Leader, or the Board Chair to discuss the results.

While volunteering at Mountainville Academy, volunteers may handle confidential information. It is the expectation of the school that volunteers shall keep said information in the strictest confidence. As such, when dealing with sensitive information, volunteers will be required to sign a MA Confidentiality Agreement. If a volunteer is not clear as to the confidential nature of documents or information, he/she is expected to ask the supervisor for clarification.

In accordance with state law, students must not be left unattended with anyone not having been fingerprinted or without a background check. Therefore, Mountainville Academy will require all potential volunteers who are given significant unsupervised access to a student in connection with their volunteer assignment to submit to fingerprinting and a criminal background check as a condition of volunteer appointment and as outlined in policy 3101 BACKGROUND CHECKS. The following volunteers will be required to be fingerprinted and have a background check prior to their volunteering their service per our background check policy:

- Any volunteer who assumes the responsibility for the supervision of a student or students for any given length of time. More specifically, this is any volunteer who may be the sole supervisor of a student or students at any given time, such as one-on-one reading tutors, or if the teacher were required to leave the classroom for a period of time.
- Any volunteer who accompanies the class on field trips
- Any volunteer who is involved in after-school programs

At no time shall any volunteer be permitted to be alone in a room with a single child, even those volunteers who have been fingerprinted and had a background check.

Any parent who plans to volunteer a significant amount of time at the school is highly encouraged to have the fingerprinting and background check done. Mountainville Academy will designate on the school volunteer badge those who have been fingerprinted and have had a background check.

The associated costs are to be paid for by the applicant; however, the FSO will pay the costs for the background check for any volunteer who qualifies for the free or reduced lunch program. Information regarding fingerprinting and background checks is available at the school office and on the school website. If the background check is returned with anything other than a cleared status, the case will be reviewed by the Board Executive Committee to determine if the individual will be allowed to volunteer at the school.

In accordance with school and state policy, all volunteers must maintain strict neutrality regarding religion while performing volunteer services for a school.

Serving as a volunteer in the educational setting is not an entitlement and schools are not required to utilize volunteer services. The opportunity to volunteer may be denied or terminated by school administration where services are no longer needed or where the presence of the volunteer may be disruptive to the educational environment.

**Immunity from Liability:** Volunteers performing volunteer services under the general supervision of a school employee shall be immune from liability with respect to any decisions or actions, other than in connection with the operation of a motor vehicle, taken

during the course of those services unless it is established that such decisions or actions were grossly negligent, not made in good faith, or were made maliciously.

## **3200 Conduct**

## **3201 ATTENDANCE & TRUANCY POLICY**

In compliance with Utah State Law and Utah State Office of Education (USOE) Administrative Rules, Mountainville Academy (MA) establishes the following policies and procedures regarding attendance and truancy. These policies and procedures reinforce the mission and vision of MA in achieving academic and personal excellence for all students. Policies which require consistent and punctual attendance are in the best interest of all students in helping them achieve their academic and personal goals.

This policy will employ the following definitions:

- "Absence" is a student's non-attendance at school for one or more consecutive school days, or part of one school day as defined by Administrative Rule (see below). Students who are present less than four hours of a full school day are considered absent.
- "Extended Absence" is an absence from school of four or more consecutive days, but not to exceed ten school days;
- "Excused Absence" is an absence from school for one or more of the following reasons:
  - illness
  - medical appointments
  - death of family member or family friend
  - approved school activity
  - absence consistent with student's IEP or Section 504 accommodation plan
  - family- related absence, not to exceed three consecutive school days
  - pre-approved extended absence
  - unforeseen extenuating circumstances as determined by the school's Administration, or designee
- "Truancy" is missing any part of the school day, or an entire school day, without a valid excuse. For students who have 10 or more tardies, the student is marked truant unless the absence is excused by a medical professional or the school leader.

Attendance:

Utah state law requires school attendance for every child between the ages of six and seventeen years old. Attendance in class is a vital and integral part of the educational process. Students are required to be in attendance every day that school is in session during each academic year.

Parents and legal guardians of students are obligated by state law to ensure their children's regular attendance. Students who miss a class for any reason must make

arrangements for completing missed school work within one week of their return to school. However, exceptions can be made based on circumstances. Missed school work that is turned in within one week shall not be penalized for lateness.

Attendance for students in grades K-5 will be taken once a day during the homeroom. Attendance for students in grades 6-9 will be taken at the beginning of each class period. Regular attendance is important for academic achievement. Parents are discouraged from planning vacations, trips, family events, doctor appointments, etc. that occur during school time.

Students in 9th grade are allowed 4 excused absences per term. A student in 9th grade will receive No Credit (NC) on their transcript until a session of attendance recovery school is made up for each day absent after 4 absences. In order to recover costs for attendance recovery school, there is a \$10 fee for each class session. Fees will be paid at the front desk.

**Attendance Appeals Process:** Students and parents may appeal to the administration for a closer examination on a case by case basis. Appeals should provide details as to why absences should not count against a student's attendance. Appeals are reserved for unusual and/or uncontrollable attendance problems (i.e., medically verifiable illness, etc.). It is expected that students will clear absences through the attendance recovery school or lose credit. The waiving of absences is entirely up to the discretion of the administration. Appeals should be submitted as soon as possible to the front office. Appeal forms are available in the front office.

#### Absence:

For any student absence, the parent must notify the school of the absence as soon as reasonably possible, preferably before the absence will occur, via the link on the school website, or a phone call or email to the school office. This should include the reason for the absence and the expected duration of absence.

If notification is not received, the office will contact the student's parents to verify the absence.

The school administration, or designee, will determine whether an absence is excused or not.

#### Pre-Approval of Extended Absences:

An extended student absence of four or more consecutive days requires prior approval. Requests for extended absences should be received by the school office at least one week prior to the absence via an Extended Absence Request Form. The School Leader is designated to approve requests for extended absences. Approval will not be granted if it

is determined by the School Leader that the extended absence will adversely impact the student's education. A family-related absence which does not exceed three days does not require prior approval.

#### Truancy:

For each student truancy MA will attempt to make parent contact via the procedures outlined in the Administrative Rules (see below), as well as implement the applicable consequences. Additionally, one or more of the following interventions may be used to assist in resolving the attendance problem:

- Referral to School Administration, or appropriate designee
- Meetings with student and parents
- Adjustments to the student's schedule
- Attendance monitoring
- Attendance contracts
- Attendance School
- Truancy citation (for students 12 and over)
- School suspension
- Parent attending school with student
- Referral to Juvenile Court (for students 12 and over)

#### Due Process:

This policy allows for due process and actions taken under this policy may be appealed, first to the School Leader, and then to the Board of Trustees.

School officials have the authority to discipline students for off-campus speech that causes or threatens a substantial disruption on campus, including school activities, violent altercations, or a significant interference with a student’s education performance and involvement in school activities. If after an investigation a school employee is found to be in violation of this policy, the employee shall be disciplined by appropriate measures up to, and including, termination.

The purpose of this policy is to eliminate all types of bullying, cyberbullying, hazing, harassment, and retaliation by and/or against students and employees of Mountainville Academy Charter School. This will be accomplished through awareness efforts, training, identification, and disciplinary action (both students and employees) against those who violate this Policy.

A secondary purpose is to provide clear standards and a safe and accessible reporting process for victims of bullying, hazing, cyberbullying, harassment, and retaliation.

  - c. These duties are Mountainville Academy's responsibilities even if the misconduct also is covered by a separate anti-bullying policy and regardless of whether the student makes a complaint, asks the school to take action, or identifies the bullying, cyberbullying, harassment or hazing as a form of discrimination.

It is Mountainville Academy's policy, in compliance with state and federal law, that students have a limited expectation of privacy on the school's Internet system, and routine monitoring or maintenance may lead to discovery that a user has violated policy or law. ## **3203 DISCIPLINE CODE**

In all school settings, misbehavior will occasionally occur and the school must intervene. The Mountainville Academy Discipline Code is designed to solve problems and improve behavior. When corrections need to be made by staff members, this will be done privately whenever possible, and always in a respectful, kind manner. Positive language and encouragement will follow any necessary corrections. Good behavior will receive positive reinforcement through the frequent and consistent expression of gratitude by students and staff, both in word and in written form.

Mountainville Academy will use the following steps to handle behavioral problems:

**Level 1- Verbal Warning.** Level one behavioral problems encompass minor misbehaviors which require only a verbal warning or discussion between the student and the teacher. Depending upon the severity of the misbehavior, the teacher may decide to contact the parent(s) and discuss the concern with them as well as with the child.

**Level 2- Loss of Privileges.** At the teacher's discretion, if the misbehavior continues after a verbal warning/informal conference, the teacher may enforce a loss of privileges. Common loss of privileges include: loss of recess time, change of seat assignments, or exclusion from a portion of a class activity. The teacher shall discuss with the child and inform the parent of the concern and loss of privilege. The teacher will document on the loss of privileges and the report will be maintained in the student's citizenship record.

**Level 3- Incident Report.** At the teacher's discretion, if the misbehavior continues after a loss of privileges, the teacher may complete an Incident Report form. The form will report the nature of the misbehavior as well as the corrective actions that were or need to be taken. The teacher will review the Incident Report with the student. The student will sign the report, take it home to be signed by a parent, and then return it to the teacher. Both the student and his or her parent will be afforded the opportunity to write personal comments on the Incident Report. The teacher shall contact the parent(s) and discuss the concern with them as well as with the child. Incident Reports may be maintained in the student's citizenship record and/or permanent record. An incident report may result in a referral to Administration.

**Note:** The exception to the above progression is the commission of a serious offense that may result in mandatory suspension, expulsion, and/or the involvement of law enforcement. The School Leader may exercise his/her personal judgment in the review of individual discipline incidents.

**Potential Consequences:** Repeated incidences of misbehavior or the commission of a serious offense may result in the following consequences as appropriate for the situation:

- **Disciplinary Probation/Contract:** A student will be placed on probation when the School Leader determines that the behavioral pattern and discipline records indicate that the student is not abiding by school rules. While on probation, the student's

privileges may be limited or denied. The student will be observed carefully to see if genuine effort is being made to improve attitudes and/or behaviors. The School Leader reserves the right to determine whether or not a student will be retained at the end of the probationary period.

- **In-School Suspension:** Students may be placed on In-School Suspension for one or more days as a result of non-compliance with school authority or rules. The number of days of In-School Suspension will be determined by the School Leader. During this suspension, adult supervision will be provided. Students under In-School Suspension will be removed from their regular class and excluded from school activities; they will be engaged in productive and meaningful activities, as determined by the School Leader.
- **Out-of-School Suspension:** A student may be suspended for severe offenses, such as fighting, obscene language, sexual harassment, and other like offenses. The School Leader has the authority to suspend a student from school for up to ten days in a nine-week period, as provided by law. This option is only enforced with severe or repeated behaviors. A child who is under Out-of-School Suspension will not be allowed inside of school facilities, onto school grounds, or allowed to participate in any school-sponsored activities. The student's parent/guardian will be required to provide adult supervision while the student is under Out-of-School Suspension. A strong school and family partnership is essential to prevent and resolve discipline problems. This partnership maintains a productive learning environment that will result in increased student participation and school success.
- **Expulsion:** Expulsion from school occurs when a student is dismissed from school attendance by the action of the Mountainville Academy Board of Trustees. A student may be expelled if he/she has been suspended three times in a school year. Expulsion will be used only as a last resort. Reinstatement to school attendance will take place if considered to be in the best interest of the student and the school.
- **Mandatory Expulsion:** Per the School Leader's authority, mandatory expulsion from school will occur for the following offenses:
  - Carrying, bringing, using, or possessing a deadly weapon. A deadly weapon includes, but is not limited to, a firearm (loaded or unloaded), knife, bludgeon, or any other weapon or instrument which the manner it is used or intended to be used, is capable of causing death or serious bodily injury.
  - The sale (including the exchange, distribution, or gift) of drugs or controlled substances, as defined by the state law, including anabolic steroids and prescription drugs.
  - The commission of an act which if committed by an adult would be robbery or assault as defined by law.
  - Contact of a sexual nature, as determined by school officials, parents, and/or the parties involved to be inappropriate, unwanted, and unsolicited, or as defined by the law.

**Due Process:** The right to due process in disciplinary proceedings is applicable in all instances where the behavior of a student is being evaluated for suspension or expulsion. The student has the right to be fully informed about his/her alleged breach of behavior and must be provided the opportunity to respond to such charges. Mountainville Academy will

adhere to the requirement of state and federal law and constitutional due process, including but not limited to appropriate written notice, an impartial hearing, access to evidence, opportunity to present witnesses and evidence, and opportunity to have counsel present.

