

Leadership Learning Academy Discipline Policy

The school wide positive behavior system that we use at LLA helps our Flyers grow into successful and responsible students.

The Rules

1. Be Safe
2. Be Respectful
3. Be Responsible

All children are expected to follow these three simple rules at all times in all areas of the school. Our students will be instructed in expected behaviors by their classroom teachers. These behaviors will be modeled and practiced often and in age appropriate ways.

The Rewards

All children will be recognized for exhibiting expected behaviors by earning tickets, which will be passed out frequently by all adults in the school. Our Flyers will collect these tickets and once they have received ten they will be able to trade them for privileges in the classroom. These privileges may include sitting with a friend in class, reading a book to a younger student, bringing a small stuffed animal to school for the day, among many, many others. Any child that has received ten tickets five different times will be recognized as a Gold Star Flyer and receive their picture on the wall and a certificate of excellence.

Whole Class incentives will be earned in the form of Sky Miles. Any time an entire class is on task or shows other appropriate behaviors, they will receive a Sky Mile. Once one hundred miles, (fifty for kindergarten and seventy-five for first grade), are earned the class will have a Travel Treat. They will choose a country or state to learn about and then participate in fun activities related to their destination. These may include an origami project for Japan, a class soccer game for Brazil, high tea for Great Britain, or any other number of things.

Redirection

Any time a rule is broken the student will receive a reminder in the form of his or her name being written on the board. Each child may receive up to two reminders with NO consequences. For many children this redirection is enough to get back on track. Upon the third reminder the student will need to meet with the teacher to identify stakeholders harmed by the behavior and come up with a way to restore trust. At this point, a consequence will put into place. Most of the time this will be in the form of a consequence that aligns to the behavior.

Other consequences may be put into place at the teacher's discretion. You will be informed that evening in the form of a "Time to Talk" form which will be brought home by your student. This is sent home because we value your support as parents and we also believe in the importance of communication. We ask that you discuss the incident with your child and the ways the student made up the harm to their classmates. All "Time to Talk" forms must be signed and returned the following school day.

Occasionally there may be an incident that is so serious in nature that no warnings are given before a "Time to Talk" form is immediately sent home or parents immediately called. This may be done at the teacher's discretion. This may also result in an office referral if the teacher feels administration should get involved.

Thank you in advance for your support of our school wide discipline program. We are happy to have you as partners in your children's education.

Please sign and return to your child's homeroom teacher.

Child's name

I have read and understand Leadership Learning Academy's discipline policy.
