Announcements/Information

I hope you had an amazing Thanksgiving break! I can’t believe that it is December. We are just 7 school days away from beginning intensives – one of my favorite parts of the year! The teachers have some really fun things planned to help your students learn and serve others. I can’t wait to see the student engage in the work. Winter Break will begin at 12:30 p.m. on December 17th and we will return to school on January 3rd. I hope you have an amazing December full of lots of family time and time outdoors!

Intent to Return:

It’s time to complete your intent to return form for next year! Watch for an email from the office and fill it out quick so your student can enjoy the reward! There will be a competition among the crews and they will be able to choose their reward as a class. The challenge will begin on December 6th and go through December 15th.

Vaccination Clinic December 2nd from 1:00-4:00:

For ages 5 and up. You will need to make an appointment here if you want to participate.

Leadership: We assume personal responsibility for achieving extraordinary results, but we know we accomplish more when we work together. We are accountable to each other to focus on growth and the greater good. We work every day to build integrity by doing what we say we are going to do. We have trust for each other. We believe we can succeed at any challenge. We are optimistic.
Reading Challenge

Keep your eyes out for our Winter Break Reading Challenge! Make sure you watch your child’s backpack and teacher emails for the details. Encourage your child to read every night for at least 20 minutes. Help your child continue to grow in their reading skills over the break. It really does make a difference!

Fridays For Future:

Check out this fun video on Fridays For Future that our students created. They will be going to the capital to share their passion for clean air and environmentally friendly choices this Friday! Feel free to join them in their efforts. The more we have, the bigger our voice will be.

Intensives:

K-2: Force and Motion
3-5: Winter’s Wonders
6-8:
  Adulting 101
  Art of Gaming
  Drama Club
  Rock Climbing
  Ski & Snowboarding
  Social Justice
  Space Camp
  Winter Survival Skills
  STEM

We have some exciting things coming up this month! Make sure you write down all the important dates on your calendar.