In the event that a parent/guardian disagrees with the School Leader's disciplinary decision to either suspend or expel a student, or has proof that the child is not at fault, an appeal may be made to the Mountainville Academy Board of Trustees Appeals Panel. The Appeals Panel shall review each case of suspension or expulsion in which the parent/guardian requests an appeal and shall determine by means of a hearing if the recommendation to suspend or expel a student is supported by evidence. Such requests for an appeals hearing must be made, in writing, within 5 school days of the suspension/expulsion. Once notification has been received by the Appeals Panel, the student is entitled to receive a timely hearing and the hearing will be scheduled for no more than 5 school days following the request by the parent/guardian. Allowance may be made to extend this timeframe by mutual agreement of the parties, inability of the school to contact the parent or guardian despite documented good faith efforts, or lack of cooperation by parent/guardian. If school administration offers the student and parent/guardian the opportunity to have a hearing and the student or parent/guardian refuses or waives the right, due process is satisfied. The suspension or expulsion remains in effect during the appeal process.

The Mountainville Academy Board of Trustees Appeals Panel is comprised of board members given the assignment/duty of Appeals. The Appeals Panel will ensure that procedural due process is satisfied throughout the hearing process. After the completion of the hearing the student and his/her parents/guardians shall be notified either orally or in writing of the panel's decision to uphold, modify, or reverse the suspension or expulsion. Written notification must follow.

The Appeals Panel will decide among the following:

- Waive the charge(s)
- Reduce the charge(s)
- Change/modify the School Leader's recommendation and disciplinary action
- Support the School Leader's recommendation and disciplinary action
- Increase the recommendation and disciplinary action

## 3207 PARENT CONCERNS

Parents/guardians may occasionally have a concern in regard to a particular aspect of the school. Open and honest communication between parents and the school is welcomed and encouraged. In order for the staff of Mountainville Academy to best meet the needs of the student and the school, parents are asked to adhere to the following procedure when addressing concerns:

1. Begin by first addressing the concern with the teacher or individual with whom the concern is directly related, or person most able to address the concern, and no one else.
2. If the teacher or individual is not able to resolve the concern to the parents' satisfaction, the concern should then be addressed with the appropriate Administrator, according the Mountainville Academy Organizational Flow Chart. This flow chart can be found on the school's website.
3. If the appropriate Administrator cannot resolve the issue satisfactorily, the concerns should then be addressed with the School Leader.
4. If a parent/guardian does not feel their concern has been resolved after taking the above steps, they may bring their concern to the parent liaison member of the Board of Trustees via e-mail or telephone. The parent liaison will provide assistance with resolution and may bring the matter to the attention of the Board of Trustees, if necessary.

## 3211 STUDENT CODE OF CONDUCT

Students benefit from a learning environment that is physically safe, emotionally nurturing, and free from disruption and harassment. In order to achieve an optimal learning environment, students shall conduct themselves in a reasonable and age-appropriate manner that contributes to a productive atmosphere for themselves and their classmates. Students are expected to be attentive, cooperative, and industrious while in the classroom.

MA teaches values and concepts that encourage students to act in a positive manner. As students learn and focus on positive behaviors which make them happy, healthy, and responsible, the school's climate takes on those same characteristics.

The MA Code of Conduct includes the following:

- **Comportment:** All students and staff will demonstrate correct behavior with regard to their physical selves. Hands and feet will be kept to oneself, and respect will be shown by walking in an orderly manner in the hallways and in other school areas. Interaction will be friendly and helpful, without horseplay or other physical demonstrations that are inappropriate. Inappropriate public displays of affection are not allowed.
- **Dress:** All students are required to adhere to the guidelines set forth in the MA Uniform Dress Code Policy.
- **Language and Communication:** Students shall speak with respect and kindness at all times. Voices will be kept quiet, with no shouting or yelling inside the school. Language and communication that is positive and promotes the school's mission will be taught, modeled, and fostered. Students and staff will notice positive behavior in others, and will commend others for their efforts. Language that builds, supports, and encourages will be frequently and consistently used.
- **Assemblies and Activities:** Assemblies and school activities are considered special student privileges where participation is contingent upon appropriate behavior. Students shall show respect to all performers. Students who disturb, disrupt, or show disrespect shall lose the privilege of attending.
- **School Facilities and Equipment:** All school property will be used appropriately in such a way that it is preserved and protected. Students may be disciplined for improper use or treatment of school facilities and/or equipment.
- **Sportsmanship:** Students are expected to demonstrate good sportsmanship in all competitive events and to conduct themselves according to the rules of fair play both as spectators and participants. While healthy competition is encouraged when appropriate, cheating or rude and disruptive conduct is not acceptable.
- **The Flag of the United States of America:** Our country's flag shall be appropriately displayed at the school in keeping with customary and accepted practices. Students shall show proper respect for our country's emblem. The daily school routine will include the recitation of the Pledge of Allegiance by students and teachers. Discourteous treatment of the flag or other national symbols is not appropriate. Students should be aware participation in flag activities or the Pledge of Allegiance are voluntary and not compulsory and that it

is acceptable for students to not participate for religious or other reasons. Students should show respect and courtesy for individuals who choose to or choose not to participate.

- Cheating of any kind is not acceptable and will be punished in accordance with 3203 Discipline Code Policy

## **3212 TARDY POLICY**

### **Purpose:**

As Mountainville Academy (MA) seeks to promote academic and personal excellence, the school requires the regular and on-time attendance of all students. A late arrival to school not only hinders a student's personal ability to profit from instruction at the beginning of class, but also disrupts the educational process that has begun with those students who made the effort to arrive on time and have begun classroom instruction. Punctual students perform better in the classroom and establish positive patterns and habits to assist them in their future pursuits.

Parents/guardians have the primary responsibility to ensure that their children attend school regularly and arrive on time. In an effort to help each student achieve academic and personal excellence, Mountainville Academy is committed to working in harmony and cooperation with parents/guardians and to encourage and assist them with their responsibility to have their children in timely attendance at school. The school shall use earnest and persistent effort to deter excessive and unexcused student tardiness.

### **Definition:**

A "tardy" is defined as reporting to class after the school start bell has rung.

### **Procedures:**

Each student at MA is expected to be seated in his/her class at 8:00 a.m. Students who report to class after the school start bell has rung at 8:00 a.m. are considered tardy. Students in grades 6-9 should arrive at school early enough to have time to stop at their locker before reporting to class. Students arriving five (5) or more minutes late are required to sign in at the main office and receive an admit slip. In order for the tardy to be excused, the parent/guardian must accompany the child to the office and the reason for the tardy must be in accordance with the school's excused absence policy. A student who is late due to the fluctuating durations of carpool will not be excused. If a student and parent do not report to the office to receive an admit slip, the student will receive an unexcused absence for that day.

After regular daily attendance is taken at the start of each school day, the teachers in grades 6-9 will take attendance and check for tardiness in each consecutive class. A student in grade 6-9 who arrives late to any class period is considered tardy. Students in Grades 6-9 are allowed 3 parent excused late arrivals per term. A student may not be excused for tardiness between classes unless a written note is provided by a teacher.

In order to encourage timely attendance and to attain the desired benefits of students arriving to class on time, tardy students are subject to established administrative rules. Administrative rules for tardies shall define a system to track tardies, as well as reasonable and appropriate disciplinary consequences to deter frequent and excessive tardies.

Additionally, the rules shall include a method to effectively communicate student tardiness to parents throughout the process, detail the specific steps that will be taken as the numbers of tardies escalates, and provide opportunity for the School Leader or his/her designee to participate in parent meetings to discuss ways to prevent frequent or excessive tardies in the future.

## **3213 UNIFORM DRESS CODE POLICY**

In order to ensure compliance with the Mountainville Academy Uniform Dress Code Policy, parents and students should carefully review all uniform dress code guidelines contained within this policy.

### **SECTION ONE: PURPOSE**

A uniform-style dress code is an important part of the distinctive learning environment families find at Mountainville Academy (MA). When parents and students choose to attend Mountainville Academy, they are choosing to abide by the outlined dress code policy. When students are dressed in a school uniform, they are more accepting of each other and they focus more on their schoolwork and less on their appearance. Uniforms improve the classroom-learning environment; build citizenship and a sense of community; provide safety and comfort as well as assist parents and families.

### **SECTION TWO: ENFORCEMENT**

Students and parents at Mountainville Academy agreed to adhere to the school's Uniform Dress Code Policy when they enrolled at the school. In order to attain the desired benefits achieved through the wearing of a uniform-style dress code, consistent enforcement of the Uniform Dress Code Policy is necessary. A dress code infraction occurs when a student comes to school out of compliance with the Mountainville Academy Uniform Dress Code Policy. The School Leader and school staff oversee enforcement of the Uniform Dress Code Policy.

The school strives to achieve dress code compliance through use of positive reinforcement, but when dress code infractions occur students are subject to established administrative rules. Administrative rules for dress code infractions shall define a system to track dress code infractions, as well as reasonable and appropriate disciplinary consequences to deter frequent and excessive dress code infractions. Additionally, the rules shall include a method to effectively communicate student dress code infractions to parents throughout the process, detail the specific steps that will be taken as the number of dress code infractions escalates, and provide opportunity for the School Leader or his/her designee to participate in parent meetings to educate students and parents regarding how to correct and avoid dress code infractions.

#### **Administrative Rules**

- 1.) On the first and second infraction, a documented phone call will be made home explaining the infraction and the timeframe for compliance. It will also be made clear

that on the third infraction the student will be in in-school suspension until they are in compliance.

- 2.) On the third infraction, the student will be in in-school suspension until they are in compliance.

## **3304 HEAD INJURY POLICY**

The purpose of this policy is to protect MA students and athletes while participating in any and all physical activities sponsored by and through the school, including but not limited to recess, P.E. class, field day, try-outs, games or other extra-curricular activities. MA seeks to provide a safe return to activity for all students following any injury, but particularly after a concussion. In order to effectively and consistently manage these injuries, procedures have been developed to aid in insuring that concussed students are identified, treated and referred appropriately, receive appropriate follow-up medical care during the school day and are fully recovered prior to returning to activity.

All appropriate staff shall attend a yearly in-service meeting in which procedures for managing physical activity-related concussions are discussed.

### **Recognition of Concussion**

What is a concussion? A concussion is type of traumatic brain injury that interferes with normal function of the brain. It occurs when the brain is rocked back and forth or twisted inside the skull as a result of a blow to the head or body. What may appear to be only a mild jolt or blow to the head or body can result in a concussion. A concussion can occur even if a player or student in an activity is not knocked out or loses consciousness.

The following are common signs and symptoms of physical activity-related concussion:

#### **Signs** (observed by others):

- Student appears dazed or stunned
- Confusion
- Forgets plays
- Unsure about game, score, opponent
- Moves clumsily (altered coordination)
- Balance problems
- Personality change
- Responds slowly to questions
- Forgets events prior to hit
- Forgets events after the hit
- Loss of consciousness (any duration)

#### **Symptoms** (reported by student):

- Headache
- Fatigue
- Nausea or vomiting
- Double vision, blurry vision
- Sensitive to light or noise
- Feels sluggish

- Feels "foggy"
- Problems concentrating
- Problems remembering

These signs and symptoms following a witnessed or suspected blow to the head or body are indicative of probable concussion. Any student who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the contest, game, or practice and shall not return to play until cleared by a written statement from a licensed medical provider.

### **Management and Referral Guidelines for All Staff**

1. The following situations indicate a medical emergency and require activation of the Emergency Medical System:
  - Any student with a witnessed loss of consciousness (LOC) of any duration should be spine boarded and transported immediately to nearest emergency department via emergency vehicle.
  - Any student who has symptoms of a concussion, and who is not stable (i.e., condition is worsening), is to be transported immediately to the nearest emergency department via emergency vehicle.
  - A student who exhibits any of the following symptoms should be transported immediately to the nearest emergency department, via emergency vehicle.
    - Deterioration of neurological function
    - Decreasing level of consciousness
    - Decrease or irregularity in respirations
    - Any signs or symptoms of associated injuries, spine or skull fracture, or bleeding
    - Mental status changes: lethargy, difficulty maintaining arousal, confusion or agitation
    - Seizure activity
2. A student who is symptomatic but stable, may be transported by his or her parents. The parents should be advised to contact the student's primary care provider, or seek care at the nearest emergency department, on the day of the injury.

### **Guidelines and Procedures for Coaches and Teachers Supervising Contests and Games:**

#### **RECOGNIZE - REMOVE - REFER**

*Recognize concussion*

1. All educators and agents of MA should become familiar with the signs and symptoms of concussion that are described above.
2. MA staff shall have appropriate training about recognizing and responding to traumatic head injuries, consistent with the employees' responsibilities for supervising students and athletes.

*Remove from activity*

Any student who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the sporting event and shall not return to play until cleared by a written statement from a licensed medical provider.

