

REPORT PURPOSE

This report is the primary means by which the Charter Schools Office (CSO) of The School District of Philadelphia (District) presents performance information for each Philadelphia brick and mortar charter school.

The Annual Charter Evaluation (ACE) is organized around the three performance domains of the CSO Performance Framework: Academic Success, Organizational Compliance and Viability, and Financial Health and Sustainability. The Charter School Performance Framework provides a detailed outline of the standards and categories that the CSO evaluates within each domain. Each domain receives a rating of “Meets Standard,” “Approaches Standard,” or “Does Not Meet Standard” based on points and ratings received. The Charter School Performance Framework also outlines the point and rating system.

In the final year of the charter term, the CSO produces a Renewal Recommendation Report that provides a comprehensive review of the charter school's performance across these three domains throughout its charter term. These ratings and the substance of the evidence within each domain guide the overall renewal recommendation. If a charter school receives a “Does Not Meet Standard” rating in one or more domains, the CSO will review all evidence and data underlying the ratings to determine whether it will recommend a charter school for non-renewal.

How Performance Impacts Renewal

School receives "Approaches Standard" or "Meets Standard" ratings in all three domains

School is recommended for renewal, possibly with conditions

School receives a "Does Not Meet Standard" rating in any of the domains

School is considered for a non-renewal recommendation

Similar Schools Groups
<p>Similar Schools Groups (SSGs) are comprised of District and charter schools that are the same school type (ES, MS, K8, HS) and serve similar populations of students based on the percentages of students who are economically disadvantaged (+/-10%), students with disabilities (+/-5%), and English learners (+/-7.5%).</p> <p>Schools must fall within all three ranges to be included in a given school's SSG. If a school's SSG has fewer than five schools, the ranges expand to include five schools. The CSO updates SSGs annually.</p> <p>Similar Schools: Dr. Ethel Allen School, General George G. Meade School, John Welsh School, Kenderton Elementary School, Mastery Charter School at Douglass</p>

EXECUTIVE SUMMARY OVERVIEW

The Executive Summary provides an overview of key indicators that are evaluated annually for each school. These indicators are taken into consideration during the comprehensive renewal process, which occurs in the last year of a charter term. The length of a charter term is typically five years for charter schools in Pennsylvania. The table below summarizes school performance information for the last four years across the three domains evaluated at renewal: Academic Success, Organizational Compliance and Viability, and Financial Health and Sustainability.

The following tables summarize whether the Charter School meets the standard (▲), approaches the standard (■), or does not meet the standard (▼) during the charter term. The Charter School Performance Framework outlines the point allocation for the standards and categories evaluated within each domain.

Proficiency rates are compared to the same grades served by the Charter School in two comparison groups: Similar Schools (charter and District schools with similar demographics) and District Schools. Schools earn full credit if their proficiency rate meets or exceeds both Similar Schools and District Schools and half credit for meeting or exceeding only one of the comparison groups. *Please note that state tests were not administered during the 2019-20 school year and participation was limited in 2020-21 due to the COVID-19 pandemic. Thus, PSSA and Keystone performance data will not be displayed.*

GROWTH

The Pennsylvania Department of Education (PDE) sets the Average Growth Indexes (AGI) standard for all schools (see chart below). Schools earn full credit for overall and lowest performing AGIs at or above -1, the minimum score reflecting evidence that the school met the growth standard, and no credit for AGIs below -1, which indicates that there was evidence that the school did not meet the growth standard. *Please note that state tests were not administered during the 2019-20 school year and participation was limited in 2020-21 due to the COVID-19 pandemic. Thus, PSSA and Keystone performance data is not displayed.*

EQUITY AND CLIMATE OVERVIEW

The Charter Schools Office reports additional indicators of Equity and School Climate for informational purposes. When possible, graphs present information disaggregated by student group and grade level to reflect students' experiences throughout their tenure at the school. Similar School and District School rates provide context.

