

Hello 5th grade students and families,

We are ecstatic to start this new year! It will be great to have a more “normal” year after all of the craziness from last year.

As we are looking forward to this year, we will safely be doing communal supplies, so that means there are fewer personal items students will need for this year. Please donate some of the items from the community supply list to help our classes have a great year.

Thank you,  
Ms. Hope and Mrs. Ross