**When in doubt, sit 'em out**

*Refer the athlete/student for medical evaluation*

1. MA is responsible for notifying the student's parent(s) of the injury.
  - a. Contact the parent(s) to inform a parent of the injury. Depending on the injury, either an emergency vehicle will transport or parent(s) will pick the student up at the event for transport.
  - b. A medical evaluation is required before returning to play.
2. In the event that a student's parent(s) cannot be reached, and the student is able to be sent home (rather than directly to MD):
  - MA staff should insure that the student will be with a responsible individual, who is capable of monitoring the student and understanding the home care instructions, before allowing the student to go home.
  - MA staff should continue efforts to reach a parent.
  - If there is any question about the status of the student, or if the student cannot be monitored appropriately, the student should be referred to an Emergency Department for evaluation. A MA staff member should accompany the student and remain with the student until a parent arrives.
  - MA administration shall provide for supervision of other students for whom he or she is responsible when accompanying the injured student.
3. MA should seek assistance from coaches, teachers, administration, or other appropriate individual, if available, at a host school or other site during an away contest if the injury occurs during a formal athletic contest.

**Return to Play (RTP) Procedures After Concussion**

1. Return to activity and play is a medical decision. The student must meet all of the following criteria in order to progress to activity:
  - a. Asymptomatic at rest and with exertion (including mental exertion in school) AND
  - b. have written clearance from the student's primary care provider or concussion specialist (student must be cleared for progression to activity by

a physician other than an Emergency Room physician, if diagnosed with a concussion).

2. Once the above criteria are met, the student will be progressed back to full activity following the step-wise process detailed below. (This progression must be closely supervised by the student's teacher as well as administrative staff, who must have a very specific plan to follow as directed by the student's physician)
3. Progression is individualized, and will be determined on a case-by-case basis. Factors that may affect the rate of progression include: previous history of concussion, duration and type of symptoms, age of the student, and sport/activity in which the student participates. An athlete/student with a prior history of concussion, one who has had an extended duration of symptoms, or one who is participating in a collision or contact sport may be progressed more slowly.
4. Stepwise progression as described below:

**Step 1.** Complete cognitive rest. This may include staying home from school or limiting school hours (and studying) for several days. Activities requiring concentration and attention may worsen symptoms and delay recovery.

**Step 2.** Return to school full-time.

**Step 3.** Light exercise. This step cannot begin until the student is no longer having concussion symptoms and is cleared by a physician for further activity. At this point the student may begin walking or riding an exercise bike. No weight lifting.

**Step 4.** Running in the gym or on the field. No helmet or other equipment.

**Step 5.** Non-contact training drills in full equipment. Weight training can begin.

**Step 6.** Full contact practice or training. Participation in regular P.E. and recess activities.

**Step 7.** Play in game (intramural students). Must be cleared by physician before returning to play.

- The student should spend 1 to 2 days at each step before advancing to the next. If post-concussion symptoms occur at any step, student must stop the activity and the treating physician must be contacted. Depending upon the specific type and severity of the symptoms, the student may be told to rest for 24 hours and then resume activity at a level one step below where he or she was at when the symptoms occurred. This resumption of activity could be considerably simplified for a student injured during recess compared to a student injured at a game or formal practice.

Parents or Legal Guardians of MA students **ARE REQUIRED** to complete a Concussion & Head Injury Information Release Form and turn it into the school prior to the student participating in any intramural sports activity.

### **3305 MEDICAL NEEDS**

Each student must complete a health form as part of the enrollment process each year. This form allows the parent to notify the school of any health concerns, chronic illness, or need of medication during school hours. The form also notifies the school of the appropriate contact in case of an emergency if the parents cannot be reached immediately. The form is used to allow the school to administer medication, including providing Tylenol or Motrin as needed. Additionally, the form releases MA of liability for administering medication, and also frees the school from financial obligation should 911 be called for a student.

Immunizations: MA adheres to all immunization laws. Prior to the start of school, every student must have the following immunizations:

- 4-5 DPT
- 4 doses of polio
- 3 Hepatitis B
- 2 Hepatitis A
- 1 Varicella
- 2 MMR or 1 rubella, 1 mumps, 2 measles
- Students born after 1 July 93 and entering 7th grade must have 1 Td booster

A Utah Certificate of Immunization form or equivalent, signed by the physician, is required at registration. Occasionally, additional vaccinations may become required by law. The school reviews all immunization forms and will notify parents of missing immunizations. It is the parent's responsibility to ensure all requirements for the student are met or that the student is on track to receive all scheduled doses.

Illness: The school utilizes reasonable precautions to ensure a healthy environment for all students. Children should be kept home from school if they have one or more of the following:

- fever
- vomiting
- diarrhea
- conjunctivitis (pink eye)
- stomach pain
- sore throat
- rash

Children must be free from the symptoms above for at least 24 hours before returning to school. Some communicable diseases require a longer exclusion from school.

In the event that any of the previous symptoms appear in school, the following procedures will be followed:

1. If a child becomes ill at school, he/she will be taken to the nurse's office to be isolated from other children.

2. The child's parents will be notified that their child is ill and must be picked up from school. Children are to be picked up within one hour of notification.
3. If a parent cannot be reached, the emergency contact person will be called.
4. In case of a serious or life threatening injury or illness, the school will call 9-1-1 for medical assistance. All efforts will be made to notify the parents immediately. Emergency personnel will decide if the child needs to be transported to a hospital. MA is not responsible for any bills incurred by calling for emergency personnel.

If a student feels ill but exhibits no obvious symptoms of illness, the school nurse or secretary may invite the student to rest in the nurse's room for 15 – 30 minutes to determine if the symptoms will subside. If the student is not feeling better after resting, the parents will be contacted to determine how the school should proceed. The student may either be sent back to class or the parent may be required to pick the student up from school.

**Medications:** All medication should be given to students at home whenever possible. However, if necessary, prescription medication, over-the-counter drugs, herbs and essential oils may be administered to students at school only upon the specific written request of the student's parent or guardian and the child's medical doctor. A signed Authorization of Student Medication is required for MA staff to administer medication.

If a student is required to take medication during school hours, the following procedures must be adhered to:

- The parent or guardian must hand deliver the medication to the school nurse or secretary. Students are not to carry any medications to or from school at any time.
- All medications must be delivered in the original pharmacy or manufacturer labeled container. Any medication not delivered in the appropriate containers cannot be administered and will be returned to the parent/guardian.
- All medication and its accompanying prescription must be stored in a locked cabinet or refrigerator, as appropriate, in the nurse's office.
- All medication must be administered by the designated personnel in the exact dose and time frame listed on the prescription. A record of the amount, time, and person administering the medication must be kept for each student and medication.
- Unused medication must be picked up from the school by the parent/guardian at the end of the school year or it will be discarded.
- Expired medication will not be administered.
- Sharing of medications, even over-the-counter types, is not allowed at school.
- Any prescription or over-the-counter medication that by volume constitutes a medical or health hazard must be approved for use in the school.

Tylenol (acetaminophen) or Motrin (ibuprofen) may be administered at school only if prior parental permission has been given through a signed Tylenol (acetaminophen)/Motrin (ibuprofen) Permission Form. Providing this written parental permission has been given, designated school personnel may give acetaminophen or ibuprofen to students with the following symptoms:

- fever (100 degree F or above) after the parent has been notified to pick up their student.

- dysmenorrhea (menstrual cramps)
- headache
- toothache

If a student has been given Tylenol or Motrin at school, the parents will be notified through a phone call or by sending a note home with the student.

Students are allowed to possess and self-administer asthma medication and diabetes medication, as appropriate, providing certain requirements are met as outlined in Utah State Code Section 53A-11-602 and 53A-11-604, respectively. Appropriate forms are available in the office as developed by the Utah Dept. of Health.

As outlined in Utah State Code Section 26-41-104, at least one or more school personnel shall receive training from a qualified individual regarding the storage and emergency use of an epinephrine auto-injector, as well as all follow-up procedures such as calling 9-1-1 and notifying parents if possible.

Upon receiving a signed statement from a parent/guardian of a student with diabetes certifying that glucagon has been prescribed for the student, the school will appropriately train required personnel in the administration of glucagon, as well as adhere to all related requirements as outlined in Utah State Code Section 53A-11-603.

Students who have particular health concerns will be flagged with a Red Health Alert Folder which is kept in the nurse's office. This folder will have detailed instructions on the procedures to follow in case of an emergency, as well as any parental permission required. Teachers will receive a copy of these instructions as well. The health concerns of any student who has a Red Health Alert Folder will be discussed with the teachers, office staff, and School Leader to ensure the child's needs are met.

## 3311 STUDENT TRAVEL POLICY

- I. Student Travel within the State of Utah
  - A. All class and student field trips must be preapproved by the school administration and proper documentation submitted.
  - B. Primary grade students (Grades K-3) may travel within a radius of 50 miles from Mountainville Academy. Any exceptions must be approved through administration.
  - C. Intermediate grade students (Grades 4-6) may take educational field trips to points of interest within a 90-mile radius from Mountainville Academy. Any exceptions must be approved through administration.
  - D. Junior high school students educational field trips need to be approved through administration and the proper documentation submitted.

  - C. Only a three-day total absence from school is allowed for any trip taken by Mountainville students.
  - D. The principal may recommend the trip to the Board for approval if the proposal received a vote of 80% or more in favor of the trip. The required 80% is defined as 80% of the total number of students enrolled in the school group and 80% of their parents or guardians. For example, if 60 students were enrolled in the group, 48 favorable votes would be required. This approval requires written documentation by students, teachers, and parents.
    1. A parent with more than one child in the same group shall be allowed one vote per child. Thus, two children from the same family participating in the same group excursion would result in their parents receiving two votes.
  - E. After all forms and documentation has been received by the administration, the principal may recommend the trip to the financial committee. The financial committee must review all financial documentation concerning the trip before the principal may present the

student travel proposal to the Board. The principal's recommendation is to reach the Board at least 90 days before the proposed date of departure for the trip. All student travel that requires Board approval must be submitted to the Board as an agenda item in a board meeting.

- F. AFTER the Board has approved the extended travel plan, parents are to complete the Parent Consent for Student Participation form prior to departure. These completed forms are to be in possession of the supervising educator during the trip, as well as a copy located in the school office. They should be kept on file at the school at the end of the trip for at least six months.
- G. There must be at least one adult supervisor for every ten students. Supervisors must be the same gender as the students they supervise.

### **III. Guidelines for Extended Travel**

- A. Extended travel must be grounded in educationally oriented activities. Excursions may include, at the maximum, a day of non-educationally oriented activity.
- B. Athletic competition based upon a tournament structure with a regional or national scope shall be considered by the Board on the same basis as an educational activity.
  - 1. Athletic competitions involving a "home and home" arrangement or a single game outside of Utah shall not be approved by the Board.
- C. The Board respects the rights of parents to take their own children to competitions or performances that are not approved by the Board. However, non-approved activities are not considered activities of Mountainville Academy and fund-raising, supervision, or other activities or actions that portray Mountainville academy logo and support are not allowed.

Approved: 3/18

## **3400 Rights and Privacy**

### **3401 DISABILITY**

In accordance with Federal law, Mountainville Academy does not discriminate against on the basis of disability with regard to admission, educational services, employment, or otherwise.

Under Section 504 of the Rehabilitation Act of 1973 and the Americans With Disabilities Act, an individual with a disability is defined as:

- A person with a mental or physical impairment which substantially limits one or more major life activity, such as seeing, hearing, speaking, breathing, or learning
- A person who has a record of such impairment
- A person who is regarded as having such impairment

All students who meet the above definition of an individual with a disability will be evaluated, identified, and provided with Free Appropriate Public Education (FAPE) as applicable. Mountainville Academy will make available to all eligible children with disabilities a free appropriate public education in the least restrictive environment according to their needs.

Approved: 08/06

### **3402 FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)**

The Family Educational Rights and Privacy Act (FERPA) is a Federal law that protects the privacy of student education records. Mountainville Academy will comply with FERPA as fully outlined in 20 U.S.C. 1232g; 34 CFR Part 99). Under FERPA, schools must generally afford parents:

- The right to inspect and review their student's education records within 45 days after the day the school receives a request for access (although they are not necessarily required to provide copies of records).
- The right to seek to have their student's records amended if the parent believes the records are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.
- The right to written parental consent prior to the release of personally identifiable information from the student education record. However, schools may disclose those records, without consent, to the following parties or under the following conditions:
  - School officials who have legitimate educational interests
    - A school official typically includes a person employed by the school or school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
  - Schools to which the student is transferring
  - Appropriate officials who are conducting audits or evaluations
  - Specified parties in conjunction with financial aid to the student
  - Organizations conducting specified studies for or on behalf of the school
  - Accrediting organizations
  - Compliance with a judicial order or lawfully issued subpoena
  - Appropriate officials as related to health and safety emergencies
  - State and local authorities, within a juvenile system, pursuant to specific State law
  - State, local, or Federal education authorities

Additionally, schools may disclose, without consent, "directory" information, such as a student's name, address, telephone number, date and place of birth, honors and awards, and

dates of attendance, unless a parent/guardian has advised the school to the contrary in accordance with school procedures. Parents/guardians are given notice of their rights under FERPA each year annually and allowed the opportunity to request that the school not disclose directory information about them. Examples of directory information include, but are not limited to playbills, yearbooks, honor roll or other recognition lists, graduation programs, team lists, etc. Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Examples of outside organizations include, but are not limited to, yearbook publishers, manufacturers of class rings, etc. In addition, two federal laws require LEAs receiving assistance under the Elementary and Secondary Education Act of 1965 to provide military recruiters, upon request, with names, addresses, and telephone listings of students, unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

The school may develop policies that allow the disclosure of directory information only to specific parties, or for specific purposes, or for both.