The CSO recognizes that there are multiple dimensions to both equity and climate, many of which are not captured in this report. The CSO encourages stakeholders to use this data, along with other resources, to gain insights into students' experiences, assess the school environment's fairness, and, if necessary, to make adjustments that promote positive experiences and successful outcomes for all students.

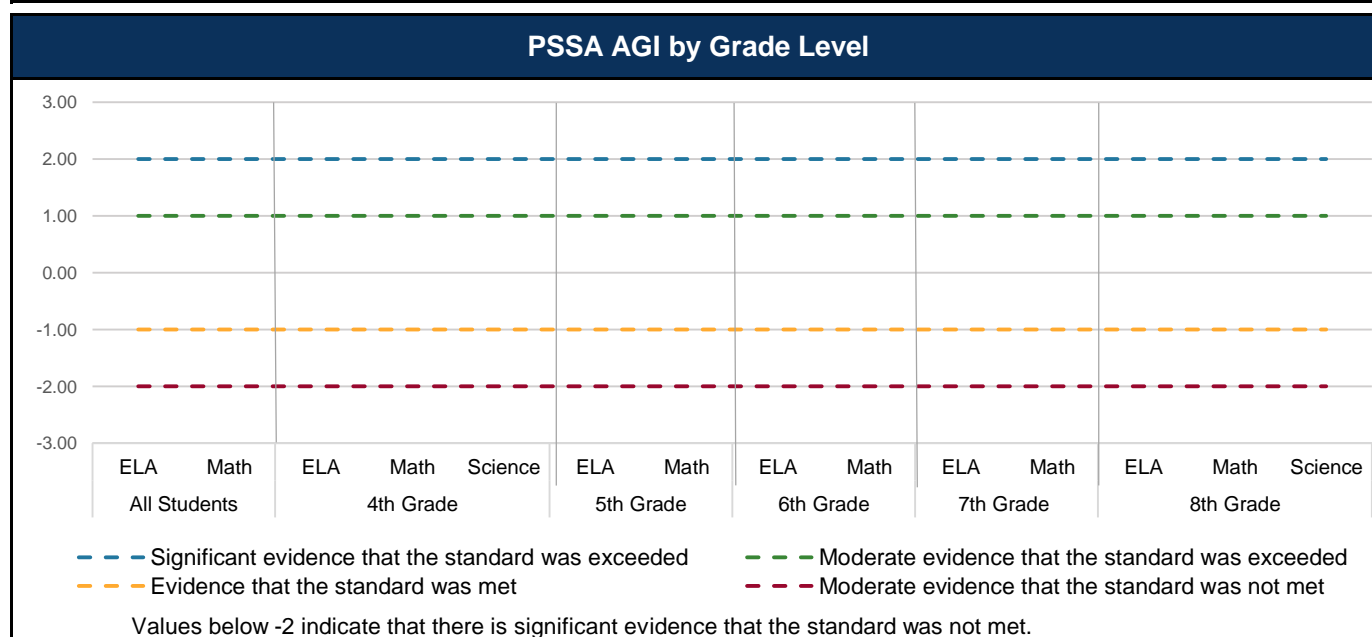

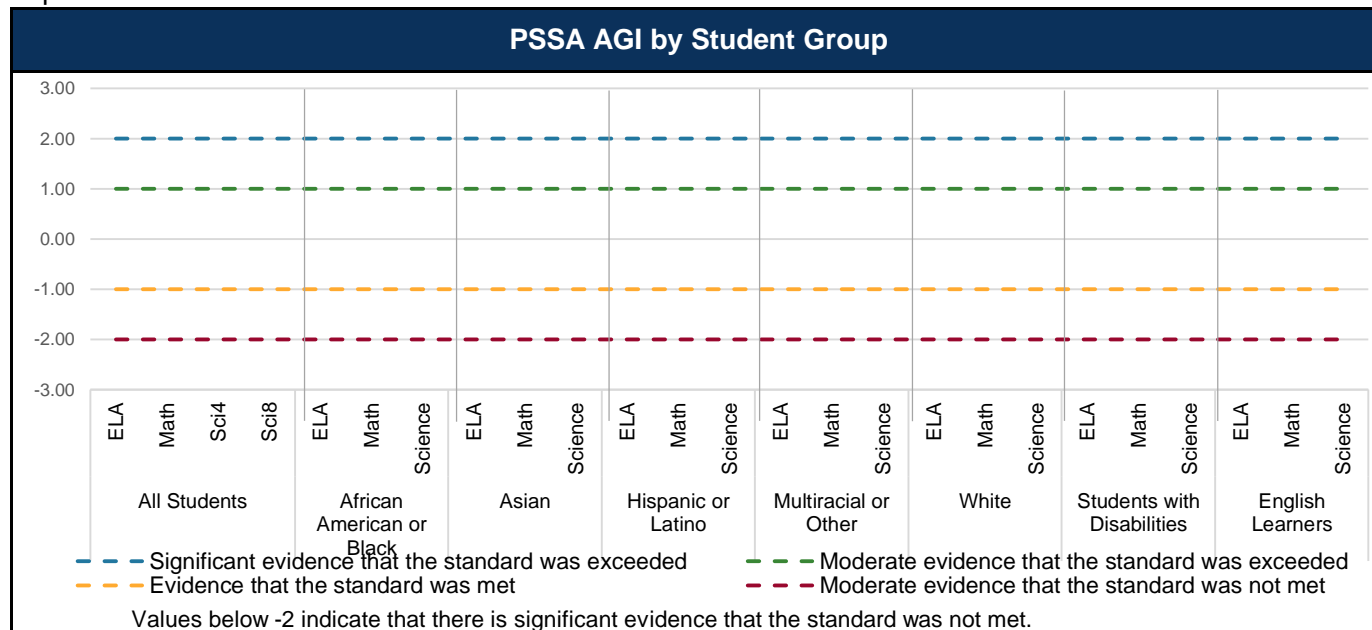

PROFICIENCY

Proficiency rates reflect the percentage of students scoring in the advanced and proficient score categories.

AVERAGE GROWTH INDEXES (AGI)

The Pennsylvania Department of Education (PDE) sets the Average Growth Indexes (AGI) standard for all schools (see chart below). In the graphs below, values above 3 are represented as 3 and values below -3 are represented as -3.

TEACHER TENURE

The graph below reflects Pennsylvania Department of Education data about the average number of years teachers have worked at the LEA (charter school or school district) and as educators at any school.

Metric Information

Authorized Enrollment - The maximum number of students a school is allowed to enroll per their charter agreement.

Average Days Cash on Hand - The number of days a school could operate without receiving additional money, calculated as total unrestricted cash divided by the average daily operating expense adjusted to remove non-cash expenses such as depreciation and bad debt.

Chronic Absenteeism - The percentage of students attending fewer than 90% of school days. Student absences are provided to the CSO by each charter school via the annual data packet. Students' days enrolled are obtained through enrollment records that charter schools input to the District's student information system.

Current Ratio - The ratio of short-term assets to short-term liabilities, which measures if a school has enough resources to pay its debt and obligations over the next year.

Debt Ratio - The percentage of a school's total assets that are owed to other individuals or businesses, calculated as total liabilities divided by total assets.

Debt Service Coverage Ratio - Whether a school can meet its debt obligations in the coming year, calculated as net income divided by annual principal, interest, and lease payments.

PSSA results also include all PASA and PSSA-M results and are for all test takers by school year. Keystone proficiency rates are based on the banked 11th grade accountability method.

Regular Attendance - The percentage of students attending 95% or more instructional days. Student absences are provided to the CSO by each charter school via the annual data packet. Students' days enrolled are obtained through enrollment records that charter schools input to the District's student information system.
