Pandemic-Electronic Benefit Transfer (P-EBT)
Reconsideration Information for Parents/Guardians

What is reconsideration?

There may be months when your student's school schedule (hybrid or remote) was different from what the district/school reported (in-person or hybrid) to the state. In that case, parents/guardians may request to have their student's benefit level reconsidered. Students may be P-EBT eligible if they were receiving a hybrid or remote/online learning model in one or more of the following months:

September 2020, October 2020, November 2020, December 2020,
January 2021, February 2021, March 2021, April 2021, May 2021