Parents/guardians of students who are enrolled in Mountainville Academy who do not wish to have directory information disclosed from their student's educational record without prior written consent must notify the school in writing by August 25 of each school year. Mountainville Academy has designated the following information as directory information: Student name, address, telephone listing, e-mail address, photograph, date and place of birth, date of school attendance, grade level, participation in recognized school activities or sports, honors or rewards received, the most recent educational agency or institution attended, and school or student ID number (if it cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a PIN, password, or other factor known or possessed only by the authorized user).

Parents may not use their right to opt out of directory information disclosures to prevent the school from requiring students to wear or otherwise disclose student ID cards or badges that display information that may be designated as directory information.

#### Access to Education Records

Schools are required by FERPA to:

- Provide a parent with an opportunity to inspect and review his or her child's education records within 45 days of the receipt of a request
- Provide a parent with copies of education records or otherwise make the records available to the parent if the parent, for instance, lives outside of commuting distance of the school
- Redact the names and other personally identifiable information about other students that may be included in the child's education records.

Schools are not required by FERPA to:

- Create or maintain education records;

- Provide parents with calendars, notices, or other information which does not generally contain information directly related to the student;
- Respond to questions about the student.
- Amendment of Education Records

Under FERPA, a school must:

- Consider a request from a parent to amend inaccurate or misleading information in the child's education records;
- Offer the parent a hearing on the matter if the school decides not to amend the records in accordance with the request;
- Offer the parent a right to place a statement to be kept and disclosed with the record if as a result of the hearing the school still decides not to amend the record.
- A school is not required to consider requests for amendment under FERPA that:
- Seek to change a grade or disciplinary decision;
- Seek to change the opinions or reflections of a school official or other person reflected in an education record;
- Seek to change a determination with respect to a child's status under special education programs.

#### Disclosure of Education Records

A school must:

- Have a parent's consent prior to the disclosure of education records;
- Ensure that the consent is signed and dated and states the purpose of the disclosure.

A school MAY disclose education records without consent when:

- The disclosure is to school officials who have been determined to have legitimate educational interests as set forth in the school district's annual notification of rights to parents;
- The student is seeking or intending to enroll in another school;
- The disclosure is to state or local educational authorities auditing or evaluating Federal or State supported education programs or enforcing Federal laws which relate to those programs;
- The disclosure is pursuant to a lawfully issued court order or subpoena; and
- The information disclosed has been appropriately designated as directory information by the school.

#### Annual Notification

### **3404 PROTECTION OF PUPIL RIGHTS AMMENDMENT (PPRA)**

The Protection of Pupil Rights Amendment (PPRA) is a federal law that affords certain rights to parents of minor students with regard to surveys that ask questions of a personal nature. Briefly, the law requires that schools obtain written consent from parents before minor students are required to participate in any U.S. Department of Education funded survey, analysis, or evaluation that reveals information concerning the following areas:

- Political affiliations;
- Mental and psychological problems potentially embarrassing to the student and his/her family;
- Sex behavior and attitudes;
- Illegal, anti-social, self-incriminating and demeaning behavior;
- Critical appraisals of other individuals with whom respondents have close family relationships;
- Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
- Religious practices, affiliations, or beliefs of the student or student's parent\*; or
- Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program.)

The No Child Left Behind Act of 2001 contains a major amendment to PPRA that gives parents more rights with regard to the surveying of minor students, the collection of information from students for marketing purposes, and certain non-emergency medical examinations.

Parents/guardians shall receive notice of any of the following activities and shall have the right to opt-out:

- Activities involving collection, disclosure, or use of personal information obtained from students for purposes of marketing or selling or otherwise distributing the information to others;
- Administration of any protected information survey (a survey containing one or more of the above-described eight categories of information) even those not federally funded; and
- Any non-emergency, invasive physical examination or screening required as a condition of attendance, administered by the school and scheduled by the school in advance, and not necessary to protect the immediate health and safety of the student or of other students, except for hearing, vision or scoliosis screenings, or any physical exam or screening permitted or required under state law.

Parents/guardians have the right to inspect the following, upon request, prior to administration by the school:

- Protected information surveys of students (including an instructional materials used in connection with the survey), as described above;
- Documents used to collect personal information from students for any of the marketing, sales, or other distribution purposes referred to above; and

- Instructional materials used as part of the educational curriculum.

### **3405 SEARCH OF PERSON OR PROPERTY**

Given the school's custodial and tutelary responsibility for children, and the school's commitment to preserve a safe environment for all students and staff, Mountainville Academy school officials have the authority to conduct reasonable searches of students and student property. School officials engaging in searches of students and property shall abide by the following guidelines:

*Student Lockers:* Students possess the right of privacy of person as well as freedom from unreasonable search and seizure of property. The individual's right, however, is balanced by the schools' responsibility to protect the health, safety and welfare of its pupils and personnel in accordance with Act 451, Section 380.1306.

Student lockers are solely the property of the school, and as such students have no right or expectation of privacy in school lockers. Lockers and/or locker contents may be searched without prior permission and at any time by school officials either with or without cause. Once a locker is opened for search, any search of student belongings contained within the locker must comply with the guidelines for searches of personal belongings of this policy.

It is strongly recommended that the student be present for the search of his/her locker. Except in an emergency it is recommended that the School Leader or his/her designee have another adult present during a locker search.

The School Leader or his/her designee shall not be obligated, but may request the assistance of a law enforcement officer in the course of conducting a locker search. The School Leader or his/her designee shall respect the privacy rights of the pupil regarding any items discovered that are not illegal or against school policy or rules.

*Searches of Students and Student Property:* Searches of a student's person, personal property (coats, hats, backpacks, book bags, purses, wallets, notebooks, gym bags, etc.) may be conducted whenever the student's conduct creates a reasonable suspicion that a particular school rule or law has been violated and that the search is reasonably related to the suspicion and not excessively intrusive in light of the age and sex of the student and nature of the infraction. Circumstances warranting a search include those in which school officials have reasonable suspicion that the student or student property is concealing lost/stolen/misplaced items, weapons, drugs, alcohol, tobacco, unsafe contraband, pagers, or other items considered inappropriate at school.

*Searches of Personal Belongings:* Personal belongings may be searched by school officials whenever school officials have reasonable suspicion to believe a student is concealing evidence of a policy violation or criminal activity and the items being searched are capable of concealing such evidence. The student may be asked to open personal belongings and to turn over personal property for search by a school official. All searches of student property by school officials shall be witnessed by an objective third party (such as another administrator, teacher, or police officer) to observe that the search is not excessively intrusive.

All contraband discovered in a search by school officials shall be immediately confiscated and turned over to law enforcement officers if school officials have reason to believe the contraband is related to the commission of a criminal act.

*Searches of Person:* School officials shall make sure the search meets the following guidelines:

- The search shall be conducted in a private area of the school by a school official of the same sex as the student being searched
- The search shall be observed by an objective third party of the same sex as the student being searched (i.e., administrator, teacher, police officer)
- School officials may ask the student to remove his/her hat, coat, shoes and socks, turn pockets inside out, and roll up sleeves to see if the student is hiding contraband
- Under no circumstances may school officials require students to remove any other items of clothing or touch students in any way during the search.

If this limited search does not turn up suspected contraband and school officials have reasonable suspicion that the student is concealing contraband in his/her inner clothing (i.e., hiding drugs, weapons or other contraband underneath shirts, pants or underwear), law enforcement officers shall be summoned immediately to conduct further search and investigation.

*Documentation of Searches:* School officials shall thoroughly document the details of any search conducted of a student's property or person. Documentation shall be made at the time of the search, or as soon as possible thereafter, and shall include the following:

- The time, place and date of the search
- The reasonable suspicion giving rise to the search (what did school officials suspect to find during the search)
- The name and title of individuals conducting and observing the search
- A statement about evidence that was found or not found as a result of the search
- A statement about who took possession of contraband (i.e., police, school, etc.)
- Information regarding the attempts of school officials to notify parents about the search.

### **3406 SPECIAL EDUCATION STUDENTS**

Mountainville Academy's student population includes students who require Special Education instruction. The classroom teachers of these students need to be aware of their needs and their Individual Education Plan (IEP). An IEP outlines the student's specific needs and accommodations for testing, instruction, one on-one help, etc. The Special Education teacher creates an IEP for each qualifying student in collaboration with the student, their parents, the school counselor, and the regular classroom teacher as necessary. Once the IEP is created, the Special Education teacher or the counselor meets with each teacher to review the needs and plans of the Special Education student. Teachers are legally responsible to accommodate the needs of the Special Education student based on their IEP.

## **3407 STUDENT RIGHTS AND RESPONSIBILITIES**

Students attending Mountainville Academy enjoy all the rights and responsibilities afforded to them by both state and national law.

**Student Rights:** No student shall be unlawfully denied an equal educational opportunity, or be unlawfully discriminated against on the basis of race, creed, color, national origin, religion, age, economic status, sex, or physical or mental handicap.

Every student has the right to receive an education relevant to his or her own needs and ability, as well as the right to learn at his or her own pace.

All students have the right to learn in an environment that upholds the law and ensures students are safe and protected during school hours and while on school property.

Freedom of speech is a basic student right; however, it is subject to the following constraints:

- It may not disrupt the educational process.
- It may not interfere with the rights of another, including his or her freedom of expression and his or her freedom from abuse and/or personal attack.
- The distribution of any written material, including material which represents the school, on the school property must receive prior approval of the School Leader.
- Teachers and administrators may edit the style and content of student speech at school assemblies, in the school newspaper, in school theatrical productions, and in other school sponsored activities, when teachers and administrators have legitimate educational concerns.

Every student has the right to an environment that encourages learning and is free of unnecessary disruption. Students have a right to the protections guaranteed to all citizens.

**Student Responsibilities:** Student responsibilities are established upon the values of self-respect and respect for others. As no student has the right to interfere with the education of fellow students, it is thus the responsibility of each student to respect the rights of all who are involved in the educational process. All students must adhere to these responsibilities while within school facilities, on school grounds, in school-approved vehicles, and while attending school- sponsored events.

Each student attending Mountainville Academy has the following responsibilities:

- Adhere to all school rules as outlined in the Mountainville Academy Policy and Procedure Manual.
- Attend school regularly, arrive at school on time, and be prepared for class.
- Exhibit his/her best effort in each subject area and ask for help as needed.
- Practice honesty in all academic work, as well as behave honestly in dealings with all members of the school staff.

- Follow the lawful directions of members of the school staff.
- Submit to reasonable consequences for the violation of rules, which may be imposed by members of the school staff.
- Respect the personal and educational rights of others.
- Refrain from unauthorized use, misuse, or removal of school or individual property.
- Refrain from any form of verbal or physical behavior designed to intimidate or otherwise harass another.
- Refrain from the use of profanity or obscene gestures.
- Refrain from the threat or use of physical violence.
- Refrain from engaging in the sale, distribution, use, or possession of illegal drugs or drug paraphernalia, alcohol, or other controlled substances, including prescription drugs.
- Refrain from possession or storage of any weapon, drug, chemical, firework, or explosive device in any Mountainville Academy building, regardless of a federal or state license.
- Refrain from proselytizing for or discriminating against any religious or special interest groups at school.
- Refrain from any conduct which discriminates against other students on the basis of race, creed, color, national origin, religion, age, economic status, sex, or physical or mental handicap.

Note: Mountainville Academy has established rules and guidelines in order to provide a safe and orderly environment for learning. As such, students must adhere to these rules and guidelines. However, the School Leader may exercise his/her personal judgment in the review of individual discipline incidents.

Mountainville Academy complies with all state and federal rules and regulations. Students who feel they have been discriminated against have the right to file a complaint with the school administration and/or local, state and federal authorities.

All policies and procedures shall be updated regularly to comply with state and federal laws.

### **3501 DUAL ENROLLMENT**

Purpose: To provide an understanding of dual enrollment provisions by Mountainville Academy.

Definition: Dual enrollment means simultaneous enrollment in a home school or an established private school while also enrolled and attending at Mountainville Academy.

Policy: Mountainville Academy offers dual enrollment to students who desire to be simultaneously enrolled at Mountainville Academy as well as in a home school or a regularly established private school under the following conditions:

- The student will have a minimum attendance at Mountainville Academy approximately one half (1/2) of the weekly instructional time.
- The parent provides a written request with a rationale for released time away from Mountainville Academy, and receives authorization from the School Leader
- If the student is a special education student, the IEP team will meet to determine an appropriate IEP.

If the student will attend Mountainville Academy less than one half (1/2) of the weekly instructional time, the parent shall withdraw their student from Mountainville Academy and either enroll in a private school or return to their local school and district to complete the procedures for formal home school status per Utah Code 53A-11-102(2)(a).

## 3502 ENROLLMENT

As outlined in its charter, Mountainville Academy offers enrollment for students in grades K-9, and complies with all federal and state laws relative to admission policies. Mountainville Academy does not discriminate on the basis of race, creed, color, national origin, religion, age, gender, handicap, or any other classification protected by law. Admission to Mountainville Academy is open to all students regardless of socio-economic status, geographical location or learning level and is governed by the following enrollment policies and procedures:

- **Intent to Register Form:** All parents wishing to enroll their child(ren) in Mountainville Academy must submit an Intent to Register (ITR) form for each prospective student which includes the required information for application. Intent to Register forms are accepted for the current/upcoming school year only, beginning with the Open Enrollment period and continuing into the beginning weeks of school. Applications received for pre-school children who do not meet the state's age deadline and are not old enough to attend school for the upcoming school year are not accepted. The names of all prospective students remain confidential.
- **Open Enrollment and Lottery:** An Open Enrollment period, recognizing the required minimum of at least 30 days and a conclusion by the third (3rd) Friday in February, is established each year as the commencement of enrollment for the upcoming school year. Students whose ITR's are submitted during the Open Enrollment period are received in no particular order and where necessary pooled with students of the same priority category (i.e. children of founding parents, siblings, etc.).

Submission of an ITR does not guarantee enrollment of a child. All applicants who submit an ITR during the Open Enrollment period will be accepted, unless the number of applicants exceeds the capacity for any grade level and/or the school enrollment capacity. In the event that the number of applicants exceeds the available positions, a random lottery is held to determine which applicants will be offered enrollment, with priority given to certain students who are eligible for Preferential Enrollment. The outcome of the lottery will establish an applicant's acceptance or wait-listed position for the upcoming school year.

- **Preferential Enrollment:** Preferential enrollment status is given to the following Mountainville Academy applicants:
  - Children of Founding Council members: The Founding Council is comprised of individuals whose contribution to the development of the school has been significant and meaningful.
  - Children of Mountainville Academy teachers

The number of students receiving preferential enrollment as children of founding parents and children of Mountainville Academy teachers shall not exceed 20% of the total student population.

- Siblings of students already registered to the school: Keeping families together is a priority to Mountainville Academy. If additional family members are not accepted initially, they will be eligible for sibling preference and accepted according to their sibling wait-list position as enrollment openings become available.
- Wait-Lists: Remaining applicants from the lottery who are not offered initial enrollment will be numbered on a wait-list and accepted according to their wait-list position as enrollment openings become available. New ITRs received after the closing of the Open Enrollment period will not be entered into the lottery, but will be processed in the order in which they are received and added to the bottom of the wait-list in the appropriate grade/priority AFTER all lotteried students and accepted as enrollment openings become available. Wait-lists are arranged in the following priority:
  - Children of Founders
  - Children of Mountainville Academy teachers
  - Siblings of registered students
  - All other children

Because of the Open Enrollment/Lottery process which is used each year to determine enrollment, Mountainville Academy does not maintain wait-lists for classes beyond the current school year. Wait-listed children who are not accepted to the school during the school year will undergo the lottery process again for the following year.

Admission: Once a child has been accepted either through the lottery or the wait-list, parents will be notified and given the opportunity to accept or decline their child's admission and complete the necessary paperwork for registration.

- Notification and Response Deadlines: Parents will be notified via e-mail and/or phone. It is the responsibility of parents to ensure that the school has their current contact information and to respond in a timely manner to an offer of admission.

Mountainville Academy will attempt to contact parents regarding their child's admission a minimum of two times. If the parent cannot be contacted or is non-responsive within a designated time period, the available space may be offered to another waiting student. Response deadlines are calculated from the first attempted contact as follows:

<b>Date of First Attempted Contact</b>	<b>Response Deadline</b>
Lottery through Jun 1 (Filling for following school year)	3 business days (72 hours)
June 2- Aug 1	2 business days (48 hours)
Aug 2 through end of current school year	1 business day (24 hours)

- Final Registration: Parents who accept admission are provided with required registration materials to complete student registration as well as a firm deadline for submission of all registration materials. If the designated registration deadline is not met, the available space may be offered to another waiting student.

Students already enrolled and attending Mountainville Academy are automatically re-enrolled the following year, unless they are appropriately withdrawn. Please refer to the school's Withdrawal Policy for more information.

Changing grade levels for the current school year: Children whose parent or legal guardian wish to change the current grade level for which they are accepted or enrolled will be considered on an individual basis by school administration and/or the Board of Trustees. Upon approval, the child may be placed on the In-School Transfer waitlist.

Changing grade levels for the upcoming school year: Children who are currently enrolled in the school whose parent or legal guardian wish to change the grade for which the child is enrolled for the upcoming school year will be considered on an individual basis by the school administration and/or the Board of Trustees. The parent or legal guardian must notify the school administration of the request before the close of the lottery. Failure to comply may result in the child not having a reserved seat in the grade desired for the upcoming school year; in such case, the child will be placed on the In-School Transfer Wait List.

### **3503 FEES**

As mandated by the Utah State Constitution and the Utah State Board of Education, Mountainville Academy is prohibited from charging fees to elementary school students. As such, Mountainville Academy has created an official fee policy and a fee waiver guideline.

A fee is defined as any charge, deposit, rental, or other mandatory payment in the form of money or goods. Any and all charges related to the National School Lunch Program, such as food or milk, are not considered fees. As required by law, all fees will be set, approved, and published annually by the Board of Trustees, as well as a fee waiver policy. The fee schedule will be posted and distributed to all parents or guardians.

No fee may be charged to students in grade K-6, unless sixth grade is included in a school that contains one or more 7-12 grades, for any activity comprising the regular school day. For example, no fees may be charged for the following items or activities: textbooks, classroom equipment or supplies, musical instruments, field trips, assemblies, or snacks (except those associated with the National School Lunch Program). This list is not all inclusive. All students shall be allowed to enroll and fully participate in any class offered at the school, having the opportunity to acquire all skills and knowledge required for full credit and highest grades. Students may do this without paying a fee or participating in a fund raising activity, except in the case of special optional projects. Mountainville Academy will supply all student supplies for elementary students. A student may, however, be required to replace supplies provided by the school which are lost, wasted, or damaged by the student due to careless or irresponsible behavior.

Utah state law permits the charging of fees for grade 6 if it is included in a school that contains one or more 7-12 grades, and grades 7-12. Therefore, 6<sup>th</sup>, 7<sup>th</sup>, 8<sup>th</sup> and 9<sup>th</sup> grade middle school students may be assessed fees for general school supplies, class materials, rental fees, activities, and programs. Items may include, but not be limited to, textbooks, labs, calculators, musical instruments, lockers, towels, clubs, travel, and other materials and supplies needed for specific courses. Refundable deposits may be charged to ensure the return or replacement of loaned tangible items. However, except for common household items and common articles of clothing, no student shall be required to pay a fee or provide any material, money, or any object of value unless the requirement has been approved by the Board of Trustees and included in the school fee schedule.

For school activities outside of the regular school day, fees may be charged in connection with any school-sponsored activity, regardless of the age or grade level of the student, so long as participation is voluntary and does not affect a student's grade or ability to participate fully in any course taught during the day. Items which have a cost associated with them include purchases such as school pictures, yearbooks, or other similar items. Costs associated with these items are not considered to be fees and will not be waived.

No fee may be charged or assessed in connection with any class or school sponsored or supported activity, including extracurricular activities, unless the fee is in accordance with

this policy and has been set and approved by the Board of Trustees. This approval applies to the following: Expenditures for uniforms, costumes, clothing, and accessories, if other than typical student dress, which are required for participation in choirs, pep clubs, drill teams, athletic teams, bands, orchestras, and other student groups.

The school administration and Board of Trustees shall adopt procedures to reasonably ensure that the parent or guardian of each student receives written notice of fee schedules and fee waiver policies before the fees are due. Procedures for fee waivers shall be written in language that is easily understood and included with student registration materials.

As permissible by law, Mountainville Academy may make donation requests to supplement the school's limited funds. All donation requests are strictly voluntary, and must be worded as such. Students may not be excluded from activities or penalized in any way because they did not make donations. At no time will the names of those who did not make donations be revealed, although those who make major donations may be honored. All donations are tax-deductible.

No present or former student with unpaid fees or fines may be denied receipt of transcripts or have their student files withheld from a subsequent school to be attended. A reasonable charge may be issued to cover the cost of duplicating or mailing, except for when duplicating or mailing copies of school records to an elementary or secondary school in which the student is enrolled or intends to enroll.

Mountainville Academy shall provide, as part of this fee policy, adequate waivers or other provisions to ensure that no student is denied the opportunity to participate in a class or school sponsored or supported activity because of an inability to pay a fee. If a student is eligible for fee waivers, all fees must be waived, including textbooks.

Fees must be waived for the following students:

- Students eligible for free school lunch
- Students who are in state custody or foster care
- Students whose families are receiving public assistance through the Family Employment Program (FEP) from the Utah Department of Workforce Services
- Students who are receiving Supplemental Security Income (SSI)
- Students whose families are financially unable to pay because of exceptional financial burdens beyond the family's control; these determinations are made on a case-by-case basis by school administration.

Mountainville Academy may request documentation from parents to verify fee waiver eligibility. The fee waiver application process must be handled fairly, objectively, confidentially, and without discrimination. Only school staff with a need and right to know shall be aware of student fee waiver status. The policy shall be administered and waivers shall be granted only by school administration.

At the discretion of school administration, partial fee waivers or other provisions in lieu of fee waivers may be made available for students unable to pay their entire fees. Students may perform a work assignment or public service as payment-in-kind in lieu of a fee. The work must be a fair exchange of time for the value of the fees waived, appropriate to the age, maturity, and ability of the student, and not demeaning or discriminatory. Students are not obligated to perform work in lieu of fees, and parents must be given the opportunity to review the proposed alternatives to fee waivers, as well as given an available appeals process. If the parent/guardian appeals a denial of fee waivers, no fees will be required to be paid until the appeal is decided.

Regardless of fee waivers or provisions in lieu of fee waiver, the school may assess charges to students who damage, destroy, or otherwise lose school property. The school may pursue reasonable methods in order to obtain payment for such charges; however, students may not be excluded from school, and transcripts may not be withheld as a means of obtaining payment of those charges.

All 6<sup>th</sup>, 7<sup>th</sup>, 8<sup>th</sup> and 9<sup>th</sup> grade students shall be required to pay fees as appropriate to their individual schedule. Please see attachment for the current approved Mountainville Academy 6<sup>th</sup> – 9<sup>th</sup> grade fee schedule.

Annually, by October 31, the School Fee Certification of Compliance Form will be submitted to the USOE law office. Attached to the compliance form will be the current board-approved school fee policy, fee-waiver policy, and current board-approved fee schedule.

## **3506 WITHDRAWAL POLICY**

Purpose: To provide information about withdrawal requirements and procedures, and to make provision for the retrieval of school materials, collection of personal belongings, settlement of outstanding/reimbursable fees, and opportunity for constructive feedback.

Definitions: Membership means a student is on the current roll of Mountainville Academy. A student is a member of a class or school from the date of entrance at the school until official removal from the class or school due to the student having left the school.

Withdrawn means a student has been officially removed from the school's rolls and is no longer counted in the student membership.

General Provisions: Students already enrolled and attending Mountainville Academy are automatically re-enrolled and counted in the school's student membership for the following school year, unless they are appropriately withdrawn. In accordance with statute, the parent or guardian of a student may withdraw their student(s) from Mountainville Academy for enrollment in another charter school or a school district by:

1. Submitting notice of intent to enroll their student(s) in the district of residence for the subsequent year to the student's charter school no later than June 30 of the current school year
2. Submitting notice of intent to enroll their student(s) in another charter school for the subsequent school year to Mountainville Academy, together with a letter of acceptance from the proposed charter school of attendance, no later than June 30 of the current school year, or
3. Obtaining approval from both Mountainville Academy and the school district or charter school in which attendance is sought, if the parent desires to change their student(s) enrollment during the current school year, or after June 30.

A student shall be automatically withdrawn from Mountainville Academy after 10 consecutive days of unexcused absence. Mountainville Academy shall make every reasonable effort to notify the parent or legal guardian prior to the student's 10th day of absence to provide opportunity for correction of attendance, or to receive notification of enrollment in another charter or public school. Unless attendance is corrected, or provisions have been made for enrollment of the student in another school, Mountainville Academy shall immediately notify the district of residence of the withdrawal, which shall enroll the withdrawn student in the resident district and take such additional steps as may be necessary to ensure compliance with laws governing school attendance.

Upon the withdrawal of a student from Mountainville Academy, the school may immediately enroll a new student from its list of applicants.

Withdrawal Checklist: Upon the withdrawal of a student from Mountainville Academy, a Withdrawal Checklist Form may be filled out by a designated member of the office staff and signed by the parent/guardian to ensure that all school materials are returned and outstanding fees are settled, and that the parent/guardian has the same opportunity to collect

their student's personal belongings and reimbursable fees. Parents/guardians will also be afforded the opportunity to provide MA with input regarding the school through completion of an exit survey.

School Materials: All curriculum books, library books, and other materials belonging to Mountainville Academy must be returned upon withdrawal. If items are unavailable at that time, arrangements must be made for their return to the school or reimburse the school at replacement cost.

Fees: All outstanding fees or reimbursement for any materials which are lost or damaged by the student are due upon withdrawal; fees which are eligible to be reimbursed to the student's parent/guardian may be returned via U.S. Mail within a reasonable amount of time.

Personal Belongings: All personal belongings should be removed from the school at the time of withdrawal, however if timing is not convenient or does not allow for the parent/guardian to retrieve the student's belongings, arrangements may be made to do so at a later date.

Feedback: Comments and suggestions, both positive and negative, are important to the school's goal of continual improvement and service. We encourage all parents/guardians to provide honest and constructive communication on the exit survey.

Conduct: Staff and teachers will treat the student and parent/guardian with professionalism and respect at all times.

## **4000 SCHOOL FACILITIES**

## **4100 Physical Facilities**

## **4101 CONFINED SPACE**

A “confined space” is defined as an area that:

- Is large enough for an employee to bodily enter and perform work
- Has limited or restricted means of entry or exit
- Is not designed for continuous human occupancy
- Has the potential to contain any other recognized serious safety or health hazards

Safety controls have been established for any work in an area that fits this description. Signs identifying such areas as a “hazard area” and advising “NO UNAUTHORIZED ENTRY” should be placed at all entrances to the area. Safety controls that affect any school personnel include, but are not limited to:

- No person should enter the space without notifying an assistant in a secured area of his or her intended work assignment and location.
- A communication system should be established between the person entering the space and the assistant.
- Ventilation should be checked to insure that a sufficient amount of air is moving through the area, the quality and quantity of the air is known, and the air direction and hazards from a possible contamination are discussed. Entry should always be made with the air movement at the persons back.
- Personal protective equipment such as respirators, kneepads, safety glasses, hard hats and protective clothing should be used as needed.
- The workers should be equipped with a battery operated backup light and be physically fit and competent for work in a restrictive environment.
- If any physical or health hazards are discovered, a confined space permit is required and all activities proceed under the instructions and direction of the permit.

## **4102 ELEVATOR USE**

The elevator is provided for use by individuals who need assistance in moving between the floors of the school. Additionally, teachers and school administration may use the elevator at all times. The elevator is not to be used for regular student traffic.

Students are allowed to use the elevator for the following reasons only: 1) medical reasons approved by the school nurse, and 2) under the direction of a teacher or administrator to retrieve or deliver school supplies which necessitate using the elevator. Students must have an elevator pass to ride the elevator; elevator passes can be obtained in the school office. Abuse of elevator privileges may result in permanent revocation of such privileges.

The elevator is never to be used during a fire alarm. During a fire alarm, persons on the second floor requiring assistance should report to the lecture hall and remain there until given further instructions by the Fire Department or other authorized personnel.

The operation of bicycles, scooters, skateboards, roller skates, in-line skates, motorized scooters, mopeds and all other similar personal transportation apparatus creates unsafe conditions for both pedestrians and road vehicles, and is prohibited at all times on the campus. Necessary assistive devices, such as wheelchairs or other apparatus used by persons with disabilities, may be operated at all times but shall be limited to travel at an average walking speed (3 mph).

Other vehicles shall not be permitted in inner campus areas unless they are legitimately necessary and authorized appropriately. Except in instances of immediate emergency response access, vehicles needing to enter inner campus areas for legitimate use must adhere to the following regulations:

- Pedestrians shall have right of way at all times.
- Vehicles shall be limited to travel at an average walking speed (3 mph) and have hazard lights flashing.
- Vehicles that exceed the width of, or cannot be contained to trafficable areas are not permitted.
- Vehicles and loads of excessive weight or that may otherwise be reasonably determined to potentially damage pathways and/or curbing are not permitted. All vehicle operators shall take full responsibility for any damage to pathways, curbing, and landscaping resulting from use.
- No green areas shall be considered trafficable. If there is a legitimate need for a vehicle to deviate from a trafficable area then prior authorization to do so must be received from Mountainville Academy for each occurrence.
- Vehicles shall not obstruct roads, driveways, and escape routes from buildings, or fire hydrants and other fire protection equipment.
- Vehicles shall not drive directly on or rest on drains or grate systems.
- Vehicles left unattended shall be secured to prevent access by children or other unauthorized individuals.
- Vehicles shall not be left in inner campus areas overnight, unless it is necessary and prior authorization has been received.
- All vehicle operators shall be appropriately licensed as applicable to operate their vehicle.
- Supervisors shall be responsible for ensuring that their staff and contractors are made aware of inner campus policy and shall be required to monitor compliance; supervisors shall be responsible for their staff, contractors and equipment.
- Staff, contractors, and other vehicle operators not in compliance with this policy may be subject to disciplinary action, responsible for costs of replacement or repair of damages, and/or denied further access authority.
- Vehicles in violation of this policy may be subject to towing. Mountainville Academy is not responsible for costs or expenses incurred through non-compliance with this policy.

### Special Events:

During special events of the school, the north inner campus area may be opened to provide additional parking. For the duration of the special event it has been opened for, this area is designated as vehicle parking and is not subject to inner campus area restrictions.

### Application for and approval of vehicle access to the inner campus:

The application for and approval of vehicle access to inner campus areas shall be in accordance with the terms, conditions, and limitations as set forth in the policy and regulations established by the Mountainville Academy Board of Trustees and administered by the School Leader.

### Procedures:

- An application for a permit to access inner campus areas with a vehicle shall be submitted in advance to the School Leader. The School Leader may waive the requirement for an application on rare occasions when circumstances of an unexpected nature arise.
- The School Leader shall review an application or request, determine the legitimacy for vehicle access, and ensure compliance with policy.
- The School Leader shall refuse a permit when the vehicle access is not legitimate, or is otherwise non-compliant with this policy, or the vehicle access conflicts with another scheduled activity, or the vehicle access is otherwise inadvisable or unsafe.
- Upon approval, a permit shall be granted. When obtaining a permit, operators shall sign a statement in acknowledgment that he/she has read the policy, will ensure that the policy will be adhered to, and will accept responsibility for any damage resulting from the permitted use. ## **4200 Security**

## **4201 BUILDING SECURITY**

The Mountainville Academy school doors are open each morning for student arrival fifteen minutes before the start of the school day. All doors except the main front doors near the office are locked within thirty minutes after school starts and remain locked throughout the school day. These doors are equipped with panic bars which allow an easy exit during an emergency, but prohibit entry from the outside. During school hours, all visitors must enter through the main doors of the school and report to the front office.

All Mountainville Academy staff are required to wear a photo ID badge while on school property or in the care of students. This ID badge contains the staff member's name and position, school logo, and a current photo. The badge must be visible at all times as established by administrative procedure.

Parents and school visitors are required to sign in at the front office to receive a visitor badge. Adults not displaying the proper ID will be escorted to the front office immediately. Teachers and staff shall not allow any visitors into a classroom without a badge from the front office.

## **5000 FINANCIAL MANAGEMENT**

## **5100 General Finances**

## **5101 FISCAL POLICIES**

Fiduciary Members: Fiduciary members or authorized signatories for Mountainville Academy are the Chair of the Board of Trustees, the School Leader, and the Treasurer of the Board of Trustees. In the event that one of these members cannot fulfill his/her duties, the Vice Chair of the Board of Trustees shall have fiduciary responsibilities.

Asset: An asset is defined as physical property which individual or collective value is in excess of \$1000 and has a durable life in excess of 12 months. For example, although a single student chair is only valued at \$20 each, the collective value of all student chairs is over \$13,000. Thus, student chairs are an asset. Conversely, the cost of a year's supply of butcher paper is over \$1000. Even so, it does not have a durable life in excess of 12 months. Therefore, this would not count as an asset.

Purchasing: Purchases under \$1000 require no bid process and may be purchased as an expense with approval from one fiduciary member.

Any purchasing of construction will follow the process outlined in state code including, if required, a post for advertisement of bids on the school website; or on a state website managed by the Division of Purchasing.

Asset purchases between \$1000 and \$50,000 require an informal bid process, using at least three different vendors. Documentation of the bid process must be maintained. The exception to this requirement is if the purchase is through a state approved vendor. These purchases require approval from the Board of Trustees. Typically, these expenses are included in the annual budget approved by the Board of Trustees. Non-asset/service purchases between \$1000 and \$50,000 do not require a bid process if only one service provider exists (i.e. Core Knowledge Foundation) or there is only one service provider in a reasonable geographic area (i.e. Squire and Co.). If multiple companies provide the same service an informal bid process is required. Documentation of the process must be maintained. If no bid process is required a statement to the fact should be included with the invoice. These purchases require approval from the Board of Trustees. Typically, these expenses are included in the annual budget approved by the Board of Trustees.

All purchases over \$50,000 regardless of the nature must have a formal bid process and require Board of Trustee approval. A justification for these purchases should be made both in writing and verbally to the Board of Trustees a minimum of 30 days prior to purchase. These purchases should be included in the approved annual budget.

Check Writing: Checks under \$2000 may be signed by one fiduciary. Checks over \$2000 must have two signatures.

Budgets: A planning budget will be presented in April. The annual operations budget will be submitted for adoption to the Board of Trustees before June 30th each year. An operational budget based on the July Allotment Memo will be presented to the Board of

Trustees at the 3rd quarter Board Meeting. Monthly operational budgets, with actual from previous months, will be presented at the monthly Board meetings.

Financial Reporting: An independent auditing company will complete all required financial reporting and may include the AFR, APR, Fall Enrollment Count, Year-end S3 and IRS form 990. The Business Manager will work closely with the auditing company to insure all information required is provided.

Compliance: MA will comply will all federal and state mandated financial policies. All financial policies and procedures will be in accordance with the state approved charter and Mountainville Academy By-Laws.

Donations: Donations may be requested from local sources such as businesses, student families, and corporate partnerships. Donations may be restricted by the donor. Unrestricted donations may be dispersed at the discretion of school administration.

Asset donations become property of the school. Restricted donations will be used in accordance with the restriction, but also become property of the school.

Purchase Orders: All purchase orders must be approved by the School Leader. Purchasing guidelines must be followed before a PO will be issued. PO numbers are assigned in a 7 digit format; xx-xx-xxx. The first two digits are reserved for the fiscal year in which the purchase will be assigned to. The next two digits are for the month the PO is assigned. The final three numbers are unique to the purchase. All purchase orders are assigned to the school and not to an individual.

Reimbursement: Before purchasing any item, approval must be given by a fiduciary. After a purchase is made, a reimbursement form must be completed and returned with appropriate documentation to the Business Manager.

Annually a budget is given to the teachers in order to purchase required classroom supplies. Any amount spent outside of the budgeted amount must receive prior written approval from a fiduciary or that dollar amount will not be reimbursed.

## **5102 CASH RECEIPTS POLICY**

### Purpose:

To establish MA policy and procedure for the handling of all cash receipts, to include currency, coin, checks, ACH transactions, and credit card transactions. These policies should mitigate theft, fraud, carelessness, and human error.

### Scope:

This policy applies to all MA administration, licensed educators, staff, students, organizations, and individuals that handle cash receipts or accept payment in any form on behalf MA. The scope includes all activities at the school and in all locations where MA activities and public funds are collected.

### Segregation of Duties:

Wherever possible, duties such as collecting funds, maintaining documentation, preparing deposits and reconciling records should be segregated among different individuals. When segregation of duties is not possible due to limited staffing, compensating controls such as management supervision and review of cash receipting records by independent parties should be implemented.

### Definition:

“Public funds” are defined as money, funds, and accounts, regardless of the source from which the funds are derived, that are owned, held, or administered by the state or any of its political subdivisions, including MA. [Utah Code 51-7-3(26)].

### Policy and Procedures:

1. MA will comply with all applicable state and federal laws.
2. All receipting of funds at the school should be done at the front office through the financial secretaries. No receipting should take place in the classroom or in unapproved off-site locations. Employees shall instruct payers to take all cash, checks, credit card transactions to the front office for receipt.
3. All funds (cash, checks, credit card payments, school lunch funds, etc.) received must be logged and recorded in the school’s accounting records. A MA employee independent of the cash receipting process shall verify that the daily receipt or register detail reconciles to the validated deposit slip. Passwords should be established on the accounting system computers and changed periodically.
4. All funds shall be kept in a secure location controlled by the front office until they are deposited in a school-approved fiduciary institution. Funds should be deposited within three days after receipt, in compliance with Utah Code 51-4-2(2)(a), in a school-approved account. Cash receipts should not be taken home by employees or volunteers, or left in classrooms.
5. Provisions should be made for cash receipting/collection at approved off-site activities or functions. Cash count sheets will be used for cash receipts at school-sponsored activities after hours or off-site. These sheets will be completed by two individuals, signed by a member of school administration on the day of the collection, and retained for verification in the daily receipt or register detail.

6. All checks are to be made payable to MA. Checks are not to be made payable to an employee, a specific department, or a program.
7. MA employees and volunteers associated with school-sponsored activities should not open bank accounts, outside of the control of MA, for the receipting or expending of public funds associated with school-sponsored activities.
8. Mail should be opened by an individual independent of the cash receipt process, and funds received should be documented on a cash receipts log.
9. Appropriate internal controls and segregation of duties should be implemented for all cash activity. These may include tickets, deposit slips, cash tally sheets, receipt registers, cash reconciliations, reports, etc. Cash should always be verified. Where verification is difficult, cash should be counted by two individuals.
10. Documents should be available, and should demonstrate that proper cash controls are in place (deposit log, reconciliations, etc.).
11. Under no circumstances are disbursements to be made directly from cash receipts (i.e., for purchases, reimbursements, refunds, or to cash personal checks).
12. Periodic reviews should be performed for all cash activity. Bank reconciliations should be performed monthly on all school-approved accounts. Bank statements and reconciliations should be approved monthly by a board member and school administration during the finance committee meeting.
13. All activities involving cash must be supervised by a MA employee or authorized volunteer to ensure adequate controls are in place. Training should be given to those involved in handling cash.
14. Detailed activity budget vs. actual statements should be reviewed by program directors, coaches, teachers, etc. on a quarterly basis for accuracy and reasonableness.
15. All payments of fees shall correspond with the approved fee schedule, as required by Board Administrative Rule R277-407.

- (2) The "single procurement aggregate threshold" for MA is \$5,000. This is the maximum amount that MA can expend to obtain any combination of individual procurement items/services costing less than \$1,001 from one vendor at one time up to \$5,000 (Utah Code 63G-6a-408).
- (3) The "annual cumulative threshold" for MA is \$50,000. This is the maximum total annual amount that MA can expend to obtain individual procurement item(s) costing less than \$1,001 purchased from the same vendor during the fiscal year (July 1 – June 30) not to exceed \$50,000. If a purchase exceeds \$50,000, it is not considered a small purchase and shall be processed through a bidding process or a request for proposal (RFP) process (Utah Code 63G-6a-408 and Administrative Code R33-3).
- (4) Professional services, such as architectural, engineering, accounting, legal, or consulting services less than \$100,001 shall be acquired using a competitive bidding or RFP process, or by selecting a provider from an approved potential vendor list created using an invitation for bids or an RFP under provisions in Utah Code 63G-6a-403 and 404.

This means that intentionally splitting a purchase of similar items that would typically be purchased at the same time from the same vendor to avoid requiring competitive quotes is unlawful (.e.g., uniforms, club or athletic equipment, textbook orders, etc.). This includes dividing the purchases or invoices over a short period of time, or making separate purchases over a period of time. Purchase splitting often occurs when making purchases on a purchase card. Employees should not split invoices to stay under daily purchase limits on purchase cards or the established purchasing thresholds.
    - ii. It may be determined after an order is placed or received that a large enough quantity was not ordered, or the correct sizes were not obtained, and that additional items must be ordered. The Board recognizes the need to abide by all applicable laws and regulations, including 53A-1a-508, including the following acknowledgements: (i) fiscal procedures will be consistent with generally accepted financial management standards; and (ii) neither the chartering entity nor the state, including an agency of the state, is liable for the debts or financial obligations of MA or persons or entities who operate MA, unless agreed to in writing with MA.

Subject to appropriation limits with object codes and other restrictions, MA reserves the right to reallocate funds from one line item in the budget to another as prescribed by the Board if purchasing practices or conservation result in an expenditure different from the budgeted amount. The Board may choose to add undistributed reserves from MA operational budget to the following year and/or may reallocate them to the current fiscal year’s budget, at its discretion. The budget and cash flow projections utilized by MA provide sufficient detail to enable reasonably accurate projections of revenues and expenses, separation of capital and operational items, cash flow, and subsequent audit trail documentation.

In addition, MA understands and complies with all applicable fiscal rules/regulations, including completion and submission of an annual financial audit of the current fiscal year conducted by an independent certified public accounting firm by November 30th of the following fiscal year, submission of October and December student counts in accordance to state mandated deadlines, Utah Money Management reports, wages and

MA assigns a representative to attend school finance and statistics training and all required finance training. MA will continue to take the measures necessary so that its representative(s) attend future trainings as announced or provided to ensure accounting and management of MA resources are in compliance with any revisions to rules and laws governing MA.

#### Minimum Reserve and Coverage Levels

MA will maintain minimum reserve and coverage levels that the Board determines are consistent with long-term financial health. The board treasurer, administration, business manager and accounting staff will regularly monitor the status of reserve and coverage ratios and report that information to the Board.

MA will ensure that it satisfies minimum reserve and coverage levels as required by law or applicable bond covenants.

MA will take reserve and coverage levels into consideration when making budgeting, financial planning, and other financial decisions, including decisions regarding major purchases.

#### Financial Forecasting and Budgeting

Throughout the fiscal year, the financial [manager], administration, business manager and accounting staff will meet regularly to discuss the budget, MA financial status, and any changes. The Board will be fully engaged in the budgetary process and informed of such issues on a regular, monthly basis.

The board treasurer, administrator, business manager and accounting staff will meet to prepare a tentative budget. MA's budgeting philosophy will be to conservatively project both revenues and expenses while achieving the level of accuracy required by state standards. The tentative budget will be circulated to the Board for further review and discussion. The tentative budget will be scheduled for discussion on a board meeting agenda, further discussed, and adopted at the annual board meeting.

As the October 1 count is finalized, and as MA receives new revenues, the Board will be updated on new figures. In order to account for these changes, the Board will approve revisions and amendments to the budget over the course of the fiscal year, as needed and appropriate.

## **5106 DEBT AND DISCLOSURE (OR POST ISSUANCE COMPLIANCE)**

Debt: MA will seek to avoid debt to the extent possible. MA's plan is to only assume debt as absolutely necessary or when the benefits of a purchase will, in the judgment of MA's board, benefit MA's students for the life of such debt. The Board recognizes that the ability to take on debt will be governed by the covenants of existing indebtedness and pending indebtedness. MA's accounting staff, administration and financial [manager] will be informed of the requirements affecting MA ability to incur debt. Any debt assumed by MA will therefore comply with applicable laws and any existing bond covenants.

As economical or in its best interests, MA will seek refunding opportunities to either lower its debt profile, meet bond covenants or other advantageous benefits realized through a restructure of its debt.

Disclosure: MA first issued tax exempt debt in 2008, and has been committed to complying with all disclosure and post issuance requirements on their debt since that date, and is proud of its record. MA remains committed to full compliance with such requirements on any debt that is MA's responsibility going forward.

Throughout the fiscal year, the financial [manager], administration, business manager and accounting staff will meet regularly to discuss how best to comply with all debt obligations using the most effective, efficient and honest methods available. The full Board will be updated at least once a year on the compliance with such requirements.

In the event of a material violation of any post issuance requirement, or allegation by any source of a material violation, the Board of MA will be informed in writing by the financial [manager], administration, business manager or accounting staff, and the Board shall meet promptly to discuss how best to deal with the material violation or alleged material violation.

## 6306 HARASSMENT POLICY

Mountainville Academy has adopted a policy of "zero-tolerance" with respect to unlawful employee harassment. Harassment is verbal or physical conduct which denigrates or shows hostility or aversion toward an individual based on race, color, religion, sex, national origin, age, sexual orientation, personal appearance, disability, status as a Vietnam-era or special disabled veteran, or status in any group protected by state or local law. Harassment can also occur if conduct is directed toward a person's relative, friends, or associates.

Sexual Harassment is defined as:

1. Unwelcome sexual advances, requests for sexual favors, and all other verbal or physical conduct of a sexual or otherwise offensive nature, especially where:
  - Submission to such conduct is made either explicitly or implicitly a term or condition of employment;
  - Submission to or rejection of such conduct is used as the basis for decisions affecting an individual's employment; or
  - Such conduct has the purpose or effect of creating an intimidating, hostile, or offensive working environment.
2. Offensive comments, jokes, innuendos, and other sexually oriented statements.

### Types of Harassment

Sexual harassment constitutes a form of sexual discrimination under Title VII of the Civil Rights Act of 1964. As was stated above, the EEOC and the federal courts have recognized two distinct types of sexual harassment: "quid pro quo" and "hostile environment" harassment.

- "Quid pro quo" harassment occurs when an aspect of a person's job is conditioned on his or her accepting the sexual advances or conduct of another worker (usually a manager or supervisor).
- "Hostile environment" harassment occurs when an employee is subjected to a pattern of unwelcome, sexually, racial, religious, etc. related conduct in the workplace that creates a hostile, intimidating, or offensive work environment. Such conduct includes, but is not limited to:
  - Slurs
  - Stereotyping
  - Threats
  - Intimidation
  - Hostile or demeaning jokes and pranks
  - Harassing material displayed on walls, bulletin boards, or circulated in the workplace
  - Favoritism or persecution

It should be noted, however, that sexually harassing conduct need not be of a specifically sexual nature, it need only be gender-based.

Examples of the types of conduct expressly prohibited by this policy include, but are not limited to, the following:

- Touching, such as rubbing or massaging someone's neck or shoulders, stroking someone's hair, or brushing against another's body.
- Sexually suggestive touching.
- Grabbing, groping, kissing, fondling.
- Violating someone's "personal space."
- Whistling at another person.
- Lewd, off-color, sexually oriented comments or jokes.
- Foul or obscene language.
- Leering, staring, stalking.
- Suggestive or sexually explicit posters, calendars, photographs, graffiti, cartoons.
- Unwanted or offensive letters or poems.
- Sitting or gesturing sexually.
- Offensive E-mail or voice-mail messages.
- Sexually oriented or explicit remarks, including written or oral references to sexual conduct, gossip regarding one's sex life, body, sexual activities, deficiencies, or prowess.
- Questions about one's sex life or experiences.
- Repeated requests for dates.
- Sexual favors in return for employment rewards, or threats if sexual favors are not provided.
- Spreading of sexual rumors.
- Sexual assault or rape.

### Complaint Procedure

Employees who feel that they are being harassed should report the incident immediately to the school administration unless the complaint involves the School Leader, in which case employees should report to the Board. Employees who have personal knowledge of the occurrence of harassment shall report the incident immediately to the school administration and/or Board. If for any reason you believe it would be inappropriate to discuss the matter with the school administration and/or Board the employee may report it directly to the appropriate Human Resources contact who will undertake an investigation. Your complaint will be kept confidential to the maximum extent possible; however, Mountainville Academy cannot guarantee anonymity to persons who report harassment.

If Mountainville Academy determines that an employee is guilty of harassing another individual, appropriate disciplinary action will be taken against the offending employee up to and including termination of employment.

Mountainville Academy prohibits any form of retaliation against any employee for filing a complaint under this policy or for assisting in a complaint investigation. However, if, after investigating any complaint of harassment or unlawful discrimination, it is determined

that the complaint was not made in good faith or that an employee has provided false information regarding the complaint, disciplinary action may be taken against the individual who filed the complaint or who gave the false information, including disciplinary and/or legal action.

## **6402 BACKGROUND CHECKS (3101)**

The purpose of this policy is to describe the terms and conditions under which background checks are conducted. Mountainville Academy is a public Charter School that is committed to the educational success of our students. Mountainville Academy believes that having qualified individuals in positions to contribute to the School's overall strategic success is vital. Background checks also serve as an important part of the selection process when hiring employees.

### **Policy:**

- Mountainville Academy will ensure that all background checks are held in compliance with applicable federal and state statutes, such as the Fair Credit Reporting Act.
- Mountainville Academy Board of Directors and School Leader reserve the right to make the sole determination concerning information or any employment decision arising out of the background check.
- Mountainville Academy requires all contractors and volunteers who routinely perform work on campus to be in compliance with this policy.

### **For Job Candidates:**

- Mountainville Academy conducts background checks on all job candidates postcontingency offer, but prior to written offer. The type of information that can be collected by this agency includes, but is not limited to, a criminal background check, education, employment history, credit, and professional and personal references. This process is conducted to verify the accuracy of the information provided by the candidate and determine his/her suitability for employment.
- All criminal background screens are conducted post-offer (contingency offer). However, as part of Title VII of the Civil Rights Act, this information cannot be used as a basis for denying employment, unless it is determined to be job-related.

### **Offer of Employment Process**

Once a candidate has been identified for hire, the School Leader submits the employment application and a recommendation to hire. When verbally making the offer of employment to the successful candidate, the School Leader must inform the candidate that the offer is contingent upon the successful results of the background check. A background check is then run for the candidate.

### **General Guidelines:**

2. **TYPE OF BACKGROUND CHECK:** The background check that is performed must include a name check, fingerprint search, and FBI database search.
3. **NEW HIRES:** Background checks are required for all new hires. This includes all fulltime, part-time and temporary part-time employees. The background check must

be completed and results verified before any employee begins work. At no time should an employee begin work until the school has verified results of the background check.

4. **REHIRES:** A background check is required for all rehires that have been separated for longer than 90 days.
5. **EXISTING TEACHERS:** All teachers are required to have a background check as part of State re-licensing requirements.
6. **VOLUNTEERS:** A background check is required for any volunteer who will have direct contact with any student of Mountainville Academy while on the school campus or while volunteering for field trips.
7. **EMPLOYMENT CONTINGENCY:** Background checks are to be processed after a contingent offer of employment has been extended to the applicant. Note: The offer of employment is contingent upon the successful results of the background check.
8. **AUTHORIZATION BY APPLICANT:** The candidate must authorize the background check. This is done by having the applicant complete the Background Authorization form. This form is available to the applicant in the front office and can be sent via e-mail to the candidate as well.

#### Verification of Background Checks:

If any discrepancies or criminal history are noted, the school reserves the right to consult with the office of State Risk Management, or any other pertinent office for determination. The School Leader will contact the candidate to inform him/her that Mountainville Academy is rescinding its contingent offer of employment. If a volunteer's background check is returned with unfavorable results the school reserves the right to revoke all future volunteer and / or employment opportunities.

Mountainville Academy upholds the United States copyright laws. All school employees are expected to comply with these copyright laws as they relate to the duplication, retention and use of copyrighted materials, and also all guidelines that have been published to facilitate compliance with the copyright laws. Educators and schools who do not uphold copyright laws may be held liable for copyright violations regardless of the educational purposes for which these copyrighted materials were used.

All Mountainville Academy employees must understand and appreciate the necessity of compliance with the copyright laws. The following prohibitions related to copyright laws are established within the school:

- No unlawful copies of copyrighted material may be made on Mountainville Academy-owned equipment.

## **6405 DATING BETWEEN EMPLOYEES POLICY**

Mountainville Academy has adopted this policy in recognition of its responsibility to provide guidelines on romantic and sexual relationships with other employees and to caution employees about the potential problems posed by such relationships. These problems include conflicts of interest, interference with the productivity of co-workers, and potential charges of sexual harassment. They can be particularly serious in situations in which one person has a position of authority over the other, such as in a supervisor-subordinate relationship.

Mountainville Academy does not prohibit consensual romantic relationships between employees, but it does impose the following restrictions:

- Mountainville Academy strongly discourages supervisors and managers from engaging in romantic or sexual relationships with subordinates and requires the supervisor or manager to disclose the existence of such a relationship. Additionally, supervisors and managers are required to take steps to resolve any actual or potential conflict of interest or impropriety created by the relationship.
- All employees must avoid romantic or sexual relationships with other employees that create conflicts of interest, potential charges of sexual harassment, or discord or distractions that interfere with other employees' productivity.

Any romantic relationship between a supervisor and subordinate employee must be disclosed by the supervisor to the administration and/or Board. The administration and/or Board must assess the situation and make a recommendation to resolve any actual or potential conflict of interest or impropriety created by the relationship. The recommendation can require the dating couple to determine which partner will resign.

Failure to make required disclosures or comply with a recommendation to resolve a conflict with this policy can result in disciplinary action up to and including termination.

Exemptions will only be granted at the discretion of the School Administration based on the evidence provided by the employee. Personal preference is not considered a hardship. If any employee desires exemption it should be requested within 30 days of hire or re-hire. Administration will respond to each submitted exemption request within 15 work days of receipt.

If an employee fails to sign up for direct deposit (if not exempted), the check will be held in the school office and must be picked up by the employee in person. However, before the check will be released, the employee must sign up for direct deposit while in the school office.

## **6409 EMPLOYMENT OF RELATIVES POLICY/NEPOTISM**

### Purpose

The Mountainville Academy Board of Trustees and Administration recognizes the need to avoid nepotism relative to the hiring, placement, duties, and evaluation of all employees and board members of Mountainville Academy.

### Policy

It is the policy of Mountainville Academy Board and Administration to recruit and employ the most qualified individuals for all positions. Apparent nepotism or the assignment of immediate family members to either supervise or evaluate the performance of another immediate family member is prohibited. This restriction on the assignment of family members serves to discourage favoritism and to prevent a conflict of interest in the completion of evaluations, disciplinary actions, extra-duty assignments and possible promotions.

The employment of qualified relatives of employees shall be permitted as long as such employment does not, create actual or perceived conflicts of interest. For purposes of this policy, "relative" is a spouse, child, parent, sibling, grandparent, grandchild, or corresponding in-law or "step" relation. The school will exercise sound business judgment in the placement of related employees in accordance with the following guidelines:

- Individuals who are related by blood or marriage are permitted to work in the school, provided no direct reporting or supervisory/management relationship exists. That is, no employee is permitted to work within the "chain of command" of a relative such that one relative's work responsibilities, salary, or career progress could be influenced by the other relative.
- Employees who marry while employed are treated in accordance with these guidelines.
- If an employee is promoted, assigned or transferred to a supervisory position over a member of his or her immediate family, the subordinate employee shall be transferred to a comparable position as soon as such a position becomes available.

This policy applies to all categories of employment, including regular, temporary, and part-time classifications. Board Members may not be relatives, as defined above, to those employed by Mountainville Academy.

### Exceptions

In accordance with Title 53A Chapter 1a Part 5 Section 518, the Administration and or Board may grant an exception to either the assignment of personnel or students for up to one (1) year in order to meet an identified school system or student need.

In compliance with federal laws, Mountainville Academy administers all educational programs, employment activities and admissions without discrimination because of race, religion, national or ethnic origin, color, age, military service, disability or gender, except where exemption is appropriate and allowed by law.

## **6410 HIRING POLICY**

**Purpose:** The purpose of the policy is to define the decision making process and authority involved when hiring employees of Mountainville Academy. Mountainville Academy believes that having qualified individuals in positions to contribute to the school's overall success is vital.

**Policy:** The Board of Trustees will make all decisions regarding the hiring of the School Leader. All other employees will be hired by the School Leader. The School Leader may delegate this authority to another individual or body if desired. The School Leader has the ability to add new positions within the school as long as the expense is accounted for in the proper category of an approved budget. It is recommended that the School Leader inform the board when new positions are created or new individuals hired.

The hiring process should include the following steps:

1. Open positions will be noticed for a reasonable amount of time either internally, externally or both.
2. Interviews of possible candidates will be conducted using similar interview questions. When possible, interviews will be conducted by an interview panel chosen by the School Leader. The necessity of a panel will be determined by the School Leader depending on the level of the position being filled.
3. References will be checked prior to any offer of employment.
4. Offers of employment will follow the process outlined in policy 1420 Background Checks.
5. If the offer of employment concerns an individual who has previously worked for Mountainville Academy, is a teacher under an ARL path, or if a background check is returned with anything other than a cleared status, the School Leader will discuss the candidate with the Executive Committee of the Board of Trustees prior to continuing with the hiring process.
6. When finalizing the new employment of an individual, an Orientation Checklist will be followed to ensure that all necessary forms and information is completed.

This process may be omitted at the discretion of the School Leader or Board of Trustees if it cannot reasonably be accomplished due to individual circumstances.

All employment with Mountainville Academy is "at-will" regardless of any conversations or agreements made with the school representative who offers the job.

All offers of employment are conditional until the candidate fulfills all requirements established for the position.

## **DATA BREACH**

### **1. PURPOSE**

Establishing a plan for responding to a data breach, complete with clearly defined roles and responsibilities, will promote better response coordination and help educational organizations shorten their incident response time. Prompt response is essential for minimizing the risk of any further data loss and, therefore, plays an important role in mitigating any negative consequences of the breach, including potential harm to affected individuals.

### **2. POLICY**

Mountainville Academy shall follow industry best practices to protect information and data. In the event of a data breach or inadvertent disclosure of personally identifiable information (PII), staff shall follow industry best practices outlined in the IT Systems Security Policy for responding to the breach. Further, Mountainville Academy shall follow best practices for notifying affected parties, including students, in the case of an adult student, or parents or legal guardians, if the student is not an adult student.

Concerns about security breaches must be reported immediately to the IT security manager who will collaborate with appropriate members of the executive committee to determine whether a security breach has occurred. If the data breach response team determines that one or more employees or contracted partners have substantially failed to comply with IT Systems Security Policy and relevant privacy policies, they will identify appropriate consequences in accordance with 3113 Volunteer Service or 6304 Disciplinary Policy. Concerns about security breaches that involve the IT Security Manager must be reported immediately to the School Leader.

Mountainville Academy will provide and periodically update, in keeping with industry best practices, resources for Utah LEAs in preparing for and responding to a security breach. Mountainville Academy will make these resources available on its website.

## **RECORD RETENTION AND EXPUNGEMENT**

## **QUALITY ASSURANCES AND TRANSPARENCY REQUIREMENTS**

### **1. PURPOSE**

Data quality is achieved when information is valid for the use to which it is applied, is consistent with other reported data and users of the data have confidence in and rely upon it. Good data quality does not solely exist with the data itself, but is also a function of appropriate data interpretation and use and the perceived quality of the data. Thus, true data quality involves not just those auditing, cleaning and reporting the data, but also data consumers. Data quality is addressed in five areas:

### **2. Data Governance Structure**

The data governance policy is structured to encourage the effective and appropriate use of educational data. The data governance structure centers on the idea that data is the responsibility of all stakeholders and that data driven decision making is the goal of all data collection, storage, reporting and analysis. Data driven decision making guides what data is collected, reported and analyzed.

### **3. Data Requirements and Definitions**

Clear and consistent data requirements and definitions are necessary for good data quality. On the data collection side, the Utah State Board of Education (USBE) communicates data requirements and definitions to Mountainville Academy through the Data Clearinghouse Update Transactions documentation (see <http://www.schools.utah.gov/computerservices/Data-Clearinghouse.aspx>).

On the data reporting side, the production and presentation layers provide standard data definitions and business rules. Data Stewards coordinate data releases through the Data Stewards Group meetings. All data released includes relevant data definitions, business rules, and are date stamped. Further, Data and Statistics produces documentation, trainings and FAQs on key statistics and reports, such as AYP, graduation rate and class size.

#### 4. Data Collection

Data elements should be collected only once—no duplicate data collections are permitted. Where possible, data is collected at the lowest level available (i.e. at the student/teacher level). Thus, there are no aggregate data collections if the aggregate data can be derived or calculated from the detailed data.

For all new data collections, USBE provides to Mountainville Academy clear guidelines for data collection and the purpose of the data request. USBE also notifies Mountainville Academy as soon as possible about future data collections. Time must be given to schools in order for them to begin gathering the data needed.

#### 5. Data Auditing

Data and Statistics Data Analysts perform regular and ad hoc data auditing. They analyze data in the warehouse for anomalies, investigate the source of the anomalies, and work with IT and/or schools in explaining and/or correcting the anomalies. Data Analysts also work with School Finance to address findings from the Auditors.

### **DATA TRANSPARENCY**

Annually, Mountainville Academy will update:

- Metadata Dictionary as described in Utah’s Student Data Protection Act (SDPA), U.C.A §53A-1-1401

This policy and procedure also covers third party vendors/contractors that have access to the network, or have access to critically sensitive data. All contracted third party entities will be required to sign the Restriction on Use of Confidential Information Agreement before accessing our systems or receiving information with PII or other confidential data.

It is the policy of Mountainville Academy to fully conform with all federal and state privacy and data governance laws. Including the Family Educational Rights and privacy Act, 20 U.S. Code §1232g and 34 CFR Part 99 (hereinafter “FERPA”), the Government Records and Management Act U.C.A. §62G-2 (hereinafter “GRAMA”), U.C.A. §53A-1-1401 et seq and Utah Administrative Code R277-487.

Professional development for staff and awareness training for students regarding the importance of network security and best practices are included in the procedures. The procedures associated with this policy are consistent with general guidelines provided by cyber security professionals and in accordance with Utah Education Network and the Utah State Office of Education. Mountainville Academy supports the development, implementation and ongoing improvements for a robust security system of hardware and software that is designed to protect Mountainville Academy’s data, users, and electronic assets.
